The U.S. Department of Education has selected your file for review due to your unusual enrollment history. An unusual enrollment history is defined by having attended and received federal Pell Grant and/or Federal Direct Loan funds from multiple colleges/universities during the review period of 2023-2024, 2024-2025, and 2025-2026. Before processing your federal aid request, Saint Peter's University must review your enrollment history and determine whether or not you are earning academic credit and completing your classes. While reviewing your enrollment history, the Financial Aid Office will check the National Student Loan Data System (NSLDS) for a complete history of the federal Pell Grants and/or Federal Direct Loans you have received.
