Introducing Saint Peter's University

Dear Students:

Saint Peter's University is an academic community committed to high standards and the pursuit of excellence both in and out of the classroom. The community is built on a partnership between students who are willing to accept responsibility as fully engaged learners, and the University, which is dedicated to offering quality instruction and excellent services to support student success. This Catalog serves to communicate the expectations of all community members towards fostering a vibrant learning environment.

The policies and guidelines promulgated in the Catalog set forth standards for respect, active learning, and conduct in accord with the highest ethical and moral values. The Catalog also provides detailed information on the mission and philosophy of a Saint Peter's education in preparing students for lives of learning, leadership, and service. In particular, I encourage all to review the goals of the core curriculum, the heart of our Jesuit education. The departmental pages provide information on the diverse curriculum offerings and the breadth of majors, minors, and concentrations. The pages also list our talented and dedicated faculty who work tirelessly as teachers, researchers, and mentors.

The educational experience at Saint Peter's University seeks to open students' minds to the vast riches of human experience and thought and to promote a greater understanding of our world. We can accomplish this goal through a campus-wide commitment to academic excellence.

Sincerely,

Eugene J. Cornacchia, Ph.D.
President
About the University - Undergraduate

The Mission of Saint Peter’s University
Saint Peter’s University, inspired by its Jesuit, Catholic identity, commitment to individual attention and grounding in the liberal arts, educates a diverse community of learners in undergraduate, graduate and professional programs to excel intellectually, lead ethically, serve compassionately and promote justice in our ever-changing urban and global environment.

Accreditation
Saint Peter’s University is accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools. It is recognized by the New Jersey State Department of Education as an approved teacher-training University. The teacher preparation program is accredited by the Teacher Education Accreditation Council. The University’s Bachelor of Science in Nursing and Master of Science in Nursing programs are accredited by the Commission on Collegiate Nursing Education. The University has registered its programs with the Veterans Administration.

Historical Notes
Saint Peter’s University, New Jersey’s Jesuit University, was founded in 1872 as an independent liberal arts college. One of 28 colleges and universities in the United States sponsored by the Society of Jesus, Saint Peter’s University has become Alma Mater to more than 25,000 graduates and has met the educational needs of many other students. Saint Peter’s University began as a men’s college. Women were admitted to the evening school for the first time during the 1930’s. The College became fully coeducational in 1966 when women were admitted to the day session. In 1979 the College introduced its first graduate program in education. In 2012, Saint Peter’s College was recognized by the State of New Jersey as Saint Peter’s University.

Today approximately 3,000 full-time and part-time students are enrolled in undergraduate and graduate programs at the main campus in Jersey City and the branch campus in Bergen County.

Profile of Two Campuses
The main campus of Saint Peter’s University has long been a landmark on Kennedy Boulevard in Jersey City. The University’s atmosphere, architecture, and activity reflect a dynamic, vital, urban institution offering important intellectual resources to the community. In recent years Jersey City has developed its waterfront area into an impressive hub for business, finance, and new residential opportunities. The New York City skyline, visible from Jersey City, is a constant reminder of the University’s proximity to one of the country’s major centers of business and culture.

The Jersey City Campus serves students in five schools: the College of Arts and Sciences for traditional age students and graduate programs; and the School of Business Administration for traditional age students and graduate programs; the School of Nursing which houses the undergraduate and graduate nursing programs; the School of Education, which houses the undergraduate and graduate education programs; and the School of Professional & Continuing Studies (SPCS) which provides courses and programs on a part-time basis for students who work during the day and need the convenience of classes on weeknights and Saturdays.

Traditional day students may choose to either commute to campus or reside in one of the University’s residence halls. Graduates of many New Jersey and New York high schools regularly commute to the University by car or by public transportation. The Jersey City campus is conveniently located near the Journal Square PATH Station, a major transportation center connecting to Newark, Hoboken and New York City.

In 2018 Saint Peter’s established a branch campus at the Meadowlands in Bergen County with a special emphasis on the branch as “a college for adults.” The campus, located in Lyndhurst, offers graduate degree programs in business (M.B.A.) and education as well as bachelor completion degrees from the School of Professional and Continuing Studies (SPCS) in a number of fields including nursing and education, among others.

Graduate Programs
The mission of the graduate programs emanates from and extends the mission of Saint Peter’s University. The graduate programs build on the University’s strengths and are responsive to the educational needs of adults who
wish to acquire graduate degrees to remain competitive in their chosen careers or to embark upon career changes. Saint Peter’s University currently offers seventeen degree programs: Master of Arts in Education, Master of Higher Education, Education Specialist, Master of Arts in Communication and Public Relations, Master of Arts/Science in Industrial Organizational Psychology, Master of Business Administration, Master of Public Administration, Master of Science in Accountancy, Master of Science in Business Analytics, Master of Science in Cyber Security, Master of Science in Data Science with a concentration in Business Analytics, Master of Science in Finance, Master of Science in Marketing Science, Master of Science in Nursing, Doctorate in Educational Leadership (K-12), Doctorate in Educational Leadership (Higher Education), and Doctorate in Nursing Practice. Graduate programs may be offered on either campus, at corporate sites, or at selected school districts.

Master of Arts in Education offers concentrations in Educational Leadership, ESL, Pre-School-3, School Counseling, Reading, Teaching, and Special Education. The Master of Arts in Education also offers a program of teacher preparation leading to certification as a K-6 elementary teacher, 6-8 middle school teacher, or 9-12 secondary teacher for individuals who hold a baccalaureate or master’s degree, but who have not yet pursued a program in teacher education. In addition, a qualified teacher can pursue certification as a Principal, Supervisor, School Business Administrator, or Reading Specialist.

Master of Higher Education offers a program in General Administration that is designed to prepare students for leadership in a wide range of higher education settings, including: Admissions, Student Affairs, Enrollment Management, Marketing, Institutional Research and Diversity initiatives within community college, four year college and university administration, state and national public policy agencies, government offices, professional associations, regional and coordinating bodies and accrediting agencies. This is a fully online program.

Master of Arts in Communication and Public Relations prepares students for positions in public relations, public relations management, advertising, and corporate communication. Students will gain the knowledge needed to advance their careers within corporations and non-profit agencies, and gain insight into evolving social media technology’s impact on corporate communications.

Master of Business Administration offers concentrations in Cyber Security, Finance, Health Care Administrator, Human Resource Management, International Business, Management, Marketing, and Risk Management. Each program provides an education at the graduate level which meets industry’s changing mission to internationalize its market and to utilize traditional as well as high-tech concepts in decision making.

Master of Public Administration prepares graduates for roles in a variety of positions to serve the public trust. The program draws upon the University’s expertise in public policy and its unique relationship to the United Nations to help its graduate students better navigate and serve both urban and global communities.

Master of Science in Accountancy deals with the growing complexity of the business world and the resulting demands upon accounting professionals. The program provides the additional tools needed to enhance a practicing accountant’s professional skills. Together with an undergraduate degree in accountancy, the M.S. in Accountancy satisfies the 150 credit hour requirement under N.J. law.

Master of Science in Business Analytics is program designed for working managers and professionals who seek to deepen their industry credentials, data analysis skills and ability to leverage and monetize data in managerial processes and decision making to meet market needs.

Master of Science in Cyber Security provides students with the technical knowledge and skills needed to investigate data breaches, implement security architecture, strategies and recovery plans, and use cyber security and digital forensics software/tool-kits to protect an organization from cyber-attacks. The program prepares students for jobs in the cyber security field including positions as an information security analyst, network architect, systems manager, information assurance analyst/auditor, and detective or criminal investigator.

Master of Science in Data Science with a concentration in Business Analytics integrates courses in analytics and computer science with business and prepares graduates for careers as predictive modelers or analysts in data-driven industries such as marketing, finance, banking, and health care.

Master of Science in Finance is a program designed for working professional and full-time and part-time students who wish to gain the expertise to succeed in today’s globalized financial world. The Master of Science in Finance
degree will provide students with the knowledge and practice knowledge on a host of topics and are well-prepared to pass leading financial certification exams.

**Master of Science in Marketing Science** is a STEM program designed for students from diverse backgrounds in Business, Marketing, Data, IT and more. Students will enter the marketplace with the ability to understand critical inquiry through different methods and approaches to evaluating strategies. They will examine the roles of mathematics, analytics, modeling, and psychology in analyzing and interpreting consumer data.

**Master of Science in Nursing** offers one specialization: Primary Care Adult-Gerontology (Adult-Gerontology Nurse Practitioner) with a functional concentration in Nursing Administration. A Post-Master’s Certificate Program is also offered to prepare nurses, who already possess a master’s degree in nursing, as adult-gerontology nurse practitioners.

**Master of Arts/Science in Industrial Organizational Psychology** is a program designed to prepare students for a wide range of career paths in academic, organizational, and consulting settings. Consistent with the model of I/O psychologists as both scientists and practitioners, our program places a heavy emphasis on developing students’ research and analytical skills as well as the core skills and knowledge of I/O psychology. The program will prepare students for ethical research and ethical leadership.

**Education Specialist** (Ed.S) degree is considered a highly specialized and advanced graduate degree. It is designed for professionals who would like to achieve advanced knowledge and theory; acquire skills in interpreting and using educational research, but do not want to pursue their doctorate.

**Doctorate in Educational Leadership** (Ed.D.) (K-12) is designed to prepare students on a multitude of levels for academic, administrative, clinical, or research positions in education. The program seeks to enable graduates to facilitate the development, implementation, and stewardship of a vision of learning that is shared and supported by the entire school community. Moreover, as leaders, they will be able to advocate, nurture and sustain a school culture that is conducive to maximized student learning and staff professional growth. All the while, the effective management of the organization will be ensured. Graduates will be prepared to ensure that essential and needed operations and resources for a safe, efficient, and effective learning environment are in place via the program’s core values.

**Doctorate in Educational Leadership** (Ed.D.) (Higher Education) prepares students for careers in higher education administration and leadership. The primary aim of the program is to prepare current administrators, educational leaders, and faculty to take on senior post-secondary leadership roles in community colleges, liberal arts colleges, as well as teaching and research universities. This concentration promotes the development of leadership skills through systematized practice, examination, and research.

**Doctorate in Nursing Practice** prepares those who are already advanced practice nurses or in administrative roles to build upon a foundation.

**The Jesuit Nature of Saint Peter’s University**

As a Jesuit, Catholic university, Saint Peter’s has a long and venerable commitment to academic excellence, to spiritual and moral values, and to the individual personal development of its students. The 450-year-old tradition of Jesuit education is manifested through the University’s strong core curriculum, through *cura personalis* (personal care) for its students, and through the cooperation of Jesuits and lay persons in the educational mission of the University.

Through personal counseling, academic advisement, career services, and a vibrant campus life, the University has exemplified its tradition of *cura personalis* by developing various ways of meeting student needs. The intellectual and spiritual dimensions of the Saint Peter’s University experience are manifested in many ways – but especially through the interaction of students, faculty, and administrators who work together on University committees and various programs. Incoming students enjoy this relationship immediately through the University Advisement Program. Every new student has an advisor, a member of the faculty or administration who is thoroughly familiar with the University’s academic programs and support services. Once students have selected a major, they are assigned an advisor from their major department; however, students who have not declared a major continue with an undeclared advisor.
The Educational Objectives of Saint Peter's University

Saint Peter’s University is a humanistic institution where the study of the liberal arts is considered the foundation for all educational programs. The University offers more than 50 bachelor’s programs and six associate degree programs, all of which are based on the principle that knowledge in a special field gains depth, breadth of interpretation, and an understanding of moral values only when based on the humanistic disciplines. The purpose of education is to analyze ideas, to probe mysteries, to suggest solutions to problems, to express thoughts, to understand, and to question the phenomenon of permanence amidst change. In short, education is the process of preparing personally and professionally for one’s life work.

Common to all programs at Saint Peter’s University is the core curriculum – a series of courses in selected disciplines designed to develop an awareness of the person and one’s relationship to others, to the environment, and to the historical accidents which occur. Philosophy and theology are key disciplines in the development of this awareness and are firmly rooted in the tradition of Jesuit education. Courses in history establish the trends which have characterized the responses of various civilizations to war, peace, human rights, and technological developments. Through courses in literature and the arts, an understanding of the creative impulse is developed as well as an ability to interpret symbol and myth. The natural sciences emphasize the very real relationship between society and the universe, as well as the social sciences and the changing behavioral patterns in society.

The self-awareness and values developed as a result of the Saint Peter’s experience provide a significant spiritual, intellectual, and cultural basis for specialized studies in the arts, the sciences, and pre-professional programs.

The Saint Peter’s Library and Archives

Built in 1967, the Edward and Theresa O’Toole Library contains over 50,000 square feet of space and houses over 218,608 volumes on its four floors. The library subscribes to 1,000 print periodicals and over 50,000 online periodicals including 13,800 e-books. The library offers individual and group study space, computer access, WIFI connectivity to the Internet and a host of in-house and virtual library and information services for both students and faculty. These services include classes on information literacy, as well as how to best access information from around the globe, regardless of format, to meet course objectives and study needs. The library is fully automated. The catalog and links to many important resources are available on the Internet at: http://saintpeters.edu/library and available on campus as well as remotely.

Access to books or articles that are not in the University’s collection can usually be obtained on inter-library loan. The University can also provide students with a referral card to other metropolitan area libraries. The University is only minutes from the Research Libraries of the New York Public Library on 42nd Street in Manhattan and its new building, the Science, Industry and Business Library (SIBL) on 34th Street. Saint Peter’s students and faculty also have free access to state-supported university libraries in New Jersey.

The Honorable Frank J. Guarini Center for Community Memory, The Saint Peter’s University Archives, Rare Books and Special Collections hold the institutional memory of the University through its collection of documents, photographs and other ephemera as well as the congressional papers. Use of the archives and congressional collections is by appointment, which can be made by contacting the University’s archivist. Rare books and special collections can be accessed by making an appointment through the Library Director.

Computer Facilities

Saint Peter’s University offers all current students open-door access to computer facilities with over 300 computers in 17 student computer labs. In addition to such basics as Microsoft Office, Internet access, and e-mail, these computers have a variety of software for Mathematical and Statistical Analysis, Computer Programming, Graphic Arts, and other applications. Special software required for particular courses is installed in several labs. The University has migrated classroom and lab computers to the faster, secured server-based VDI system.

All computer labs and classrooms are connected to the campus LAN and to the Internet. Every student has his/her own network account. E-Mail and Blackboard, the University’s online learning system, are accessed from any computer with an Internet connection.

Over 60 classrooms are equipped with computers, video projectors, and other multimedia hardware for computer-supported instruction. Both campuses have the University’s wireless network, and almost all residence halls have
data connections in each student’s room. Use of Saint Peter’s University facilities and network infrastructure is governed by the Acceptable Use Policy which is published on our website.

**Campus Life and Activities**

Campus life at Saint Peter’s is vibrant and inspiring, and students are encouraged to take part in all that the University offers. Academic life is enriched by many programs and services which complement classroom instruction. Among those opportunities open to students is the Center for Counseling and Psychological Services, which assists students with their social, psychological, and academic adjustment to college; the Center for Career Engagement and Experiential Learning which offers assistance in career planning, sponsors on-campus recruiting and career fairs, and helps students search for meaningful full-time positions; a Cooperative Education and Internship Program which assists students in searching for part-time positions, internships, and/or summer positions, as well as opportunities to earn money and college credit for practical experience; a Campus Ministry Office which provides religious services, retreats, interfaith dialogue opportunities, and pastoral counseling; and an Office of Community Service, which offers opportunities for volunteer service and a co-curricular service component.

The Office of Student Life and Development sponsors annual events on campus featuring popular entertainment, guest lecturers, and social events, both on-and off-campus. Jersey City and New York City, just a short distance away, offer diverse cultural opportunities. Students make friends and master new skills in the dozens of student clubs and organizations, activities, and events that make up campus life. Student organizations include the Student Senate, Commuter Student Association, Student Entertainment Board, performing arts groups such as the Argus Eyes Drama Society, student publications such as *The Pauw Wow* (the student newspaper), professional and academic groups, and ethnic culture clubs. Leadership programs, such as the Emerging Leaders and Existing Leaders, offer opportunities for students to develop leadership and organizational skills.

Saint Peter’s Recreational Life Center offers facilities for tennis, swimming, basketball, volleyball, weight training, racquetball, golf, fitness, aerobics, and martial arts. Each year over 800 men and women participate in an extensive intramural program. Complimentary fitness classes are offered to all students throughout the year. Aquatics programming, including swimming lessons and a certifications course are regularly offered at the RLC pool.

Saint Peter’s University sponsors 17 NCAA Division I intercollegiate sports and the co-ed activity of cheerleading. The NCAA Division I sports for men are: baseball, basketball, cross country, golf, soccer, swimming and diving, track and field (indoor), and track and field (outdoor). The 10 NCAA Division I sports for women are: basketball, cross country, soccer, softball, swimming and diving, track and field (indoor), track and field (outdoor), and volleyball. Saint Peter’s is a member (one of the six founding members) of the Metro Atlantic Athletic Conference.

No discussion of college life would be complete without mentioning the vibrant community of on-campus residents. Saint Peter’s University can now boast having seven residence halls, both traditional and apartment style, that add to an exciting educational environment.

**Campus Ministry**

Campus Ministry at Saint Peter’s University calls upon a dedicated team of students, faculty, staff and administrators who work together to offer educational programs, retreats, liturgical celebrations, and personal support that help meet the religious, spiritual, and social needs of the campus community. In the spirit of Saint Ignatius of Loyola Saint Peter’s provides a person-centered ministry which recognizes that individuals have unique and diverse concerns. Campus Ministry is committed to developing Catholic leadership for the church and world. At the same time, the University seeks to assist non-Catholic students in identifying ways they can practice within their own religious tradition. Campus Ministers are available to be of support to all members of the University community. Campus Ministry offers programs in which students are invited to enter into mutual dialogue, share their various faith traditions and spiritual perspectives, gather socially, and serve others. Campus Ministry offers opportunities for local community service as well as global outreach to other countries where students, staff, faculty, and alumni can exercise the Ignatian call to be women and men for and with others striving to make a difference and make both a local and global impact in the work of social justice and solidarity with the poor.
Residence Life

The Office of Residence Life is committed to the overall growth, development, and education of students residing within the residence halls through structuring a positive living environment, with a focus on educational, cultural, and social programming.

Since 1983 Saint Peter's University has added residence living to the already rich educational tradition of its history. The University's residence community is divided into two areas. The west area includes Veterans Memorial Court, Durant Hall, 140 Glenwood Avenue complex, and Murray Hall. These residences are furnished apartments housing up to six students per unit and all locations come equipped with laundry facilities. Veterans Memorial provides the common space for the west area with a computer lounge, chapel, and multipurpose room. Whelan Hall, Millennium Hall, and Saint Peter Hall are the residence halls in the east area. These traditional residence halls have a common lounge with a large screen TV, a computer room, a study lounge, and a laundry room. The residence halls are staffed with professionals and para-professionals in various capacities. Members of Campus Ministry and Athletics staff also live within the residence halls and provide various other services.
Academics - Traditional Day Student Core Curriculum

The Curriculum

Saint Peter's University offers more than 50 programs leading to the Bachelor's degree and six leading to the Associate's degree. These programs are built around two concepts: the core curriculum and the major. The core curriculum provides students with the opportunity for breadth of knowledge while the major concentrates on specialization in a single field of study.

The curriculum at Saint Peter's University is enriched by opportunities for students to develop composite majors, double majors, and minors; to participate in an honors program and foreign study opportunities; and to become involved in cooperative education and internships.

The Core Curriculum

The core curriculum, required for all undergraduate degree programs offered by Saint Peter's University, provides opportunities for study in a variety of disciplines. The basic purpose of the core is to address issues intrinsic to a humane education through a liberal arts program committed to the pursuit of knowledge in its fundamental unity, intelligently appreciative of a common cultural heritage, conscious of social and moral obligations, and respectful of the traditions of the Judeo-Christian value system and of Jesuit education.

The objectives and outcomes of the core curriculum, achieved through study of the humanities, the natural and social sciences, the fine arts, philosophy, and theology, and incorporating issues related to values and pluralism, are fundamental to the development of the well-educated person. Through the core curriculum students will be expected to be able to do the following.

Objective 1: Develop intellectual and communication skills so that one is able to:

1.1 Outcomes: Problem solve and analyze quantitative information.
1.2 Formulate, critique, and analyze an argument.
1.3 Utilize effective critical thinking skills.
1.4 Demonstrate effective oral communication skills.
1.5 Read and write critically and cogently.
1.6 Synthesize knowledge from the core to major.

Objective 2: Explore humanistic and social disciplines in order to:

2.1 Outcomes: Critically think about ideas and events that have shaped the humanistic tradition.
2.2 Distinguish behaviors and characteristics that support effective and appropriate interaction in a variety of cultural contexts.
2.3 Discern ethical and moral principles in order to more fully understand one's role as an individual in a larger community.

Objective 3: Explore scientific disciplines and technology in order to:

3.1 Outcomes: Apply fundamental scientific principles and methods of inquiry to understand the impacts of the scientific research technology.

Objective 4: Exhibit leadership based upon one's ability to:

4.1 Outcomes: Recognize the role of service, leadership and Ignatian ideals in the realization of a just, civil society.

The core curriculum for the Bachelor's degree for students entering prior to fall 2012, consists of 57 specified credits plus a three-credit Values course. Beginning in fall 2012, a series of distribution requirements were phased in. The core curriculum for the Bachelor's degree for students who entered in fall 2012, consists of 54-57 specified credits plus a Values course and a Capstone Experience that, for most students, will be satisfied within the major. The core curriculum for the Bachelor's degree for students who entered in fall 2013, consisted of 54-57 specified credits,
Academics - Traditional Day Student Core Curriculum

plus a Values course, a Capstone Experience, and a second Writing Intensive course that, for most students, will be satisfied within the major. The core curriculum for the Bachelor’s degree for students who entered in fall 2014, consists of 54-57 specified credits plus a Values course, a Capstone Experience, a Writing Intensive course and a Pluralism course that for most students, will be satisfied within the major.

Some majors require students to choose particular core courses, so students should consult their major requirements before choosing core courses. According to the new core requirements, a single course may be required for a given major, and it may also satisfy one or more of the following requirements as well: Values, Capstone, Writing Intensive, and Pluralism. To complete some majors within eight semesters (4 years), major courses and core courses need to be taken in a particular sequence. Suggested sequences for taking the core curriculum and major requirements are available in the departments and the appropriate dean’s office.

In their first semester of enrollment, all freshmen must register for courses in English composition and mathematics, based on their placement test results. Students who do not complete these requirements satisfactorily and in a timely fashion may be subjected to restricted registration. More specific information is available from faculty advisors and the deans. As determined by placement results, students who are not adequately prepared may be required to take zero-credit developmental courses prior to beginning the core requirements in composition and mathematics.

The waiver of any core curriculum requirement can be granted only through the Office of the appropriate dean for traditional day students or the Director of the School of Professional & Continuing Studies for SPCS students.

### Core Requirements for Traditional Day Students

**English Composition (3 or 6 credits, depending on placement) **

> Take one of the following sequences in freshman year:

**Modern or Classical Language (6 credits)**

- Introductory Language I (for those with no prior experience with the language) and Introductory Language II
- Intermediate Language I (for those with previous experience with the language) and Intermediate Language II
- Intermediate Language I for Native Speakers and Intermediate Language II for Native Speakers
- Upper level language course (with permission of the Chair) and Upper level language course
- Intensive (6 credit) language course
- Romance Language Synthesis I and Romance Language Synthesis II
- Sign Language I and Sign Language II

**Natural Science (6 credits)**

- Take one course in Biology (BI-), Chemistry (CH-), or Physics (PC-). 3
- Take one course in Biology (BI-), Chemistry (CH-), Physics (PC-), Psychology (PS-), Computer Science (CS-), EV-100, or EV-101. 3

**Social Sciences (6 credits)**

- Choose two courses with different prefixes: 6
  - EC-101 | Macroeconomic Principles
  - PO-100 | Perspectives on Politics
  - SO-121 | Introduction to Sociology
  - or SO-384 | Cultural Anthropology
  - or SO-351 | Issues in the Latino Community
  - UR-151 | The Contemporary City

**Philosophy (6 credits)**

- Students should take philosophy courses after the freshman year unless advised otherwise by their academic advisor.
  - PL-130 | Introduction to Philosophy 3
  - PL-140 | Introduction to Ethics 3

**Theology (6 credits)**

- TH-110 | Religious Faith in the Modern World 3
- TH-120 | Introduction to the Study of Christianity (or any 200 or 300-level TH course) 3

**Values Distributive Requirement**

- Capstone Experience (required for students graduating in May 2016 and after)
  - Take a designated Capstone Experience within the major. 3
- Writing Intensive (3 credits, required for students graduating in May 2017 and after)
  - Take a designated Writing Intensive course. Depending on the major, this course may be a required course for the major as well. 3
- Pluralism (3 credits, required for students graduating in May 2018 and after)
Take a designated Pluralism course. Depending on the major, this course may be a required course for the major as well.

| Total Credits | 60 |

1. The appropriate level of composition course is determined by a placement test. The prerequisites for CM-115, CM-117, or CM-119 are CM-104, CM-106, or CM-108 Introduction to English Composition I, respectively. The prerequisite may be applied towards open electives but may not be used for core credit. Some students may be required to take CM-001 Basic Writing or CM-002 Basic English (no credit) before registering for CM-104, CM-106, or CM-108. All students placed in CM-108, and some placed in CM-001, must take CM-050 Spoken Word.

2. Students must complete the English Composition Requirement before registering for the Literature Requirement.

3. Many majors require a particular mathematics core sequence; students should consult with their major advisor before choosing a mathematics sequence. Students who do not demonstrate a satisfactory level of proficiency, based on the results of a placement exam, will be required to take an appropriate developmental math course before taking the Mathematics Core Requirements. Insufficiently prepared non-calculus bound students will be required to take MA-001 Introductory Algebra (0 credit), while calculus-bound students will be required to take either MA-101 Precalculus or both MA-001 and MA-101. Students in the developmental courses will be required to pass an exit examination to continue on to the next appropriate math course.

4. A 6-credit sequence of a modern or classical language is required; the level is determined by previous experience in the given language. Language sequences should be taken in the same year.

5. Majors in one of the social sciences must select two courses outside the major to fulfill the core requirements. For students in the School of Professional & Continuing Studies, the choice of courses in Social Sciences will depend on degree and concentration.

6. Take a designated Values course (V). Depending on the major, a values course may be required for the major as well.

7. Students entering in the Fall of 2017 will be required to take PL-130 and PL-140 for their core sequence.

8. Any 200/300 level Theology course can count as either the Theology II Core requirement OR as a Values course, but not both.

Special Academic Resources

The Center for Academic Success and Engagement (CASE)

The Center for Academic Success and Engagement (CASE) at Saint Peter’s University provides students with the academic advising, programming, tools and resources needed to successfully manage the college experience and achieve their academic goals. In collaboration with the schools and colleges CASE assists students with the transition to college-level work and supports their academic endeavors throughout their entire college career. The following programs and services are provided to students in their first year and beyond:

- Academic Coaching and Learning Strategy Consulting
- Disability Services
- First-Year and Transfer Advising
- Freshman Common Reading Program
- Learning Support Programming & Workshops
- Peer Mentoring Program
- Testing and Registration
- Transfer Services
- Tutoring
- Study Groups and Study Skills Preparation
- Supplementary Instruction (SI)
- Undeclared Advising & Major Exploration Services

Academic Success Program (ASP) and Summer Academy

Tushar Trivedi, Director

Students who are conditionally admitted have access to supplemental academic assistance prior to and during freshman year through the Academic Success Program (ASP). ASP students are identified by Admissions as having the potential for success but may require extra support to reach that potential. A key component of ASP is the Summer Academy, a three-week intensive program, designed to facilitate the transition from high school to college—in which students take an engaging, interdisciplinary course to sharpen their reading, writing, and math skills, while earning three academic credits towards graduation. Students are placed in ASP learning labs in the fall semester of freshman year to reinforce study skills and time management and receive dedicated faculty advising. The Coordinator of the Program also assists the Dean of Freshmen and Sophomores and freshmen faculty advisors throughout the academic year in monitoring the academic performance of these students and provides students with personalized guidance and support. The ASP program also offers tutoring services, workshops, and community service learning projects. Additional assistance is available through the orientation program, developmental courses, and tutorial assistance provided by the Center for the Advancement in Language and Learning (CALL).

Developmental Programs

Before registration, entering students take placement tests in composition, reading, and mathematics, which determine their enrollment in specific composition and mathematics courses. Based on their placement results, students who need supplemental academic assistance in composition, reading, mathematics, and reasoning ability, may be required to take one or more developmental courses. Tutoring assistance is also provided through the Center for the Advancement of Language and Learning. These developmental courses do not carry academic credit and may not be applied towards degree requirements.

TRiO Student Support Services

The term “TRiO” was coined in the late 1970’s when the first three programs were established. These three programs include Upward Bound (1964), Educational Talent Search (1965) and Student Support Services Program (1965). Over the years, TRiO programs have expanded and now include several additional programs.

E.D.G.E. Program

(Engage, Discover, Gain experience, Excel) Student Support Services helps low-income and first generational students to stay in college until they earn their baccalaureate degrees. Participants also include disabled college
students, who receive tutoring, counseling and remedial instruction. The Student Support Services (SSS) at Saint Peter’s offers participants a comprehensive four-year program, entitled the EDGE (Engage, Discover, Gain Experience, Excel), that features result-oriented support services, rather than a series of non-connected activities. The goal of SSS is to increase retention and graduation rates of participants through quality interactions, clear expectations and pathways to academic preparedness.

**Engage**
- Addresses many issues associated with transitioning from high school to college through the New Student Orientation Program, a Summer Bridge Program and Learning Communities.
- Academic Advising, Academic Assistance and Tutoring by GEMS (Getting Engaged in Mentoring Students) who are existing peer mentors, will also be provided.

**Discover**
- Continues critical support services and interventions, but begins to focus more specifically on distinct pathways to success
- Guidance on choosing a major, exploring experiential learning, leadership, and service opportunities; and career exploration.

**Gain experience**
- Emphasizes four areas:
  - Degree completion strategies
  - Experiential learning
  - Graduate/professional school exploration/preparation
  - Preparing to enter the work force

**Excel**
- Addresses degree completion, implementation of postgraduate plans and assimilation of the academic, experiential learning, social and leadership growth as seen in the Life Portfolio.

**Center for English Language Acquisition and Culture (CELAC)**

**Alicia D’Amato, Director**

Created to address the needs of our culturally and linguistically diverse student population, CELAC offers a wide range of resources to support and promote academic success for students whose first or strongest language is not English. Along with having a variety of undergraduate writing and reading classes, we also offer courses in English as a Second Language for students and community members who are seeking to improve their English skills.
Special Academic Programs

The Honors Program

Dr. Rachel Wifall, Director

Dr. Jeanette Wilmanski, Assistant Director

The Honors Program provides superior students in the traditional day program at the Jersey City Campus with an opportunity to take more challenging courses and do extensive scholarly research. The program includes research seminars, colloquia, and special seminars in place of certain courses in the core curriculum. For more information consult the Honors Program section.

Health Sciences Articulation Programs with Professional Schools

Dr. Leonard J. Sciorra, Department of Applied Science and Technology
Dr. Katherine Wydner, Chairperson, Health Sciences Advisory Committee

A number of combined degree programs are available to students through a series of articulation agreements with area colleges and universities. These programs are coordinated through the Department of Applied Science and Technology and the Health Careers Advisory Committee. For more detailed information, see the separate program sections for Pre-Med/Pre-Dental, Clinical Laboratory Sciences (cytotechnology and medical laboratory science), and Pre-Professional Health-Related Programs (pre-physical therapy, pre-pharmacy, and pre-physician assistant). Students interested in these programs need to plan their academic course of study with the assistance of a member of the Health Careers Advisory Committee to ensure fulfillment of requirements for admission to the various professional schools and to prepare to take the necessary required examinations, such as the MCAT or DAT.

Pre-Law Program

Dr. Alain L. Sanders, Advisor

Information and guidance regarding law school and law-related careers, including requirements, application procedures, and preparation for the Law School Admission Test (LSAT), are available through consultation with the advisor of the Pre-Law Program. Exceptional high school students and first-year University students interested in an accelerated program, leading to both a Bachelor's degree in political science and a professional degree in law in six years rather than the normal seven years, may apply to the Joint B.A./J.D. Program that Saint Peter's University offers in conjunction with Seton Hall University School of Law. The selective Joint Program is optional and is not required to apply to, or attend, law school. For more information on pre-law preparation and the Pre-Law section.

Bachelor of Arts in cursu classico

Stressing its liberal arts and Jesuit traditions, a Bachelor of Arts degree in cursu classico is offered with a major in Classical Languages or Classical Civilization. Requirements for the majors can be found under the Modern and Classical Languages and Literatures section.

The Composite Major

In instances where students wish to meet some special educational or career objective, they may undertake a Composite Major (e.g., Comparative Literature) which is designed in consultation with the appropriate academic dean and mentored by an advisor appointed by the dean. Before meeting with the dean, students should prepare a written proposal which indicates the name of the proposed major, the objective of the proposed major, and the proposed list of courses to be taken. A composite major should consist of 30 to 60 credits depending on the number of departments and programs from which upper-level courses will be selected. A minimum of one half of the credits to be applied to the major must be taken at Saint Peter's University.

The Washington Center Internship Program

Dr. Alain L. Sanders, Liaison

The Saint Peter's University Washington Center Internship Program, administered by The Guarini Institute through the Department of Political Science, offers qualified students in their sophomore, junior, or senior year the opportunity
to earn academic credit while working full-time in Washington as unpaid interns in positions related to their majors. Internships are available with a wide variety of employers including members of Congress, U.S. government agencies, businesses, think tanks, interest groups, news organizations, and international organizations. Each internship is a full-time, supervised work experience in the nation's capital that is supplemented by a weekly academic course and by lectures from prominent leaders in both the public and private sectors. Internships are available in the fall or spring term, during which students earn 15 academic credits, or in the summer term, during which students earn 9 to 12 credits.

To be eligible to participate, students should possess a cumulative grade point average of at least 2.75 and must have completed a full academic year at Saint Peter's University. Grades for the internship and weekly academic course are recommended by the student's employer, course instructor, and Washington Center staff, and are assigned by Saint Peter's University faculty. Both the credits and grades earned are recorded on the student's Saint Peter's University transcript. However, grades from the Washington Center Internship Program are not calculated in the student's Saint Peter's University grade point average. Costs for the program are comparable to those for attending Saint Peter's University, and some scholarships are available. More information about the program can be obtained from the Saint Peter's Liaison to the Program.

**ROTC: Army Reserve Officers' Training Corps**

Qualified students may participate in the Army Reserve Officers' Training Corps through a cross-enrollment agreement with Seton Hall University. The program complements the normal college course of study and qualifies those who complete the program for commissions as officers in the Active Army, the U.S. Army Reserve, or the Army National Guard. Interested students should contact Seton Hall University ROTC Department.

**Accelerated Programs**

Saint Peter's University offers accelerated programs. Students must apply for a master's degree during their junior year and be accepted into the program in order to schedule graduate courses during their senior year. The number of graduate credits permitted while an undergraduate student varies per program. Please contact the director of the desired graduate program for more information regarding program requirements and policies.

**Certification for Teaching in Elementary or Secondary School**

The School of Education offers programs leading to certification for teaching in elementary or secondary schools. A teaching certification is granted to students who successfully complete their chosen program at the University as well as courses prescribed by the New Jersey Department of Education. Specific information about these programs can be found in the School of Education section.
Academic Centers and Institutes

The Center for Global Learning
Scott Keller, Director

The Center for Global Learning organizes and manages study abroad and exchange programs, facilitates the development of faculty-led international courses, and collaborates with the Office of Admission to support, enrich, and expand international student enrollment at Saint Peter’s University. The Center also develops international partnerships and collaborates with external agencies and organizations on outreach programs.

Center for Special Scholarships and Graduate Study
TBA, Director

After discussion with their major advisor, students should consult the Director of the Center for Special Scholarships and Graduate Study for information on graduate programs, required examinations, such as the GRE, procedures for application, and scholarship opportunities including the Davies-Jackson, Fulbright, Goldwater, Marshall, Rhodes, Truman, and many others. The Director assists students in the preparation of essays, personal statements, and other aspects of their applications.

The Guarini Institute for Government and Leadership
Ginger Gold Schnitzer, Executive Director

Established in 1994 by Congressman Frank Guarini, The Institute for Government and Leadership provides a non-partisan forum for discussion of key public policy issues. The Institute sponsors lectures and programs throughout the academic year to promote critical thinking, debate, and careers in public service.

Guarini Lecture Series
This Series brings national and state political leaders and policy makers together to discuss timely issues impacting our world. The Guarini Institute also sponsors periodic Public Affairs Forums to address topics of particular interest.

United Nations Programs
The University has maintained Non-Governmental Organization (NGO) status at the United Nations since 2004 through the UN’s Department of Public Information. This status, administered through the Guarini Institute, provides faculty and students unique opportunities to participate in UN briefings and workshops at the UN as well as interactive video conferences.

Internship Opportunities through the UN/NGO Connections Program
The Institute provides assistance to undergraduate and graduate students seeking to pursue internship opportunities through the UN/NGO Connections program. This program provides internship opportunities at UN Headquarters in New York, Geneva, Vienna, Nairobi, Addis Ababa, Bangkok, Beirut and Santiago or with specific NGOs working with the UN in New York.

Visiting Ambassador’s Colloquium
United Nations Ambassadors come to the University to discuss matters of interest to the United Nations and to acquaint attendees, typically faculty, administrators and honor students, with the ambassador’s country.

High School Model UN
In partnership with the Department of Political Science, the Institute hosts a High School Model UN that brings together delegates from New Jersey and metropolitan New York.

Washington Center Internship Program
The Guarini Institute administers Saint Peter’s University’s Washington Center Internship Program through the Department of Political Science. This program offers qualified students the opportunity to work full-time in Washington, D.C. and earn academic credit as unpaid interns in programs related to their majors. For a more detailed description see the Special Academic Programs section.
Approaches to Earning College Credit

Matriculated students at Saint Peter’s University may complete degree requirements in a number of ways. The traditional way is by taking courses. Other alternatives include:

1. Advanced Placement sponsored by the College Entrance Examination Board;
2. College Level Examination Program (CLEP)
3. Internships;
4. Cooperative Education;
5. Service Learning;
6. Prior Learning - involves the submission of an experiential learning portfolio for the evaluation of credit; (SPCS only)
7. Evaluation of certain non-collegiate programs taken under the aegis of the Armed Forces and/or some courses given by industrial firms and business corporations evaluated by the American Council on Education.

Students may earn no more than 30 credits towards their degree through any combination of the above programs, not to exceed 15 credits of Prior Learning or CLEP. (Students pursuing Associate’s degrees, should consult with the dean’s office for advisement.)

Advanced Placement

Credit for advanced placement is granted by the department responsible for the particular discipline. The scores needed on advanced placement examinations administered by the College Entrance Examination Board may vary by department; consult department sections for more information. If credit is granted for an introductory course in the major, a department may require a student to substitute another more advanced course.

College Level Examination Program (CLEP)

Saint Peter’s University grants credit for CLEP examinations within the following guidelines.

1. On the General Examinations, the University grants credit for scores equal to or above the fiftieth percentile, determined by national college sophomore norms.
2. On the Subject Examinations, the University grants credit for scores equal to or above the standard score based on the recommendations of the Council on College Level Examinations.

Students should check with an advisor or the appropriate dean before taking CLEP examinations in order to make sure that the particular examinations will be acceptable for credit, and also that the examinations do not duplicate courses for which they have earned credit already. Freshmen may not take CLEP examinations in lieu of the University’s composition requirement.

The Center for Career Engagement and Experiential Learning

The Center for Career Engagement and Experiential Learning (CEEL) embraces a comprehensive and developmental approach to career preparedness. The Career Engagement and Experiential Learning team engages students in a high-quality personal and professional experience from the time of admission until graduation. The activities aim to: help students discover strengths and build upon important skills; secure opportunities to gain practical experience through internships, service learning, and part-time jobs; and develop the tools for networking and job searching in order to reach their respective career objectives. The Center for Career Engagement and Experiential Learning serves all students, both traditional and adult learners, at the undergraduate and graduate degree levels.

The Center for Career Engagement and Experiential Learning offers a program of experience-based educational enrichment designed to enhance a student’s academic and personal development and to contribute to an understanding of work and careers. The program consists of a series of planned and supervised off-campus working experiences which may be integrated with independent academic study under the tutelage of a faculty member. Students participating in cooperative education or internship experiences may earn a salary and/or academic credit. In addition to internships offered through the Center for Career Engagement and Experiential Learning, many academic departments offer credit-bearing internships as well, and in some cases, a department-based internship may be required for the major. Credit-bearing experiences offered through the Center for Career Engagement and
Experiential Learning are designated by the course number 295 prefixed by the department or program sponsoring the experience, e.g. UR-295, EL-295, etc. Credit-bearing internships offered through academic departments are designated by different course numbers; consult individual departments and course offerings for details.

Cooperative Education and Internship experiences offered through the Center for Career Engagement and Experiential Learning are available for students in any major as well as for those who are undecided about their major field of study. Students interested in participating should register with the Center for Career Engagement and Experiential Learning during the semester preceding the work experience. Those interested in a summer and/or fall placement should register with the Center no later than the preceding March. Students who wish to work during the spring semester should register no later than the preceding October. All credit-bearing experiences offered through the Center for Career Engagement and Experiential Learning must be approved by the instructor, the appropriate Dean’s Office, and the Center for Career Engagement and Experiential Learning.

Through the Center for Career Engagement and Experiential Learning, three basic plans for Cooperative Education are available. On the Alternating Plan, students alternate periods of full-time work with periods of full-time study. On the Parallel Plan, students work part-time while attending classes on a full-time basis. On the Job Enrichment Plan, students work on a new full-time or part-time assignment for their present employer. Credit is available for each plan, but no more than three semesters of Cooperative Education may be taken for credit and no more than nine credits toward the degree may be granted for Cooperative Education.

Office for Community Service and Service Learning

Rooted in the Jesuit tradition of educating Men and Women for Others, the Office for Community Service is affiliated with Campus Ministry and directly implements the University’s mission “to prepare students for a lifetime of learning, leadership, and service to others in a diverse and global society.” Through participation in meaningful volunteer and service learning experiences with more than thirty Hudson County nonprofit agencies and religious organizations, Saint Peter’s students and faculty directly contribute to social justice activities and the empowerment of local constituencies. In their roles as tutors, mentors, outreach workers, researchers, and social work assistants, students share their time and talent with their neighbors in need of encouragement, support and assistance.

Through community service projects and service learning in the classroom, students are encouraged to share the benefits of their college experience and invest their time and skills with non-profit agencies and schools with limited resources. To support the student’s service experience, the Office facilitates training and discussion sessions that stimulate reflection about the relationship of service to one’s personal, intellectual, and spiritual growth. Selected courses incorporate community service as a required component, with faculty guiding student reflection about their service through discussions and journals.

The Evaluation of Non-Collegiate Courses for Credit

Credit may be granted for courses taken under the auspices of the Armed Services, if the courses are evaluated in A Guide to the Evaluation of Educational Experience Gained in the Armed Services and if the credits are applicable to the student’s degree program.

Credit may also be granted for certain in-service courses taken under the sponsorship of a business or industrial organization if the course carries a specific credit evaluation in The National Guide to Educational Credit for Training Programs, compiled by the American Council on Education or the NY PONSI Program.

Prior Learning Experience

Matriculated students at the School of Professional and Continuing Studies may earn credit for prior learning gained through work experience, in-service courses exclusive of those programs already evaluated by the American Council on Education, community service activities, unique travel experience, and special accomplishments in the arts.

Students who wish to apply for Prior Learning credit must submit a portfolio which demonstrates the learning gained through the experience. The portfolio consists of an application, a detailed resume, an essay, and appropriate documentation in support of the essay. A separate essay and supporting documentation is required for each course for which the student is requesting credit. Students work closely with a faculty member in the appropriate departments.

The guiding principles for granting credit for prior learning are as follows:
Approaches to Earning College Credit

• Credit is not granted for experience, but for the knowledge gained as a result of the experience.
• Students must be able to demonstrate that their experiential knowledge is equivalent to a specific course or academic discipline offered by the University. The course number and description must accompany each portfolio submitted.
• Students may not apply for experiential credit which is the equivalent of a course, a CLEP test, or nursing validation examination for which credit has previously been earned.

Eligibility Requirements
Students are eligible to apply for the evaluation of prior learning if they are matriculated students in the School of Professional and Continuing Studies, in good academic standing with a cumulative grade point average (GPA) of 2.5 and have earned at least 18 credits exclusive of developmental courses at Saint Peter’s University.

Procedures for Declaring Candidacy for Prior Learning Credit
Students must meet with the appropriate dean to determine the feasibility of earning such credit. At this time, the student will complete an application and interview to determine that a.) credit has not been earned for these experiences in any other way and b.) the experience is eligible for evaluation. Eligibility for evaluation does not guarantee acceptance or award of any credits. Students must file an application for Prior Learning credit with the appropriate dean after they have satisfied eligibility requirements and provided appropriate supporting documentation and information. Portfolios will be evaluated by the appropriate department.

Portfolio Evaluation
Portfolios are evaluated by faculty members whose competencies are pertinent to the experiences submitted for evaluation. Credits will be awarded for specific courses and will be identified on the transcript as experiential learning credits. (Grades are not assigned to experiential credits.) Students who wish to appeal the results of a portfolio evaluation may address their request to the appropriate dean.

Fee Structure
A portfolio evaluation fee is payable in full when the application is accepted and before the portfolio is assessed for credit. The check for the proper amount must accompany the portfolio at the time of submission. A fee per credit, with a maximum of 15 credits to be earned experientially, will be assessed for credits actually awarded.
**Academic Policies and Regulations - Undergraduate**

All policies and regulations outlined in this catalog will be interpreted and managed according to procedures which are too lengthy to be printed here. These protocols may be found in the office of the appropriate dean for each college or school. Students may appeal all academic policies and regulations to the appropriate dean, who may, depending on the circumstances, consult the Dean of Students.

Note: all policies and procedures pertain to the College of Arts and Sciences, School of Business, School of Nursing, School of Education and SPCS unless specifically addressed.

**Requirements for Degrees**

The fulfillment of degree requirements includes both credit-related and performance-related criteria. Students must complete a minimum of 120 credits for the Bachelor's degree and 66 credits for an Associate's degree. In order to be eligible for a Saint Peter’s University degree in any major, at least one half the number of credits required in the major, exclusive of cognate requirements, must be earned in courses taken at Saint Peter’s University or in programs sponsored by the University. The maximum number of credits a student may transfer from a two-year institution is 66 credits, and the maximum number from a four-year institution is 90 credits. The credits must be distributed according to the curriculum outlined for each degree program. The last 30 credits for the degree, defined as the residency requirement, must be completed at Saint Peter’s University.

The performance-related requirement for all degrees reflects a standard of academic excellence. Students must attain a GPA of 2.0 for their entire academic record at Saint Peter’s University. In addition, all students must attain a minimum GPA of 2.0 in the courses required in their major program. Departments may establish GPA requirements higher than 2.0; whenever this is the case, the specific requirements will be stated in the “department section” of the catalog. No student will be given a diploma until all financial and property obligations with Saint Peter’s University have been satisfied.

**Time Limitations for Earning Degrees**

The normal time span for the completion of the Bachelor’s degree by full-time students is four years. Part-time students normally complete the Bachelor’s degree in six years.

These times may be shortened by attendance at summer sessions or lengthened depending on the needs of the student. The maximum period allowed to satisfy all requirements for the Bachelor’s degree is ten years and for the Associate’s degree, six years. In extraordinary cases, an extension of time may be permitted. Students who need an extension should file a request for extension, stating pertinent reasons, with the appropriate dean at least one term before the maximum time period has elapsed.

If an extension of time is requested, students should be aware of the following guidelines that the dean will have to consider:

1. If courses taken more than ten years prior to the completion of the Bachelor’s degree are courses in liberal studies such as literature and history, the dean may exercise discretion and waive the ten-year limit on the acceptability of these courses for a Bachelor’s degree.
2. In technical areas where recent developments may have changed substantially the atmosphere of academic studies in a subject, the dean will submit the courses in question to the appropriate department chairperson who will indicate in writing whether the courses are still applicable and what steps students must take to update their knowledge in the subject area.

The same procedures apply in the case of courses taken more than six years prior to the completion of an Associate’s degree.

**The Double Major**

Students may elect to complete requirements for two separate major areas of study. Permission for a double major must be obtained from the chairperson of the principal major department and the chairperson of the second major department. A form for this purpose is available in the Enrollment Services Center. All courses requisite and cognate for each major must be completed. At least one-half of required courses, exclusive of cognate courses, must be completed in courses taken at Saint Peter’s.
Minors

In addition to their major areas of concentration, students may declare a minor in another academic discipline. The University offers a variety of minor programs. See the chart under Degree Programs for the complete listing. Minor programs may be developed within the following guidelines:

1. The completion of a minimum of 18 credits in a specific discipline, at least one half of which should consist of upper division courses. A minimum of one half of the courses for the minor program must be taken at Saint Peter’s University.
2. The courses selected for the minor must be distinct from those required for the core or major. Cognate courses (courses in other disciplines needed to complete major requirements) may be approved as part of the minor program.
3. Normally students may not take a major and a minor in the same department. There are some exceptions to the rule, based on the principle that there are substantial differences in the disciplines offered by some departments. Students may take both a major and a minor in programs offered by the following departments: Applied Science, Computer Science, Business Administration, Fine Arts, and Modern and Classical Languages and Literatures. Art History majors may minor in Music; English majors, in Communication and Media; and Economics majors, in Finance.
4. The GPA for courses in the minor must be 2.0 or greater. Departments may establish GPA requirements higher than 2.0; wherever this is the case, the specific requirements will be stated in the “department section” of the catalog.

Criteria for Earning A Second Undergraduate Degree

Saint Peter’s University will grant a second undergraduate degree, either a Bachelor’s degree or an Associate’s degree, upon fulfillment of the following conditions.

1. A minimum of 30 credits in the second major must be taken in courses at Saint Peter’s University, none of which was applied towards the previous degree.
2. All current requirements of the core curriculum and the major program for the new degree must be fulfilled. Courses applied towards the core requirements for the previous degree may be utilized.
3. At least four upper-division courses in the new major must be taken at Saint Peter’s University.
4. At least one academic year must have elapsed since the granting of the previous undergraduate degree.

As a consequence of the above rules, students pursuing a second Bachelor’s degree must plan their course work so that these degrees are awarded in separate years. Any exceptions to this rule must be approved by the appropriate dean.

Granting of Bachelor’s Degrees to Holders of Professional Degrees

Students who left Saint Peter’s University for study at a professional school before completing all of the requirements for a Bachelor’s degree may request approval for receiving a Bachelor’s degree from the University if they:

1. completed three years of work (90 credits) at Saint Peter’s University;
2. were in good academic standing upon leaving Saint Peter’s University;
3. subsequently earned a higher degree in an accredited graduate or professional school; and
4. are willing to have their work evaluated in light of the present course requirements of the University.

Candidates who apply for the granting of a degree under these conditions must apply to the appropriate dean who will determine whether the student meets the requirements, or if necessary, must take the courses needed to satisfy core requirements and/or bring the record up to 90 credits. If these conditions are met, the candidates should then have an official transcript from the professional school forwarded to the appropriate dean, file for graduation with the Registrar, and pay the graduation fee.

Commencement

Students that graduated last December or expect to complete their remaining program requirements in May or August are eligible to participate in the University’s annual Commencement exercises held at the close of the spring term. Effective Fall 2016, students who need no more than 6 credits remaining to complete degree requirements
may participate in the Commencement exercises provided they have pre-registered for the remaining coursework or completed a Commencement Contract with the appropriate Dean indicating the program requirements that are still outstanding for degree completion. Exceptions to the credit requirement will be permitted for students in the School of Education who need to complete student teaching in the Fall term. To qualify for Commencement Awards, all program requirements must be successfully completed in May or August. Candidates that apply for December and request participation in early Commencement will not be considered for awards.

Participation in the Commencement exercises is ceremonial and does not constitute degree conferral. After final grades are received and a final graduation verification is completed, diplomas will be mailed approximately one month after the ceremony to those who qualify. All obligations to the University, including financial, must be fulfilled before the diploma will be released. Students may only participate in one Commencement exercise. Degrees are awarded in May, August and December.

Advisement and Registration

General Information
Each student at Saint Peter's University is assigned an academic advisor who aids the student in planning an academic schedule. Online advisor’s approval of courses is required before a student may register for any term. Registration dates for each term are published online in the Academic Calendar. Formal registration is not complete until the student’s financial obligation has been satisfied.

Advisement for Traditional Day Students
Through the University Advisement Program, freshmen are assigned advisors upon entering the University and should consult with them periodically during their first year of study. After their first year of study, when a student formally declares a major, he/she will be referred to the appropriate department for advisement. Students with multiple majors or minors will be assigned an advisor for each and must consult with all prior to registration for each term. (Even if first-year students declare a major, they continue to be advised by their freshman advisor through the spring term.)

Advisement for SPCS Students
Adult students at both campuses of Saint Peter’s University/SPCS division have advisors available to them throughout their academic career. The advisor’s approval of courses is required before a student may register for any term. Registration dates for each term are listed in the annual Academic Calendar which appears in the course schedules published for each term. Students who register after the official registration periods noted in the Academic Calendar must pay a late registration fee.

Administrative Deregistration
Students may be administratively deregistered from some or all of their courses if they fail to complete by published deadlines appropriate forms and processes required to properly register for courses, if they fail to complete by published deadlines all requested financial forms and arrangements with the University, if they lack appropriate course prerequisites, or if they fail to attend class.

Registration Between Schools
SPCS students may not register for semester courses. Students in semester-based programs may not register for winter trimester courses. Traditional day students are not permitted to take more than two quad courses. First year students are not allowed to register between schools.

Saint Peter’s University Credit Hour Assignment Policy
This Credit Hour Assignment Policy ensures that the number of credits awarded for the completion of each course taught at Saint Peter’s University reflects United States Department of Education (USDOE), Middle States Commission on Higher Education (MSCHE) and New Jersey state requirements for classroom hours and recommended out of class course work.

The policy assures that measurable learning outcomes and credits awarded for the completion of programs that do not adhere to the standard definition of a “credit hour” (such as online, hybrid and internship courses, as well as
credits awarded through prior learning assessment) are consistent with those assigned to traditional face-to-face courses, considering course content and expected learning outcomes.

This policy applies to the assignment of credit hours to all current and new Saint Peter’s University programs, undergraduate and graduate.

**Definition of a Semester Credit Hour**

One semester credit shall be equal to not less than one hour (50 minutes) of classroom instruction plus two hours (120 minutes) of out of class course work over a span of no less than fifteen (15) weeks. Courses that meet on a TF course pattern (75 minutes) over a span of no less than fifteen (15) weeks meet this credit hour requirement.

**Course Requirements**

Consistent with the definition of a semester credit hour policy, students in traditional lecture/discussion courses are expected to devote two hours outside the classroom on related course work, including study, preparation of written assignments and course-related projects. Instructors acquaint students with all course expectations at the beginning of each course with a detailed syllabus that follows a prescribed format to foster the attainment of measurable learning outcomes. Syllabi include all course requirements and policies in addition to sharing clear evaluation criteria.

For programs that do not adhere to the standard definition of a “credit hour” (such as online, hybrid and internship courses, including student teaching, and credits awarded through prior learning assessment), courses shall be consistent with those face-to-face offerings, with due consideration given to course content and measurable learning outcomes. In addition, syllabi include a clear set of course expectations, policies and evaluation criteria.

**Ongoing Assessment of Semester Credits**

The number of credits assigned to each course shall be considered in course design and syllabi with expected student learning outcomes for each course meeting the semester hour standard. Consideration of assigned credits are part of the periodic review of syllabi by department chairs, regularly scheduled annual course assessments involving faculty and students, curriculum committee reviews, and formal program evaluations. The school deans collect and store syllabi each semester.

**Review**

The Provost/Vice President for Academic Affairs, the school deans, and the chair of either the Curriculum Committee or the Committee on Graduate Programs will review all new programs, including those associated courses and credit hours assigned, before submission to and approval by the Faculty Senate. New courses or changes to existing courses may not be instituted without prior departmental approval and the approval of the appropriate school dean.

**Student Status**

Students enrolled at the University are classified as follows:

**Traditional Day Student Status**

Students enrolled in the traditional day fall and/or spring semesters. Full-time students are expected to enroll for a minimum of 12 credits per term.

**SPCS Status**

Students enrolled on a quad basis, typically part-time. Full-time students are expected to enroll for a minimum of 12 credits per term.

**Matriculated Students**

Students who have satisfied the entrance requirements and are following a prescribed program of studies towards a degree.

**Non Matriculated Students**

Students who are not pursuing a degree at Saint Peter’s University but who are admitted at the discretion of the University Registrar in certain circumstances to fulfill an academic need. Students may take no more than 12 credits before matriculating.
Auditors
Students who have the permission of the appropriate dean and the instructor to attend the sessions of a particular course on a non-credit basis.

Full-time Students
Students who carry a course load of 12-18 credits per semester or generally six credits per quad. Unless stated otherwise for particular courses of study, permission to take credits beyond these limits in a term must be obtained from the appropriate dean.

Part-time Students
Students who carry a course load of fewer than 12 credits per semester or three credits per quad.

Class Standing
A student’s class standing is determined by the number of credits earned by the end of the academic year:

<table>
<thead>
<tr>
<th>Class</th>
<th>Credits Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman Status</td>
<td>Fewer Than 30 Credits Earned</td>
</tr>
<tr>
<td>Sophomore Status</td>
<td>30 Credits Earned</td>
</tr>
<tr>
<td>Junior Status</td>
<td>60 Credits Earned</td>
</tr>
<tr>
<td>Senior Status</td>
<td>90 Credits Earned</td>
</tr>
</tbody>
</table>

Tutorials and Independent Studies
A tutorial or independent study is a course in which normally one student engages in study under the direction of a faculty member, with weekly meetings of at least one hour and fifteen minutes throughout the semester or one hour and fifty minutes each week of a trimester. The student must secure the permission of the instructor, who should not feel constrained to assume such extra work, and also obtain permission from the department chair and the dean. All tutorials and independent studies must be approved by the appropriate dean in advance of the term for which they are planned. Ordinarily, no faculty member may direct more than one tutorial or independent study each term, i.e., two in any academic year and one in the summer.

Tutorials and independent studies may be approved for: a.) students who desire special study in a specific area, which is not ordinarily covered in sufficient breadth and depth to suit their particular needs and interests; b.) students who because of legitimate academic or human problems (e.g., student teaching or illness) have been unable to take required courses when normally scheduled, and who for substantial reasons (e.g., course is no longer offered, course is irregularly offered and is not available during the appropriate year) will be unable to take such courses at any other regularly scheduled time. This category will not be construed as including students who, having legitimately been unable to take a regularly scheduled course, have subsequently neglected without good cause to take that course at one of its regularly scheduled times. Preference for a particular instructor or for a particular time is not to be considered good cause. Tutorials and independent studies are not available to students as a means of replacing a grade in a course previously taken. Tutorials and independent studies are available only to matriculated Saint Peter’s University students and our graduates, and may be given only by Saint Peter’s University faculty. Registration for a tutorial or independent study must be completed prior to the end of the appropriate add period.

Adding/Drop Courses
Students may add or drop courses by obtaining online approval from their academic advisor. Once they are approved by their advisor, the student can add/drop on SPIRIT online.

Adding Courses
Courses may be added only within the period of time stated in the Academic Calendar.

Withdrawing from Courses
Students may withdraw from courses until the date published in the Academic Calendar. The advisor’s signature is needed on the Course Withdrawal Request form. Unless the withdrawal is within the 100% refund period, all courses from which a student withdraws remain a part of the academic record. Withdrawal is not complete, and a grade of
WD is not assigned, until the Course Withdrawal Request form is filed. The designation WD is final and will be used in place of a grade. Students who stop attending class and neglect to file a Course Withdrawal Request form may be assigned a grade of FA. See the Tuition and Fees section for information regarding possible refunds related to course withdrawal.

**Declaration of Major**

Students must formally declare an academic major by the time that they have completed 60 credits. Undeclared students who have completed 60 credits shall not be allowed to register for any courses at the University. An Academic Hold will be placed on the student's record, which can only be removed with permission of the appropriate dean and by completing a major declaration form.

**Change of Major**

Students wishing to change their major field should complete a major declaration form and obtain the approval and signature of the chairperson of the new department and the appropriate dean. SPCS students should obtain the approval and signature of the Dean of SPCS.

**Auditing of Courses**

Students may register for a course on an audit or a non-credit basis with permission of the appropriate dean. Students may not audit courses in accountancy, studio art, data processing, composition, language studies, or any subject which involves laboratory work, field work, or work of a similar nature. Auditors may not be admitted to closed courses, tutorials or independent studies. Auditors, with approval of the course instructor and permission of the dean, may change their status from audit to credit by the last date for adding courses specified in each term. A grade of "AU" is recorded for courses taken on an audit basis. No other grade is given.

**Traditional Day Student Credit Loads**

In order to complete the Bachelor's degree in four years, students must complete 15 credits per semester of non-developmental courses.

**First-Year Students**

First-year students in good academic standing generally take five courses (one of which is the Freshman Seminar) during the first semester and five courses during the second semester. A dean's approval is required for freshmen to take fewer than 15 or more than 17 credits in the fall or spring semester. Freshmen may not take evening courses. Credits taken during the Summer Academy are considered fall semester credits.

**Sophomores, Juniors and Seniors**

Sophomores, juniors and seniors in good academic standing may enroll in up to 18 credits in a given term. Tuition for full-time students covers up to 18 credits. Students wishing to enroll in more than 18 credits, and pay the additional tuition charge, may do so if the following criteria are met.

- They have attained a cumulative grade point average of 3.0.
- They have their advisor's approval.
- The appropriate dean grants approval after careful assessment of the reasons for the additional credit load and the student's ability to successfully complete all courses.

**Student on Academic Probation or Suspension**

See the Academic Standing section for credit load restrictions for students on academic probation or suspension.

**Change of Campus**

Students attending one campus of the University may transfer to another campus by contacting the appropriate dean of the new campus.
Traditional Day Students Enrolling in SPCS Courses

Traditional day students are expected to complete their degree requirements through courses offered during the day session. However, traditional day students may take courses in the School of Professional and Continuing Studies, consistent with the University policy on credit loads, provided they fulfill the following conditions:

- They will have earned 30 or more credits at the time the course commences;
- They secure the approval of the Center for Academic Success and Student Engagement;
- They will not have exceeded a total of six credits in the Academic year in SPCS courses (excluding Janmester courses) and no more than three credits in any given term;
- Students with a GPA below 2.0 are not permitted to enroll in online courses.

Traditional Day Student Policy on Summer Session Course Loads

Traditional day students may take no more than 12 credits in a given summer session and no more than six credits in any particular session, and no more than three credits in any session of three weeks or less.

Traditional Day Student Policy on Courses Taken at Other Institutions

While a student is matriculated at Saint Peter’s University, only under specific circumstances, can up to 18 credits for courses taken at another college, outside of the fall/spring regular academic year schedule, be transferred to Saint Peter’s University to count as part of a student’s graduation requirements. (The academic year restriction does not apply to courses taken through the Washington Internship Program or the Saint Peter’s University Study Abroad Program.) Other credit load limits apply as well, and the last 30 credits of the degree must be completed at Saint Peter’s University. Students also may not matriculate at Saint Peter’s and another institution simultaneously during the same academic year.

The following describe the conditions under which matriculated students may transfer in credit for courses taken at an accredited college outside of the fall/spring regular academic year schedule.

1. Prior to registering for a course, a student must complete a request to take undergraduate courses at another institution form available from Enrollment Services. With the form, the student must supply the course description from the other college’s catalog or webpage. The following individuals’ signatures are also required on the form: appropriate dean, chairperson of the equivalent Saint Peter’s department, and the chairperson of the student’s major department. Note that these signatures do not constitute waivers for the residency requirement, 18-credit limit requirement, or other credit load limit requirements.

2. After the course is completed, a student must supply Enrollment Services with a transcript indicating a grade of C (2.0) or better.

3. The grade is recorded on the Saint Peter’s transcript for information only and is not computed in the student’s grade point average.

Conditions of Non-Matriculation

Non-matriculated students (students who are not pursuing a degree at Saint Peter’s University) may not take more than 12 hours of credit. If a non-matriculated student wishes to register for additional credits beyond 12 hours, that student must apply for matriculated status. Any request to continue as a non-matriculated student beyond 12 credits must be made in writing, with specific reasons cited, to the appropriate dean. Once matriculated into a degree program at the University, a student may not take courses as a non-matriculated student until he/she has graduated from the University. After a student has graduated, a student may return to the University as a non-matriculated student, but the credit hour limits apply. No courses taken after graduation as a non-matriculated student may be applied retroactively to any major, minor, or degree program.

Class Attendance

The interaction in the classroom among students and faculty is a vital part of the learning experience. Students are required to attend classroom and laboratory sessions regularly and promptly. At the first class meeting of the term, the professor must indicate what relationship attendance has to the final grade. The responsibility for any work missed due to absence rests entirely with the student.
Absence from Class
An occasional illness or other important personal matter may sometimes make class attendance impossible; however, it is up to the student to notify the instructor within 24 hours, and provide any required documentation within a reasonable amount of time. Whether the absence is excused or not is up to the instructor, and the responsibility for work missed rests entirely with the student.

Traditional day students who exceed absences totaling more than two times the number of lecture meetings per week may be given a failing grade if the student continues in the course past the withdrawal date. Students taking SPCS classes in eight-week sessions are permitted one absence per term. An absence is defined as missing one class meeting, or for hybrid and online courses, non-participation for a one-week period.

Absence from Laboratory
All missed laboratory sessions must be made up.

Extended Absence
Students who must be absent for extended periods (i.e., three or more consecutive classes for traditional day students or two classes for SPCS students) must notify the appropriate dean who will inform the faculty as a service to students. Traditional day students must notify the appropriate dean. Students attending evening classes in Jersey City must notify the office of the Director of the School of Professional and Continuing Studies (SPCS). Bergen County Campus students must notify the Director’s office. Upon their return, written documentation from the appropriate source (e.g., hospital, doctor, government agency, etc.), along with the student’s cover letter, must be delivered to the appropriate dean. Students must consult their professors about their status upon their return and should not presume their eligibility to continue courses.

Absence Due to Trips on Class Days
Students seeking an excused absence from class due to their participation in a course-related or non-course-related University-sponsored trip must get permission from their instructor(s). Granting the excused absence is at the discretion of the instructor(s). If excused absences are not granted, a student may not be penalized for declining to participate in the course-related trip. If permission is not granted, and a student still decides to participate in the trip, the student is responsible for the consequences that action may have on his/her class attendance record and/or grade.

When seeking permission for these excused absences, students should supply instructors with a signed letter from the faculty (or staff) member leading the trip. The letter should indicate the student’s name and describe the purpose of the trip.

Examinations
Examinations are a partial but significant measure of a student’s academic progress.

Class Examinations
Class examinations are periodic examinations within a course, previously announced by the professor, and generally considered a determining factor in the final term grade.

Late Examinations
Late examinations are conducted by an instructor for those students who have an excused absence for a missed class examination. It is the student’s responsibility to make arrangements for a late examination with the professor.

Final Term Examinations
Final term examinations are scheduled by the Registrar for every traditional day course. Any substitute procedure for a final examination must be authorized by an instructor’s department chairperson and the appropriate dean. Final exams for SPCS courses may be given during the final week of classes and may or may not be given during the final meeting. Projects, papers or presentations may be assigned for SPCS courses in lieu of final examinations, as set forth in the course syllabus.
Absence from Final Examinations
The final decision as to whether or not a student has an adequate reason for being absent from a final examination rests completely and exclusively with the professor. If the professor decides the reason is adequate, he/she will arrange for and conduct a late examination. Should the professor decide the student’s reason is not adequate, the student receives a failing grade for the examination.

Grading System and Procedures
Grades at Saint Peter’s University are assigned on a numerical quality point basis, with a D as the minimum passing grade in each undergraduate subject. A student’s final term grade in any course is assigned by the instructor on the basis of performance in all work throughout the entire period of the course, including class participation, recitations, readings, reports, quizzes, major tests, term papers, and final examinations. Final grades for a term cannot be altered later than six weeks after the start of the next term.

Grades should be interpreted as an index of achievement in a course according to the following scale:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0 Outstanding</td>
</tr>
<tr>
<td>A-</td>
<td>3.7 Excellent</td>
</tr>
<tr>
<td>B+</td>
<td>3.3 Very Good</td>
</tr>
<tr>
<td>B</td>
<td>3.0 Good</td>
</tr>
<tr>
<td>B-</td>
<td>2.7 Above Average</td>
</tr>
<tr>
<td>C+</td>
<td>2.3 Average Satisfactory</td>
</tr>
<tr>
<td>C</td>
<td>2.0 Satisfactory</td>
</tr>
<tr>
<td>C-</td>
<td>1.7 Less than Satisfactory</td>
</tr>
<tr>
<td>D+</td>
<td>1.3 Poor but passing</td>
</tr>
<tr>
<td>D</td>
<td>1.0 Minimum for passing</td>
</tr>
<tr>
<td>F</td>
<td>0.0 Failure</td>
</tr>
<tr>
<td>FA</td>
<td>0.0 Student never attended or stopped attending course without formal withdrawal. The grade of FA is calculated into the GPA. *</td>
</tr>
</tbody>
</table>

*Students who stop attending class meetings, or do not meet other stated attendance measures in a web-based course, will be given a Final Grade of FA: Failure Due to Non-Attendance. The student's Last Date of Attendance in the course will be used in determining if Federal Financial Aid must be returned. It is in the student's best interest to contact their Dean's Office if they cannot complete their courses. A grade of FA in an eligible course impacts the students Term and Cumulative GPA as indicated in the Grade Table. In cases where an FA is not appropriate, (i.e. failure due to violating the instructor's attendance policy), students will receive a grade of F - Failure.

Other symbols used in the official recording of grades include:

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Subject</th>
</tr>
</thead>
<tbody>
<tr>
<td>AU</td>
<td>Course audited; no credit</td>
</tr>
<tr>
<td>IC</td>
<td>Incomplete in course requirements</td>
</tr>
<tr>
<td>IP</td>
<td>In Progress; course runs beyond the normal end of term</td>
</tr>
<tr>
<td>IT</td>
<td>Incomplete because of late submission of grade by instructor</td>
</tr>
<tr>
<td>P</td>
<td>Pass without a specific grade being given</td>
</tr>
<tr>
<td>TR</td>
<td>Credits Transferred</td>
</tr>
<tr>
<td>WD</td>
<td>Formal withdrawal from a course</td>
</tr>
</tbody>
</table>

Pass/Fail Option
Any student, except those in their first semester with less than six earned credits, is allowed to register for one course per term on a Pass/Fail basis. There is a limit of three Pass/Fail courses in any Bachelor’s or Associate’s degree program. Completion of a course under this option results in either a P or F grade. Courses not available for this option are those in the major department, cognate courses required by the major, or courses given through the
Honors Program. Students may not take courses needed to satisfy matriculation requirements on a Pass/Fail basis. The Pass/Fail option is not available for basic courses in writing, composition, reading, or for any developmental courses. Permission to take any course under the Pass/Fail option must be approved by the student’s advisor and the appropriate dean. A traditional day student who has completed at least one semester of courses at Saint Peter’s University or an SPCS student who has earned at least six credits may register for one course each summer (including Intersession and the Janmester term) on a Pass/Fail basis.

Credit will be granted for a passing grade, but since there is no numerical equivalent, the grade is not included in the GPA. A failing grade will be recorded as F and will be computed in the student’s cumulative average.

Appropriate forms for the option must be filed with Enrollment Services by the date noted in the Academic Calendar. Once students have filed for the Pass/Fail option and it has been recorded, they may not cancel the option.

**Failures**

Students will receive a failing grade for a course whenever they have a final term grade below D, fail to complete the necessary course work in order to remove the grade of Incomplete (IC) from their record, or fail a course due to excessive absence.

**Incomplete Grades**

If students believe that they have a legitimate reason for requesting time beyond the final examination to complete course work, they may request a grade of Incomplete (IC) from the instructor. If granted, students will have six weeks after the start of the next term or quad to complete the course work. SPCS students who receive IC’s in the second spring session must complete the required work within six weeks of the start of the summer term. Traditional day students who receive an IC for any of the summer sessions will have six weeks after the start of the fall term to complete the necessary course work. At the end of the six weeks, the grade of IC will automatically change to an F unless the instructor has submitted another grade.

**In Progress Grades**

For courses that run beyond the normal end of term, grades of In Progress (IP) may be assigned. Courses assigned an IP grade must have the course work completed by the end of the following term. If the course work is not completed, IP grades will become IC grades.

**Change of Grade**

A change of grade can only be initiated by the instructor of a course who must present a written request to the appropriate dean for approval. Such changes are made in unusual circumstances only.

**Resolution of Grade Disputes**

Students have the right to know the components of a course on which their final grade will be based, to be graded fairly, and to understand why they were given a particular grade. The instructor has the right to determine which course components will be graded and the weight that will be given to each, the right to determine the grading scale to be employed, and the responsibility to grade students consistently on that scale. The instructor is also expected to provide a syllabus for each course, specifying the assignments and examinations, and the weight given to each course component in determining the final grade. Finally, graded material should be returned to the student within a reasonable period of time; any material not returned must be retained by the instructor for one year.

Should students believe, in light of the above, that they have been graded unfairly, then the first step is to make an appointment with the instructor, bring copies of any papers and/or exams in question, and request that the instructor review the grade. This may be done until the sixth week of the term after the term in which the grade was issued. After that point, the grade becomes final.

If, after discussing the grade with the instructor, the student still believes that he/she was treated unfairly, then the next step is to seek the assistance of the chairperson of the department in which the course is offered to resolve the issue. Should the department chairperson be the instructor in question, then the appropriate dean is to appoint a member of that department to serve as mediator in the dispute.
If the above steps do not lead to resolution of the issue, the student may meet with the appropriate dean to discuss the issue further.

When the assistance of the chair or the appropriate dean is called upon, that office will act as a mediator and will be authorized to collect all materials (e.g. exams, papers, quizzes and any other evaluative materials), whether in the hands of the instructor or the student, relevant to the construction of the grade. The instructor must be prepared to show that the grade was constructed according to the criteria described in the syllabus.

**Cumulative Grade Point Average (GPA)**

The grade point average is computed in the following manner:

1. Multiplying the grade in each course taken at Saint Peter’s University by the number of credits assigned to the course;
2. Adding these products and dividing the total by the total number of credits attempted in all courses taken at Saint Peter’s University.

Pass grades, credit by examination grades, and transfer grades are not utilized in computing the cumulative grade point average.

**Repeating a Course for a Higher Grade**

Students may repeat any course for which they received a grade below a C, including grades of F or FA. All courses and grades remain on the transcript. Only the most recent grade will be included in the cumulative GPA and will apply towards degree completion. This option is open only to students who have not completed their degree requirements for Saint Peter’s University. Tutorials and independent studies are not an option for repetition of a course and grade replacement.

**Transcripts**

A transcript is an official record of courses taken, credits earned, and grades received. The Enrollment Services Center offers several options for former and current students to order and receive transcripts. In partnership with SCRIP-SAFE®, Saint Peter’s is able to provide official transcripts delivered electronically through the SCRIP-SAFE server network. The cost of the transcript varies by the type of delivery service requested and is detailed on the ordering site. Online orders for same-day service must be received by 4:00 pm Monday through Friday to be processed the same day. No service is available on weekends or official University holidays as indicated on the Academic Calendar.

Unofficial transcripts are no longer provided by the Enrollment Services Center. Students with SPIRIT online access may view their unofficial transcripts online; students who do not have access to SPIRIT online must request an official transcript. No transcripts or certifications will be released to students who have unpaid financial obligations to the University.

**Students with Disabilities**

Saint Peter’s University is committed to providing students with disabilities educational opportunities free from discrimination. Eligible students will be afforded appropriate academic accommodations and/or housing accommodations on a case-by-case basis. Student, for the purpose of this policy, includes prospective students, full and part time undergraduate students, full and part time graduate students and doctoral candidates.

**Academic Accommodations**

**Self-Disclosure:** Saint Peter’s University is not responsible for identifying students with disabilities. In order to receive academic accommodations, students must self-identify and apply for academic accommodations as set forth in this policy. Students with disabilities seeking academic accommodations must self-identify to the University Disability Services Coordinator & Dean of Academic Engagement and Student Success. A student seeking academic accommodation must disclose information about the student’s impairment in support of the request and so that a meeting and discussion regarding appropriate accommodations may occur.

**Application and Documentation:** Students seeking academic accommodations must fill out an Accommodation Request Form. Copies of the Accommodation Request Form are available in the Center for Academic Success and
Engagement which is located in the lower level of McDermott Hall or may be obtained online from the Students with Disability website.

Saint Peter’s University recommends that the Accommodation Request Form be submitted at least three weeks prior to the start of the term. Students whose applications for academic accommodations are submitted after the start of the term will be processed as soon as possible.

In addition to the student’s self-reporting of a disability, the student’s health care provider or other qualified professional must submit a certification in support of the student’s application. Students may also submit additional supporting documentation to support their requests, such as IEPs, Section 504 plans, or prior evaluations for consideration. Saint Peter’s University recommends that the supporting documentation be no more than six years old.

Confidentiality: To the extent permitted by law, any information about students’ disabilities or academic accommodations is kept confidential. If release of student records is not required by law, students may elect to file a FERPA Waiver Request with Enrollment Services Center.

Saint Peter’s University will not release student information about students’ disabilities to their professors, but may communicate with professors to confirm certain information relating to the approved accommodation (i.e. exam date/time) as set forth in this policy.

Approval Process: Academic accommodations must be approved by the University Disability Services Coordinator & Dean of Academic Engagement and Student Success. Students may deliver a completed Accommodation Request Form copies in person or by mail to the Center for Academic Success and Engagement to the University Disability Services Coordinator & Dean of Academic Engagement and Student Success, 2641 John F Kennedy Blvd, Jersey City, New Jersey, 07306.

Matriculated students may also submit applications or supporting documentation by email to accommodations@saintpeters.edu. Students electing to submit applications through email must use their Saint Peter’s University email address.

Following the student’s submission of the application and supporting documentation, a meeting between the student and the University Disability Services Coordinator & Dean of Academic Engagement and Student Success will be scheduled. The purpose of this meeting is to review the documentation submitted and discuss potential academic accommodations. To the extent practicable, these meetings will occur within the first two weeks of the term.

Accommodations will be assessed on a case-by-case basis depending on the student’s individual needs, course selection, documentation, and any other information presented during the application process. Accommodations may include, but are not limited to, extended time to take examinations, alternative testing locations, alternative instructions (i.e. read aloud, different instructions), use of calculator, post-test reviews, and copies of materials or enlarged materials.

All academic accommodations must be approved by the University Disability Services Coordinator & Dean of Academic Engagement and Student Success. If the student is approved for academic accommodations, the student will be provided a Letter of Accommodation by the University Disability Services Coordinator & Dean of Academic Engagement and Student Success addressed to each professor for every class that the student is enrolled in and is approved for accommodations in.

Communication with Professors: The Center for Academic Success and Engagement and the University Disability Services Coordinator & Dean of Academic Engagement and Student Success will not forward copies of Letter(s) of Accommodations to approved students’ professors.

Students who receive Letter(s) of Accommodations must provide a copy of those letters to their professors in order to receive the approved accommodations. Saint Peter’s University recommends that students meet with their professors during office hours or during any other scheduled time to discuss the Letter of Accommodation.

Examinations: Students approved to take examinations in an alternative location must submit notice to the Center for Academic Success and Engagement as soon as possible of the examination’s date and time, but at least 10 business days in advance of the scheduled examination. The Center for Academic Success and Engagement will contact the student’s professor to confirm the date of the exam and to obtain testing documentation and resources.
Whenever possible, students will be notified by a staff member in the Center of Academic Success and Engagement regarding the location and time of the examination at least 48 hours in advance of the examination.

Renewals of Accommodations: Matriculated students must complete the Academic Accommodation Renewal Request and submit the form to the Center for Academic Success and Engagement. Saint Peter’s University recommends that this application at least three weeks in advance of the start of the term. Supporting documentation must be presented with Academic Accommodation Renewal Request applications at least once a year. For example, if a student requests academic accommodations for the fall term, and provides documentation in support of that application, the student may, but is not required to submit additional supporting documentation for the spring and/or summer terms.

Changes of Accommodations: Students are urged to contact the Center for Academic Success and Engagement at any point during the term to discuss changes to approve accommodations or to request alternative accommodations. Changes to previously approved academic accommodations may require submission of additional supporting documentation.

Academic Accommodation Grievance Process

Denials: Denials of academic accommodations must undergo an informal appeal process with the University Disability Services Coordinator & Dean of Academic Engagement and Student Success. Students will meet with the University Disability Services Coordinator & Dean of Academic Engagement and Student Success to discuss the accommodation denial. During this meeting the student may present additional supporting documentation to support the requested accommodation. Students will be notified of the outcome of the meeting within 10 business days of the meeting.

If the meeting with the University Disability Services Coordinator & Dean of Academic Engagement and Student Success does not resolve the dispute, a formal written Academic Accommodation Appeal may be filed with the Associate Vice President for Academic Affairs. Reasons for appeal may include, but are not limited to, failure to provide any accommodations based on the initial documentation, concerns that the accommodations are unaligned with the student’s specific course load selected or changes to the courses selected or how access is impaired or lacking with your current accommodations. This must be submitted within 10 business days of the University Disability Services Coordinator & Dean of Academic Engagement and Student Success decision. Students must include their contact information, identification number, a summary of the dispute and requested outcome. The decision of the Associate Vice President for Academic Affairs is final.

Lack of Implementation: Students who provide their professor(s) with their Letter(s) of Accommodations and whose professor(s) fail to implement the approved accommodations should schedule a meeting with the University Disability Services Coordinator & Dean of Academic Engagement and Student Success as soon as possible after the accommodations is not implemented. University Disability Services Coordinator & Dean of Academic Engagement and Student Success will contact the professor(s) to reinforce that accommodations have been approved and must be implemented.

If the meeting with the University Disability Services Coordinator & Dean of Academic Engagement and Student Success does not resolve the dispute, a formal written Academic Accommodation Appeal may be filed with the Associate Vice President for Academic Affairs. This must be submitted within 10 business days of the meeting held with the University Disability Services Coordinator & Dean of Academic Engagement and Student Success decision. Students must include their contact information, identification number, a summary of the dispute and requested outcome. The decision of the Associate Vice President for Academic Affairs is final.

Official Written Communication to Students/Change of Address

Official University notifications to a student are sent to the student’s official address on record. It is each student’s responsibility to regularly check his/her mail, and to notify Enrollment Services immediately of any change in address. A student’s lack of receipt of important notifications due to the student’s failure to provide a correct, current address is not an acceptable reason for non-receipt of important notifications. Ensuring that a correct address is on file is entirely a student’s responsibility.
Official Email Communication to Students

The official, sanctioned method of email communication with students is through each student’s account provided by the University. Students are expected to check their University email accounts regularly. A student’s lack of receipt of important notifications, due to the student’s failure to use the email account provided by the University, is not an acceptable reason for non-receipt of important notifications.

Change of Name

Students who wish to change their name on University records must complete a form in the Enrollment Services Center. Legal documentation must be submitted, e.g. a marriage certificate, divorce decree, or court order indicating the change of name.

Academic Standing

The academic records of traditional day students are reviewed by the appropriate dean and the Committee on Academic Standing each semester. The records of students in SPCS are reviewed by the appropriate dean two times per year. As a result of this review, students will be placed, at the end of the spring term, in one of the following categories:

- **Good Standing**
  First-year Saint Peter's students with a cumulative GPA at or above 1.8, and all other students at or above 2.0, are considered to be in good academic standing.

- **Academic Probation**
  First-year Saint Peter's students with a cumulative GPA below 1.8, and all other students below 2.0, are provided a serious warning and are required to participate in the University’s Academic Recovery Program. These students may be restricted from participating in certain co-curricular activities that require a significant investment of time and that may thus detract from a student’s ability to improve academic standing. Such activities include but are not limited to intercollegiate athletics and leadership participation in student government or other campus organizations. Exception to these restrictions may be granted, where appropriate, by the appropriate dean.

- **Academic Suspension**
  Students will be placed on Academic Suspension from their studies at the University by the appropriate dean at the end of the spring term if their cumulative GPA falls below the institutional requirements outlined below.

<table>
<thead>
<tr>
<th>Attempted Credits</th>
<th>24-47</th>
<th>48-71</th>
<th>72-95</th>
<th>95+</th>
</tr>
</thead>
<tbody>
<tr>
<td>Minimum cumulative GPA needed</td>
<td>1.5</td>
<td>1.8</td>
<td>1.9</td>
<td>2.0</td>
</tr>
</tbody>
</table>

Academic Suspension is an enforced termination of formal studies and normally will be granted only once to a student. Students on academic suspension, with the advice and permission of the appropriate dean, may be enrolled for a limited number of courses at another college during the period of their suspension. Successful completion of up to 12 college-level credits indicating a composite GPA at or above the minimum needed will be considered as a positive factor in reviewing a suspended student’s application for reinstatement.

For further discussion of the details and implications of Academic Suspension on financial aid, see the section on Student Financial Aid.

Financial Aid Suspension

It is possible for a student to be in good academic standing but be placed on Financial Aid Suspension if the student’s completion rate does not meet the federal guidelines. See the Financial Aid section for more information.

Academic Dismissal

If a student, after readmission from Academic Suspension, again becomes academically deficient, the student will be dismissed. Academic Dismissal is final and precludes the possibility of readmission to the University. The transcript will note that a student has been placed on Academic Probation, Academic Suspension, or Academic Dismissal.
Readmission from Academic Suspension

Students on Academic Suspension may apply for readmission by writing a letter to the appropriate dean explaining the reasons for seeking readmission and describing the manner in which the period of suspension has been spent. Traditional day students should address this request for readmission to the Dean of Upperclassmen who will present it to the Committee on Academic Standing. Students who wish to be readmitted to the SPCS should write to the appropriate dean who will arrange for an interview to discuss the request for readmission and plans for future study. Applications for readmission should be submitted at least one month before the start of the term for which enrollment is requested.

Students who attended as traditional day students but are requesting readmission to SPCS status (or vice-versa) should complete the Request to Change Status form which may be obtained from the appropriate dean of the school into which admission is requested.

Leave of Absence and/or Voluntary Withdrawal from the University

Students in good academic standing sometimes find that they must interrupt college studies because of a family situation, a career change, or other personal reason. Students should discuss the situation with the appropriate dean who may suggest a leave of absence. In cases where a leave of absence is not possible, students should then observe procedures for voluntary withdrawal from the University.

Leave of Absence

Students who are obliged to discontinue their studies temporarily should notify the appropriate dean and the Registrar immediately and file a form for leave of absence; and, if after the period for full or partial refund has passed, will be obligated for the full cost of the semester.

Voluntary Withdrawal

Any student wishing to withdraw from the University while in good academic standing must secure a Withdrawal form from the Center for Academic Success and Student Engagement and obtain the specified signatures. The date of official withdrawal is the date when the document is received by the Registrar, unless an end-of-the-term withdrawal is requested. Tuition refund (if any) is based on this date. A notation of withdrawal is made on the student’s transcript.

Students who stop attending the University during a term and do not comply with the procedures for voluntary withdrawal will receive failing grades in all courses for which they registered and will not be readmitted to the University without the permission of the appropriate dean.

Medical Leave of Absence Policy

Purpose

Saint Peter’s University expects students to maintain continuous registration throughout their academic program. It is sometimes necessary for a student to take a leave from enrollment for a period of time. The policies and procedures described below establish a process for the medical leave of absence (medical withdrawal) of undergraduate or graduate student. The procedures herein provide guidance for the basis for a medical leave of absence, process for requesting a medical leave of absence, responsibilities of the student, and appeals process.

Basis for Medical Leave of Absence

Saint Peter’s University students who experience extraordinary cases in which serious illness, injury, psychological crises, or other significant medical related trauma that substantially impairs their ability to function successfully or safely as a student may be eligible for a medical leave of absence. It is expected that time away from the University will be used for treatment and recovery.

Absence(s) from class due to an illness or medically related issue(s) is not a medical leave of absence and does not reduce financial obligations or guarantee that final grades will not be recorded. Withdrawing from some or all classes for the semester does not constitute a medical leave of absence. A medical leave of absence determination will be based on an evaluation by the appropriate College/School Dean in conjunction with the Dean of Students.
A medical leave of absence is for a partial or complete withdrawal. All applications for partial or complete withdrawal require thorough and credible documentation from qualified medical professionals. Handwritten doctor notes, prescription tabs, or other informal documentation will not be accepted.

A medical leave of absence request may be made at any time during the semester, but must be completed no later than the last day of classes in a semester. Requests not completed by the last day of classes (retroactive requests) will be considered late requests and will be considered for the following semester barring exceptional circumstances. Students who are absent for one or more semesters before officially taking a medical leave of absence jeopardize their privilege to return without reapplication to the University.

Approval of a leave of absence request does not guarantee that a student will remain able to complete degree requirements within the timeframe associated with their accepted catalog year or as required by the academic college. Individual colleges may have additional stipulations. Students should review the appropriate school or college website and/or inquire with academic advising staff regarding the potential change in degree complete from a medical leave of absence.

A medical leave of absence is not intended to be a way of shielding a student from unsatisfactory progress or any other academic concern. A medical withdrawal will not be used when disciplinary or other academic responses are appropriate and the student's circumstances should be addressed through those responses.

A student on a medical leave of absence is not permitted to reside in Saint Peter's University owned or affiliated housing, attend classes, conduct research, maintain employment, participate in Student Life or other campus events, or utilize Saint Peter's University facilities.

**Student Responsibilities**

Student have several responsibilities in the medical leave of absence process. Students are responsible for completing a written Request for Medical Leave of Absence Form along with appropriate documentation as outlined below in the ‘Medical Leave of Absence Student Request Procedures’ section.

Students are responsible for their financial obligations and loan repayments. This policy does not have any effect on the exemption of students from student loan repayments or other financial obligations. Before taking a medical leave of absence, a student should contact their lender regarding repayment obligations that may arise as a result of their medical leave. A student should also consult with a Financial Aid officer to discuss any impact the leave may have on financial aid and their tuition bill.

Students who are participating in an Intercollegiate Athletics program should contact Intercollegiate Athletics to discuss the implications for eligibility and other concerns related to a medical leave of absence.

International students with an F1/J1 visa should contact the Director of the Center for Global Learning to discuss the implications and impact on an immigration visa that may result from your medical withdrawal from the University.

**Medical Leave of Absence Request Student Procedures**

Requests for medical leave of absence must be submitted by undergraduate or graduate degree candidates to the appropriate school or college dean. To request a medical leave of absence, you must submit a Request for Medical Leave of Absence Form along with appropriate documentation. Appropriate documentation for a medical leave of absence withdrawal consists of a letter from your attending health care provider on letterhead that specifies the following:

- the date of onset of illness,
- the dates you were under professional care,
- the general nature of your medical condition and why/how it prevented you from completing course work,
- the date of your anticipated return to school, and
- the last date you were able to attend class.

Additional documentation may be requested should it be determined by the appropriate school dean, or the Dean of Students. The letter must be typed on the health care provider's letterhead stationery and submitted in a sealed envelope.
Medical Leave of Absence Effective Dates
A medical withdrawal, if approved, is effective on the day a signed and fully completed request is received in the appropriate school dean office.

Tuition, Fees, and Refund Schedule
Approval of a medical withdrawal does not exempt students from their financial obligations. Tuition is adjusted in accordance with the University's refund schedule, which is published by the Office of Student Accounts and is available at www.saintpeters.edu/refund (http://www.saintpeters.edu/refund/). Fees are non-refundable after the last day to drop tuition at a hundred percent.

Parental Notification
The University reserves the right to notify a parent or guardian if deemed appropriate under the circumstances and applicable laws, including making arrangements for the family member to pick up the student from the University's premises.

Privacy of Information Regarding Medical Leave
The University will maintain the privacy of information regarding voluntary and involuntary leaves in accordance with federal, state, and local law, and to the greatest extent consistent with the goal of processing such leaves.

Process for Appeal of Decision
Students may be eligible to appeal a determination of ineligibility for a medical leave of absence after a decision has been made in writing by the appropriate dean. Students who fail to complete the requirements or deadlines will be ineligible for an appeal. A student may request an appeal to the Vice President of Academic Affairs/Provost or designee within five business days of the receipt of the decision. The Vice President of Academic Affairs/Provost or designee will review the decision. Appeals submitted after five business days will not be considered; however, the Vice President of Academic Affairs/Provost or designee may accept late supporting documentation (medical records, documentation from qualified medical professionals, etc.). Such request should be made in writing at the time of the appeal.

The appeal should include detailed support for the request to modify the original decision. The Vice President of Academic Affairs/Provost or designee will review the student's appeal and may affirm, overturn or modify the decision within ten working days from the date of receipt of request for review or an agreed extended time. The Vice President of Academic Affairs/Provost or designee can meet with the student if needed or can consult with anyone that he or she determines is reasonable in order to review the appeal. The decision will be communicated to the student in writing and shall be considered final.

Return Procedure
Traditional day students who have been away from the University may resume studies by conferring with the Center for Academic Success and Student Engagement who will oversee the procedures for updating their status. SPCS students who have been away for two terms must see the director who will assist them with procedures for readmission to the University.

The Student-University Contract: Principles of Student Conduct

Statement of Purpose
As a Catholic and Jesuit University, Saint Peter's stands for the human dignity and worth of every person, and is dedicated to pursuing truth, discovering and transmitting knowledge, promoting a life of faith, and developing leadership expressed in service to others. The University's educational mission reflects a commitment to intellectual rigor, social justice, and an active engagement of contemporary issues. Saint Peter's believes, therefore, in values that foster the human respect needed for people to live, work, study and recreate together as a community. Living these values requires each of us to make an effort towards building a campus community that will be known for love of truth, active care, concern for the common good, and selfless sacrifice towards others.

The Division of Student Affairs implements the University's mission by sponsoring programs, services and activities that encourage students to develop academically, spiritually, socially, physically, and personally. In partnership with students, faculty, and staff, the offices that comprise the Division of Student Affairs help to create an educational...
climate consistent with principles rooted in its Jesuit, Catholic tradition. Saint Peter's University takes seriously its academic mission of fostering the creative intellectual potential of each of its students. In order to maintain an atmosphere that nurtures this potential, Saint Peter's University has established rules of conduct consistent with this goal and with the University's philosophy as a Catholic institution. By accepting admission to the University, students are expected to abide by the general conditions for community living and the **Code of Conduct**. Working together as a community, students, faculty, and staff help foster a campus atmosphere that furthers the mission of the University. Students are expected to enhance the University Community Standards. This expectation calls for behavior that demonstrates the five principles of student conduct: respect for oneself, respect for others, respect for property, respect for authority, and honesty.

**Student Code of Conduct**

The Student Code of Conduct can be found in the Student Handbook, which is available in the Office of the Dean of Students and on the University website. The Handbook also includes additional information on topics such as emergency administrative action, judicial procedures and hearings, and judicial sanctions.

**Standards of Classroom Behavior**

The primary responsibility for managing the classroom environment rests with the faculty. Students who engage in any prohibited or unlawful acts that result in disruption of a class may be directed by the instructor to leave the class for the remainder of the class period. Longer suspensions from a class or dismissal on disciplinary grounds must be preceded by the instructor filing a formal Complaint Against a Student form with the Dean of Students, who will then convene a judicial hearing, as set forth in the Student Handbook.

The term "prohibited or unlawful acts" includes behavior prohibited by the instructor including, but not limited to:

1. The use of cell phones.
2. Leaving to answer cell phones.
3. Eating or drinking in the classroom.
4. Speaking without being recognized or called on.
5. Refusing to be seated
6. Disrupting the class by leaving and entering the room without authorization.

It must be emphasized that these standards are not designed to be used as a means to punish classroom dissent. The expression of disagreement with the instructor or classmates in a civil manner is not in itself disruptive behavior.

**Academic Dishonesty**

The University, as a matter of policy, does not condone or tolerate academic dishonesty, such as cheating or plagiarism. Students who cheat or submit plagiarized work are liable to receive a failing grade for the assignment and/or the course at the discretion of the instructor. In more serious cases, the student who cheats or plagiarizes is liable to be suspended or dismissed from the University by the appropriate dean. Instructors submit Academic Dishonesty Reports to the appropriate dean and these reports are included in students' permanent files.

_Cheating_ is a serious form of dishonesty. It may be defined as the giving or accepting of unauthorized assistance with any assignment (including, but not restricted to, examinations and papers). The most common examples would be: copying an answer on an examination; knowingly allowing your answer to be copied (except when collaboration is authorized by the instructor); bringing unauthorized aids to an examination room for your own or someone else's benefit, and providing test questions in advance (or receiving them from anyone other than the instructor in the course).

_Plagiarism_ is another serious form of dishonesty. It may be defined as stealing or purchasing the ideas and writings of another and using them as one's own. The most common form of plagiarism is the incorporation of whole sentences and paragraphs from published material into papers submitted as one's own work or purchasing term papers and/or related materials and submitting them as one's own work. The forms of plagiarism are many and varied, and it is not the intent of this policy statement, therefore, to give a complete catalog. Plagiarism is rarely the result of confusion or misunderstanding. If one conscientiously acknowledges the sources of one's ideas and citations, plagiarism is effectively avoided. In cases of doubt, students should consult their instructors.
Computer Usage and Piracy

Information on computer usage and piracy can be found in the Student Handbook, which is available in the Office of the Dean of Students and on the University website.

Grievance Procedures

Saint Peter’s University, through its Faculty Senate, has codified and established procedures for resolving student grievances that are not resolvable through normal departmental and/or divisional channels. (Such grievances DO NOT include violations of the Student Code of Conduct, which are adjudicated by the Dean of Students through student judicial hearings.) These procedures are too lengthy to be enumerated here. For further information, contact the offices of the appropriate dean, Student Life and Development, or Human Resources.

Disclosure of Information

In accordance with these laws and regulations, Saint Peter’s University makes available to prospective students, current students, and employees the following information: the Annual Campus Security Report; drug and alcohol prevention information; athletic program participation rates and financial support; information regarding all federal, state, local, private, and institutional financial assistance available to students; institutional information regarding costs, refunds, withdrawal requirements, and requirements for return of Title IV funds; information regarding accreditations held, disability services, employees available for assistance, and study abroad program information; graduation and transfer rates; and student rights under the Family Education Rights and Privacy Act. Instructions regarding how to obtain all of this information can be found on the University’s website.

Immunization Requirements

Measles, Mumps, and Rubella Regulations and Requirement. New Jersey State Law (N.J.A.C. 8:57:6.1.13) requires all college entrants to submit documented proof of immunization against Measles, Mumps and Rubella prior to registration. The requirements are as follows.

- Two doses of a live Measles or Measles containing vaccine
- One dose each of a Mumps and Rubella vaccine
  OR
- Two doses of the combination vaccine Measles, Mumps, Rubella (MMR)
  OR
- Blood test (titer) to verify immunity to Measles, Mumps and Rubella

The first dose of the vaccine must be no sooner than four days prior to the first birthday, and the second dose no less than one month later. If no childhood record is available, a student must then be vaccinated. The first and second dose are given one month apart.

Hepatitis B Regulations and Requirements. New Jersey State Law (N.J.A.C.8:57:6.9) requires all full-time college entrants to submit documented proof of immunization against Hepatitis B. The requirements are as follows.

- Three doses of a Hepatitis B containing vaccine, or alternately any two doses of a Hepatitis B vaccine licensed and approved for a two dose regimen administered to the student between 11 through 15 years of age.
  OR
- Blood test (titer) to verify immunity to Hepatitis B. Lab results are required.

Meningitis Regulations and Requirements. New Jersey State Law A1546 requires all college entrants who reside in a campus residence facilities must receive a Meningococcal vaccine as a condition of attendance.
Immunization Exemption

According to the laws of New Jersey, a student may receive an exemption for Measles, Mumps, and Rubella ONLY if he/she satisfies any of the following criteria.

1. Age - A student must have been born on or before January 1, 1957. A photocopy of the student’s birth certificate, driver’s license, or passport is required.
2. Religious – A student must provide a written statement explaining how these immunizations conflict with the student’s bona fide religious tenets or practices. Philosophical or moral objections are not sufficient.
3. Medical – A student must provide a physician’s written statement explaining the exemption and including a diagnosis.

Insurance

The State of New Jersey requires all full-time students to carry accident and sickness insurance. Full-time students are automatically enrolled in the University’s Group Student Accident and Sickness (Health) Insurance Program. The Accident Insurance policy, which is mandatory, covers students, on or off campus, 24/7 for the entire year, including vacation periods. Full-time students are required to maintain a Sickness (Health) Insurance plan or present evidence that they are covered under another plan. Such evidence must be submitted to the Enrollment Services Center (McDermott Hall) in the form of a Student Insurance Waiver Card in accordance with the deadlines prescribed in the University’s Group Student Accident and Sickness Insurance Program brochure. Brochures are mailed directly to all full-time students’ homes during the summer months, and are also available in the offices of Student Affairs and Health Services and the Enrollment Services Center. Claim forms may be picked up at the Health Services Office (Saint Peter Hall) or downloaded from the Health Services webpage.

Notification of Rights Under FERPA for All Students

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1.) The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access. A student should submit a written request that identifies the record(s) the student wishes to inspect to the University Registrar. The Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Registrar, s/he shall advise the student of the correct official to whom the request should be addressed.

2.) The right to request the amendment of the student’s education records that the student believes to be inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. A student who wishes to ask the University to amend a record should write the University official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3.) The right to provide written consent before the University discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent. The University discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

4.) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:
Saint Peter's University

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW Washington, DC 20202#5901

FERPA Waiver Request

FERPA Waiver

Students who wish to authorize release of their academic information to parents, guardians, spouses or any other individual may do so by submitting a FERPA Waiver Request to the Enrollment Services Center. Once recorded, the student will be able to issue authorization on Spirit Online. By signing a FERPA Waiver Request, the student is waiving his/her rights under the Family Educational Rights and Privacy Act and is asking that grades, grade point averages, course schedules, or academic standing be released to the named person(s) indicated on the Waiver. The requested information will be released to the named person(s) via Spirit Online, once the system has been updated; in person with photo identification; or by mail when the named person makes a written request for the information. ** Please note that absolutely no Non-Directory Information relating to academic status (e.g., grades and/or grade point average) will be released by telephone or email whether or not a Waiver is submitted. Also, the submission of a Waiver does not include the release of any student passwords.

Financial Aid

FERPA provides an exception regarding the release of education records information without the consent of the student when the release is related to financial aid. The disclosure is permitted if the information is necessary to determine eligibility for the aid; determine the amount of aid; determine the conditions for the aid; and/or enforce the terms and conditions of the aid.

Release of Information Via Telephone

Although FERPA does not preclude an institution from disclosing Non-Directory Information via telephone to the student or a FERPA Waiver contact, it is the University’s policy that no Non-Directory Information relating to academic status (e.g., grades and/or grade point average) will be released by telephone, whether or not a Waiver is submitted. Billing information, including tuition and fee charges, outstanding balances, and financial aid information, will be communicated via telephone providing the student or Waiver contact can correctly answer personally identifiable questions that only the student or Waiver contact would be able to answer. These questions may include, but are not limited to, Saint Peter’s Student Identification Number (Spirit Number), permanent address on file, high school or previous institutions attended, and currently enrolled courses.

Statement Regarding Dependent Students

Institutions are not required to disclose information from the student’s education records to a parent of a dependent student. Saint Peter’s University does not accept proof of dependency status in lieu of a FERPA Waiver Request.

School Officials

School officials with a legitimate educational interest may access student education records with the scope of performing their job duties. A school official is deemed to have legitimate educational interest if the information requested is necessary for that official to:

(a) perform appropriate tasks that are specified in his/her position description of by contact agreement; (b) perform a task related to a student’s education; (c) perform a task related to the discipline of a student; (d) provide a service of benefit relating to the student or student’s family.

Disclosure to a school official having a legitimate educational interest does not constitute authorization to share that information with a third party without written consent.

Statement Regarding Transfer of Education Records

Saint Peter’s University does not release education records to any external third-party without a signed request.
**Campus Security/Police Records and Disciplinary Records**

In order to remain exempt from FERPA, law enforcement and disciplinary records are therefore created by the University’s law enforcement unit and/or Dean of Student’s Office, for law enforcement or disciplinary purposes, and are maintained separately from education records.

**Retention of Academic Documents**

Saint Peter’s University does not re-release official copies of documents submitted for admission, scholarship application, or any other academic reason. This includes, but is not limited to, high school and non-Saint Peter’s University transcripts. A student may request copies of materials in the academic file; the copies provided will bear a “FILE COPY” watermark. The student’s signature is required to release copies of any documents from the academic file. Saint Peter’s University follows the American Associate of Collegiate Registrars and Admissions Officer’s (AACRAO) guidelines for retention and disposal of student records: materials in academic files are destroyed following five years of non-attendance for any reason. The complete policy is available in the Enrollment Services Center.

**Release of Information Under Special Circumstances**

Records may be released to parents without a signed FERPA Waiver Request under certain exceptions. These include health or safety emergency; or where the student has been found in violation of the University’s code of conduct relating to the use of alcohol and/or another controlled substance if the student is under the age of 21.

**Student’s Right to Non-Disclosure of Directory Information**

FERPA requires Institutions to give public notice to students in attendance of the categories of personally identifiable information which the institution has designated as Directory Information. Institutions may disclose Directory Information about former students without meeting the notification requirement; however, if a student has requested, at his or her last opportunity as a student, that Directory Information not be disclosed, the institution must continue to honor that request until informed to the contrary by the former student. If requested to withhold Directory Information by a student after he or she has left the institution, the institution may, but is not required to, comply with the request.

**Information Which May be Designated as Directory Information**

Saint Peter’s University hereby designates the following information as public or “Directory Information.” Such information may be disclosed without a student’s previous consent by the University for any purpose, at its discretion:

- Student Name(s) and Spirit Number
- Address Information (local, permanent, and email)*
- Telephone number (local and permanent)
- Date and place of birth
- Program major(s)/concentration(s), and minor(s)
- Student activities including athletics
- Dates of attendance
- Date of graduation, degrees sought/conferred, and other academic awards
- Most recent previous school attended and/or high school
- Academic awards and scholarships, including Dean’s List
- Full or Part-time status

* Address information is not provided without a written request indicating the reason for the information.

As of January 3, 2012, the U.S. Department of Education’s FERPA regulations expand the circumstances under which your education records and Personally Identifiable Information (PII) contained in such records — including your Social Security Number, grades, or other private information — may be accessed without your consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities (Federal and State Authorities) may allow access to your records and PII without your consent to any third-party designated by a Federal or State Authority to evaluate a federal or state-supported education program. The evaluation may relate to any program that is “principally engaged in the provision of education,” such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to your education records without
your consent to researchers performing certain types of studies, in certain cases even when we object to or do not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive your PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without your consent PII from your education records, and they may track your participation in education and other programs by linking such PII to other personal information about you that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

**Procedure to Withhold Directory Information**

Saint Peter’s University will not partially withhold Directory Information, so students are advised to think carefully before withholding disclosure as this may prevent third-parties from obtaining critical information in a timely manner, including degree conferral and enrollment verification. To withhold disclosure of Directory Information, written notification must be provided. Saint Peter’s University assumes that failure on the part of any student to specifically request the withholding of Directory Information indicates individual approval for disclosures. If students wish to restrict the release of Directory Information, they should contact the University Registrar, who will explain the ramifications and provide a statement for the student to sign as indication they do not want Directory Information released.

**Policy Notification**

At the beginning of each fall and spring semester, every student enrolled at Saint Peter’s University receives an email from the Registrar containing an updated FERPA policy for the current academic year. The policy also appears in academic catalogs, and printed copies are available in the Enrollment Services Center.

Traditional Day Departments and Programs

Departments, Programs, and Courses of Instruction

Each department or program offering a field of major concentration has listed its requirements and recommendations under department listings in this catalog. Students will be held responsible for observing these directives to the satisfaction of the department or program which administers the major course of study.

Students should check the Registration Schedules for the courses offered each term. Not all courses listed in this catalog are given every term or every year. Some courses are given every other year. The University reserves the right to cancel courses for which there are insufficient enrollments.

Course Numbering System

Each course number normally designates a course for a single term.

<table>
<thead>
<tr>
<th>Classification</th>
<th>Type of Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>001-099</td>
<td>developmental courses, including courses for non-effective credit such as MA-001 Introductory Algebra</td>
</tr>
<tr>
<td>100-150</td>
<td>required core courses, including freshman and sophomore HP seminars which replace certain required core courses</td>
</tr>
<tr>
<td>151-199</td>
<td>other introductory level courses such as Drawing and Painting Workshops</td>
</tr>
<tr>
<td>200-499</td>
<td>upper-division courses which may have prerequisites determined by content or maturity of attitude</td>
</tr>
<tr>
<td>500-600</td>
<td>graduate courses</td>
</tr>
</tbody>
</table>

Special Course Designations, as follows:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Type of Course</th>
</tr>
</thead>
<tbody>
<tr>
<td>295</td>
<td>Cooperative Education courses arranged by the Center for Experiential Learning and Career Centers</td>
</tr>
<tr>
<td>390-398</td>
<td>Research Projects, etc. (courses involving 1:1 student/faculty ratio)</td>
</tr>
<tr>
<td>490-499</td>
<td>Seminars for groups of students, including HP Junior and Senior elective seminars and departments internships</td>
</tr>
</tbody>
</table>

Course Credits

Unless otherwise indicated in the description for each course, courses offered by the University are three-credit courses.

Prerequisites

A prerequisite is a course or its equivalent that normally must be taken and passed before admission to a given course can be approved.

Subject Symbols

The following abbreviations are used throughout the catalog to indicate the various subjects:

College of Arts and Sciences

Dr. Weidong Zhu, Dean

The College of Arts and Sciences houses the majority of undergraduate degree programs offered by Saint Peter's University—more than 50 majors and special programs. In the Jesuit tradition of education, its broad core curriculum is designed to make you well-rounded, conscience and compassionate.
Africana Studies Program

Dr. David S. Surrey, Program Director

The Africana Studies Program offers a minor in Africana Studies that includes both Africana Studies courses and courses from Business Administration, Education, Economics, Fine Arts, History, Latin American/Latino Studies, Political Science, Sociology, Theology and Urban Studies to provide students with a foundation for understanding the historical underpinnings of current events involving people of African ancestry.

American Studies Program

James P. Jacobson, Coordinator

The American Studies Program offers an interdisciplinary approach to the study of the history, culture and society of the United States. It provides students with the opportunity to develop an integrated understanding of American society by transcending the boundaries of traditional disciplines. Students may major in American Studies or choose a Composite Major with an individualized area of concentration such as: The American City, The American Family, American Public Policy, Politics in America, Race and Ethnicity in America, Visual, Literary and/or Performance Cultures, Criminal Justice in America, American Government, Women in America and Minority Groups in America. Areas of concentration may be highly individualized, depending on the student’s intellectual focus, prior preparation and the availability of courses.

Special Notes on Major Requirements

1. All American studies majors must enroll in the capstone course during their senior year.
2. For Elementary Education majors who have chosen American Studies as their second major, the capstone project is to develop a two week unit of study on an aspect of American studies that they will teach during their student teaching assignment.
Department of Applied Science and Technology

Dr. Leonard Sciorra, *Interim Chairperson*

The Department of Applied Science and Technology houses a minor in Physics and majors in Biochemistry, Biotechnology, and Physics. The Department also houses a number of combined or joint degree programs through articulation agreements with other area colleges, universities, medical/dental schools and hospitals. Detailed information about both admission and degree requirements for these programs can be found in the separate section for each program.

**Majors**

**Degree of Bachelor of Science**

- Biochemistry
- Biotechnology
- Physics

**Minors**

- Physics

**Engineering Program**

Electrical Engineering (joint degree, see the Physics Program)
Asian and Asian-American Studies

Mark Destephano, Ph.D., Director

The program offers a major and minor in Asian Studies consisting of courses that are selected from throughout the University curriculum and that deal entirely or in more than half of their content with Asian and/or the Asian-American Diaspora. Experience abroad through participation in study abroad, a University travel course, or other credit-bearing experiences is not required but is strongly recommended.

Requirements for the Asian Studies Major

Degree of Bachelor of Arts

Six of the required credits for the major count towards the Core Curriculum Requirements.

Articulations with Professional Schools

Saint Peter’s University has entered into a series of formal agreements with several Professional Schools to enhance the opportunities of students majoring in the sciences. See the separate listing for Pre-Professional Programs for details.

Core Courses Offered for Non-science Majors

The 100-level courses are offered for non-science majors to satisfy the Core Natural Science Requirements and are not open to majors in Biology or the Natural Sciences. Most include lectures and demonstrations only; some, such as BI-130, may include a laboratory component as well.
Biotechnology Program

Dr. Leonard J. Sciorra, Coordinator

The Biotechnology Program is housed within the Department of Applied Science and Technology. The Department offers a major in Biotechnology with an emphasis on the biomedical aspects of Biotechnology. Student training is multidisciplinary, with course work in mathematics, biology, chemistry, physics as well as an internship at The Institute of Human and Molecular Genetics at UMDNJ-New Jersey Medical School.

---

1. May count towards the Core Natural Science Requirement.
2. May count towards the Core Mathematics Requirement.

### Special Notes on Requirements for Chemistry Majors

- **CH-361/BI-361** Criminalistics and Forensic Science is required for the concentration in Forensic Science is a cross-listed course, team-taught by members of the Chemistry and Biology Departments.
- **CH-499** Problems in Chemistry is a senior research course. For students with a concentration in Forensic Science, this course would be satisfied by an internship in a forensic science laboratory (preferred) or by research on a forensic science topic.

**Special Note on Requirements**

1. Biochemistry and Biotechnology majors looking to minor in Medicinal Chemistry choose an additional 4 credit 300 or 400 level chemistry course not indicated on this list.
Clinical Laboratory Sciences Collaborative Program

TBA, Coordinator

Saint Peter’s University and Rutgers University offer collaborative programs leading to the Bachelor of Science in Clinical Laboratory Sciences with a concentration in Cytotechnology or a concentration in Medical Laboratory Science. Clinical Laboratory Science majors complete all pre-professional and general education requirements—minimum of 90 to 95 credits over three years (6 semesters)—at Saint Peter’s University before beginning the 12 to 15 month (4 semesters) of clinical/professional training at Rutgers University School of Health Related Professions and affiliated clinical/research facilities.

Requirements for Clinical Laboratory Sciences Major, Concentration in Cytotechnology or Medical Laboratory Science

Degree of Bachelor of Science

Twelve of the required credits for the major count towards the Core Curriculum Requirements.

</table>
Communication Major Outside Concentration - (12 credits)

To serve their individual goals, students must choose outside concentrations from classes in a single department or create a composite area of study from courses in several departments. After consultation with outside departments, students must send a one-page letter requesting the outside concentration to the Director of the Communication major. Courses accepted for double majors and minors in other departments can also be used for the outside concentration, but not for core or Communication electives.

Media Internships

The courses CU-295, CU-495 and CU-496 are internship courses offered in conjunction with the Center for Experiential Learning and Career Services which can provide placement for students at on- and off-campus media sites. Internships receive CU elective credits and are encouraged for all majors. To gain credits, students combine work experience with concurrent academic study. On campus internships may include jobs at the Pauw Wow, Pavan and Peacock Pie under the supervision of a moderator.

Special Notes on Major Requirements

1. The completion of freshman composition with a minimum score of a C+ is a prerequisite for all courses. Students who score less than a B must take CU/JN-210 Writer's Workshop as one of the Communication electives.

2. A student must average 2.5 or better in CU-202 and CU-205 to remain a candidate for the Communication major, and students must also maintain a 2.5 cumulative average in all CU courses in order to graduate with a Communication major.

Requirements for the Minor in Communication

Select one of the following theory courses

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CU-202</td>
<td>Media Communications I</td>
<td>3</td>
</tr>
<tr>
<td>or CU-203</td>
<td>Media Communications II</td>
<td></td>
</tr>
</tbody>
</table>

Select one of the following writing courses:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CU-205</td>
<td>News Writing and Reporting</td>
<td>3</td>
</tr>
<tr>
<td>CU-315</td>
<td>Business and Professional Communication</td>
<td></td>
</tr>
<tr>
<td>CU-400</td>
<td>Research Writing</td>
<td></td>
</tr>
</tbody>
</table>
Take the following speaking course:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CU-275</td>
<td>Public Speaking Workshop</td>
<td>3</td>
</tr>
<tr>
<td>CU-</td>
<td>Three CU Electives</td>
<td>9</td>
</tr>
<tr>
<td></td>
<td><strong>Total Credits</strong></td>
<td><strong>18</strong></td>

<td>Investigative Journalism and Advanced Features</td>
<td>3</td>
</tr>
<tr>
<td>JN-</td>
<td>Two JN Electives</td>
<td>6</td>
</tr>
<tr>
<td></td>
<td><strong>Total Credits</strong></td>
<td><strong>18</strong></td>
</tr>
</tbody>
</table>

**Special Note on the Minor in Journalism**

¹ Since CU-205 is already a required course for students majoring in Communication, those who wish to complete a Communication major and the Journalism minor will be required to take one extra writing and publishing elective.
Department of Criminal Justice

Dr. Kari E. Larsen, Chairperson

The Criminal Justice Department offers a major in Criminal Justice with concentrations in: Law and Justice, Corrections, Police Administration, Investigative Sciences, Criminal Research & Intelligence Analysis, Cyber Security and Computer Forensics and Foundations of Law. A minor in Criminal Justice is also offered.

Degree Requirements for Criminal Justice Major

Degree of Bachelor of Arts

Six of the required credits for the major count towards the Core Curriculum Requirements.

Choose five EL Electives at the 300 or 400-level 15

EL-306  Textual Analysis: Theory and Practice 3
EL-450  Capstone Seminar 3

Total Credits 39

1 May count towards the Core Literature Requirement.

Special Notes on English Literature Major Requirements

1 Majors are required to take two courses in pre-1800 literature beyond the survey courses at the 300 or 400-level.

2 A student should have a 2.5 average in the core courses to be accepted as an English major. Majors must maintain a 2.5 average in department courses. Students may petition to waive these requirements under special circumstances.

The Hopkins Scholar Program

The Hopkins Scholar Program offers students the opportunity to work individually under the direction of a faculty member on a special project. In a two-semester sequence (6 credits), typically as part of the Honors Program, students are introduced to the methods of research and become acquainted with the background material for their research projects. This enrichment of the English curriculum is continued as the Hopkins Scholar undertakes an independent research project and produces a senior thesis. Participants must have a 3.0 average in English courses.

The Environmental Studies Program offers a minor in Environmental Studies. This minor prepares students to work in a variety of settings, such as community-based organizations, corporations, or government agencies and in positions requiring interdisciplinary expertise, such as those in media, education, or public policy. Although based on a solid science foundation, the minor is not intended for students interested in a career in science.

Gender and Sexuality Program

Dr. Edgar Rivera-Colon, *Director*

The Gender and Sexuality Program is an interdisciplinary cross/cultural program and offers a minor and focused courses. It provides interested students with an in-depth knowledge of the social construction of gender, the significance of gender in structuring human social life and women’s contributions to history and culture. The program emphasizes the link between the personal and the political and using knowledge to create community based agendas for social change to eliminate gender based inequality.

Health and Physical Education

Dr. Jay Garrels, Director

This major is offered through the School of Education.

The Health and Physical Education Program offers a major in Health and Physical Education with a concentration in Health Education or Physical Education to prepare students for employment in a number of venues including commercial fitness, corporate health and fitness, and community recreation and health promotion. Students desiring a teaching certificate in Health and Physical Education will include a series of courses offered through the School of Education in order to teach in the K-12 school environment. These courses would be part of the Minor in Secondary Education.

Eligibility for Physical Education and Health Teaching Certification in the State of New Jersey

A student in this program can be certified to teach in one of three areas: Physical Education and Health, Physical Education, and Health. Applicants must complete a minimum of 30 credits in an area-specific coherent sequence with at least 12 of these credits completed at the advanced level of study.
Health Information Management Collaborative Program

Christina Mortellaro, Advisor

The Health Information Management Program prepares graduates to take a leading role in the management of patient information collected and maintained in electronic and manual processes. Roles in HIM are expansive and include management, medical coding, data analysis and computerized system development and maintenance (www.hicareers.com). Students who successfully complete the four-year program are granted a Bachelor of Science Degree in Health Information Management jointly by Rutgers University and Saint Peter’s University. The Program involves eight traditional semesters in total: four semesters plus two summer sessions of coursework offered at Saint Peter’s, and four semesters plus one summer session offered at the Rutgers campus during the Professional Phase of the Program.

During their first two years, students take 73-76 credits, including the core requirements and required ancillary courses, at Saint Peter’s University. This course of study is followed by the Professional Phase of the Program in which students take 61 credits at Rutgers. By May 1 of their sophomore year at Saint Peter’s University, students must apply to the School of Health Related Professions at Rutgers. To be accepted, students must be recommended by the Advisor of the Health Information Management Program, have completed all of the specified credits, have an overall GPA of 2.75 or greater, and satisfy all other admissions requirements of Rutgers. After acceptance at the School of Health Related Professions, which is decided solely by Rutgers, students begin their coursework at Rutgers during the summer after their sophomore year at Saint Peter’s. Requirements for the joint degree may change at the discretion of Rutgers University. For more information, please visit http://shrp.rutgers.edu/dept/informatics/HIM/

Total Credits 127

1. May count towards the Core Mathematics Requirement.
2. May count towards the Core Natural Science Requirement.
3. Please note 3 credits transferred from Rutgers will count towards 3 credits of core curriculum credits.

Special Notes on Major Requirements

1. Students should consult the Program Advisor before beginning the program in order to take the courses in the correct sequence so that the program is finished on time.
2. To finish the component of the program at Saint Peter’s in 2 years, students will need to take summer courses and/or take more than 15 credits for several semesters.
3. The credits transferred in from Rutgers University must be for courses for the major specified by Rutgers.
4. Saint Peter’s University Values and Capstone Core Requirement to be fulfilled in Rutgers University’s professional phase of program.
# Department of History

Honors Program

Dr. Rachel Wifall, Director
Dr. Jeanette Wilmanski, Assistant Director

The Honors Program at Saint Peter’s University provides students of exceptional academic talent and intellectual curiosity with the opportunity to pursue their studies in greater depth, breadth, and intensity.

Admission to the Program

Freshman enrollment in the Honors Program is by invitation and based upon SAT scores and high school grade point average. Students who have earned 15 or more credits at the University and have attained a cumulative index of at least 3.5 may apply for delayed entry into the program. Transfer students who possess the equivalent of a 3.5 GPA may also apply for admission to the Honors Program.

Special Notes on Honors Program Requirements

1. While Honors provides academic enrichment for highly motivated students, it is not a formal major or minor.
2. In order to graduate “in cursu honorum,” students enrolled in the program must complete a minimum of 30 credits of Honors credit, which includes a total of 8 Honors-designated classes/special study experiences and 6 credits of Honors Thesis: research and independent study.
3. Up to 6 Honors credits may be earned through credited internships, study abroad, or service learning course work.
4. Students must maintain a minimum grade point average of 3.5 to remain in good standing. Honors students dropping below the minimum will be granted a one-semester grace period to restore their good standing in Honors.
5. Any student in the University with at least a 3.5 cumulative average may take an honors-designated course, as an “Honors Associate.”
Latin American and Latino Studies Program

Dr. Devin Heyward, Program Director

The Latin American and Latino Studies Program offers a major and a minor that give students a broad understanding of Latin-America, the Caribbean, and Latino communities in the United States. The curriculum includes courses from a range of areas including Business, Economics, Fine Arts, History, Modern Languages, Political Science, Sociology, Urban Studies and Social Justice.

Special Note on Minor Requirements

Minors are encouraged to fulfill their language requirement in Spanish or another Latin America or Caribbean-related language.
Department of Mathematics

Dr. John E. Hammett III, Chairperson

The Department of Mathematics offers three majors and one minor in Mathematics. Students must maintain an average GPA of at least 2.0 in all mathematics courses counted towards the B.S. degree or an average GPA of at least 2.5 in all other mathematics courses counted towards the B.A. degree in order to graduate with a mathematics major.

Requirements for Mathematics Major

Degree of Bachelor of Science

Eight of the required credits for the major count towards the Core Curriculum Requirements.

¹ May count towards the Core Mathematics Requirement.

Special Notes on Core Curriculum Requirements

1. The Core Curriculum Natural Science Requirement for the B.S. in Mathematics degree is ordinarily PC-185 General Physics I, and CS-180 Introduction to Programming. These Mathematics majors are encouraged to take PC-186 as well. A more advanced course in computer programming may substitute for CS-180, but a course in computer programming is expected.

2. Mathematics majors are encouraged to take EC-101 Macroeconomic Principles as part of their Social Sciences Requirement.

3. Courses numbered below the 100-level do not fulfill the Mathematics Core Requirement for the Bachelor’s degree.

4. Ordinarily a student may not receive credit for more than one of the calculus sequences, nor may a student receive credit for both MA-103 Probability and Statistics for Liberal Arts and MA-106 Introduction to Probability and Statistics, nor may a student receive credit for both MA-132 Statistics for the Life Sciences and MA-212 Elementary Statistics.

5. Completion of the Mathematics Core Requirement is ordinarily a prerequisite for any mathematics courses numbered 200 or above.

6. Satisfactory completion of developmental mathematics (MA-001 for Elementary Applied Mathematics, Intro to Probability and Statistics, Mathematics for the Humanities and Mathematics for Educators; MA-101 Precalculus for Calculus), or exemption by placement testing results, is prerequisite for core mathematics courses.
Students who receive advanced placement beyond the introductory calculus sequences may use MA-273 Multivariable Calculus I and MA-274 Multivariable Calculus II to satisfy the Mathematics Core Requirement.

**Special Notes on Major Requirements**

1. In order to continue with the B.S. in Mathematics major, students must maintain an average GPA of at least 2.0 in MA-143, MA-144, MA-247, MA-248, MA-250, MA-273, and MA-274.
2. The Chairperson of the Mathematics Department may reduce the 9 credit requirement in the Mathematics electives to 3 credits for the B.S. degree if the student has, in consultation with a departmental advisor, combined this Mathematics major with a specified program of courses in a related field. Such programs include, but are not limited to, major or minor programs in another department and the certification program in secondary education.

<td>Multivariable Calculus I and Multivariable Calculus II</td>
<td></td>
</tr>
</tbody>
</table>

Select 4 MA-courses, 200-level or above

Total Credits 12

**Special Notes on Minor Requirements**

1. Students wishing to minor in mathematics should meet with the department Chairperson to choose appropriate electives to match or complement their major.

2. A student must maintain an average of at least 2.0 in the courses presented for the mathematics minor.
Department of Modern and Classical Languages and Literatures

Mark DeStephano, Ph.D (1995) Chairperson

The Department of Modern and Classical Languages and Literatures offers a major in Spanish. Students may, with the permission of the Department and the Academic Dean, major in Modern Languages with a concentration in Italian and/or French. Minors in French and Italian are also offered. All majors and minors must achieve a cumulative GPA of 2.5 in their major courses in order to be awarded their degree.

Requirements for Major in Spanish

Degree of Bachelor of Arts

Six of the required credits for the major may count towards the Core Curriculum Requirements.

Select one of the following sequences:

</tr>
</tbody>
</table>

Total Credits: 18

1 May count towards the Core World Language Requirement.

Special Notes on Requirements for the Minor in Spanish

1 Non-native speakers should register for SP-133/SP-134. Native speakers must register for SP-135/SP-136.
2 Students without adequate preparation for SP-133/SP-134 must take SP-113/SP-114 first.

Core Curriculum World Languages Requirements

Any six-credit sequence (e.g., parts I and II consecutively in the same academic year) in one of the modern or Classical languages offered by the Department is required of all students who are Bachelor’s Degree candidates. This requirement can be fulfilled in a number of ways and on a number of levels, namely:

1. The Elementary courses (113-114) introduce the sounds, spelling and basic grammatical principles with emphasis on hearing and speaking the language. No student who has any previous study in the language is admitted to these courses. If students wish to continue further study in that language, they must register for the intermediate-level course or higher.

2. Intermediate courses in a language (133-134, 135-136) seek to provide a solid foundation in all language skills, namely reading, writing, speaking and aural understanding and a foundation for continued study of a language on more advanced levels. Readings and material for oral practice include literature, past and present. Use of the language laboratory may be required at the discretion of the instructor. Prerequisite: one or two years of secondary school or one year of college-level elementary language.

3. With departmental permission, any two language or literature courses in the same language above the intermediate level, which are dedicated to advanced practice in language skills or to particular topics in the study of literature.

4. Completion of the Advanced Placement Examination in language and/or literature, with a grade of 4 or 5. The student will be awarded three credits for each Advanced Placement Examination in Language and/or Literature that has been passed with a grade of 4 or 5. If the student successfully passed both the language and the literature AP examinations, this will be considered as the successful completion of the World Languages Core
Requirement. AP students who are awarded three credits of the language requirement must take the additional three credits in the same language at the advanced level (i.e., over the “200” level).

5. Students may not fulfill the Core World Languages Requirement with Classical Civilization courses.

6. Students may fulfill the World Languages Core Requirement by taking any two-course sequence in American Sign Language (when offered).

7. Students may fulfill the World Languages Core Requirement by taking the two-course sequence in “Romance Language Synthesis, I and II”.

8. Students fulfilling the core requirement with an elementary or intermediate level course must complete both parts of the course consecutively (i.e. both parts of the course must be taken in the same academic year). Students failing to complete the core requirement consecutively must begin a new language in order to fulfill the requirement. Exceptions may be made in special cases.

Proficiency Examinations
All proficiency examinations have been eliminated. The external examinations accepted by the Department is the AP Examination and International Baccalaureate (Higher Level). Other than this, the language requirement must be fulfilled through coursework at Saint Peter’s University. The Department does not accept CLEP test credits for the fulfillment of the Core World Languages requirement.
Natural Science Program

The Program in Natural Science offers an interdisciplinary major in Natural Science. For this major, students must have the approval of both the Academic Dean and the Chair of the department in which they would have the heaviest concentration of science courses. Natural Science majors who plan to teach at the primary or secondary level are required to also consult with the Chair of the Education Department.

Requirements for Natural Science Major

Degree of Bachelor of Science

Choose a Subject I List of courses from: Biology, Chemistry, Computer Science, Mathematics, or Physics

Choose a Subject II List of courses from: Biology, Chemistry, Computer Science, Mathematics, Psychology, or Physics

Choose a Subject III List of courses from: Biology, Chemistry, Computer Science, Mathematics, Psychology, or Physics

Choose a Subject IV List of courses from: Biology, Chemistry, Computer Science, Mathematics, Psychology, or Physics

Total Credits

1 A different subject must be chosen for each of the four Subject List. Additional completion of three credits of Independent Study at the senior level in Subject I to enhance development of the student's science program is encouraged.

**Special Notes on Philosophy Major Requirements**

1. Except for the Ethical Leadership Concentration, up to 6 credits of the required Philosophy Electives may be taken in other departments, in cognate courses approved by the Philosophy Department Chair.

2. Required Philosophy electives are not always offered every year, so they should be taken as soon as possible after completing the core courses.

Total Credits 18

Pi Sigma Alpha, the National Political Science Honor Society

The Department sponsors a chapter of Pi Sigma Alpha, the national political science honor society. Membership in the Theta Chi chapter is open to any student who has completed at least fifteen credits in political science, maintained at least a 3.3 average in those courses, and demonstrates a deep commitment to the ethical-political life and to social justice. Inductions into Pi Sigma Alpha occur annually during the spring semester and applications are available in the Department office.

Internship Experience

Majors are encouraged to obtain valuable internship experience in government or in public advocacy organizations available through either the Department, the Center for Experiential Learning and Career Services, the Washington Center, or the Guarini Institute for Government and Leadership as well as to participate in the Gannon Debate Society and/or the Harvard Model United Nations.
Harvard Model United Nations

A unique and exciting part of the political science curriculum, the Harvard Model United Nations (U.N.) is a component of PO-376, one of the International Politics courses offered annually during the fall semester. Together with delegations of students from colleges and universities from around the world, each representing a different United Nations member nation, a delegation from Saint Peter’s University participates in a four-day mock United Nations session at Harvard University, debating various topics and advancing the official government policy positions of the nation it is assigned. The Model U.N. affords the student the opportunity to gain first-hand experience in the processes of conference diplomacy and negotiation that increasingly characterize the dynamics of international politics. Because the course selected to include the Model U.N. changes every year, interested students are able to participate more than once in this fascinating educational experience.

The Washington Center Internship Program

The Washington Center Internship Program, administered by The Guarini Institute through the Department of Political Science, offers students the distinctive and exciting opportunity to intern in Washington, D.C. and earn Saint Peter’s University academic credit at the same time. Professor Alain L. Sanders, Liaison to the Program, guides and supervises interested students from all major fields of study through the application process. Students interested in the Program should contact Professor Sanders. For more details about the program, consult the Special Academic Programs section.

For students majoring in Political Science, no more than 9 academic credits earned through the Washington Center Internship Program may count towards the fulfillment of the required political science major course of study. For political science minors, no more than 6 academic credits earned through the Washington Center Internship may count towards the fulfillment of the required political science minor course of study. Students must have these credits approved ahead of time by the Washington Center Internship Program Coordinator.

Pre-Law

The Department of Political Science is home to the University’s Pre-Law Advisor. Students desiring to learn about the law school application process, the course of study at law schools, or the professional practice of law should contact the Pre-Law advisor, Political Science Professor Alain L. Sanders. For more information about the Pre-Law Program or Saint Peter’s University’s Joint B.A./J.D. Program with the Seton Hall University School of Law, consult the Pre-Law section.
Pre-Law Program

Dr. Alain L. Sanders, Advisor

The Pre-Law Program is designed to assist students who are interested in attending law school after graduation from Saint Peter's University. The Pre-Law Advisor assists students in choosing their academic program, planning for the LSAT exam, selecting internships, and applying to law school.

Preparation for law school requires a broad-based and rigorous undergraduate education that emphasizes critical thinking, studious reading and excellence of writing. A particular major is not required. However, the chosen program of study should encompass challenging courses that sharpen the intellect and develop a student's ability to think analytically and communicate clearly. These skills can be refined in any number of courses including those in the humanities, social sciences, natural sciences, and business.

Law schools seek students who are able to operate at their peak in a demanding academic environment, and who can demonstrate this ability by achieving an outstanding undergraduate academic record and scoring high on the Law School Admission Test (LSAT).

Students interested in law school, legal careers, or the Joint B.A./J.D. Program outlined below, should contact the University's Pre-Law Advisor, Dr. Alain L. Sanders of the Political Science Department, as early as possible for information and guidance about preparation for law school, the application process, the study of law, and the practice of law.

Joint B.A./J.D. Program with Seton Hall University School of Law

Qualified high school students who are interested in an accelerated program may apply, upon admission to Saint Peter's University or as early as possible during their first year at the University, for entrance into the Joint B.A./J.D. Program with Seton Hall University School of Law. The Program offers exceptional high school students the opportunity to obtain in six years, rather than the normal seven years, a Bachelor's Degree in Political Science from Saint Peter's University and a Juris Doctor Degree from Seton Hall University School of Law. Eligibility requirements include, among other components, minimum SAT scores (600 on the verbal, 600 on the math, and a composite verbal + math of 1300) and rank in the top 10% of the student's high school class.

The Joint B.A./J.D. Program is an optional accelerated program, and entrance into the Program is not required to apply to or attend law school in the usual manner.
Pre-Med/Pre-Dental Program

Dr. Katherine Wydner, Advisor

Pre-Med/Pre-Dental

The Pre-Med/Pre-Dental Program is designed to assist students who are interested in attending medical or dental school after graduation from Saint Peter's University. The Health Career Advisor assists students in choosing their academic program, planning for the Medical College Admission Test (MCAT) or the Dental School Admission Test (DAT), selecting internships or research experiences, and applying to medical or dental school.

Medical and dental schools do not require specific majors; however, they do require exceptional performance in a series of very specific science and mathematics courses. For most medical and dental schools these requirements include: one year of general biology with lab, one year of general chemistry with lab, one year of general physics with lab, one semester of calculus, one semester of statistics, and one year of organic chemistry with lab. We also recommend that students take one semester of biochemistry. Admission to medical or dental school also requires very high scores on the MCAT or DAT exams. Students interested in medical or dental school or the combined B.S./M.D. or B.S./D.M.D. programs outlined below, should contact the University's Health Career Advisor, Dr. Katherine Wydner of the Biology Department, as early as possible for information and guidance about preparation for medical or dental school, the application process, and the undergraduate courses required.

Combined B.S./M.D. Program or B.S./D.M.D. Program with the medical and dental schools of Rutgers University

Students apply to the seven year B.S./M.D. program at the same time as they apply for admission to Saint Peter's University. Students are accepted to Saint Peter's and are conditionally admitted to the medical school track by Rutgers University. Students apply to the dental school track at the end of their freshman year. After admission to the combined pre-med or pre-dental programs, students are monitored for compliance with the requirements set by Rutgers. Admission to Rutgers' medical or dental school is conditional at all stages of the program and is determined solely by Rutgers University.
Pre-Professional Health-Related Combined Degree Programs

Dr. Katherine Wydner, Advisor

A number of combined degree programs are available to students through a series of articulation agreements with area colleges and universities. These programs are coordinated through the Department of Applied Science and Technology and the Health Careers Advisory Committee. Students participating in these programs spend three years at Saint Peter’s University in a pre-professional program (pre-physician assistant, pre-pharmacy, and pre-physical therapy) and then finish their professional degree at another institution in three or four additional years. Students must meet all of the requirements of the individual professional school and acceptance at an individual professional school is solely at the discretion of that school. Participation in any of these pre-professional programs while a student at Saint Peter’s does not guarantee admittance to the partner school. For particular details about when and how students should apply to each of the professional school partners, students should consult the Health Careers Advisor.

These combined degree programs represent only particular options for ultimately obtaining a graduate Physician Assistant, Physical Therapy, or Pharmacy degree. Students who complete a traditional four year Bachelor’s degree from Saint Peter’s, take the courses required for the particular graduate program, and show high academic performance may qualify for application to other graduate programs.

Students interested in these combined degree programs need to plan their academic course of study with the assistance of a member of the Health Careers Advisory Committee so as to ensure compliance with program requirements, which may change at the discretion of the professional schools. Students not interested in these combined-degree programs, but planning on entering similar or other graduate, health-related programs upon completion of their Bachelor’s degree, should likewise consult the Health Careers Advisor for help with choosing the appropriate course of study.

Pre-Physician Assistant with Rutgers University or Seton Hall University

The Pre-Physician Assistant programs are designed to assist students who are interested in attending a Physician Assistant (PA) program after Saint Peter’s University. Saint Peter’s has a combined degree program with Rutgers University (New Brunswick, NJ) that leads to a Bachelor’s of Science in Biology from Saint Peter’s and a Master of Science in PA from the partner school. Students who are admitted to this program spend three years at Saint Peter’s followed by three years at Rutgers. Students with a strong high school record (verbal + math SAT > 1170) and strong college record may be considered for this Pre-PA track; admission is conditional at all stages. Students in the Pre-PA track must maintain a minimum GPA of 3.0, conduct volunteer work with a PA, and pass an interview at the partner school. While at Saint Peter’s, students pursuing the Pre-PA track must complete all core and major requirements and take certain other required courses which include (but are not limited to) two semesters of General Biology with laboratory, two semesters of General Chemistry with lab, two semesters of Organic Chemistry with lab, and at least one semester of Anatomy & Physiology with lab (BI-215, BI-215L). The Health Careers Advisor will assist students in planning their academic program.

Pre-Physical Therapy with Rutgers University

The Pre-Physical Therapy program is designed to assist students who are interested in attending a Physical Therapy (PT) program after Saint Peter’s University. Saint Peter’s has a combined degree program with Rutgers University that leads to a Bachelor’s of Science from Saint Peter’s and a Doctorate in PT from Rutgers University. Students who are admitted to this Pre-PT program spend three years at Saint Peter’s followed by three years at Rutgers. Students with a strong high school record (verbal + math SAT > 1170) and strong college record may be considered for the Pre-PT track; admission is conditional at all stages. Students in the Pre-PT track must maintain a minimum GPA of 3.0, conduct volunteer/service work with a PT, pass an interview at the partner school, and achieve a good GRE score. While at Saint Peter’s, students pursuing the Pre-PT track must complete the core and major requirements and take certain other required courses which include (but are not limited to) two semesters of General Biology with laboratory, two semesters of General Chemistry with lab, two semesters of Physics with lab, two semesters of Anatomy & Physiology with lab, one semester of Psychology, one semester of Calculus (MA-133), and one semester of Statistics (MA-132). The Health Careers Advisor will assist students in planning their academic program.
Pre-Pharmacy with Rutgers University

The Pre-Pharmacy Program is designed to assist students who are interested in attending a Pharmacy program after Saint Peter’s University. Saint Peter’s has a combined degree program with Rutgers University (New Brunswick, NJ) that leads to a Bachelor of Science from Saint Peter’s and a Doctor of Pharmacy (PharmD) from Rutgers. Students who are admitted to this Pre-Pharmacy program spend three years at Saint Peter’s followed by four years at Rutgers. Students with a strong high school record (Top 20% high school class, verbal + math SAT > 1350) and strong University record may be considered for the Pre-Pharmacy track; admission is conditional at all stages. While at Saint Peter’s, students in the Pre-Pharmacy track must maintain a strong GPA, complete the core and major requirements, and take other required courses which include (but are not limited to) two semesters of General Biology with laboratory, two semesters of General Chemistry with lab, two semesters of Organic Chemistry with lab, two semesters of Physics with lab, one semester of Psychology or Sociology, one semester of Calculus (MA-133), and one semester of Statistics (MA-132). The Health Careers Advisor will assist students in planning their academic program.
Department of Psychology

Dr. Maryellen Hamilton, Chairperson

The Psychology Department offers a major in Psychology with optional concentrations in Clinical Psychology, Forensic Psychology or Industrial-Organizational Psychology. Students may only declare one concentration. A minor in Psychology is also offered.

Total Credits  39

1 May take only 1 cerstone laboratory per semester.
Special Notes on Core Curriculum Requirements

1 Psychology majors may not take courses designed for non science majors (including BI-122, BI-124, BI-123, BI-126, BI-140, BI-130, PC-110) as part of the Natural Science Core Requirement. They must take 2 sequenced sciences e.g., BI-183/BI-184 (no lab required), CH-131/CH-132, or PC-185/PC-186.

2 For the mathematics core requirement majors should take MA-105 Elementary Applied Math and MA-106 Introduction to Probability and Statistics.

Optional Psychology Degree Concentrations

Students majoring in Psychology may choose (but are not required) to pursue a concentration in clinical psychology or forensic psychology. Concentrations entail 15 credits of coursework that allow students to focus on an area that they might be considering for graduate study and/or a future career. Pursuing a concentration does not affect the core or the total number of credits required for the psychology BS degree.

Radiography Collaborative Program

A.A.S. Degree in Health Sciences

Christina Mortellaro, Advisor

Through this collaborative program between Saint Peter's University and the Hudson County Community College School of Radiography or Englewood Hospital School of Radiography, students earn a Degree of Associate of Applied Science in Health Sciences (AAS) from Saint Peter's University. This degree begins with one year (32 credits or at least 18 credits for transfer students) of study at Saint Peter's University followed by two years of study, including summers, at CarePoint Health School of Radiography or Englewood Hospital School of Radiography. Students are awarded the AAS degree from Saint Peter's University upon documented evidence of successfully completing the CarePoint Health School of Radiography program or the Englewood Hospital School of Radiography program, but prior to taking the American Registry of Radiologic Technologists (ARRT) exam. The successful completion of this program does not confer eligibility for advanced certification or licensure.

Students in this program are admitted to Saint Peter's University into the Health Sciences, Radiography Track. Students apply for Conditional Admit Status to the Hudson County Community College School of Radiography or Englewood Hospital School of Radiography during their second semester at Saint Peter's, and the granting of Conditional Admit Status is at the sole discretion of the School of Radiography at either Hudson County Community College or Englewood Hospital. Students must meet the admission requirements of the particular School of Radiography to which they are applying, be recommended by Saint Peter's Health Professions Advisory Committee, successfully complete an interview at Hudson County Community College School of Radiography or Englewood Hospital School of Radiography, and receive a passing grade of C or higher in any of the following courses taken during the fall semester at Saint Peter's University: BI-171 and BI-172, PS-151, MA-115, either PL-130 or TH-110, CS-150, an approved EL course, SO-121, and a Composition sequence based on placement: CM-104, CM-106/CM-117, or CM-120.

Once students with Conditional Admit Status successfully complete the required spring semester courses with a grade of C or higher in any of the remaining courses listed above, they may apply for Admit Status through the Admissions Office of Hudson County Community College or Englewood Hospital. Students must satisfy all of the admission requirements of the particular School of Radiography to which they are applying, including volunteer service and the required level of performance on an entrance examination. The granting of admission is at the sole discretion of each individual School of Radiography.

For more detailed information about the admission requirements, students should consult the Program Advisor. Students entering Saint Peter's University in the Health Sciences, Radiography Track should consult the Program Advisor early and often to make sure they take the required courses in the correct sequence, meet all of Saint Peter's requirements, and understand the requirements of Hudson County Community College or Englewood Hospital School of Radiography.

Students who are not granted Conditional Admit Status by Hudson County Community College or Englewood Hospital School of Radiography cannot complete the A.A.S. Degree in Health Sciences. These students may, however, switch to one of the Associate's degree options offered by the School of Professional and Continuing Studies or to one of the Bachelor's degree options offered by one of the traditional day programs. Depending on the option chosen, it may take longer than two years to complete an Associate's degree or longer than four years to complete a Bachelor's degree.

Social Justice Program

Dr. Anna J. Brown, Director

The Social Justice Program offers a multi-disciplinary minor that emphasizes the thought and work of social justice, the thought and practice of nonviolence and peacemaking, and the peace and justice teachings of the world’s faith traditions. The aim of the social justice project, within the Jesuit tradition, is to appreciate the dignity of each person, to understand the systemic causes of social oppression, to dismantle unjust social structures, and to imagine and create social structures that uplift the human family as well as the earth.

Social justice students are encouraged to engage in our numerous social justice workshops and lectures, local, national, and international works of service and justice, and seminars on nonviolence and peacemaking.

Each year during the Michaelmas ceremony, the Social Justice Program awards the Philip Berrigan Social Justice Award to that social justice student who excels both in academic and social justice work.

Total Credits 36

1 May count towards the Core Theology Requirement.

Special Notes on Major Requirements

1 Theology majors may take up to nine credits in approved cognate courses in other departments in fulfillment of the Theology electives requirement.
2 Courses in Classical and Modern Languages and in Philosophy are strongly recommended.
3 Students considering a major in Theology should take TH-110 and TH-120 in their Freshman year. The Core Philosophy courses should be taken in Sophomore year.
4 Required Theology electives are taught only every second or third year, so they should be taken as soon as possible after completion of TH-110 and TH-120.
5 Every student majoring in Theology must submit a Capstone Project during senior year according to departmental guidelines. The Honors thesis fulfills this requirement.

Requirements for a Minor in Theology

Three credits may be fulfilled in an approved cognate course in another department.

Special Notes on Core Curriculum Requirements

1. CS-150 Introduction to Computers and Information Processing is highly recommended as part of their Natural Science Core Requirement.

2. MA-123 Elementary Calculus I-MA-124 Elementary Calculus II are suggested for the Mathematics Core Requirement; however, MA-105 Elementary Applied Mathematics-MA-106 Introduction to Probability and Statistics are accepted. Neither sequence of math courses may be taken on a Pass/Fail basis. Students desiring to take MA-123-MA-124, but not sufficiently prepared, must take MA-101 Precalculus.

3. In order to sit for the CPA Examination in New York State students may need to take MA-105 Elementary Applied Mathematics and MA-106 Introduction to Probability and Statistics for the Mathematics Core Requirement. Students should routinely check CPA Examination requirements in any state they wish to apply as those requirements are subject to change.

Special Notes on Major Requirements

1. Students desiring to major in accountancy must take the entire program prescribed. At the end of freshman year, students will be approved for the concentration in accountancy provided they have a 2.5 average in AC-151 and AC-152. Students should consult with their professor in AC-152, or with their department mentor, concerning their qualifications for this concentration.
In order to satisfy some of the requirements needed to sit for the CPA Examination in the State of New Jersey, a total of 30 accounting credits and 12 business elective credits must be completed. Business electives may be selected from courses in accountancy, business law, economics, information science, and business administration. In addition, New York State requires Statistics (3 credits) which must be taken as part of the Core Mathematics Requirement. (Note that EC-300 Statistics for Business, Finance and Economics does not satisfy this requirement.) Students who expect to sit for the CPA Examination in NJ or in any another state should verify the specific academic requirements of that state, as they are subject to change.

All Accountancy majors are required to maintain a 2.5 average in major courses.

Total Credits: 60

¹ May count towards the Core Natural Science Requirement.
² May count towards the Core Social Science Requirement.
Special Notes on core curriculum Requirements
1 All BA majors are encouraged to take MA-123/MA-124 as their math requirements because many graduate programs require calculus.

Special Notes on major Requirements
1 All majors must maintain a GPA of 2.30 or higher in all of their BA and cognate courses to remain in the major and to graduate.
2 Majors are allowed to take one BA minor. Courses taken towards the minor may not count towards the major.
3 All BA majors are encouraged to participate in Co-ops and Internships

Minor Programs

Students may minor in Management, Marketing, Business Analytics or International Business by taking 18 departmental credits. It is recommended, although not mandatory, that 15 credits in cognate courses also be taken. GPA in minor must be 2.30 or higher.

Department of Computer and Information Sciences

Dr. Alberto LaCava, Chairperson

The Department of Computer and Information Sciences offers three programs leading towards the Bachelor of Science degree in Computer Science. Students may concentrate in Computer Information Systems, Cyber Security, or Computer Science. Transfer students who major in CS must complete a minimum of six CS and/or IS courses at the University for the Bachelor of Science degree. For students not majoring in Computer Science, we offer Minors in Computer Science and Cyber Security. For students majoring in Criminal Justice, the Department offers a concentration in Cyber Security and Computer Forensics.

Requirements for Computer Science Major/Computer Information Systems Option

Degree of Bachelor of Science

This option is designed for those who wish to become programmers or systems analysts. Application programming and business information systems are studied. Six of the required credits for the major count towards the Core Curriculum Requirements.

Total Credits 48

1 May count towards the Core Mathematics Requirement.
2 IS-295 Co-op may be counted as only one Information Science elective.

Special Note on Core Curriculum Requirements for Computer Science Major/Computer Information Systems Option

1 Majors in CS/CIS may not use CS or IS courses for the Core Natural Science Requirement.

Special Notes on Major Requirements for Computer Science Major/Computer Information Systems Option

1 A student must maintain a 2.0 average in the CS-231 and CS-332 sequence to continue as a computer science major.
2 CS/CIS majors may be eligible for a minor in mathematics.
3 CS/CIS majors are encouraged to study a commercially popular programming language such as Python and/or Java.
Requirements for Computer Science Major/Cyber Security
Degree of Bachelor of Science

This option is designed for those who wish to learn the technology and security architecture that is necessary to help protect and defend information systems from cyber-attacks.

AC-151  Principles of Accounting I  3
AC-152  Principles of Accounting II  3
BL-161  Introduction to Law and Contracts  3
BA-151  Principles of Management  3
BA-155  Principles of Marketing  3
Total Credits  54

1  May count towards the Core Social Science Requirement.
2  May choose either FN-401 or FN-410 but not both. Students cannot take both FN-401 and FN-410. Either of these courses can serve as a prerequisite for FN-411.

Requirements for Mathematical Economics Major
Degree of Bachelor of Arts
Nine of the required credits for the major count towards the Core Curriculum Requirements.

EC-101  Macroeconomic Principles  3
EC-102  Microeconomic Principles  3
EC-251  Intermediate Microeconomics  3
EC-252  Intermediate Macroeconomics  3
EC-300  Statistics for Business, Finance and Economics  3
EC-301  Mathematical Economics  3
EC-302  Elements of Econometrics  3
EC-303  Linear Programming for Economics  3
EC-496  Capstone Seminar (WI)  3
FN-416  Ethics in Financial Professions  3
EC/FN  Economics/Finance Electives  15
MA-123  Elementary Calculus I  3
MA-124  Elementary Calculus II  3
MA-218  Quantitative Methods for Business  3
Total Credits  54

1  May count towards the Core Social Science Requirement.
2  May count towards the Core Mathematics Requirement.
3  May choose either FN-401 or FN-410 but not both. Students cannot take both FN-401 and FN-410. Either of these courses can serve as a prerequisite for FN-411.

Special Notes on Core Curriculum Requirements for Economics, Finance and Mathematical Economics Majors
1  It is recommended that Finance majors take CS-150 Introduction to Computers and Information Processing as part of their Core Natural Science Requirement.
It is recommended that Finance majors take MA-123 and MA-124 Elementary Calculus, I and II, to satisfy the Core Mathematics Requirement (although MA-105 and MA-106 Finite Mathematics, I and II, or MA-143 and MA-144 Differential and Integral Calculus, is an acceptable alternative).

Special Notes on Major Requirements for Economics, Finance and Mathematical Economics Majors

1. The upper level required theory courses, EC-251 and EC-252, must be taken at Saint Peter’s University.
2. No more than three credits of EC-295 can be applied toward the satisfaction of major requirements.
3. Finance majors are permitted to also major in Economics. However, no courses counted as upper-level electives in the Finance major can also count as upper-level electives in the Economics major.

Requirements for a Minor in Finance

Students may earn a minor in Finance by completing a minimum of 18 credits including EC-101 Macroeconomic Principles, EC-102 Microeconomic Principles and any four FN electives for the major in finance. Economics majors and Economics minors are permitted to minor in Finance. However, with the exception of EC-101 and EC-102, none of the courses taken for the minor in Finance will count towards the completion of the major or minor in Economics.

School of Education

Joseph V. Doria, Jr., Ed.D., Dean

Anna Cicirelli, Ed.D, Associate Dean

The Caulfield School of Education offers a major in Elementary Education and a minor in Secondary Education. It also offers various options to become certified in many academic areas. The undergraduate program in Education provides pre-professional training for teaching on the pre-school, elementary, middle school, and secondary school levels.

General Entry and Exit Requirements
Students seeking admission to the undergraduate programs apply for admission to the Teacher Education Program normally second semester of sophomore year.

Admission criteria include:

- 3.0 minimum grade point average
- successful completion of ED-490: Sophomore Clinical Experience and Seminar
- successful completion of either ED-160 or ED-170/ED-203
- entrance interview and recommendation of School of Education Faculty
- taking and passing the Praxis I Core Exam

Exit requirements include:

- 3.0 minimum overall grade point average
- exit interview conducted in Student Teacher Seminar
- Praxis Exam in the specialized area that the student wishes to be certified in

New Jersey Certification Requirements

Elementary School Teacher certification requires students to complete:

- core curriculum requirements (minimum of 60 credits in liberal arts)
- coherent sequence and major in Elementary Education
- required passing of Praxis I and Praxis II exams

Middle School Teacher certification requires students to complete:

- core curriculum requirements (minimum of 60 credits in liberal arts)
- coherent sequence and major in Elementary Education
- 15 credits in approved program in each subject endorsed on the middle school level; the credits may be included in the academic major, core curriculum or electives
- required passing of Praxis I and Praxis II exams

Secondary School certification requires students to complete:

- core curriculum requirements
- academic major (minimum of 30 credits in subject area to be taught) and minor in Secondary Education
- required passing of Praxis I and Praxis II exams

Note: All students will be required to take and pass the Praxis exam before being permitted to student teach.

Elementary Education majors can also take required courses for Pre-School-3 Certification.
Areas Of Certification

Elementary Education Program

• Elementary Classroom Teacher (K-6)
• Pre-School-3 Certification

Elementary Education Program with Middle School Certification (15 credits are required in subject area for middle school certification. Core courses can be included in the 15 credits.)

• Teacher of Middle School Science
• Teacher of Middle School English
• Teacher of Middle School Social Studies
• Teacher of Middle School Mathematics

Secondary Education Program with Subject Area Endorsements

• Teacher of Art
• Teacher of Comprehensive Business
• Teacher of Biological Science
• Teacher of Mathematics
• Teacher of General Business
• Teacher of Physical Science
• Teacher of English
• Teacher of French
• Teacher of Italian
• Teacher of Spanish
• Teacher of Social Studies
• Teacher of History
• Teacher of Chemistry
• Teacher of Physics
• Teacher of Physical Education
• Teacher of Health
• Teacher of Physical Education and Health
# Elementary and Secondary Programs

Dr. Jennifer Ayala, Director

## MAJOR AND MINOR REQUIREMENTS

### Requirements for Elementary Education Major (Grades K - 6 and Pre-School-3)

#### Degree of Bachelor of Arts

All Elementary Education students who wish to receive a State of New Jersey Teaching Certificate (K-6) will also take the courses necessary to be certified as Pre-School-3 teachers. Elementary Education students must complete the following courses. Students who wish to take a course out of sequence should check with their departmental advisor.

<table>

### Courses required for P-3 Certification

#### Courses Required P-3 Certification

|   |
|---------------------------|--|
| ED-201                    | Fundamentals of Speech 3 |
| EP-201                    | Child Development in the Early Years 3 |
| EP-202                    | Developing Home, School, and Family Partnerships 3 |
| EP-301                    | Introduction to Special Education 3 |
| EP-302                    | Fundamentals of Methodology, Curriculum, and Assessment in the Elementary/Early Childhood Classroom 3 |

### Requirements for Elementary Education Major (Grades Kindergarten to 6) with Middle School Certification (Grades 6 to 8)

#### Degree of Bachelor of Arts

All Elementary Education students who wish to receive a middle school teaching certificate are required to follow the educational sequence outlined above for Elementary Education majors. In order to receive Middle School Certification, the student must take a sequence of courses (15 credits minimum) in the area in which they wish to teach. Students also need to successfully pass the Praxis II exam in the subject area in which they wish to teach.
Special Notes on Core Curriculum Requirements for Elementary Education Majors

1. The recommended Mathematics Core Requirement is MA-108/MA-109 Math for Educators, I and II or MA-105/MA-106 or MA-102/MA-103.

2. CS-150 Introduction to Computers and Information Processing is recommended as part of the Core Natural Science Requirement.

Requirements for a Minor in Secondary Education

Since for Secondary Education students the academic major is also specific preparation for the subject teaching certificate, the student must choose an academic major that is taught at the high school level. In addition to an advisor from the department of the academic major, all Secondary Education minors must confer with an advisor in the School of Education and declare Secondary Education as a minor. Secondary Education minors must complete the following 25 credits:

Elementary Education and Pre-School-3 Program

Elementary Education Majors with a concentration in Pre-School-3 is a program designed to prepare individuals seeking to become teachers in grades preschool through six. Individuals completing this program sequence will be able to apply for both a K-6 certification and a P-3 certification. The program's course sequence provides individuals with the ability to provide expertise in creating developmentally appropriate learning environments, designing curriculum, learn how children develop and learn, and develop the skills and knowledge to inspire lifelong learning.

Total Credits 50
Health and Physical Education Program

Dr. Jay Garrels, Director

This major is offered through the School of Education.

The Health and Physical Education Program offers a major in Health and Physical Education with a concentration in Health Education or Physical Education to prepare students for employment in a number of venues including commercial fitness, corporate health and fitness, and community recreation and health promotion. Students desiring a teaching certificate in Health and Physical Education will include a series of courses offered through the School of Education in order to teach in the K-12 school environment. These courses would be part of the Minor in Secondary Education.

Requirements for the Health and Physical Education Major

Degree of Bachelor of Science

Eligibility for Physical Education and Health Teaching Certification in the State of New Jersey

A student in this program can be certified to teach in one of three areas: Physical Education and Health, Physical Education, and Health. Applicants must complete a minimum of 30 credits in an area-specific coherent sequence with at least 12 of these credits completed at the advanced level of study.
School of Nursing

Dr. Lisa Garsman, Generic B.S.N., Program Director, Prof. Patricia Ahearn, R.N. to B.S.N., Program Director

The School of Nursing offers three distinct programs which lead towards the Bachelor of Science in Nursing (BSN) degree: the Accelerated BSN Program, the Generic BSN Program and a RN to BSN Program.

**Accelerated BSN Program** - offered at the Jersey City Campus. This program is for students who have already earned a bachelor's degree in another discipline but who wish to earn a Bachelor of Science, Nursing degree. The curriculum is designed to prepare nurses with the breadth of knowledge and skills needed for competent, ethical, and empathetic practice. Students are admitted to the Accelerated BSN Program based on criteria found in the Admissions section of this catalog.

**BSN Program** - offered at the Jersey City Campus. Students are not admitted directly into the BSN Program. Students enter the BSN Program at the end of their freshman year, only after successfully completing all requirements for the Pre-Nursing Program. Students apply to the Pre-Nursing Program when they apply for admission to the University. Transfer students should contact Undergraduate Admissions for specific information regarding admission criteria for the nursing major. This program is designed to prepare students who are high school graduates or transfer students from other institutions of higher learning for professional nursing practice. The program of study is based in the liberal arts, sciences and humanities. Students are admitted to the BSN Program at the end of their freshman year after they have successfully completed the Pre-Nursing Program and have met the requirements for admission to the nursing major.

**RN to BSN Program** - offered at the Bergen County Campus. This program is open to any eligible student who already possesses a diploma or associate degree as a registered nurse. This program equips graduates with a breadth of knowledge, skills, and values from both general and professional education. Graduates are prepared for generalist professional practice in a variety of settings and provided with a foundation for graduate education in nursing.

**Accreditation**

All BSN Programs at Saint Peter's University are accredited by the New Jersey Board of Nursing and the Commission on Collegiate Nursing Education (CCNE) 655 K Street NW, Suite 750 Washington, DC 20001 www.aacn.nche.edu/ccne-accreditation
Accelerated BSN Program

This program is for students who have already attained a bachelor's degree. Offered through the School of Nursing, the curriculum is designed to prepare nurses with the breadth of knowledge and skills needed for competent, ethical, and empathetic practice.

Coursework in the accelerated nursing program is taught by practicing professionals who provide the active knowledge and skills needed to take on the ever changing world of nursing. In tandem with clinical experiences and simulations, students are prepared to meet the needs of their future patients in only 15 months.

**Accelerated Baccalaureate Nursing Program (61 Credits)**

Generic or Basic BSN Program (Jersey City Campus)

Licensure

The State Board of Nursing determines who is eligible to take the registered nurse licensure examination (NCLEX-RN). Graduation from the Nursing Program satisfies one of the eligibility requirements. Since eligibility criteria vary, applicants should check with the Board of Nursing in the state in which they plan to take the test to determine the eligibility criteria that need to be met.

Admission to Pre-Nursing Program

Students applying to the University desiring to be nursing majors must meet the admission criteria for the University as well as for the Pre-Nursing Program. Transfer students should contact Undergraduate Admissions for specific information regarding admission criteria for the nursing major.

Successful Completion of the Pre-Nursing Program

Successful completion of the Pre-Nursing Program is required for entry into the nursing major at the end of the freshman year. Successful completion of the Pre-Nursing Program includes all of the following.

1. The Pre-Nursing Advisor must register students for courses, and students must take the core and prerequisite course sequence as determined by the School of Nursing.
2. During the second semester of the freshman year, students must register for the TEAS examination. Students should consult their program advisor for information about how to register for the TEAS examination.
3. Students may only take the TEAS examination twice, and it is strongly recommended that students remediate/review between attempts.
4. Students must score at least 78% or higher, overall on the TEAS examination. Should the candidate take the examination twice, the higher of the two scores will be considered.
5. A student’s grades in both Anatomy and Physiology I and Anatomy and Physiology II must be a B or higher.
6. A student may repeat Anatomy and Physiology I once and Anatomy and Physiology II once. If a student withdraws from one of these courses, it will be considered as the first attempt at taking the particular course.
7. A student’s overall GPA for the freshman year must be 3.0 or higher.

Completion of Summative Examination administered in the last nursing course
Special Notes on Core Requirements

1. The Core Curriculum Requirements are the same as those for traditional undergraduate day students.

Special Notes on Major Requirements

1. To successfully complete the program, all courses required for the nursing major and for the core, must be taken in the sequence given by the School of Nursing.

2. To enroll in the first nursing course - NU-202 Theoretical Bases of Professional Nursing - students MUST be admitted to the School of Nursing as a nursing major. Students must have satisfactorily completed all prerequisites courses and have a minimum of a 3.0 cumulative GPA and a grade of B or higher in BI-171 Anatomy & Physiology I, BI-172 Anatomy and Physiology II. These science courses may be repeated only one time.

3. A grade of 78% or higher must be earned in all nursing courses and specified support courses. Any grade below a 78% is considered a failure in nursing courses. Advancement in the nursing curriculum is dependent upon successful completion of prerequisite and co-requisite nursing courses.

4. No more than one nursing course may be repeated. If the course is repeated and the grade is below 78%, this is considered a failure for the course and the student will be dismissed from the School of Nursing. The clinical portion of any nursing course is graded on a Pass/Fail basis. If the student fails the clinical component, he or she fails the entire course regardless of the grade average in the didactic component, and a grade of C- will be recorded for the course. Following two nursing course failures, the student will be dismissed from the School of Nursing. The student may remain at Saint Peter’s University.

5. If a student registers for a nursing course and withdraws from the course at any time, this is considered the student's first attempt at the course and the student will receive a "W" or Withdraw grade. **There is only ONE Withdraw from a nursing course allowed in the entirety of the program.**

6. All nursing courses must be taken in sequence with a satisfactory grade of 78% or higher earned before continuing with the next nursing course.

7. Applicants who have taken the courses Anatomy and Physiology I, Anatomy and Physiology II, and Microbiology more than five years prior to the time the nursing course sequence begins must repeat these required science courses.

8. All students must take the Summative Examination (ATI Comprehensive or similar comprehensive examination), administered in the last clinical nursing course. This examination will additionally factor as 10% of the final grade for the course. Students who do not meet the program benchmark are required to take a retake of the Comprehensive ATI Exam.

Program Length

The BSN (generic) program can be completed in four years (or eight semesters) of full-time study. Students must complete the program within six consecutive calendar years. Required science courses must be repeated once they are five years or older.

Clinical Requirements

All clinical requirements must be satisfactorily completed before students will be allowed into any clinical setting. At present, they include the following but are subject to change depending on regulations mandated by the clinical agencies and/or their accrediting bodies.

Immunizations/Vaccinations and Titers

1. All incoming nursing students need to have completed a series of immunizations/vaccinations. Students will be required to have titers drawn to validate the vaccines received and show proof of immunity in numerical values.
Should any student's titer show lack of immunity, the student is required to receive the specific vaccination for the corresponding low or negative titer result and re-test titer value's/immunity four weeks or more post vaccine administration.

**Required Titers**

- Hepatitis B series of 3 shots for low or negative titers 1 month apart between the first & second, and five months apart between the second and the third.
- Varicella (chicken pox): 2 shots for low or negative titers 1 month apart.
- MMR (Measles, Mumps & Rubella): 2 shots for low or negative titers 1 month apart.
- Polio titers are required if there is no proof of vaccination.
- Tdap vaccine is required within the past five years. There is no titer requirement for this vaccine.
- 2-Step TB Mantoux skin test within the past six months; if TB test is positive a Chest X-Ray is required indicating tuberculosis clearance. Note: the 2-Step Mantoux test for TB should be done first prior to initiating an MMR vaccination.

2. Health Examination - All nursing students must submit a completed copy of the BSN Health Profile. Applicants to the nursing major must be aware that health clearance will be required prior to the start of every clinical nursing course. Health Profiles are valid for one year. The Health Profile form is available in the School of Nursing Office.

3. Liability Insurance - All students enrolled in clinical nursing courses must also provide evidence of liability insurance. Application forms and information can be obtained from the School of Nursing. Students are responsible for the cost.

4. CPR Certification - All students enrolled in clinical nursing courses must provide evidence of American Heart Association CPR Certification for infant, child and adult, and BLS for Health Care Providers. Students are responsible for the cost.

5. Criminal Background Checks & Drug Screening through verified Credentials Scholar - Clinical agencies mandate criminal history background checks and drug testing for all individuals engaged in patient care and all students must undergo these checks. These checks are conducted by a consumer reporting agency and the information is sent to the University and to clinical agencies. Agency personnel will evaluate the information they receive and, in their sole discretion, make the final determination as to each student’s ability to continue to engage in patient care in their agency. If a student is denied clinical placement by any clinical agency due to criminal history information or a positive result on the drug testing that student will be dismissed from the program.

6. Clinical Experiences - Clinical experiences may be scheduled during days, evening, and weekends. Students need to be prepared to travel out of the Jersey City area for clinical experiences. Students are required to attend as assigned. Clinical experiences also occur in a variety of settings that require students to travel within and beyond the campus area. Students are expected to adjust personal, family and work schedules to meet clinical assignments.

**Clinical Attire and Transportation**

All students must adhere to the uniform and equipment policies for all nursing clinical agencies. Students must purchase and wear the official Saint Peter’s University Nursing Students’ Uniform from the approved vendor. Information can be obtained from the Director of the BSN Program. Students are responsible for providing their own transportation to and from clinical sites.
## RN to BSN Program

### Requirements for Nursing Major

**Degree of Bachelor of Science in Nursing**

Nine of the required credits for the major count towards the Core Curriculum Requirements.

The following required courses are typically transferred from pre-licensure program.

**Total Credits** 36

**Special Notes on Major Requirements**

1. Applicants wanting to major in nursing will have up to 30 credits in basic nursing transferred in to satisfy the lower division nursing requirement. These credits will be transferred in from diploma and associate degree nursing programs accredited by the National League for Nursing Accrediting Commission or CCNE upon successful matriculation into the Bachelor of Science in Nursing Program.

2. Applicants who have earned their nursing diploma and/or degree from institutions outside the United States must submit official course by course Degree Evaluations (with an English translation). **The BSN program will only accept evaluations prepared by the World Education Service, Inc. (WES).** The 30 credits in basic nursing will be transferred in upon successful matriculation into the BSN Program.

3. The required science courses, regardless of date taken, may be transferred as long as they were taken for college credit and grades of at least a C earned for these courses.

4. A grade of 78 is required in all nursing courses. Any nursing course in which the grade is below 78 must be repeated. If the course is repeated and the grade is below 78, this will be considered a failure for the course and the student will be dismissed from the program. Failure of a second nursing course will result in dismissal from the program. The clinical practica of nursing courses are graded on a Pass/Fail basis. If the student fails the clinical component, he or she fails the entire course regardless of the grade average in the didactic component and a grade of C- will be recorded on the student's transcript.

5. If a student enrolls in a nursing course and withdraws, this will count as the first attempt in the nursing course and the student must achieve a grade of 78 or higher the next time the student enrolls for that same course.

6. The theoretical application for upper division nursing courses have assignments that are incorporated into the grading for the course. Assignments may include but are not limited to: change projects for the specific unit following an assessment of that environment; observation of family dynamics with resulting diagnoses and plan for appropriate interventions with evaluation; and windshield survey with community education project and followup to name just a few examples.

**Clinical Requirements**

All clinical requirements must be satisfactorily completed before students will be allowed into any application/observation setting. At present, they include the following but are subject to change depending on regulations mandated by the agencies and/or their accrediting bodies. All documents must be uploaded into the student's TAbb, Inc account.

1. **Current NJ Nursing License or license in state of residence for online students**
2. **Actual titer reports** for rubella, rubeola, varicella, mumps showing immunity.
3. Proof of Hepatitis B immunity, vaccine (strongly recommended), or signed waiver.
4. Negative 2 step negative tuberculosis test within the past 6 months or if positive Mantoux history, chest x-ray negative for tuberculosis within one (1) year.
5. **Health Examination** - All nursing students must submit a completed copy of the BSN Health Profile.

Applicants to the nursing major must be aware that health clearance will be required prior to the start of every clinical nursing course. Health Profiles are valid for one year. The Health Profile form is available in the School of Nursing Office.
Liability Insurance - All students enrolled in clinical nursing courses must also provide evidence of liability insurance. Application forms and information can be obtained from the School of Nursing. Coverage in the amount of $1,000,000.00/$6,000,000.00 required.

CPR Certification - All students enrolled in clinical nursing courses must provide evidence of American Heart Association CPR Certification for infant, child and adult, BLS for Health Care Providers.

Criminal Background Checks - Clinical agencies mandate criminal history background checks for all individuals engaged in patient care and all students must undergo these checks. (Nursing students with a valid NJ Nursing License are not required to undergo additional drug testing.) These checks are conducted by a consumer reporting agency and the information is sent to the University and to clinical agencies. Agency personnel will evaluate the information they receive and, in their sole discretion, make the final determination as to each student’s ability to continue to engage in patient care in their agency. If a student is denied clinical placement by any clinical agency due to criminal history that student will be dismissed from the program.

Annual flu shot.

Clinical Experiences - The time, place, and nature of theoretical application varies depending on the learning outcomes of the specific class and student interest. Students are expected to arrange their own transportation for these learning experiences. Some may be scheduled as a result of external determinants and students may need to be flexible with their own time commitments.
School of Professional & Continuing Studies

Welcome
Welcome to the School of Professional and Continuing Studies (SPCS). We serve students who are seeking:

- **Degree Completion.** Get a valuable University degree which capitalizes on qualified prior earned credits.
- **Knowledge.** Advance your career and improve your understanding of the world.
- **Values.** Gain new understanding of the Jesuit tradition of integrity and service.

The mission of SPCS is to provide a quality education based on Jesuit values and ideals to new and returning adult students. The curriculum and the calendar reflect contemporary theory and research on best practices for fostering adult learning.

The School of Professional and Continuing Studies offers the following degrees: Bachelor of Science in Business Administration (BSBA) with concentrations in Accounting, Business Management, Digital Marketing and Social Media, Healthcare Management, Human Resources Management and Sport, Event and Hospitality Management, Bachelor of Professional Studies (BPS) with Humanities, General Studies, Social Science, Organizational Leadership and Cyber Security concentrations, Bachelor of Arts in Criminal Justice or Education, and Bachelor of Science in Urban Studies (Public Policy). In conjunction with the School of Nursing we also offer an RN-BSN degree for nurses, in either an express track or online format. Minors are available for students seeking Bachelor of Science, Bachelor of Professional Studies, and Bachelor of Arts degrees. We offer associate degree options as well.

SPCS courses are delivered in adult-friendly eight-week sessions, using a hybrid or blended learning format which combines face-to-face instruction with a distance learning component. We also offer a variety of totally online courses.

Convenient Locations
Saint Peter’s University offers undergraduate adult programs at: Jersey City (Kennedy Boulevard), Bergen County locations, and selected corporate facilities.

Admissions Information
Applicants seeking admission to the School of Professional and Continuing Studies should send an inquiry from our website, including an email address and telephone number, or you may click here to access our online application. (http://www.saintpeters.edu/adult-undergraduate-admission/admission-application/) An official transcript from each college or university attended should be sent to the school, although admissions decisions may be based on unofficial transcripts. Saint Peter’s University will evaluate transfer credit based on official transcripts, and may waive or award credit for prior higher education, up to 66 credits from a two-year college and 90 credits from a four-year regionally accredited college. A minimum of one-half of the credits to be applied to any major or minor and the last 30 credits must be taken at Saint Peter’s.

Alternative Approaches to Earning College Credit
Adult students enrolled in the School of Professional and Continuing Studies may also qualify for up to 15 credits through each of the following programs:

- **College Level Examination Program (CLEP)**
- **Prior Learning Experience**

Alpha Sigma Lambda, The National Honor Society for Adult Students
The School of Professional and Continuing Studies sponsors a chapter of Alpha Sigma Lambda, the national honor society for adult students. Membership in the Psi Sigma Psi chapter is open to any student who has completed at least twenty-four credits in residency at Saint Peter’s, maintained at least a 3.2 overall GPA, and is in the top 20%
of all SPCS students. Inductions into Alpha Sigma Lambda occur annually during the fall semester at the SPCS Michaelmas ceremony. Students who attended SPCS in the prior academic year are considered and invited to apply.

Business Administration (BSBA)

Bachelor's Degree Programs

Bachelor of Science in Business Administration

The BSBA was developed to afford busy adults a degree option that would recognize the full range of their abilities in a convenient and flexible format. In addition to completing the general curriculum core, all BSBA candidates must complete a business core and a concentration in either accountancy, management or healthcare management.

In addition to the core curriculum requirements, BSBA students must complete the business core courses and concentration courses as detailed on the following pages. All students are required to take 120 credits to meet graduation requirements.

Business Core Requirements

All BSBA majors will take a core of business courses. These courses are the common subjects that differentiate a business degree from other degree programs. The following is a list of these courses.

<table>
<thead>

Special Note on Core Curriculum Requirements
The Department of Accountancy strongly recommends MA-123 Elementary Calculus I as the core mathematics requirement for accountancy majors, but will accept MA-106 Introduction to Probability and Statistics. Neither math course may be taken on a Pass/Fail basis.

Special Note on Major Requirements
In order to satisfy some of the requirements needed to sit for the CPA Examination in the State of New Jersey, nine business elective credits must be completed. Business electives may be selected from courses in accountancy, business law, data processing, and management/marketing. In addition, New York State requires statistics (3 credits). Students who expect to sit for the CPA Examination in another state should verify the specific academic requirements of that state.

### Special Note on Major Requirements

Business Administration majors are required to maintain a 2.3 average or higher in all of their BA and cognate requirements in order to graduate.
Professional Studies (BPS)

Bachelor of Professional Studies

The BPS was developed to afford interested adults several general studies options which enable those students with diverse interests and prior college credits to develop a degree program that matches their career goals and, if appropriate, their employer’s needs. These programs are particularly effective for students with many credits from other colleges or for students who believe they may use assessment and testing to earn credit. This program is offered at the main campus or online. Students develop these programs with an advisor from the dean’s office.

Requirements for Elementary Education Major (Grades Kindergarten to 6) with Middle School Certification (Grades 6 to 8)

Degree of Bachelor of Arts

All Elementary Education students who wish to receive a middle school teaching certificate are required to follow the educational sequence outlined above for Elementary Education majors. In order to receive Middle School Certification, the student must take a sequence of courses (15 credits minimum) in the area in which they wish to teach. Students also need to successfully pass the Praxis II exam in the subject area in which they wish to teach.
Special Notes on Core Curriculum Requirements for Elementary Education Majors

1 The recommended Mathematics Core Requirement is MA-108/MA-109 Math for Educators, I and II or MA-105/MA-106 or MA-102/MA-103.

2 CS-150 Introduction to Computers and Information Processing is recommended as part of the Core Natural Science Requirement.

Health Science Major Courses (nursing courses taken at Holy Name Hospital School of Nursing) 30

Total Credits 66
Public Policy

Dr. Fadia Joseph, Director

The Public Policy Program offers a two-year program of study leading to an Associate’s degree in Public Policy and a four year program leading to a Bachelor’s degree in Urban Studies. The Public Policy Program is designed for para-professional and entry-level government and social-service workers who are also active in community, civic, and voluntary organizations. The program prepares students for advancement in careers in social services, urban planning, and a variety of government agencies as well as community-based organizations. Many of our students also work in private industry.

Public Policy refers to decisions the government makes. Public Policy students learn about the role and impact of government decisions on healthcare, housing, education, jobs, crime, and drugs in urban areas. What are the policies? Who makes the policies? Who is affected by the policies? These are questions that public policy students analyze. Students also learn how they can play a greater role in the decision-making process that sets policies for their communities. Many are community activists or become community activists through their participation in the Program. The Program takes pride in implementing the University’s mission through its curriculum which encourages its students to become “men and women for others.”

All candidates must apply directly to the Public Policy Program for admission. Candidates for admission must have a high school diploma or its equivalent (GED). Transfer students will be considered for admission. Only courses in which the grade was a 2.0 (C) or better may be considered for transfer.

Requirements for Public Policy Major Degree of Associate of Arts

This is a cohort-based program. Core requirements are included in the Course List below.

First Year Courses

Take the following:

<table>
<thead>
<tr>

**Requirements for Urban Studies Major/Public Policy Sequence Degree of Bachelor of Science**

Upper division courses for Public Policy Program students seeking a Bachelor’s degree include SPCS core requirements and at least two additional courses in Urban Studies/Public Policy. The recommended sequence of courses for the Bachelor’s degree course of studies is as follows:

**First Year Courses** – same as those for the Public Policy Major, Degree of Associate of Arts.

**Second Year Courses** - same as those for the Public Policy Major, Degree of Associate of Arts.

### Third Year Courses

### Educational Option

An educational option may be available whereby students interested in obtaining teaching certification can work towards this while getting their B.S. degree Urban Studies. This is done in cooperation with the School of Education and by taking Education credits.
General Information

This section contains information related to recognition of student achievement, admission requirements and procedures, student financial aid, and tuition and fees.
Recognition of Student Achievement

Graduation Honors

To be eligible for Bachelor's degrees with distinction, students must be in attendance at the University for three years and must have attempted a minimum of 69 credits at Saint Peter's University, exclusive of Pass/Fail, Prior Learning credits, and CLEP credits; that is, those credits not formally taken at the University for grades. Transfer students must be in attendance for at least two years and earn at least 42 credits at Saint Peter's University. Such distinctions are based on the student's cumulative GPA for the entire academic record. These honors are noted on the student's diploma and transcript. The following minimum GPAs are required for the honors indicated:

3.8 summa cum laude
3.7 magna cum laude
3.6 cum laude

Candidates for the degree of Bachelor of Science in Nursing (RN to BSN Program) may graduate with honors if they have been in attendance at the University for two years and if they have earned a minimum of 39 credits in Saint Peter's University courses with grades other than Pass/Fail. Of these 39 credits, a minimum of 18 must be in nursing courses, exclusive of Pass/Fail.

Candidates for the Bachelor's degree who have transferred to Saint Peter's University with an Associate's degree may graduate with honors if they have been in attendance at the University for at least two years and if they have earned a minimum of 42 credits in Saint Peter's University other than Pass/Fail.

Candidates for the Associate's degree may graduate with honors (cum laude) if they have earned a minimum of 30 credits at Saint Peter's University, exclusive of Pass/Fail, Prior Learning credits, CLEP credits, that is, those credits not formally taken at the University for credit, and if they have a cumulative GPA of 3.6 for the entire academic record.

Honors for Scholarship Achievement

Deans' List

In recognition of academic excellence, selected students are named to the Dean's List. The Dean's List is named at the end of each fall and spring term. Fully-admitted degree-seeking students are eligible for consideration if they have earned a GPA of at least 3.5 for the term. To qualify, traditional day students must complete 12 semester credits and SPCS students must complete six credits in at least one eight-week term within the semester (exclusive of Pass/Fail and developmental courses). Students who receive a grade less than C or a grade of FA will not be eligible for that term. Students with any incomplete or in-progress grades are not eligible until all courses are completed. A notation will be made on the student's academic transcript each time the Dean's List honor is achieved.

Michaelmas Awards

Each year Saint Peter's University recognizes the academic achievements of students at the Michaelmas Convocation. The honorees at Michaelmas include students who have been named to the Dean's List, those who have been awarded Excellence Medals, and seniors whose academic rank in class qualifies them for admission to the Most Noble Order of the Peacock (MNOP). In identifying award recipients for the annual Michaelmas Convocation (Deans' List, Excellence Medals, MNOP Award), credits earned and grade point averages will be based only on data received in the Registrar's Office by the July 1 immediately preceding the Convocation. The Academic Year refers to the fall and spring Semesters in the traditional day student program and the fall and spring eight-week term within a semester in SPCS. Credits must be earned at Saint Peter's University or in Saint Peter's University sponsored programs. Pass/Fail and developmental courses may not be included in calculating eligibility for the Dean's List.

Excellence Medals

Gold Medals for first honors and Silver Medals for second honors are awarded to the students who have the highest and the second highest academic average for the past academic year. In determining these awards, students are divided according to year, i.e., Senior, Junior, Sophomore, Freshman. They are also divided according to school (College of Arts and Sciences, School of Business Administration, School of Education, School of Nursing, and School of Professional & Continuing Studies). Eligibility requirements for these medals include earning a minimum of 24 credits during the previous academic year for a traditional day student, or 18 credits for a SPCS student. To be eligible to receive a Senior,
Recognition of Student Achievement

Junior, Sophomore or Freshman award, a student, full-time or part-time, must have earned by the end of that year the following total number of credits:

<table>
<thead>
<tr>
<th>Award</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Senior award</td>
<td>120 credits</td>
</tr>
<tr>
<td>Junior award</td>
<td>90 credits</td>
</tr>
<tr>
<td>Sophomore award</td>
<td>60 credits</td>
</tr>
<tr>
<td>Freshman award</td>
<td>30 credits</td>
</tr>
</tbody>
</table>

Most Noble Order of the Peacock

The 10 seniors, excluding those from SPCS, who have the highest academic averages are admitted to the Most Noble Order of the Peacock, the University’s oldest scholarship organization. To qualify as an eligible senior, a student must have earned a total of 90 credits towards graduation by the preceding July 1. At least 80 of these credits must have been completed at Saint Peter’s University, or in Saint Peter’s University sponsored programs, exclusive of Pass/Fail courses.

Commencement Awards

Awards are presented each year to graduating seniors who have distinguished themselves in various disciplines. These awards are presented at the Commencement exercises and are noted in the Commencement program.

In addition to discipline-specific awards, awards are given to students based on the division in which their discipline resides and according to the school from which the student is graduating. The University also recognizes a Valedictorian each year as the undergraduate CAS, SBA, SON or SOE student with the highest GPA for courses taken at the University exclusive of Pass/Fail, Prior Learning credits, CLEP credits, or other courses not formally taken at the University for grades. When deciding among students of roughly comparable academic performance, preference may be given to the student who has taken the most credits at the University.

Honor Societies

Alpha Sigma Nu

The national honor society of Jesuit colleges and universities is open to juniors and seniors selected on the basis of academic excellence, service to the University and the community, and loyalty to the Jesuit ideal of education. Membership is limited to 4% of a given class. Students must have a minimum cumulative average of 3.5.

Saint Peter’s University has chapters of national honor societies which recognize academic achievements in specific fields or disciplines. Students may obtain more information about eligibility requirements from the appropriate department chairperson. The societies and sponsoring departments or programs are as follows:

Beta Beta Beta Biology
Sigma Beta Delta Business Administration
Gamma Sigma Epsilon Chemistry
Eta Sigma Phi Classics
Upsilon Pi Epsilon Computer and Information Sciences
Alpha Phi Sigma Criminal Justice
Omicron Delta Epsilon Economics
Kappa Delta Pi Education
Sigma Tau Delta English
Kappa Pi Fine Arts
Alpha Sigma Lambda SPCS Students
Phi Alpha Theta History
Pi Mu Epsilon Mathematics
Phi Sigma Iota Modern Languages
Sigma Theta Tau Nursing
Phi Sigma Tau Philosophy
Sigma Pi Sigma Physics
Pi Sigma Alpha Political Science
Psi Chi Psychology
Alpha Kappa Delta Sociology/Urban Studies/Public Policy
Theta Alpha Kappa Theology
Chi Alpha Epsilon EOF

Honors for Activity Achievement
Order of the Cross Keys
The Order of the Cross Keys is an honor association of outstanding well-rounded students in the traditional day program. The selection committee chooses new members on the basis of academic achievement, superior service to the University community, and character. The committee also selects each year, one faculty member, one staff member, and one administrator for honorary membership in this association. These new members are inducted on the basis of their superior service to the student body and the University community.
Admissions

Saint Peter’s University admits qualified students regardless of race, color, religion, sex, marital status, national origin, age, physical handicap, sexual orientation, or other factors which cannot lawfully be the basis of an admissions decision, to all the rights, privileges, programs, and activities generally accorded or made available to students at the University. The University does not discriminate on any basis in the administration of its educational policies, scholarship and loan programs, and athletic and other University administered programs.

Admission of Freshmen or First-time University Students

Caulfield School of Education, College of Arts and Sciences, School of Business Administration, and School of Nursing

Admission to Saint Peter’s University is based upon the student’s demonstrated academic performance, academic preparation, and potential for success in college-level study. Each application is reviewed on an individual basis. Students are expected to be academically prepared for University study.

Completed applications are reviewed, in general, on a rolling basis beginning in September for the spring semester and in November for the fall semester. In some cases, applicants will be held for further evaluation with a faculty review committee. If students have not sent a complete application, the incomplete application will be held until all the necessary documents are received. Finally, some applicants may be required to submit additional information to help with a holistic evaluation; additional materials may include: updated SAT/ACT test scores, senior year grades, or an additional recommendation or personal statement.

Saint Peter’s University recognizes and considers students’ academic rigor as an important aspect of the admission review process. Students enrolled in Accelerated Honors, Advanced Placement or International Baccalaureate course, or Dual Enrolled in college-level courses will be given the appropriate weight for admission consideration. The Admission Office will only consider college-prep course work in the academic areas listed below. Non-dogmatic religion courses, art and music courses will be considered as part of a dynamic Liberal Arts college preparatory curriculum.

Application Type:

Applicants are considered Freshman if:

• student is graduating high school in the same year they intend to enroll at the University AND have less than 12 transferable college credits
• or if student is transferring from a post-secondary institution with less than 12 transferable college credits
• or if student has completed high school but did not previously enroll and/or attempt post-secondary education.

Saint Peter’s University requires freshmen candidates to have the following college preparatory academic units:

• four years of English
• three years of college prep math (Algebra, Geometry, Trigonometry required; pre-nursing students are required to have 4 years of college prep math,
• two years of history; three total social studies
• two years of a foreign language
• three years of science (two of which should be lab sciences.)*
• Pre-nursing students must have the following science courses: laboratory based biology, laboratory based chemistry, physical science (i.e. Earth Science), any advance level science (physics, anatomy and physiology, Honors/AP level of previously taken science), and
• at least three additional units in any combination of the subject areas listed above. In exceptional cases, the Committee of Admissions may waive certain unit requirements when the quality of the applicant’s overall record shows promise of success in college-level study.

NOTE: High school elective coursework, and non-college prep coursework, will be considered in the overall admission decision but may not be calculated in the cumulative GPA considered for admission.

To satisfy general admissions requirements, the complete freshman application file must include:
• a completed application
• an official high school transcript, recommend including senior year grades (official college transcript for any college-level course work attempted and/or completed). Applicants who have completed General Education Diploma must have official test results sent along with documentation of any high school attempted/completed
• official SAT or ACT test scores; test of English proficiency may be required for some students who have been studying in the U.S. for less than two years and for whom English is not the first language or spoken at home
• students applying as test optional candidates must complete an additional essay in lieu of the SAT or ACT test scores (test scores may be required for some students depending on the following: applying to the Honors Program, Equal Opportunity Fund (EOF), and applicants to the Pre-Nursing (BSN) program. Additionally, all recruited student athletes will be required to submit SAT or ACT test scores for NCAA clearance.
• two letters of recommendation (school counselor form and a teacher recommendation)
• personal statement

The above may be waived at the discretion, or direction, of the Dean of Admissions. However, omission of any of the above information may have an impact on admission.

Freshman applicants interested in the Bachelor of Science in Nursing must apply to the one-year pre-nursing track. Candidates will be evaluated based on the above and the following additional criteria:

• minimum of two college-prep lab based sciences (Biology and Chemistry) and a total of three years of college preparatory science; four years of college preparatory science strongly recommended
• minimum of three years of college preparatory math (Algebra I and II, Geometry) and a fourth year of college preparatory math strongly recommended
• selective consideration is based on overall cumulative grade point average, but student performance in the math and sciences is reviewed independently; a cumulative GPA of 3.0 strongly preferred
• SAT or ACT test scores

Students not meeting these criteria will be evaluated but not meeting these criteria may have an impact on student preparedness, thus admission to the Pre-nursing program. Applicants not meeting the criteria for Pre-nursing may be offered admission into alternative choice major, or offered admission to an Alternative Admission Program; students offered admission to another program will not be eligible to enroll in the Nursing program as an internal transfer. Transferring to the second year of the Nursing program (first year of the BSN) is not possible if enrolled in another program of study at Saint Peter's University.

Students admitted upon review of application to the Pre-nursing program will be required to meet first-year progression criteria in order to continue to the second year Nursing program. Advancement to the sophomore year, and the BSN degree program is is not a guarantee. (See School of Nursing section of the catalog for progression requirements.)

Accelerated BSN Program

The Accelerated BSN program is offered to candidates holding a Bachelor degree in another discipline but who wish to earn a Bachelor of Science, Nursing degree. This program is designed as a cohort based program, 15 months continuous enrollment (fall-spring-summer-fall) to completion. Fall term admission only.

Application Requirements

• Official Application (Apply online or request an application by phone or mail.) (https://admissions.saintpeters.edu/apply/?sr/4dd2c3da-200e-4964-9e82-84d2255405d/). February 1st application deadline for fall enrollment
• Official transcripts* from all prior nursing schools/colleges/universities attended

Academic Prerequisites:

• Bachelor's degree from accredited college/university
• 3.0 cumulative GPA
• B or greater on prerequisite science courses
• Biology with lab
• Human Anatomy & Physiology I with lab
• Human Anatomy & Physiology II with lab
• Microbiology with lab

• Satisfactory results on the TEAS Exam (78% or higher)
• Minimum C+ or greater on all other prerequisite courses
  • One of the following:
    • Psychology – Introduction to Psychology or
    • Sociology – Principles of Sociology

• Admissions deposit and enrollment commitment.

*Provisional admission decision can be may be processed using unofficial copies of transcripts, but official versions must be received in order to be fully admitted to the program

**Alternative Admission Programs and Transition to College Opportunities**

**Early Admissions**

In exceptional cases, students who have met the requirements for earning their high school diploma upon completion of the junior year of high school may apply for admission. Students must submit a letter of support from their parental guardian and from either their high school principal or guidance counselor. Students interested in Early Admission may be required to meet for an interview prior to the final admission decision.

**Academic Success Program (ASP)**

ASP is designed to give students who do not meet the general admissions criteria previously outlined, but show great promise for success with college-level work. Students are admitted to the University and specifically to the Academic Success Program. Students are invited to a pre-college Summer Academy, in an effort to introduce students to college success skills. This program is not credit-bearing. In addition to the benefits of Summer Academy, students are enrolled in ASP sections of core Liberal Arts classes and participate in supplementary mentoring and study skills sessions. Upon successful completion of the first year, students will complete the Academic Success Program and receive advising for transition into an academic degree program. Students are not eligible to transition into the BSN program.

**Educational Opportunity Fund Program (EOF)**

The program offers access to higher education to students who meet the academic and financial guidelines established by the State of New Jersey and Saint Peter's University. Eligible students will receive financial and academic support services. Students are required to attend a summer program prior to their first semester as full-time freshmen. Students will have the opportunity to earn three (3) college credits during this time. Interested applicants must be New Jersey residents and should apply first for admission to Saint Peter’s University through the Office of Admissions. Students admitted to Saint Peter’s will then apply to EOF. Admission to the University does not guarantee admission to EOF.

**TRIO (SSS) E.D.G.E. at Saint Peter’s University**

The Student Support Services (SSS) at Saint Peter’s helps low-income and first-generation students to stay in college until they earn their Bachelor degrees. The program also serves students who are disabled. All students receive tutoring; counseling and if needed remedial instruction. TRIO (SSS) offers participants a comprehensive four-year program, entitled the E.D.G.E. (Engage, Discover, Gain Experience, Excel), that features results-oriented services and activities to help increase retention and graduation rates.

**Accelerated College Experience (ACE)**

ACE is designed to enrich the educational development of academically talented high school juniors and seniors by offering these students the unique opportunity to earn up to 12 college credits for advanced course work completed at
Admission of Transfer Students

Students who have attended regionally-accredited two-year or four-year colleges or universities may apply to the University as transfer students. In order to qualify for advanced standing, applicants must have a cumulative GPA of 2.0 or better. However, admission is selective and the quality of previous college-level work attempted and completed will be taken into consideration for the final admission decision.

In some cases, transfer candidates may be invited to an Alternative Admission Program, like Academic Success Program in order to meet the academic standards and expectations for success in their intended program of study. In these cases, students will be required to complete the Summer Academy and meet all satisfactory academic progress requirements.

Transfer credit is granted for all previous college-level courses corresponding to courses offered at Saint Peter’s University for which a minimum grade of C was earned. Additionally, other types of advanced credit like Advanced Placement and CLEP will be reviewed for possible credit equivalency. All final decisions regarding course equivalencies and credit transfer are made by the appropriate dean of the school or college the student is applying to within the University.

The maximum number of credits a student may transfer from a two-year college is 66 credits. Upper-division courses (numbered 300 and above) may not be taken at a two-year college. The maximum number of credits that may transfer from a four-year institution is 90. The last 30 credits of the degree must be completed at Saint Peter’s University. In addition, at least one-half of the major and minor credits must be completed at Saint Peter’s. Credit courses from institutions with other than regional accreditation are evaluated on a case-by-case basis. Credit may be awarded according to recommendation of the American Council on Education.

Application Type:

Applicants are considered transfer students if:

- students previously and/or currently enrolled, part-time or full-time, in community college, college, or university with 12 or more transferable credits
- or students who have previously completed an Associate’s degree at a regionally accredited college or university
- or students who have previously completed a Bachelor’s degree and are applying to the Bachelor of Science in Nursing program

Candidates applying for admission to the University with advanced standing must submit:

- an official application
- official transcripts of all previous college work from each institution attended
- course descriptions may be required for course evaluation
- students with fewer than 12 transferable credits are required to submit an official high school transcript and SAT or ACT test scores. (students who have not previously taken standardized test scores or test scores five years or older will not be required but may be required to submit a personal statement.)

Transfer Admission to the BSN Nursing Students

Transfer applicants wishing to be considered for the generic BSN Nursing Program are selected based on a combination of criteria including, but not limited to, pre-requisite course work, academic performance in general, and academic excellence in required courses. Space in upper-level Nursing is limited, and ability to receive new students is evaluated annually.

Students should present a minimum GPA of a 3.0 or higher. Pre-requisite courses must be completed prior to matriculating into the program; students in progress of course work may present mid-term grade reports during the admission process, but will be required to show final grades for enrollment. Additionally, transfer students must complete the TEAS V test with a score of at least 78%. Students in progress of completing the TEAS V but have met
all other admission selection may be conditionally admitted however, final TEAS V results must be received prior to matriculation. Transfer applicants will be evaluated holistically using all admission material submitted.

NOTE: Students transferring from other Baccalaureate Nursing programs are required to have a B- (2.7) or higher cumulative grade point average. Students may not transfer into the BSN program from another Saint Peter's University program.

Pre-requisite coursework for the Generic Nursing Program (year one or year two) include:

- Biology with B or better
- Chemistry with lab with a B or better
- Anatomy and Physiology I and II with lab and C+ or better. B- or better strongly recommended.

NOTE: Science coursework must not be more than five years old from time of enrollment

- Liberal Arts curriculum requirements include, but may not be limited to:
  - English I and II (Composition and Literature)
  - College level Mathematics (College Algebra and Statistics)
  - History, Psychology (Developmental) and Sociology
  - Philosophy and Ethics
- Students are required to take the TEAS V skills assessment test with a score of 78% or higher (no more than two attempts)
- Students applying from other nursing programs may not have any failing grades, nor have been expelled from the Nursing program

Students applying to the University’s upper-division RN-BSN Nursing Program leading to the degree of Bachelor of Science in Nursing must submit additional materials; please contact the Office of Admission for information about additional criteria.

Transfer Admission to Caulfield School of Education

Transfer applicants wishing to be considered for the Caulfield School of Education will be evaluated based on previous college-level coursework and achievement. The following criteria are based on the New Jersey state certification board and are required in order for the student to receive licensure and certification. Students may be admitted to the Caulfield School of Education but must maintain, and complete, these requirements to meet state standards for certification.

Enrollment criteria include:

- Cumulative grade point average of 3.0 or higher: students must maintain a 3.0 or better once enrolled.
- Successful completion of either ED-160 (Education and School in Multicultural Society) or ED-170/ED-203 (Child and Adolescent Psychology or Educational Psychology.)
- Students must also complete an entrance interview with, and receive a recommendation from, a School of Education faculty member.
- Complete and pass Praxis I Core Exam.

Students will have until the end of the first semester of enrollment to meet these standards. Inability to meet the requirements will result in the student being advised into another program of study within the University.

Transferring to Saint Peter’s University Honors Program

Students who wish to be invited to the Honors Program must have a cumulative grade point average of 3.5 or higher. Students will be invited upon acceptance to the University and after consultation via interview with the Honors Program Director.

Transferring to Saint Peter's University EOF Program
Transfer students who wish to be considered for EOF at Saint Peter's University must have participated in the EOF Program at the previous institution. Applicants must first proceed through the application process for admission. If admitted to the University, students can then submit an application for EOF.

NJ Community College Partnerships and Transferring to Saint Peter's University

Saint Peter's University holds several New Jersey Community College partnerships to assist students enrolled in Associates degree and who wish to transition to a Bachelor degree program. The University continues to add partnerships for admission with benefits like generous scholarship incentives, internships and career preparation opportunities. To find out more about partnerships and agreements please contact the Office of Admission at 201-761-7100 or visit our transfer admission page of the website at www.saintpeters.edu/transfer/. Saint Peter's is a member of NJTransfer.org.

Admission of International Students (Freshmen and Transfer)

Application Process

The Admission Committee will review completed applications thoroughly, and will consider academic achievement, difficulty of curriculum, standardized test scores, personal statement/essay, letters of recommendation, and extracurricular involvements. Undergraduate applicants must show evidence of achieving the equivalent of a high school diploma in the United States. Transfer applicants must show the equivalency of university-level study appropriate for pursuing a Bachelor’s degree in the United States.

Application Type:

• International applicants are any student applicant who does not hold U.S. Citizenship nor permanent resident student status.

International Applicants (freshmen and transfer) must submit material in addition to what is required above:

• Official transcripts in original language with English language translation/evaluation (if applicable). Transfer students are required to submit a course-by-course evaluation of courses taken at the post-secondary level outside of the United States from a NACES approved evaluation service; transfer students applying to Nursing must use the World Education Service (WES) evaluation services.
• Official copy of TOEFL, or IELTs if English is not the student’s native language; students may also provide evidence of English proficiency with a minimum of 450 or higher on the SAT Critical reading (or equivalent on the ACT).
• All applicants seeking an F-1 student visa are required to submit an affidavit of financial support with proof of funding. Contact the Office of Admission for more information.
• Copy of main passport page.

Additional Information about evaluating International Applications:

Evidence of Educational Experience

To evaluate educational background fairly and accurately, the University needs specific information about a prospective student's schooling and examination/test results. All official documents must be submitted directly from the appropriate issuing institution(s) to Saint Peter’s. These documents must list courses taken with credits, points, or hours per course and grades awarded, and must specify any educational degrees, certificates, or titles awarded. These documents must bear the original seal or stamp and the signature of an official of the issuing institution followed by a certified English translation (if applicable). Applicants can utilize their local EducationUSA office for assistance in verifying documents. Any documents received from an EducationUSA officer or directly from the issuing educational institution office are deemed as original documents.

Examination results and score reports must be sent directly from the testing/examination authority to Saint Peter’s. Examples of such examinations are the TOEFL, IELTS, SAT, ACT, or completion of an approved language level at one of the University's ESL partner institutions. Please visit www.saintpeters.edu/international for minimum testing requirements. Certified copies may be accepted while we wait for originals.
The University asks that applicants provide explanation(s) on a separate sheet of paper if they have had additional years of schooling or if education differs from the requirements for admission to the major institutions of higher learning in the applicant’s home country.

Saint Peter’s University reserves the right to verify all submitted documents with the issuing institution. Applicants may be asked to provide further proof of your educational history.

**Personal Statement/Essay**

Applicants are asked to write a personal statement, as part of the application process, of at least one page (500 words). The questions can be found within the international student application.

**Letters of Recommendation**

Letters of recommendation should be sent by the applicant’s school guidance counselor, headmaster, English teacher, teacher of choice, and/or community volunteer supervisor. Forms for the recommendation are included with this application but may be substituted with a written letter on school or company letterhead.

**Notification of Admission Status**

Applications are reviewed after receipt of a completed application packet and supporting documentation. If any portion of an application packet needs further action the University will notify the applicant via e-mail. As soon as the application is complete, an admission decision will be made, and applicants will be notified by the Admission Office. The Admission Office is the only office authorized to notify international students of their acceptance to Saint Peter’s. Depending on where an applicant lives, they can expect an admission decision on a completed application within three weeks after receipt of ALL application materials.

**International Student Application Deadlines**

It is recommended that applicants submit a completed application packet at least three months before the semester in which they wish to enroll. In order to process an application for admission in a timely manner, the following deadlines have been established:

- Fall Semester: August 1
- Spring Semester: December 1

The University may consider completed applications received after the specified deadline as time permits.

**F-1 Status (Student Visa)**

International students are permitted to study in the United States if they meet U.S. Immigration and Naturalization Service requirements. An F-1 visa to enter the U.S. is issued only to students who: a.) present evidence of regular admission to a full-time course of study in the U.S.; b.) have financial support for the entire period of study in the U.S.; and c.) intend to return to their home country once studies are completed.

The U.S. embassy or consulate in a student’s area will be able to provide the specific requirements for applying for an F-1 visa from the home country. To be eligible for an F-1 visa, students must present a Certificate of Eligibility (Form I-20 A-B) issued by the U.S. institution at which they plan to study. Saint Peter’s can issue Form I-20 only to those students who meet all admission requirements as specified in this application packet. Students currently on F-1 visas can be issued an Intent to Transfer form.

**Documentation for Travel from Outside the U.S.**

Students will be mailed the Form I-20 with their acceptance letter. Students will present this form, along with supporting documentation, to the U.S. embassy or consulate in their area. Students must have a valid passport issued by their home country for the visa application process and pay any necessary processing fees. Collecting documentation and scheduling appointments to complete the visa application process may cause unexpected delays. Therefore, it is recommended that students complete and submit the application packet to Saint Peter’s at least three months prior to the semester in which they plan to begin studies. Early submission should allow ample time to receive the Form I-20, meet with U.S. consular officers, and make travel arrangements.
**Documentation for Travel from Inside the U.S.**

Upon a student’s acceptance, they will be mailed a Transfer Authorization Form (to be completed by the designated official at the student’s current institution) to verify the F-1 status. Students who will come to Saint Peter’s from within the United States will be issued a Form I-20 after the transfer process has been completed. If students plan to return to their home country, or travel outside the U.S. before coming to Saint Peter’s, the student must notify the Saint Peter’s University international student advisor of their intentions at least three weeks prior to departure from the U.S. so appropriate arrangements can be made and documentation can be prepared for the student to reenter the U.S. Applicants in any status other than F-1 will be sent further instructions for status change if necessary.

**Admission of Veterans**

All veterans who were students in good standing at Saint Peter’s University before entering the service will be readmitted if they apply in due time before registration. Veterans who have not previously attended any institution of collegiate rank should follow the admission procedures for new students. Veterans who have attended another institution and wish to transfer to the University should follow the admission procedures for transfer students.

Credit for formal service courses and schools, when granted, is based on the recommendations described in *A Guide to the Evaluation of Educational Experience Gained in the Armed Services*, published by the American Council on Education. Credit also is granted for college courses sponsored by the University of Maryland and made available to service members.

Veterans who are eligible to receive tuition benefits from the Veterans Administration should file the necessary forms.

Saint Peter’s University participates in the Yellow Ribbon program. After the Post 9/11 G.I. Bill benefits are applied, the University will match the 50% Yellow Ribbon contribution towards the tuition balance.

**Students with Disabilities**

Students with learning disabilities may be admitted to Saint Peter’s University provided they meet the University's standard requirements for admission. **Saint Peter’s University does not offer a comprehensive program for students with learning disabilities.** However, accommodations will be made whenever possible. For more information, please refer to the section on Academic Policies and Regulations.
Student Financial Aid

Basic Information About Student Financial Aid

The Student Financial Aid Office at Saint Peter’s University is committed to helping students and their families afford a quality, Jesuit education. The University assists students in obtaining the financial resources for education, which include scholarships, grants, loans, and work-study programs.

To receive the fullest consideration for all forms of financial assistance - federal, state, and institutional aid - students must file the Free Application for Federal Student Aid (FAFSA).

In order to allow time for processing applications and to receive the fullest consideration for all available financial aid, students should submit applications prior to April 15.

Estimated College Expenses

The amount of money needed to attend college, including tuition, fees, books, transportation, housing, meals, and personal expenses, is the college budget. If the college budget is greater than a student’s family contribution, the difference is that student’s financial need.

Current cost of attendance information can be obtained from the Office of Student Financial Aid and the University website.

Application Procedure

To apply for financial aid, students must file the Free Application for Federal Student Aid (FAFSA) in order to be considered for federal, state, and Saint Peter’s financial aid. Students should write in “Title IV Code 002638 Saint Peter’s University, 2641 Kennedy Blvd., Jersey City, NJ” in the appropriate section of the FAFSA. The FAFSA should be completed online at www.fafsa.ed.gov. For renewal Tuition Aid Grant students, the FAFSA needs to be processed by April 15 prior to the beginning of the fall term.

Application forms are available from the Enrollment Services Center as well as high school guidance counselors’ offices and public libraries. Students are encouraged to apply by March 15th for the fullest consideration of all forms of aid. The application process may change from year to year; therefore, students should contact the Student Financial Aid Office for the most current filing procedures.

Continuation of College-Awarded Scholarships and Incentive Awards

Students who have been awarded academically based scholarships are expected to maintain superior academic standing. Students who do not achieve scholarship-level performance may forfeit their awards. All awards require the maintenance of Satisfactory Academic Progress; some require a minimum cumulative GPA of 3.0.

Additional Information

In addition to the information contained in this catalog, several other brochures available at the Saint Peter’s University Financial Aid Office contain pertinent financial aid information, including federal, state, and institutional assistance. Students have the right to obtain such information. Students also have the right to appeal financial aid awards by writing to the Scholarship Appeals Committee through the Director of Student Financial Aid. Students receiving financial assistance must be in good standing and must maintain satisfactory progress in their course of study.

Students should contact the Student Financial Aid Office for additional information regarding the University’s refund and repayment policy, award packaging policy, satisfactory academic progress, rights and responsibilities of student aid recipients, or any terms and conditions regarding financial aid awards. Such policies and statements may vary from year to year and are very lengthy and technical in nature. As such, the full version of this information is available to students in the Enrollment Services Center upon request.

Satisfactory Academic Progress

In order to retain eligibility for federal, state, and most institutional financial aid, students must maintain satisfactory progress (referring to the completion rate and GPA) in their academic program. The definition of satisfactory progress
was formulated to meet the minimum standards mandated by both the Federal Government and the State of New Jersey.

**Financial Aid Probation**

Students who are placed on Academic Probation (see "Academic Standing") will also be placed on Financial Aid Probation. Students will be informed in writing that their eligibility for federal, state, and most institutional aid is in jeopardy. This probationary status will remain in effect until either the student meets the requirements for good academic standing or the student’s cumulative GPA or percentage of credits completed places the student into Financial Aid Suspension (see below).

**Financial Aid Suspension**

Students will be ineligible for federal, state, and most institutional aid when their academic progress fails to meet either the Attempted Credits and GPA Assessment or the Attempted Credits and Completion Rate Assessment.

### Attempted Credits and GPA Assessment

<table>
<thead>
<tr>
<th>Attempted Credits</th>
<th>Minimum Cumulative GPA Needed</th>
</tr>
</thead>
<tbody>
<tr>
<td>24-47</td>
<td>1.5</td>
</tr>
<tr>
<td>48-71</td>
<td>1.8</td>
</tr>
<tr>
<td>72-95</td>
<td>1.9</td>
</tr>
<tr>
<td>96+</td>
<td>2.0</td>
</tr>
</tbody>
</table>

### Attempted Credits and Completion Rate Assessment

<table>
<thead>
<tr>
<th>Attempted Credits</th>
<th>Completion Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>24-47</td>
<td>50%</td>
</tr>
<tr>
<td>48-71</td>
<td>54%</td>
</tr>
<tr>
<td>72-95</td>
<td>58%</td>
</tr>
<tr>
<td>96-119</td>
<td>62%</td>
</tr>
<tr>
<td>120-180</td>
<td>67%</td>
</tr>
</tbody>
</table>

The completion rate is calculated as the number of passed credits (remedial and college-level credits for which a student earned a passing grade) divided by the number of attempted credits (the total of earned credits, remedial credits, and credits for which a student has received a grade of WD, F, FA, IC, IT, or IP). Courses dropped during the published 100% refund period and audited courses are not treated as attempted or earned credits. For courses that have been repeated, attempted and earned credits for all occurrences are included. For transferred courses, credits accepted will be included in attempted credits only for the purpose of determining placement in the chart above.

Regardless of cumulative GPA and completion rate attained at any time, students will be ineligible for federal, state, and most institutional financial aid when their total credits attempted exceed 150% of the credits required for their program.

Progress will be monitored at the end of the spring term by the appropriate academic dean. Students not meeting satisfactory academic progress may regain their satisfactory status during subsequent academic terms without the benefit of student financial aid. Prior to reinstatement of financial aid, the academic dean will determine if the completion rate and GPA are sufficient to consider the student as once again making satisfactory progress. Students who have been judged not to be making satisfactory progress may appeal that judgment to the Director of Financial Aid and the dean. Appeals may be granted due to serious illness, severe injury, or the death of a relative and must be submitted in writing no later than one month after notification of the deficiency. Appeals may be granted one time under these circumstances only if it is possible for a student to mathematically meet the qualitative and quantitative program requirements within 150% of the published length of the program.

A degree audit is performed for any student who changes programs or pursues an additional major. If a student has exceeded the maximum time frame based on total attempted credits, including transfer credits, additional time to attempt the remaining credits required for completion may be granted if courses already taken are not applicable to the new programs or if additional courses are needed to earn an additional major.
Saint Peter’s University Scholarships and Grants

Academic Awards
During the admission process based on GPA and SAT scores students will be considered for academic scholarships which range from $9000 to full tuition.

Saint Peter’s University Grants
These awards, which vary in amount, are awarded on the basis of financial need. Students must file the Free Application for Federal Student Aid (FAFSA) for consideration.

Athletic Scholarships
These scholarships are awarded for men's and women's varsity sports through the Athletic Department on the basis of athletic ability and academic qualifications in accordance with the NCAA regulations.

University Work-Study Program
Part-time employment opportunities which provide financial assistance to enable students to meet educational expenses.

Federal and State Financial Programs
Award values may be altered as a result to changes in legislation of appropriations.

Federal Pell Grants
Grants of up to an estimated $6,195 per year. These grants provide a foundation for many financial aid packages. Eligibility for those grants is extended to half-time students.

Federal Supplemental Educational Opportunity Grants (SEOG)
These grants are for undergraduates with exceptional financial need; priority is given to Pell Grant recipients.

Federal Work-Study Program
Part-time employment opportunities which provide financial assistance based on need and can be combined, as far as feasible, with loans or grants to the extent necessary to enable students to meet educational expenses.

Governors Urban Scholarship Program (State)
The Governor's Urban Scholarship Program provides a Merit Award to High-Achieving students who reside in New Jersey's 14 designated high-need communities encouraging these students to pursue their higher education in N.J. Students eligible for the award will receive $1,000 per academic year.

New Jersey Tuition Aid Grants (State)
Grants of up to $12,938 per year to eligible students; based on the extent of financial need.

Educational Opportunity Fund Grants (State)
Grants of up to $2,650 per year to students with exceptional financial need from educationally disadvantaged backgrounds.

New Jersey Student Tuition Assistance Reward Scholarship II (State)
Grants of up to $2,500 per year to students that enables successful NJ STARS scholars to transfer to a New Jersey four-year public or non-public college or university and earn a bachelor's degree.

Federal Stafford Loans (Subsidized and Unsubsidized)
Long-term delayed repayment loans for qualified students. These need-based loans, when added to the financial aid/resources and the expected family contribution, may not exceed the total cost of education for that academic year. A needs analysis test is required and applicable loans are multiply disbursed according to enrollment.
Federal PLUS Loans

PLUS loans may be applied for by parents of dependent students for up to the cost of attendance and are not based on financial need.
Tuitions and Fees

University tuition and fees are reviewed annually by the Board of Trustees in relation to projected operating costs. The Board of Trustees reserves the right to increase tuition and fees prior to the expiration of this General Catalog.

Current tuition and fees can be found on the University webpage at http://www.saintpeters.edu/enrollment-services/student-accounts/tuition-and-fees/

Guidelines For Flat-Rate Tuition - Traditional Day Students

Overload Tuition (per credit in excess of 18 semester hours, Fall & Spring Semesters) $595

The full-time undergraduate tuition for the fall semester includes a minimum of 12 credits and a maximum of 18 credits, in total, taken during the fall semester (day) and Fall trimester (evening). Credits in excess of 18 will be charged the Overload Tuition Rate, whether taken in day, evening or trimester. The full-time undergraduate tuition for the spring semester includes a minimum of 12 credits and a maximum of 18 credits, in total, taken during the spring semester (day) and the spring trimester (evening). Credits in excess of 18 will be charged the Overload Tuition Rate, whether taken in day or evening.

The section on Academic Policies and Regulations describes the regulations governing the number of credits a student may register for in any given semester. The regulations are based on a student’s academic record and performance, such as the number of credits the student has already taken, the student’s GPA, and whether the student is on probation or suspension.

Any courses dropped after the 100% refund withdrawal date will be considered part of the overall Flat Tuition Rate.

Part-time traditional day students pay the traditional day student rate for all credits, whether taken in the day or evening. Traditional day students taking summer classes will be charged the Summer Session Tuition Rate.

Dropping or Withdrawing From Courses

Any student wishing to withdraw from the University or obtain a leave of absence must secure and complete the appropriate form from the Enrollment Services Center. Students withdrawing from the University for any reason after the start of any term will receive refunds according to the University’s refund schedule. Overload credits dropped after the end of the add/drop period for the semester are subject to Overload Tuition, less refunds, in accord with the University’s refund schedule.

Students who have registered as full-time students and who subsequently drop courses and thus become part-time students will be responsible for paying the higher of: a) full-time tuition less the refund they would receive if they had withdrawn completely from the University or b) the per-credit part-time tuition for the courses in which they remain enrolled.

For scholarship students, any courses dropped after the add/drop period are counted toward their credit limit as stated in the letter of award.

Change of Enrollment

Students desiring to change their enrollment status must obtain the approval of both the appropriate Dean and the Dean of the School of Professional and Continuing Studies. The form required for that change of enrollment status may be obtained in the Enrollment Services Center. Such a change may have a significant financial aid or scholarship consequence, and may affect eligibility to live on campus.

Payment of University Costs

Upon the decision to enroll at the University, freshmen will be required to make a non-refundable deposit which will be applied as a credit toward the first term’s bill for tuition and fees. If the student fails to register and attend classes, the entire deposit shall be forfeited.

All University costs are payable in full before the date stated in the Academic Calendar for each term. It is recommended that payment be made by credit card, check, or money order payable to SAINT PETER’S UNIVERSITY.
In addition to paying University costs by credit card, check, or money order, the following optional methods may be available. Please contact the Enrollment Services Center for a detailed description of the optional methods.

1. Students may use their own credit cards (VISA, MasterCard, Discover or American Express) for payment of University costs by opting for the Saint Peter’s monthly installment plan. For semester students, a five-month plan is available and for trimester students, a three-month plan is available. In the summer, a two-month plan is available.

2. If students wish to pay University costs with a parent’s or relative’s card, the owner of such card must be present.

The Trustees of the University do not permit any office to send any letter of recommendation, or the Registrar’s Office to issue a degree, diploma, academic transcript, or scholastic record until all financial obligations have been satisfied.

**Institutional Refund Policy - Tuition and General Fees Related to Schedule Changes During Add/Drop Period**

Students wishing to adjust their schedules may do so without penalty during the first week of classes. They may add or drop classes only with the approval of their advisors. Any charges made for tuition and lab fees for courses officially dropped during this period will be refunded at 100%. A reduction in the number of courses carried may result in a reduction in the level of financial aid. Please consult with the Student Financial Aid Office, if you have questions. No financial adjustment is made for courses dropped after the fourth week of the term. Exception to this is the intersession and summer sessions. See charts below. This policy does not apply to withdrawals or leaves of absence (Students are not permitted to drop all courses without withdrawing or taking a leave of absence).

**Institutional Refund Policies - Tuition and General Fee Refund Policy Related to Withdrawal/Leave of Absence**

The University’s refund policies for students withdrawing or taking a leave of absence are described in the paragraphs below. This policy is applicable to an individual student and is determined by the particular circumstances of the student, including the timing of the withdrawal/leave of absence, and whether or not the student is a participant in a federal or state financial assistance program. No refund is paid to any student who is suspended or required to withdraw, or who leaves voluntarily without first securing the written consent form (Withdrawal or Leave of Absence) from Enrollment Services, getting the required signatures, and submitting the completed form to Enrollment Services.

**Students Not Receiving Federal or State Aid**

Students who take a leave of absence or withdraw for any reason during the first four weeks of the semester or trimester, are entitled to a prorated refund of certain institutional charges (see list of refundable institutional charges below). Prorated charges are based upon the date of actual withdrawal (as determined by the University in accordance with the withdrawal/leave of absence procedure) according to the following schedules.

Refunds of Federal and State Aid

When a student takes a leave of absence or withdraws from the University, federal and state regulations may require the University and/or the student to return a portion of the aid received as described below.

Federal Title IV Refund Policy

When a student takes a leave of absence or withdraws before completing 60% of the enrollment period, federal regulations require the University and/or the student to return that portion of federal aid funds which has not been earned. This is calculated as follows:

1. The percentage of federal aid earned is calculated by dividing the number of days of the enrollment period completed by the total number of days in the enrollment period.
2. The amount of federal aid earned is calculated by multiplying the percentage of federal aid earned by the amount of federal aid that was disbursed plus the amount of federal aid that could have been disbursed. (Please note that funds that have not met the requirements for disbursement will not be disbursed to the student).
3. The student is entitled to keep all earned federal aid which has been disbursed and is entitled to receive a post-withdrawal disbursement of all earned federal aid could have been disbursed.
4. All other federal aid will be returned or canceled.

Refunds of State Aid

When a student withdraws and receives a refund of Institutional Charges, state regulations require the return of a percentage of state aid received. This is calculated as follows:

1. Determine the percentage of total aid that is state aid by dividing the amount of state aid (excluding work earnings) awarded by the total amount of financial aid (excluding work earnings) awarded.
2. Calculate the amount of state aid to be returned by multiplying the percentage of total aid that is state aid by the amount of institutional charges refunded.
3. If a student utilizes any part of an award, it will be treated the same as a full semester payment in calculating the number of semesters of eligibility. Therefore the student may decline the state award and repay the award for the payment period.
Institutional Refund Policies - Appeal Process

A student may appeal a refund to the appropriate dean. The appeal must be in writing, signed, and should include a detailed description of the extenuating circumstances upon which the appeal is based, including copies of any supporting documentation. University administration will review the appeal and notify the student of the decision in writing.
Courses of Instruction - Undergraduate

Course Descriptions

AC Courses

AC-151. Principles of Accounting I. 3 Credits.
Fundamental principles of accounting for business entities; the reporting of financial information to users; basic
considerations underlying financial and cost accounting data from a management point of view.

AC-152. Principles of Accounting II. 3 Credits.
Fundamental principles of accounting for business entities the reporting of financial information to users basic
considerations underlying financial and cost accounting data from a management point of view. Prerequisites:
AC-151.

AC-295. Credited Internships. 3 Credits.

AC-325. Forensic Accounting. 3 Credits.
A basic practical understanding of Forensic Accounting as a management tool. Prerequisites: AC-152.

AC-331. Intermediate Accounting Theory I. 3 Credits.
Traditional financial accounting topics, including recent developments by the leading professional accounting
organizations. Prerequisites: AC-152.

AC-332. Intermediate Accounting Theory II. 3 Credits.
Traditional financial accounting topics, including recent developments by the leading professional accounting
organizations. Prerequisites: AC-331.

AC-341. Advanced Accounting Theory. 3 Credits.
Study of specialized subject areas rounding out the accounting knowledge required by the beginning career
accountant. Prerequisites: AC-332.

AC-420. Principles of IT Auditing. 3 Credits.
Principles of IT Auditing examined from the point of view of information systems and management. IT operations will
be examined from both standalone and global environments. The Cobit framework will be introduced for auditing IT
operations. Prerequisites: AC-151 OR IS-380 OR PERMISSION OF INSTRUCTOR.

AC-443. Cost Accounting. 3 Credits.
Study of cost accounting information systems and their importance as an essential management tool. Prerequisites:
AC-332.

AC-444. Auditing Principles. 3 Credits.
Study of auditing standards associated with the examination of corporate accounts. Emphasis on audit objectives.
Additional course fee of $45. Prerequisites: AC-332 Course Type(s): Capstone.

AC-455. Taxation. 3 Credits.
Practical understanding of the Federal Income Tax Law including the basic principles of the Law and their practical
application. Prerequisites: AC-152.

AC-474. Accounting for Intercorporate Investment. 3 Credits.
Study of accounting for intercorporate investment parent-subsidiary relationships purchase vs pooling of interests
indirect and reciprocal holdings. Prerequisites: AC-332.

AC-480. Integrated Accounting Capstone. 3 Credits.
This course will provide a comprehensive, practical overview of the accounting curriculum, including Principles of
Accounting I & II, Intermediate Accounting Theory I & II, cost accounting, advanced accounting theory, auditing
principles, and financial reporting. The course will be taught in part by introducing the student to case studies
based on current real-world accounting issues. This methodology will allow the students to apply their knowledge
of accounting to real-world scenarios, demonstrating competency in both their knowledge base and their ability to
identify and solve accounting issues.
AC-495. Pathway to the CPA. 3 Credits.
This course will provide an overview of the 4 parts of the CPA examination, Auditing & Attestation (AUD), Financial Accounting & reporting (FAR), Regulation (REG) and Business Environment & Concepts (BEC). This course will provide an extensive review of the accounting and business knowledge base required to prepare for the AUR and FAR parts of the CPA exam. This course will also provide an opportunity for the student to assess their CPA exam readiness through practice tests and practice task-based scenarios.

AN Courses

AN-100. Introduction to Asian Studies. 3 Credits.
An introduction to the geography, history, and cultures of Asia, as well as to Asian studies as an academic discipline.

AN-113. Elementary Mandarin Chinese I. 3 Credits.
An introduction to the tones, pronunciation, characters and basic grammatical principles of Mandarin Chinese. Only for students with no previous Mandarin. Course Type(s): Core curriculum course.

AN-114. Elementary Mandarin Chinese II. 3 Credits.
An introduction to the tones, pronunciation, characters and basic grammatical principles of Mandarin Chinese. Only for students with no previous Mandarin. Prerequisites: AN-113 OR JP-113 OR INSTRUCTOR APPROVAL.

AN-130. Elementary Japanese I. 3 Credits.
An introduction to the basic language skills of speaking, reading, listening, and writing Japanese through a variety of media. Course Type(s): Core curriculum course.

AN-131. Elementary Japanese II. 3 Credits.
An introduction to the basic language skills of speaking, reading, listening, and writing Japanese through a variety of media. Prerequisites: AN/JP-114 OR 2-3 YEARS H.S. JAPANESE OR INSTRUCTOR PERMISSION.

AN-134. Intermediate Japanese I. 3 Credits.
Further practice to mastering the basic concepts of rudimentary communication in Japanese. Prerequisites: AN/JP-114 OR 2-3 YEARS H.S. JAPANESE OR INSTRUCTOR PERMISSION.

AN-135. Intermediate Japanese II. 3 Credits.
Further practice to mastering the basic concepts of rudimentary communication in Japanese. Prerequisites: AN/JP-134 OR INSTRUCTOR PERMISSION.

AN-228. Asian Film. 3 Credits.
This course introduces students to the history of Asian film industries and landmark films. They will look at the major films and film makers of Hong Kong, Japan, Taiwan and Korea, as well as the popularity of the anime phenomenon and Indian Bollywood films. Course Type(s): Pluralism,Core curriculum course.

AN-232. China: Environmental Change and Possibilities. 3 Credits.
This course focuses on the social, political, economic and cultural variable that impact the Chinese environmental deterioration and these consequences for the world at large. Alternative models of environmental conservation are included. Prerequisites: SO-121 OR UR-151; Course Type(s): Pluralism,Core curriculum course.

AN-270. History and Culture of Japan. 3 Credits.
A survey of Japanese history from its origins to the present and examination of its culture, as expressed through its customs, art, music, film and food. Course Type(s): Pluralism,Core curriculum course.

AN-320. Marco Polo and the Silk Road. 3 Credits.
Exploration, through literature, art, film, and music, of Marco Polo’s adventures along the Silk Road as he winds his way through Asia.

AN-350. History of Modern Asia. 3 Credits.
This class will examine Asian history from 1750-present. Topics such as colonialism, WWII and the rise of Asian countries will be stressed. Course Type(s): Pluralism,Core curriculum course.

AN-360. History and Culture of the Philippines. 3 Credits.
A survey of Filipino history from its origins to the present and examination of its culture, as expressed through its customs, art, music, film, and food. Course Type(s): Pluralism,Core curriculum course.

AN-363. History and Culture of China I. 3 Credits.
Study of the language, traditions, history, and culture of China from its origins through the Ming dynasty.
AN-364. History and Culture of China II. 3 Credits.
Study of the language, traditions, history, and culture of China from the Qing dynasty to the present.

AN-368. History and Culture of Korea. 3 Credits.
Study of the language, traditions, history, and culture of Korea from its origins to the present.

AN-386. Art and Hinduism. 3 Credits.
The value system of Hinduism and how it is expressed in Hindu art. Comparison with other art traditions. Mandatory museum and temple visits. Additional course fee of $235. Course Type(s): Values, Core curriculum course.

AN-400. Spanish Literature of the Philippines. 3 Credits.
A survey of the literature of the Philippines written in Spanish, this course will explore the nation's Spanish heritage in its aesthetic and sociohistorical context. Prerequisites: SP-134 OR SP-136 OR SP-199 OR INSTRUCTOR APPROVAL.

AN-453. The Zen Spirit. 3 Credits.
Chinese and Japanese Buddhist Scriptures. Application of Zen to modern American life. Integration of Zen and Christianity. The practice of zazen. Prerequisites: TH-110; Course Type(s): Values, Core curriculum course.

AR Courses

AR-110. Art in the City. 3 Credits.
New York City examined in its architectural presence, as repository and distributor of world art, and as stimulant to plastic creativity. $235 Metropolitan Seminar Fee. (Art History elective) Course Type(s): Core curriculum course.

AR-127. Introduction to the Visual Arts. 3 Credits.
A comprehensive study of art history, focusing on important masterpieces, styles, and significant artists. By examining painting, sculpture, and architecture, students realize the importance of art in society. (Art History elective) Course Type(s): Core curriculum course.

AR-128. Introduction to Music. 3 Credits.
A brief history of Western music since the Renaissance. Composers, styles and representative works from each major period will be discussed. (Music elective) Course Type(s): Core curriculum course.

AR-131. Beginning Painting. 3 Credits.
Introduction to variety of art paints, grounds, brushes, techniques. (Visual Arts elective).

AR-140. Figure Structure Workshop. 3 Credits.
A study of the human figure in two and three dimensions working from a plaster model. Proportions of the skeleton and mechanism of motion are emphasized. Additional course fee of $75. (Visual Arts elective).

AR-151. College Chorale I. 1 Credit.
Semester's active participation (at least 15 hours) in one of the college's vocal arts ensembles (both practice and performance). Graded P/F. (Music elective).

AR-157. Introduction to Photography I. 3 Credits.
Beginning with basic camera operation, students learn the visual and technical elements that create a photograph. 35mm camera required. Additional course fee of $75. (Visual Arts elective).

AR-158. Introduction to Photography II. 3 Credits.
Directed toward developing a personal style of picture taking, this course includes dark-room experience in processing and printing black and white film. Additional course fee of $75. (Visual Arts elective) Prerequisites: AR-157.

AR-159. 2-D Design and Color Theory. 3 Credits.
This course is an introduction to the elements and principles of 2-Dimensional design. Composition issues and strategies valid in all areas of visual design are explored through examples, exercises, critiques and creative projects. (Graphic Arts elective).

AR-160. Drawing and Composition Workshop. 3 Credits.
Studio work: theoretical analysis and practical application of some of the components of a work of art: form, line, shape and value. Additional course fee of $75. (Visual Arts elective).

AR-161. Painting Workshop. 3 Credits.
Studio work: texture, color, and space are studied. Additional course fee of $75. (Visual Arts elective).
AR-162. Painting and Drawing Workshop. 3 Credits.
Studio work: basic techniques. Additional course fee of $75. (Visual Arts elective).

AR-165. Figure Painting Workshop. 3 Credits.
Studio work: study of the human form in color. (Visual Arts elective).

AR-166. Sculpture Workshop. 3 Credits.
Studio work: modeling in clay based on the human figure. (Visual Arts elective).

AR-171. Live Model Figure Drawing Workshop. 3 Credits.
Studio work: study of artistic anatomy from live models. Additional course fee of $75. (Visual Arts elective).

AR-172. Landscape Painting Workshop. 3 Credits.
Beginning approaches to landscape painting; including composition, perspective, and texture. Additional course fee of $75. (Visual Arts elective).

AR-175. Acting Workshop I. 3 Credits.
Theater director: script analysis and development, performance construction for stage and screen. (Theatre elective).

AR-176. Acting Workshop II. 3 Credits.
Continuation of Part I including presentations for theatre and video space creation of video suitable for use as an audition piece. (Theatre elective) Prerequisites: AR/EL-175.

AR-211. Renaissance Art I. 3 Credits.
Study of fourteenth-century Italian art and its development through the fifteenth century: Giotto, Duccio, Donatello, Masaccio, Botticelli, etc. (Art History elective).

AR-212. Renaissance Art II. 3 Credits.
Study of the High Renaissance and Mannerism in painting and sculpture, especially Leonardo, Michelangelo and Raphael. (Art History elective) Course Type(s): Capstone, Writing Intensive.

AR-214. Art Advertising and Design. 3 Credits.
Appreciation of the non-verbal communication of visual images: light, color, shape, line, texture, design principles, etc. Studies through projects creating effective advertising images. Additional course fee of $75. (Graphic Arts elective).

AR-215. Medieval Art. 3 Credits.
A study of Early Christian, Byzantine, Carolingian, Ottonian Romanesque and Gothic art. Emphasis on the beginnings of Christian art and on Gothic cathedrals. (Art History elective) Course Type(s): Writing Intensive, Capstone.

AR-220. Introduction to Computer Art. 3 Credits.
Designed to introduce the student to using the computer for design in InDesign, photo manipulation in Photoshop and illustration in Illustrator. Both artist and non-artist, graphic arts or internet. Projects form basis of professional portfolio. Additional course fee of $75. (Graphic Arts elective).

AR-224. Digital Imaging With Photoshop. 3 Credits.
Photoshop use: production and presentation, printing your work, portfolio preparation and internet emphasized. Additional course fee of $75. (Graphic Arts elective).

AR-225. The Origins of Modern Art. 3 Credits.
A study of Neo-Classical, Romantic, Realist, Impressionist and Post Impressionist movements in the arts of the Nineteenth Century. (Art History elective).

AR-226. Contemporary Art. 3 Credits.
A study of art beginning with its Post Impressionist roots through the present day. (Art History elective).

AR-229. Baroque Art. 3 Credits.

AR-231. Egyptian Art. 3 Credits.
A detailed study of the arts of Egypt and the ancient Near East. (Art History elective).

AR-232. Art and Desktop Publishing. 3 Credits.
Creation of a brochure, mailer, newsletter or magazine at home or in business. Use of current programs per business world standards. Emphasis on aesthetic concerns. Additional course fee of $75. (Graphic Arts elective) Prerequisites: AR-220.
AR-238. The Science of Art. 3 Credits.
Materials of art and artifacts, scientific and technical principles underlying the creation of art works, authentication and forgery, deterioration due to time and environment, restoration techniques. Three class periods weekly. (Visual Arts elective) Course Type(s): Core curriculum course.

AR-240. Cultural Diversity in Art. 3 Credits.
Through guided visits to various ethnic art museums/collections (such as Asia Society, Japan Society, China Institute, African Art Museum, Museum of the American Indian, Jewish Museum) students experience cultural diversity. A multi-cultural course which broadens students' appreciation of ethnic identities through the study of ethnic art. Additional course fee of $235. (Art History elective) Course Type(s): Values,Pluralism, Core curriculum course.

AR-242. Computer Illustrator. 3 Credits.
Uses in print graphics, advertising, charts for marketing. Graphic implementations in all areas of business and marketing. Additional course fee of $75. (Graphic Arts elective).

AR-250. Live Performance Art. 3 Credits.
Participants will be enlightened, enriched, entertained, by attending performances representative of Broadway musicals, ballet, concerts, dance, and opera. Additional course fee of $235. (Music elective).

AR-253. Environmental Art and Issues. 3 Credits.
The course is designed to look at environmental issues through the interpretations of an artistic venue. It explores how interdisciplinary environmental discussions within academic and activist communities can inform the artist and their work as well as society at large. Includes research on topics such as eco-ethic, animal rights, environmental justice, green consumerism and eco-activism. The work created will be presented in a university gallery space, web site and/or through a public dialogue on campus for university students and the community at large. The course is geared toward a range of disciplines within and outside the arts inviting a wide range of students to take this course. Course Type(s): Values, Core curriculum course.

AR-255. Live Musical Art. 3 Credits.
Attendance at live musical events in the metropolitan area. A wide range of music is sampled and discussed through direct experience. (Music elective).

AR-260. Music Theory I. 3 Credits.
An introduction to species counterpoint and common practice harmonic analysis. Prerequisites: AR-128.

AR-261. Music Theory II. 3 Credits.
Advanced common practice harmonic analysis and an introduction to 20th century counterpoint analysis. Prerequisites: AR-128, AR-260.

AR-265. Group Singing I. 3 Credits.
For beginning voice students; basic skills including confidence, self-expression, phonation, diction, phrasing. Prepare audition-ready song. (Music elective).

AR-266. Group Singing II. 3 Credits.
For intermediate-level singing. Performance skills including breath support, resonance, blending, expressiveness. Peer and professional observation. (Music elective).

AR-267. History of Graphic Art. 3 Credits.
This course investigates the evolution of Graphic Arts. The focus of the class will be on individual artists, movements and technologies, exploring the relationship between design and its viewers as well as analyzing the visual attributes that make a work of art. (Graphic Arts elective).

AR-273. Rock History. 3 Credits.
A survey of rock music, analyzing the origins and evolution of electrified American popular music, 1950's to the present. (Music elective).

AR-279. Watercolor Painting. 3 Credits.
Introduction to watercolor painting techniques, watercolors, papers, brushes, methods. (Visual Arts elective).

AR-282. Beginning Piano. 3 Credits.
Exercises and songs in the three simple keys (C, G, F; A, E, D). Songs and piano pieces will be practiced and performed. For beginners. (Music elective).
AR-293. Today’s Film Scene. 3 Credits.
Students will meet in Manhattan to view and analyze contemporary films, often before they are released to the general public. At times the filmmakers are likely to participate. The course will give students a knowledge of the contemporary film scene as well as skills in film analysis. Additional course fee of $235.

AR-295. Credited Internships. 3 Credits.

AR-337. Advanced Photography. 3 Credits.
Intensive darkroom work to produce exhibition quality portfolios. Technical information will be stressed. (Visual Arts elective) Prerequisites: AR-158.

AR-338. Ethics and Photography. 3 Credits.
The writings of A.D. Coleman, Susan Sontag, James Mitchell and others will form the basis for analysis of trends in photography. Visits to exhibitions in SoHo and Chelsea will be scheduled. (Visual Arts elective) Course Type(s): Values, Core curriculum course.

AR-339. Graphic Publishing. 3 Credits.
Advanced look at InDesign skills of professional print and design studios. Style sheets, master pages and templates. Linear blends, bleeds, color and trapping. Students will produce a real world publication. (Graphic Arts elective) Prerequisites: AR-232 AR-220 AR-214.

AR-340. The Visual Arts in America. 3 Credits.
A survey of art in the United States from the Colonial period to the present. (Art History elective).

AR-350. Typography. 3 Credits.
Placement, sizing, personality, color, tracking, kerning, leading and other aspects of type plus its history and use as abstract design elements. Students will create fonts. Additional course fee of $75. (Graphic Arts elective) Prerequisites: AR-214 AR-220 AR-232.

AR-361. Color Photography I. 3 Credits.
This course explores the theory, manipulation, lighting (daylight and flash), and the printing of color photography. (Visual Arts elective) Prerequisites: AR-157.

AR-366. Tools of Graphic Art. 3 Credits.
Analysis and skills development in areas of: color, memory management, text, format, web use and print. Projects require use of softwares in tandem. Additional course fee of $75. (Graphic Arts elective) Prerequisites: AR-220 AR-224 AR-232.

AR-367. Advertising and Packaging Design. 3 Credits.
This course explores various approaches to 3-D design. Students develop and execute package designs, fabrication materials and techniques. (Graphic Arts elective) Prerequisites: AR-214 AR-220.

AR-368. Graphic Design. 3 Credits.
This course introduces the student to the basic ideas of design: symbology, typography, illustration and photography. The student will be exposed to the essentials of the field, the use and care of materials, career options, and an introduction to basic terminology. The organization and communication of information through work and image will be emphasized. (Graphic Arts elective) Prerequisites: AR-214 AR-220.

AR-375. Camera Raw. 3 Credits.
This course is designed to introduce the student to the creative and technical possibilities of photography and digital media. Hands-on sessions as well as demonstrations will enable the student to learn the basics of using a digital camera and the imaging software Photoshop, Camera Raw and iPhoto. Topics to be covered include camera operation, shutter speed, aperture, focal length, composition, lighting for fine art shooting, uploading files, image enhancement, bit depth, resolution, file size, histograms, curves archiving, organizing and storing work, printing and more. (Graphic Arts elective) Prerequisites: AR-224.

AR-376. Digital Photography. 3 Credits.
This course is designed to introduce the student to the creative and technical possibilities of photography and digital media. Hands-on sessions as well as demonstrations will enable the student to learn the basics of using a digital camera and the imaging software Photoshop Camera Raw and iPhoto. Topics to be covered include camera operation, shutter speed, aperture, focal length, composition, lighting for fine art shooting, uploading files, image enhancement, bit depth, resolution, file size, histograms, curves archiving, organizing and storing work, printing and more. (Graphic Arts elective) Prerequisites: AR-157.
AR-381. Art of Web Design. 3 Credits.
Explores artistic aspects, ideas and techniques of Web design using Dreamweaver, creation of text, tables, images and forms, a website. Additional course fee of $75. (Graphic Arts elective) Prerequisites: AR-220 OR AR-224.

AR-382. Piano Workshop. 3 Credits.
A studio course to develop student's basic, beginning level skills as well as those of intermediate level students. (Music elective).

AR-383. Animation. 3 Credits.
Animation is always a hot job but there are so many choices in applications and their uses. Basic principles of animation will be taught in multiple applications such as Adobe Animate (Flash) timeline animation and exporting to HTML5/Javascript, Adobe Photoshop (GIF timeline animations), and Unity animation used for gaming in Augmented Reality. Additional course fee of $75. (Graphic Arts elective) Prerequisites: AR-220 AR-242.

AR-384. Art and Buddhism. 3 Credits.
A value-oriented, in-depth study of Buddhist theology and philosophy as expressed in art. Buddhism's changing visual expressions will be investigated. Emphasis will be placed on artistic expression of religious values. Additional course fee of $235. (Art History elective) Course Type(s): Values, Pluralism, Core curriculum course.

AR-386. Art and Hinduism. 3 Credits.
The value system of Hinduism and how it is expressed in Hindu art. Comparison with other art traditions. Mandatory museum and temple visits. Additional course fee of $235. (Art History elective) Course Type(s): Values, Pluralism, Core curriculum course.

AR-391. User Experience. 3 Credits.
User Experience (UX) Design is a conceptual design discipline that focuses on interactions between human users, machines, and contextual environments to design systems that address the user's experience. This hands-on UX class allows the student to learn about the complete UX design process user research, requirements gathering, user flows, sketching and wireframing, prototyping, usability testing, development and post-development. This UX class will blend lecture, discussion, industry examples, and classroom activities. User Interface (UI) Design is the compliment to UX Design. It explores the look and feel, the presentation and interactivity of a product. The differences between these two areas will be investigated. Prerequisites: AR-381.

AR-399. Independent Study. 3 Credits.

AR-420. New York Theatre Live. 3 Credits.
Appreciation of contemporary theatre through attendance of Broadway, Off Broadway and Off-Off-Broadway theatre in New York City. Additional course fee of $235. (Theatre elective).

AR-430. Senior Thesis Project: Portfolio Presentation. 3 Credits.
This class is designed to provide the Studio Art and Graphic Design student with a cumulative experience of their major. A completed portfolio representing the studio area of specialization, along with a written statement of personal philosophy in the development of the visual imagery, will be presented in the form of a show. A wide variety of career-oriented topics will be discussed. Resume, cover letters and other self-promotional and business skills will be addressed. (Graphic Arts elective) Course Type(s): Capstone, Writing Intensive.

AR-499. Short-Term Study Abroad. 3 Credits.
Additional travel course fee of $50. Course Type(s): International (Travel), Values.

AS Courses

AS-101. Introduction to Latin American and Latino Studies. 3 Credits.
This course will introduce students to the study of Latin America as a region-it's history, culture, politics and economic development- and Latino Studies, which examines the experiences of people of Latin American descent in the U. S. Course Type(s): Pluralism, Core curriculum course.

AS-177. Introduction to Africana Studies. 3 Credits.
This course offers an introduction to the field of Africana Studies. It includes the theoretical foundations for this discipline as well as an historical exploration of forces leading to emergence of artistic, music, poetry and social movements. Course Type(s): Pluralism, Core curriculum course.

AS-200. Ethnic and Racial Relations. 3 Credits.
The study of inter ethnic and interracial relations. American and international experiences of immigrant groups, majorities, minorities, dominant cultures, and subcultures.
AS-202. Urban Music: Jazz to Hip-Hop. 3 Credits.
This course studies the history of urban music from jazz to rock and roll up to today's urban sounds. The course will concentrate both on the music and its socioeconomic impact on the urban landscape. Course Type(s): Pluralism, Core curriculum course.

AS-213. Multiculturalism in Justice. 3 Credits.
Understanding community groups of various ethnic, racial and cultural backgrounds, elevating the awareness in Law Enforcement Agencies. Prerequisites: CJ-165 CJ-170.

AS-219. Exploring Urban Experience Through Film. 3 Credits.
This course uses masterpieces of cinema to explore the city and urban culture. Topics will include the economy, race, culture, gender, immigration, gentrification and crime. Prerequisites: SO-121 OR UR-151.

AS-224. Black Hair and Identity in America. 3 Credits.
This course will examine the social, cultural and political significance of black hair in America. It will explore hair's profound impact on identity. Black hair is embedded in notions of race, ethnicity, gender and class. Prerequisites: AS-175 AS-177 SO-121 OR UR-151.

AS-227. Sociology of Salsa. 3 Credits.
This course combines dance lessons with a sociological exploration of New York/New Jersey's salsa scene. Students will learn the fundamentals of salsa music and dance, with a focus on rhythm, timing, musicality and basic steps. Lessons are complemented by discussions and origins of the music as it relates to Latin American and Caribbean history and migration to the northeast. Finally, students will investigate the culture of socials, which are dance parties dedicated to learning and practicing the dance. Class meets two hours per week for lessons and requires a minimum of two additional hours per week of fieldwork TBA. Dance shoes or dance sneakers required. Course Type(s): Pluralism, Core curriculum course.

AS-230. Black Politics. 3 Credits.
A study of black organizations as interest groups examination of group organizational problems analysis of difficulties encountered by groups in the political interaction of an urban environment. Prerequisites: AS-175 AS-177 SO-121 OR UR-151.

AS-235. Harlem Renaissance. 3 Credits.
The examination of the art, music, poetry, and politics of the Harlem community in the 1920's and 1930's. Prerequisites: UR-151 OR SO-121; Course Type(s): Pluralism, Core curriculum course.

AS-245. Haitians in America: Culture and Identity. 3 Credits.
Examines the history and experiences in America, paying special attention to how and why Haitians come to the U.S. It also explores patterns of settlement and mobility as well as interaction with other groups. Prerequisites: AS-175 OR AS-177 OR SO-121.

AS-273. Global Feminisms. 3 Credits.
This interdisciplinary course explores global issues and debates regarding significant issues affecting women's lives and opportunities for equality.

AS-286. Haiti and the Revolution (1791-1804). 3 Credits.
This course will examine the Haitian Revolution of 1791-1804 and the formation of the first independent nation in the Caribbean. Course Type(s): Pluralism.

AS-288. The Role of Religion in Social Protest. 3 Credits.
This course examines various formal and informal roles of religions in social protest from the New York City uprisings through Black Lives Matter and beyond. Prerequisites: SO-121 OR UR-151 OR AS-177.

AS-308. Modern Africa. 3 Credits.
This course studies the indigenous and imperial cultures of Africa since 1800 with emphasis on Anglophone and Francophone regions. Prerequisites: HS-121 HS-122.

AS-318. African-American Communication In American Culture. 3 Credits.
The communication styles of African-Americans have been integral in the creation of modern American culture. This course will trace the beginnings of this communication to its expression today in the United States. The evidence includes oral, visual, early written, and electronically mediated communication of African-Americans with specific examples in songs, dance, storytelling, and preaching; artifacts, adornments and crafts; pamphlets, slave narratives and journals; and filmmakers, performers and composers. Prerequisites: CM-115 CM-117 OR CM-120; Course Type(s): Pluralism, Core curriculum course.
AS-322. Black Novel. 3 Credits.
A review of fictional writings by African-American authors of the 19th and 20th centuries.

AS-324. Poverty and Inequality. 3 Credits.

AS-333. Black Community and the Law. 3 Credits.
An examination of the role of the American legal process in African American history from 1619 to the present, with concentration on laws and their application during the slavery and post-slavery era, the early and mid 1900’s, and in modern rural and urban life. Topics include civil rights, constitutional, property, and criminal law. Course Type(s): Pluralism, Core curriculum course.

AS-340. Intercultural Relations. 3 Credits.
An examination of the influence of cultural factors on human thought, emotion and action. Theoretical and methodological issues in intercultural relations are reviewed and observational studies conducted. Prerequisites: SO-121.

AS-343. Black Theology. 3 Credits.
The study of the origins and influence of the major religious traditions found in the American Black community. May substitute for TH-120 or be used as a Values course, but not both. Prerequisites: TH-110; Course Type(s): Values, Core curriculum course.

AS-353. Sociology of the Black Family. 3 Credits.
Course examines the black family in historical and contemporary perspectives. Emphasis is placed on how these are a variety of families in the African-American community as well as all other communities. Prerequisites: AS-175 AS-177 SO-121 OR UR-151.

AS-359. African-American Writers. 3 Credits.
A survey of the major literary achievements of black American writers. May be substituted for EL-134. Prerequisites: EL-123, EL-134; Course Type(s): Writing Intensive, Pluralism, Core curriculum course.

AS-399. Independent Study. 1 Credit.

AS-411. Nationalism and Revolution. 3 Credits.
A comparative and analytical study of nationalism and revolutionary movements. Nation-building in contemporary underdeveloped countries.

AS-412. Ethnicity and Race in Urban History. 3 Credits.
Includes the African and European immigrant experiences in America, the effects of slavery and urbanization, and the formation of class consciousness. Prerequisites: SO-121 OR UR-151, AND SO-280 AND SO-384; Course Type(s): Values, Capstone, Writing Intensive, Pluralism, Core curriculum course.

AS-428. Literature of East and West Africa. 3 Credits.
A study of seminal texts representing the Acholi, Gikuyu, Malinke, Igbo, Wolof, Bambara and Senegalese peoples of East and West Africa. Prerequisites: 2 COURSES; FROM COURSES PL-130 PL-140 TH-110 TH-120; Course Type(s): Values, Pluralism, Online Course.

AS-454. Black Films. 3 Credits.
A survey of 20th century film making by and about African-Americans. Prerequisites: AS-175 AS-177 SO-121 OR UR-151.

AS-460. U.S. Civil Rights Movement. 3 Credits.
Analysis of the origins, processes, and outcomes of the twentieth century black American Civil Rights struggle. Course Type(s): Pluralism, Core curriculum course.

AS-486. Seminar Political Theory: Genocide. 3 Credits.
After a thorough conceptualization of genocide, the course will examine case studies of modern genocide, ranging from the 20th and 21st centuries. Students will also be challenged to critique certain academic definitions of genocide and will discuss dehumanization, denial and reconciliation.
AS-489. Globalization and Fieldwork Seminar. 3 Credits.
Short term study/travel course in which students conduct first hand investigations on the effects of globalization in relevant settings. Specific area and topics determined at the beginning of the Academic Year. Locations change every term. Additional travel course fee of $50. Course Type(s): International (Travel), Pluralism.

AT Courses

AT-101. Introduction to Latin American and Latino Studies. 3 Credits.
This course will introduce students to the study of Latin America as a region—its history, culture, politics and economic development- and Latino Studies, which examines the experiences of people of Latin American descent in the U. S. Course Type(s): Pluralism, Core curriculum course.

AT-136. Introduction to Lesbian, Gay, Bisexual and Transgendered Studies. 3 Credits.
This course will offer students an introduction to lesbian, gay, bisexual and transgendered studies. Along with a focus on the history of this topic as a social movement, the course examines the topic from community, social justice and lifestyle perspectives.

This course examines various formal and informal roles of religions in social protest from the New York City uprisings through Black Lives Matter and beyond. Prerequisites: SO-121 OR UR-151 OR AS-177.

AT-294. Native American Cultures. 3 Credits.
An examination of the diversity of North American tribes from their migration from Asia to the present. Included are comparisons between tribes, government policies and recent revival of many groups.

AT-309. Women in Changing Urban World. 3 Credits.
Historical and contemporary examination of urban revolution as social basis for changing roles of women. Generation of conflicts and possibilities. Implications for society. Prerequisites: UR-151 OR SO-121.

AT-312. Biology of Global Change. 3 Credits.
This course will investigate natural and anthropogenic global change and its impact on marine, fresh water, terrestrial and human dominated ecosystems. Course Type(s): Pluralism, Core curriculum course.

AT-313. Human Evolution Ecology and Adaptation. 3 Credits.
This interdisciplinary course focuses on evolutionary adaptations of the human species to nature and ways it has adapted nature to serve its needs. These adaptations and their consequences for changes in human ways of life are central to this course. Prerequisites: BI-184 OR SO-121.

AT-345. Sociology of Intimacy. 3 Credits.
This course will explore sexual scripts the social control of marrying negotiating and bargaining marriage roles the dynamics of family interaction conflict and divorce. Prerequisites: SO-121 OR UR-151.
AT-370. Urban Anthropology. 3 Credits.
An exploration of the emergence of urban culture in its present form from its neolithic roots. Emphasis on urban life in the New Jersey area, with reference to the peoples and cultures in urban environments world-wide. Prerequisites: SO-121 OR UR-151; Course Type(s): Writing Intensive, Core curriculum course.

AT-384. Cultural Anthropology. 3 Credits.
An analysis of the development of anthropology as an offshoot from Sociology; an examination of the differences in the methodology of anthropology and Sociology in the study of a variety of cultures. Prerequisites: SO-121 OR UR-151; Course Type(s): Values, Writing Intensive, Pluralism, Core curriculum course.

AT-428. Literature of East and West Africa. 3 Credits.
A study of seminal texts representing the Acholi, Gikuyu, Malinke, Igbo, Wolof, Bambara and Senegalese peoples of East and West Africa. Prerequisites: TWO COURSES PL-130 AND PL-140 OR TH-110 AND TH-120; Course Type(s): Values, Pluralism, Online Course.

AT-489. Globalization and Fieldwork Seminar. 3 Credits.
Short term study/travel course in which students conduct first hand investigations on the effects of globalization in relevant settings. Specific area and topics determined at the beginning of the Academic Year. Locations change every term. Additional travel course fee of $50. Prerequisites: SO-121 OR UR-151 OR PO-100; Course Type(s): International (Travel), Pluralism.

BA Courses

BA-151. Principles of Management. 3 Credits.
An analysis of the management process. Introductory course in management.

BA-155. Principles of Marketing. 3 Credits.
Business activities involved in the flow of goods and services from production to consumption.

BA-172. Principles of Salesmanship. 3 Credits.
Course focus is on the information, skills, and activities necessary for success as a professional salesperson including establishing and maintaining customer rapport and negotiating the sale. Explores the underlying relationship between being personally motivated to succeed and its impact on sales performance, including the motivational factors required to balance the demands of new and existing clients. Ethical principles and concepts are integrated.

BA-214. Corporate Analysis. 3 Credits.
This course equips participants with analytical skills to critically evaluate publicly traded companies. It includes written analysis of companies and the oral presentation of the results to a panel of industry experts. Students registered for this course may also take part in the Chartered Financial Analyst (CFA) global challenge. Prerequisites: BA-151, BA-155, AND MA-212.

BA-217. Planning and Finance for Nonprofits and Arts. 3 Credits.
This course focuses on management and financial issues in the nonprofit sector, including healthcare, education, government agencies and foundations, with a special focus on the arts and cultural sector. Through a combination of lecture, case study and practicum, students will learn the managerial dimension of this sector. The course includes an overview of nonprofit planning, control methods, funding, stakeholder communications, endowment management, credit analysis, governance issues, industry trends, advisory board issues, and philanthropy. Prerequisites: BA-151, BA-155, AC-151, EC-101.

BA-218. Media Business. 3 Credits.
An examination of media as a profit-making industry. The roles of sales, advertising and investors are viewed, as are trends of corporate media and entrepreneurship. Public relations and ethics are introduced. Prerequisites: # 1 COURSE FROM CM-115 CM-116 CM-117 CM-119 CM-120 HP-122.

BA-230. Business Sustainability. 3 Credits.
This introductory course aims to help participants deepen their knowledge of integrating sustainability into business practices, operations and policies. The course will also explore the major sustainability issues and trends that foster organizational resiliency over time and in addition examine the best practices that lead to economic efficiency, social equity and environmental accountability. Prerequisites: BA-151 AND BA-155.

BA-240. Organizational Behavior. 3 Credits.
Interdisciplinary study of interactions between individuals and groups within organizations. Prerequisites: BA-151 BA-155.
BA-242. Sales Management. 3 Credits.
Organization and administration of the sales function with emphasis on the human factors. Prerequisites: BA-151 BA-155.

BA-245. Customer Service. 3 Credits.
Marketing techniques and procedures used by organizations to achieve and measure customer satisfaction - an essential in a competitive era. Prerequisites: BA-151 AND BA-155.

BA-246. Export Management. 3 Credits.
Research and studies in foreign markets to locate and develop export business, including payment systems, transportation, and logistics. Prerequisites: BA-151 AND BA-155; Course Type(s): Pluralism,Core curriculum course.

BA-247. Marketing Communication and Branding. 3 Credits.
This course is designed as an exploration of the history, development and current strategies, tactics and technologies of Integrated Marketing Communication (IMC) and branding. Using major communication theories, students will explore integrating the practices of marketing, advertising, public relations, publicity, special events, promotions, and a variety of promotional activities in a changing world of new relationships with consumers and new media technologies. Prerequisites: BA-151 BA-155 CM-115 CM-117 OR CM-120.

BA-248. International Business and the Global Marketplace. 3 Credits.
This course focuses on exploring terminology, scope, status and evolving patterns of international business. Specifically, the course addresses the role of social, cultural, political, ethical, technological, environmental and economic factors in the international context; the impact of global forces on businesses at home and abroad; role of governments in promoting and protecting business interests at home and abroad; role of international agencies in the functioning of business; and the interlink between managerial, operational, marketing, and financial functions in doing business abroad.

BA-249. Sports and Entertainment Marketing. 3 Credits.
Analysis of strategic marketing processes in the spectator events industry with emphasis on consumers, suppliers, and owners. Prerequisites: BA-151 BA-155.

BA-250. Consumer Behavior. 3 Credits.
An interdisciplinary approach to the study of marketing with the focus on consumers. Prerequisites: BA-151 BA-155.

BA-282. Leadership. 3 Credits.
An examination of the foundations of leadership by major theorists. Current and emerging leadership models will be studied in the context of the business environment. Prerequisites: BM-240 OR BA-240.

BA-287. Introduction to Business Analytics. 3 Credits.
This course introduces students to some of the tools that businesses use to optimize their activities. Students will among others, learn how to use Excel Solver, POM QM and also conduct spreadsheet sensitivity analysis. Prerequisites: BA-240 BA-246 OR BA-250 OR AN EQUIVALENT COURSE APPROVED BY INSTRUCTOR.

BA-295. Credited Internships. 3 Credits.

BA-315. Business and Professional Communication. 3 Credits.
How to communicate in various channels necessary for the efficient functioning of groups and organizations. This includes writing for all forms of print and online, as well as, understanding interpersonal interaction and group dynamics that support and promote effective teamwork. Prerequisites: CM-115 CM-117 OR CM-120; Course Type(s): Writing Intensive,Core curriculum course.

BA-319. International Marketing. 3 Credits.
Marketing activities involved in successful international business operations. Emphasis on the application of marketing principles to the international environment. Prerequisites: BA-240 BA-250 OR BA-246 OR PERMISSION OF INSTRUCTOR; Course Type(s): Pluralism,Core curriculum course.

BA-322. Corporate Situational Analysis and Problem Solving. 3 Credits.
This is an advanced course and involves a student application and competitive selection process. The course focuses on the analysis of complex business problems and their causes, inter-functional implications and development of recommended solutions. These problems encompass a wide range of business disciplines including finance, marketing, public relations, and operations. Extensive use of the case method is used to illuminate key learning points. Students will learn and apply research, decision making and problem solving skills.
BA-325. Ethics: Business and Economic Community. 3 Credits.
An investigation of the responsibilities of management, ranging over problems encountered by both public and private, multinationaial and local concerns. Prerequisites: BA-240 BA-246 BA-248 OR BA-250 AND TH-110 AND PL-130; Course Type(s): Values, Writing Intensive, Core curriculum course.

BA-327. Digital and Social Media Marketing. 3 Credits.
This course introduces students to the current thinking, practice and developments in digital and social media marketing, including: Social media marketing for B2C, B2B, not-for-profits, Internet marketing, online PR and reputation management, and mobile marketing. Prerequisites: CM-115 CM-117 OR CM-120.

BA-330. Negotiation and Conflict Resolution. 3 Credits.
This course focuses on the nature, cause, progression and resolution of conflicts and disputes. Particular emphasis will be placed on disputes involving commercial issues and businesses. Students will gain knowledge and apply techniques to facilitate, mediate and successfully resolve disputes over a range of situations. Methods of conflict de-escalation and pursuit of settlement through negotiation will be learned and applied. Prerequisites: BA-240 OR BL-161.

BA-335. Latino Marketing Communication Culture. 3 Credits.
An in-depth, critical examination of marketing and communication strategies in the Latino community. The course invites students to explore what the terms Latino and Latino culture mean, question their saliency, and to weight the implications that marketing and communication campaigns can have on consumption patterns, entrepreneurship, organizations, and Latino identity. Prerequisites: BA-155 OR LS-101 OR SO-121 OR EC-101; OR PERMISSION OF INSTRUCTOR. Course Type(s): Pluralism, Core curriculum course.

BA-340. E-Business. 3 Credits.
Examines new models, themes, and examples for describing electronic commerce and its impact on business and society. Prerequisites: BA-240 BA-246 OR BA-250.

BA-343. Human Resource Management. 3 Credits.
Human resource management and personnel administration. Prerequisites: BA-151 AND BA-155.

BA-347. International Management. 3 Credits.
Examination of global business and the multinational corporation. Analysis and development of management strategies within the context of the political, legal, cultural and socioeconomic environment of the host nations. Prerequisites: BA-240 BA-246 BA-248 OR BA-250; Course Type(s): Pluralism, Core curriculum course.

BA-350. Operations and Logistics Management. 3 Credits.
A survey of the various operations required to produce goods and services. Prerequisites: BA-240 BA-246 OR BA-250 MA-105 MA-106.

BA-351. Marketing Research. 3 Credits.
Basic methods and tools utilized in gathering and analysis of supportive marketing data for executive decision making. Prerequisites: BA-250 EC-300; Course Type(s): Senior Seminar.

BA-360. Public Relations. 3 Credits.
Influencing public opinion is the major goal of public relations activities. This course examines the roles of opinion research, press agentry, product promotion, publicity, lobbying, public affairs, fund-raising and special events management in creating a favorable image for a client. Writing skills are emphasized. Prerequisites: CM-115 CM-117 OR CM-120.

BA-363. Entrepreneurship: Creativity and Innovation. 3 Credits.
Challenges and problems in managing small businesses. Techniques of planning, obtaining funding for, and operating new and/or existing business ventures. Prerequisites: BA-240 OR BA-246 OR BA-250.

BA-381. Business Ethics and Legal Liability. 3 Credits.
This course provides an understanding of the legal and other exposures that confront organizations that fail to operate in a framework of honesty, integrity, and ethical behavior. It assists students to understand exposures in contracts and relationships with employees and third parties. It examines ethical behavior in business settings and shows the financial and other benefits to encouraging integrity across the enterprise. Uses case studies and exercises to illustrate concepts. Course Type(s): Values, Core curriculum course.
BA-382. Insurance and Risk Management. 3 Credits.
This course covers hazard risk and insurable exposures and techniques to mitigate them. It begins with the nature of risk. Then it examines avoidance, retention, reduction and transfer of risks. Topics include property, employer and general liability, homeowners and automobile coverages, the role of the modern risk manager.

BA-383. Enterprise-Wide Risk Management. 3 Credits.
This course covers the management of business and operational exposures in a framework of enterprise risk management (ERM). It examines the scope of risk management, the importance of risk identification, and the alignment of risk categories with the corporate business mode. It addresses functional, business unit, and key initiative exposures and the hierarchical structure to effectively manage the exposures. Prerequisites: AC-152 BL-161 EC-102 BA-319 BA-347 OR BA-351.

BA-384. Sarbanes Oxley Compliance. 3 Credits.
This course covers the requirements under the Sarbanes-Oxley legislation to increase the reliability of financial reporting and compliance with applicable laws and regulations. It covers the Public Accounting Oversight Board, parties regulated by the Act, policies mandated for public auditing firms, and the role external auditors. A major focus of the course deals with the securities acts, audit and non-audit services, the role of the board of directors, and penalties for violations of securities and other laws.

BA-388. Introduction to Predictive Analytics and Visualization. 3 Credits.
In this course students are introduced to a variety of techniques including predictive modeling, data mining, and data visualization to analyze current and historical facts to make predictions about future business events. Students will, among others, learn how to improve their decision-making skills by boosting their visual thinking in this course. Prerequisites: BA-287.

BA-394. Industry Internship. 3 Credits.
This field-work course involves the application of knowledge emphasizing the synthesis of business analytics theories and skills with industry experience. Students will work with actual businesses for practical experience. Seminars will be held and an evaluation paper required. Prerequisites: BA-287.

BA-414. Predictive Modeling. 3 Credits.
The course will introduce the student to higher level techniques of predictive modeling and analytics in a data-rich business environment. It covers the process of formulating business objectives, data selection, preparation, and partition to successfully design, build, evaluate and implement predictive models or a variety of practical business applications. It is a practice-oriented course will focus on applying data analytic tools to help companies answer critical business questions. Prerequisites: BA-287.

BA-421. Doing Business Overseas. 3 Credits.
This course is designed to expose students to the global business environment through short-term study visits to selected overseas countries. The aim is to help participants develop a better and more practical understanding of the political, economic, legal and cultural environments of the countries visited. Additional travel course fee of $50. Course Type(s): International (Travel), Pluralism.

BA-458. Business Strategy. 3 Credits.
In this class students learn and practice how to craft, implement and evaluate cross-functional decisions in an integrated fashion. They develop their strategic management skills through a series of business strategy simulation games. As part of a management team, they "own" a business and play the role of managers who develop policies and plans to achieve organizational objectives. Prerequisites: AC-152 BL-161 EC-102 AND EC-300; Course Type(s): Capstone.

BA-465. Executive Seminar. 3 Credits.
An examination of contemporary management issues conducted by senior decision makers from both private and public sectors. Open by invitation only to Honors students and other qualified advanced undergraduates. Additional course fee of $45.

BA-496. Seminar in Business Administration. 3 Credits.
This professional consultancy capstone course helps students to integrate and apply concepts, skills and techniques acquired in previous courses. The course requires deep student engagement, team collaboration and problem solving. This will be achieved by engaging with actual small/mid-size businesses. Participants will plan, execute and report findings of a consulting engagement with an assigned local business. Additional course fee of $45. Prerequisites: BA-458, AND EITHER FN-401 OR FN-415; Course Type(s): Capstone.
BA-499. Business Internship Experience. 3 Credits.
This course is for upper level students, and involves an experiential learning component. Students must have an approved internship during the semester of enrollment and must work at least 10 hours per week in order to be eligible to register. Course content focuses on development of crucial soft skills, like interpersonal communication, teamwork, leadership, negotiation in the context of a job or internship as well as application of business knowledge to situations, experiences, problem-solving and adapting to the work environment. Prerequisites: BA-151, BA-155, AND JUNIOR STATUS.

BC Courses

BC-390. Special Topics: Biological Chemistry. 3 Credits.
Conferences and literature research directed to the study of a particular area of biological chemistry. Area selected must coincide with faculty expertise. Prerequisites: BI-240 CH-366; Course Type(s): Capstone, Writing Intensive, Senior Seminar.

BC-399. Independent Study. 1 Credit.

BC-420. Instructional Methods: Biochemical Analysis I. 2 Credits.
Modern instrumental techniques in qualitative and quantitative studies of biochemical systems exposure to a broad range of instrumental methods. Additional course fee of $50. Prerequisites: BI-240.

BC-421. Instrumental Analysis for Biochemistry. 2 Credits.
Modern instrumental techniques in qualitative and quantitative studies of biochemical systems exposure to a broad range of instrumental methods. Additional course fee of $50. Prerequisites: BC-420.

BC-442. Biochemistry I. 3 Credits.
Protein structure and function, enzymes, enzyme kinetics and mechanism, metabolism, techniques in protein chemistry. Prerequisites: CH-251.

BC-442L. Biochemistry I Lab. 1 Credit.
Protein purification, enzyme kinetics, enzyme inhibition and western blotting. Prerequisites: CH-251; Course Type(s): Lab Courses.

BC-443. Biochemistry II. 3 Credits.
Biosynthesis, hormone regulation, RNA and DNA metabolism, Regulation of gene expression, Techniques in nucleic acid chemistry. Prerequisites: BC-442.

BC-443L. Biochemistry II Lab. 1 Credit.
Biosynthesis, hormone regulation, RNA and DNA metabolism, regulation of gene expression, techniques in nucleic acid chemistry. Lab Prerequisites: BC-442; Course Type(s): Lab Courses.

BC-492. Biological Chemistry. 3 Credits.
The chemistry and metabolism of biological compounds, including proteins, carbohydrates, lipids and nucleic acids. Enzyme kinetics, bioenergetics and cellular organization. Expression and processing of biological information including replication of DNA, transcription, translation, regulation and recombinant DNA technology. Prerequisites: BI-240.

BI Courses

BI-122. Nutrition in Health and Disease. 3 Credits.
Introduction to basic concepts and controversies of nutrition as related to health and disease. An analysis of nutrients, food choices, and human health. Course Type(s): Core curriculum course.

BI-123. Concepts of Biology. 3 Credits.
The major concepts which unify the attempt of scientist to achieve an ever increasing understanding of life. The comprehension of these concepts enables a solid foundation in the scientific method, chemistry of life, metabolism, genetics, evolution and diversity of life. Course Type(s): Core curriculum course.

BI-124. Human Structure and Function. 3 Credits.
The morphology and physiology of the human body. The structure and role of all systems. Interaction of systems with each other and with the environment. Course Type(s): Core curriculum course.

BI-125. Heredity. 3 Credits.
Principles of genetics applied to humans. Human traits, genetic basis of human disorders, genetic counseling, and genetic engineering. Course Type(s): Core curriculum course.
BI-126. The Human Environment. 3 Credits.
Relationships between humans and their environment. Sources of energy and food. Pollution, conservation of natural resources, and population problems. Course Type(s): Core curriculum course.

BI-130. Natural History of New Jersey. 3 Credits.
An overview of the animals and plants of New Jersey as well as physical features such as geology and climate. Emphasis on the diversity of NJ wildlife and habitats, with discussion of issues such as conservation of natural resources, forest and wildlife management, and pollution. Will be taught through field trips. Additional course fee of $235. Course Type(s): Core curriculum course.

BI-140. Introductory Astrobiology. 3 Credits.
An introduction to astronomy and the search for life beyond Earth. Topics include the definition and origin of life, the search for habitable planets, and human exploration of our solar system and beyond.

BI-161. Basic Microbiology. 4 Credits.
The biology of bacteria and viruses: their morphology, physiology, and ecology. The role of microorganisms in disease and the principles of immunology. Includes laboratory.

BI-161L. Basic Microbiology Lab. 0 Credits.
Laboratory for BI-161 Basic Microbiology Prerequisites: BI-161 Course Type(s): Lab Courses.

BI-171. Anatomy and Physiology I. 4 Credits.
Emphasis on the structure and function of the major systems of the human body and its variations from the normal. The cellular, embryological, and genetic basis of structure and function are also considered. Includes laboratory. Not open to majors in biology and natural sciences.

BI-171L. Anatomy and Physiology I Lab. 0 Credits.
Laboratory for BI-171 Anatomy and Physiology, I Prerequisites: BI-171 Course Type(s): Lab Courses.

BI-172. Anatomy and Physiology II. 4 Credits.
Emphasis on the structure and function of the major systems of the human body and its variations from the normal. The cellular, embryological, and genetic basis of structure and function are also considered. Includes laboratory. Not open to majors in biology and natural sciences. Prerequisites: BI-171.

BI-172L. Anatomy and Physiology II Lab. 0 Credits.
Laboratory for BI-172 Anatomy and Physiology, II Prerequisites: BI-172 Course Type(s): Lab Courses.

BI-183. General Biology I. 3 Credits.
Biological principles including scientific method, biological chemistry concepts, characteristics of life, cells and reactions, Mendelian and Molecular Genetics. Course Type(s): Core curriculum course.

BI-184. General Biology II. 3 Credits.
Biological principles including origin of life, evolution, population genetics, diversity of life, comparative plant and animal biology, ecology. Prerequisites: C OR BETTER IN BI-183 FOR BIOLOGY MAJOR OR MINOR.

BI-185. General Biology I Lab. 1 Credit.
Laboratory course to accompany BI-183. Additional course fee of $100. Course Type(s): Lab Courses.

BI-186. General Biology II Lab. 1 Credit.
Laboratory course to accompany BI-184. Additional course fee of $100. Prerequisites: C OR BETTER IN BI-185 FOR BIOLOGY MAJOR OR MINOR. Course Type(s): Lab Courses.

BI-215. Principles of Anatomy and Physiology. 4 Credits.
Studies of the structure and function of organ systems with emphasis on homeostatic regulatory mechanisms. Include laboratory. Additional course fee of $100. Prerequisites: C OR BETTER IN BI-184.

BI-215L. Principles of Anatomy and Physiology Lab. 0 Credits.
Laboratory for Anatomy and Physiology (BI-215) Course Type(s): Lab Courses.

BI-237. Forensic Science. 3 Credits.
The basic concepts and practices of biology and chemistry as applied to criminal investigation, examining and preserving forensic evidence, conducting crime-scene investigations, and science in the courts. Laboratory experience. Not open to Biology majors. Additional course fee of $75.
BI-240. Cell and Molecular Biology. 4 Credits.
Living systems at the cellular, subcellular, and molecular levels. Emphasis on molecular control of cellular activity, intermediate metabolism, and energy transformation. Additional course fee of $100. Prerequisites: C OR BETTER IN BI-184 FOR BIOLOGY MAJOR OR MINOR.

BI-240L. Cell and Molecular Biology Lab. 0 Credits.
Laboratory for Cell and Molecular Biology (BI 240) Course Type(s): Lab Courses.

BI-254. Contemporary Issues in Bioethics. 3 Credits.
An examination of contemporary issues in biomedical ethics, including abortion, euthanasia, the doctor-patient relationship, confidentiality, truth-telling, genetics, cloning, reproductive technologies, the just allocation of scarce medical resources. Values course. Prerequisites: PL-130 PL-140; Course Type(s): Values, Core curriculum course.

BI-271. Concepts of Public Health. 3 Credits.
Introduction to Public Health Issues - public health laws, policy cycle, demographics, and epidemiological concepts and applications.

BI-295. Credited Internships. 3 Credits.

BI-310. Ecology. 4 Credits.
The usual definition of ecology - the relationship between organisms and their environment - is expanded to include the biological as well as the physical conditions under which an organism, population, or species lives to show that relationships involve the interactions between the biotic world and the physical world as well as between members of the same species and between different species. Additional course fee of $100. Prerequisites: MA-132, C OR BETTER IN BI-240; Course Type(s): Writing Intensive, Core curriculum course.

BI-310L. Ecology Lab. 0 Credits.
Laboratory for BI-310 Ecology Prerequisites: BI-184 OR BI-186; Course Type(s): Lab Courses.

BI-311. Field Studies in Biology. 3 Credits.
Methodology used in field biology will be emphasized as will data collection methods and tools used in the analysis and interpretation of data and results. During the Spring break week, students will visit various natural areas in New Jersey to collect both biotic and abiotic samples for analysis. Prerequisites: BI-310 BI-310L.

BI-312. Biology of Global Change. 3 Credits.
This course will investigate natural and anthropogenic global change and its impact on marine, fresh water, terrestrial and human dominated ecosystems. Prerequisites: C OR BETTER IN BI-184 FOR BIOLOGY MAJOR OR MINOR. Course Type(s): Pluralism, Core curriculum course.

BI-313. Human Evolution Ecology and Adaptation. 3 Credits.
This interdisciplinary course focuses on evolutionary adaptations of the human species to nature and ways it has adapted nature to serve its needs. These adaptations and their consequences for changes in human ways of life are central to this course. Prerequisites: BI-184 OR SO-121.

BI-325. Advanced Topics in Anatomy and Physiology. 3 Credits.
Continuation of Bi-215, Principles of Anatomy and Physiology. Selected topics in anatomy and physiology with special reference to current clinical issues. Prerequisites: BI-215.

BI-326. Advanced Topics in Anatomy and Physiology Lab. 1 Credit.
Laboratory course to accompany BI-325, Adv. Topics in Anatomy and Physiology. Additional course fee of $100. Prerequisites: BI-215; Course Type(s): Lab Courses.

BI-340. Pathophysiology. 3 Credits.
Biological processes which affect the human body's dynamic equilibrium, or homeostasis, associated with potential or actual disease conditions. Prerequisites: C OR BETTER IN BI-215.

BI-350. Genetics. 4 Credits.
Theories of heredity and variation. Pre-Mendelian, Mendelian, cytogenetics, and population genetics. Application of theories in laboratory. Additional course fee of $100. Prerequisites: C OR BETTER IN BI-240.

BI-350L. Genetics Lab. 0 Credits.
Laboratory for BI-350 Genetics Course Type(s): Lab Courses.

BI-361. Criminalistics and Forensic Science. 3 Credits.
The theory and application of the principles of forensic science. Lab includes an analysis of the techniques and procedures in forensic science. Prerequisites: C OR BETTER IN BI-240.
BI-370. General Virology. 3 Credits.
Study of the physical, chemical and biological properties of viruses. Prerequisites: C OR BETTER IN BI-240.

BI-389. Introduction to Forensic Pathology. 3 Credits.
This course introduces students to the theory and practice of forensic pathology, and underscores the importance of thorough death investigations in the criminal justice system. Topics covered includes the role of the forensic pathologist, postmortem changes, autopsies, causes of death, classification and documentation of injuries, toxicology, and other related forensic disciplines.

BI-393. Civilization and Disease. 3 Credits.
A survey of the impact of disease on the course of human history. Prerequisites: BI-184.

BI-394. Epidemiology. 3 Credits.
Applications of epidemiologic methods and procedures to the study of the distribution and determinants of health and diseases in populations. Infections versus chronic diseases, data sources, study design and measures of morbidity and mortality will be studied. Prerequisites: MA-132 BI-184.

BI-415. Hematology. 3 Credits.
The study diagnosis and treatment of diseases of the blood. The course will cover areas such as anemia, thrombocytopenia, enlarged lymph nodes or spleen, bleeding and clotting disorders. Prerequisites: C OR BETTER IN BI-240.

BI-416. Fundamentals of Neuroscience. 4 Credits.
The study of cell structure and organization of the vertebrate central nervous system, mechanisms of neural signaling, the physiological and anatomical bases of behavior emphasizing mammalian sensory, motor, regulatory, and motivational mechanisms involved in the control of behavior and higher mental processes. Prerequisites: C OR BETTER IN BI-240.

BI-416L. Fundamentals of Neuroscience Lab. 0 Credits.
Includes anatomical, physiological, and biochemical methods for investigating the biology of nerve cells. The anatomical and physiological bases of behavior will also be addressed. Prerequisites: BI-416; Course Type(s): Lab Courses.

BI-435. Development. 3 Credits.
Developmental phenomena are approached first by analysis of the molecular and cellular basis of these processes, which are common to the eukaryotes, and secondly by descriptions of selected examples of development, including fungi, protozoa, algae, higher plants, and invertebrates. Includes laboratory. Additional course fee of $100. Prerequisites: C OR BETTER IN BI-240; Course Type(s): Lab Courses.

BI-450. Microbiology. 4 Credits.
Microorganisms, with emphasis on the morphology, physiology, and ecological roles of bacteria and viruses. Principles of immunology. Includes laboratory. Additional course fee of $75. Prerequisites: C OR BETTER IN BI-240.

BI-450L. Microbiology Lab. 0 Credits.
Lab to accompany Microbiology - BI-450. Prerequisites: C OR BETTER IN BI-240; Course Type(s): Lab Courses.

BI-452. Evolution. 3 Credits.
Consideration of organic evolution including the origin of cells, adaptive radiation, natural selection, population genetics, and human evolution. Prerequisites: BI-215.

BI-454. Endocrinology. 3 Credits.
Hormones as agents of homeostasis and growth. Hormonal regulation of reproduction. Investigative methods in endocrinology. Prerequisites: C OR BETTER IN BI-240.

BI-458. Parasitology. 3 Credits.
Biology, epidemiology, pathology, and diagnosis of animal and human parasites. Biology of host-parasite interplay. Includes laboratory. Additional course fee of $75. Prerequisites: C OR BETTER IN BI-240; Course Type(s): Lab Courses.

BI-460. Histology. 3 Credits.
Cell types and tissues of vertebrates on the microscopic and submicroscopic levels disposition of tissues in the various organs. Includes laboratory. Additional course fee of $75. Prerequisites: C OR BETTER IN BI-240.
BI-462. Botany. 3 Credits.
Structure, functions, development, and ecological relationships of higher plants. Evolutionary and phylogenetic survey of the plant kingdom (including fungi). Includes laboratory. Additional course fee of $50. Prerequisites: C OR BETTER IN BI-240.

BI-464. Immunology. 3 Credits.
The study of the basic concepts of cellular and humoral products of the immune system. Genetics of immunoglobulin production, antigen - antibody reactions, immunopathological mechanisms of hypersensitivity, auto immunity, transplantation and immunodeficiency. Prerequisites: C OR BETTER IN BI-240.

BI-469. Human Nutrition. 3 Credits.
The study of nutritional principles and the application of these principles to daily health maintenance as well as conditions which require special diet management. Prerequisites: C OR BETTER IN BI-215.

BI-473. Vertebrate Zoology. 3 Credits.
A survey of the vertebrates with an emphasis on classification, structure, function, and evolution. Laboratory included. Prerequisites: BI-215.

BI-475. Medical Botany. 3 Credits.
Medicinal uses of plants in historic and modern times. Investigation of mode of action of selective plant-derived conventional medicine and what is known about the scientific basis of some popular folk remedies. Prerequisites: BI-215.

BI-485. Current Issues in Biology. 3 Credits.
Current topics in the biological sciences. Lectures, discussions and critical analysis of journal articles and other readings related to the course. Capstone for Biology majors. Prerequisites: C OR BETTER IN BI-240; Course Type(s): Capstone.

BI-486. Current Issues in Health Education. 3 Credits.
To study relevant current health issues such as obesity, unhealthy dietary problems, apnea, tobacco use, alcohol, drugs, heart disease and cancer.

BI-488. Astrobiology. 3 Credits.
The biological perspective on the origin of life, its evolution, the search for habitable planets, exploration of our solar system and beyond, and the future of life on Earth and elsewhere. Prerequisites: BI-184.

BI-489. Globalization and Fieldwork Seminar. 3 Credits.
Short term study/travel course in which students conduct first hand investigations on the effects of globalization in relevant settings. Specific area and topics determined at the beginning of the Academic Year. Locations change every term. Additional course fee of $50. Prerequisites: BI-184; Course Type(s): International (Travel),Pluralism.

BI-497. Research I. 2 Credits.
Introduction to biological research. Topics will include: experimental research techniques, bibliographic searching, the review and publishing process, presentation of papers at scientific meetings and writing grants. Additional course fee of $50. Prerequisites: C OR BETTER IN BI-240 AND PERMISSION OF INSTRUCTOR. Course Type(s): Senior Seminar.

BI-498. Research II. 2 Credits.
An original independent lab research project for upper-level students, under the supervision of a faculty member. Additional course fee of $50. Prerequisites: C OR BETTER IN BI-240 AND PERMISSION OF INSTRUCTOR.

BI-499. Natural Ecosystems of New Jersey. 3 Credits.
Work in various fields of biology not covered by regular courses. Offered when sufficient student interest is demonstrated in an area coinciding with faculty specialization. Additional course fee of $235. Prerequisites: C OR BETTER IN BI-184.

BL Courses

BL-161. Introduction to Law and Contracts. 3 Credits.
Introduction to the legal system; the nature of contracts; the statute of frauds; assignment of contracts; methods of discharging obligations in contract; remedies upon breach of contract.

BL-162. Agency and Business Organization. 3 Credits.
The nature and creation of an agency relationship, a partnership, a corporation the rights and duties of the various parties the law of trade regulation and unfair competition. Prerequisites: BL-161.
BL-165. International Law and Property Rights. 3 Credits.
The key to international business success is minimizing risk. The course emphasizes the management of risk when doing business over great distances. Examines legal aspects of trade, intellectual property and foreign direct investment.

BL-241. Real and Personal Property. 3 Credits.
The nature of real and personal property methods of transferring title bailment duties and liabilities of common carriers rights of society trusts insurance security interest. Prerequisites: BL-161.

BL-250. Law and Ethics. 3 Credits.

BL-251. Uniform Commercial Code. 3 Credits.
Study of articles 1, 2, 3, 4 and 9 of the Uniform Commercial Code. Form and content of commercial paper bank deposits and collections security interest in personal property product liability. Prerequisites: BL-161.

BL-295. Credited Internships. 3 Credits.

BL-310. Sports Law. 3 Credits.
This course will provide students an overview of law as it relates to sports topics including but not limited to sports representation and management, constitutional law, intellectual property law, Title IX and sports crimes. Prerequisites: BL-161 AND BL-162.

BL-330. Negotiation and Conflict Resolution. 3 Credits.
This course focuses on the nature, cause, progression and resolution of conflicts and disputes. Particular emphasis will be placed on disputes involving commercial issues and businesses. Students will gain knowledge and apply techniques to facilitate, mediate and successfully resolve disputes over a range of situations. Methods of conflict de-escalation and pursuit of settlement through negotiation will be learned and applied. Prerequisites: BA-240 OR BL-161.

BL-333. Environmental Law. 3 Credits.
This course is designed to expose students to several environmental statutes including the Clean Air Act and the Pollution Control Law, as well as environmental sustainability. Prerequisites: BL-161.

BL-399. Independent Study. 1 Credit.

BL-421. Doing Business Overseas. 3 Credits.
This course is designed to expose students to the global business and legal environment through short-term study visits to selected overseas countries. The aim is to help participants develop a better and more practical understanding of the political, economic, legal and cultural environments of the countries visited. Additional course fee of $50. Prerequisites: BL-161 OR LW-155; Course Type(s): International (Travel), Pluralism.

BL-495. Exploring Legal Concepts Overseas. 3 Credits.
In this course we will discuss different legal concepts as they pertain to foreign countries and as compared/contrasted to the American Legal System. Such topics may include, but are not limited to, the structure of the legal system, the origin and philosophy of law, the social and economic effects of the law in the foreign country, contemporary and controversial legal issues in the foreign country, and the impact all of these concepts may have had and/or continue to have on American Law. Additional course fee of $50. Course Type(s): International (Travel), Pluralism.

BT Courses

BT-110. Science Goes to the Movies. 3 Credits.
This course considers the evolution of the science behind the movies - the technical advances that have made modern movie making possible and how the treatment of science, scientific discovery and inventions have evolved particular movie genres. Lectures and movie clips will be used to illustrate the above. Course Type(s): Core curriculum course.

BT-130. Technology in the 21st Century. 3 Credits.
This course will discuss the history, development and scientific breakthroughs that have led to the amazing devices and technologies available to humans today. Particular attention to the people, time and places involved in the development of inventions like TV, radio, computers, phones, transmission of electric power, movies, and some of the many advances in genetics and medicine. Course Type(s): Core curriculum course.

BT-140. How Stuff Works. 3 Credits.
This course will illustrate how the many devices we use in everyday life were invented and how they work. Devices like the radio, TV, microwave, smart phones, computers, etc. will be used as examples.
BT-150. The Gene - Mystery of Inheritance. 3 Credits.
A Historical and Scientific Journey into the Mystery of Inheritance: In the past 150 years, the concept of the Gene - the molecular particle that contains the information of inheritance - has enriched human understanding of genetics. We now have the tools to control some aspects of genetics and even alter our own evolution. This course will explore this scientific journey - using the contributions of the many scientists who have written a story that is changing living history itself.

BT-301. Medical Immunology. 3 Credits.
An examination of the basics of immunology from the molecular to the cellular and organism level. A discussion of interactions in the healthy and disease states and the use of immunotherapy in medicine and the future of diagnostic immunology in health care. Prerequisites: BI-240.

BT-420. Biomedical Applications of DNA Technologies. 3 Credits.
This course will focus on the use of current DNA technologies for biomedical applications. Specific emphasis will be placed on the use of these technologies in gene transfer, gene identification, genomics and gene therapy. Prerequisites: BI-240 BI-350 CH-252.

BT-429. Special Topics in Biotechnology. 3 Credits.
This course will explore current and new technologies developments in biotechnology. It will include the use of computer image analysis, nuclear transplantation, confocal microscopy, and protein separation technology and micro-array hybridation. Ethical parties will be considered. Prerequisites: BI-240 BI-350 CH-252.

BT-440. Research in Biotechnology I. 2 Credits.
This laboratory course will include experience in clinical cytogenesis, molecular and biochemical genetic testing, bioinformatics, micro array chip technology, PCR and various other applications of biotechnology techniques for clinical and research work. Prerequisites: BI-240 BI-350 CH-252; Course Type(s): Senior Seminar.

BT-441. Research in Biotechnology II. 2 Credits.
This laboratory course builds on the previous course (Research in Biotechnology I) and expands the student's knowledge and skills in clinical cytogenesis, molecular and biochemical genetic testing, DNA microscopy, chip technology, PCR and various other applications of biotechnology techniques for clinical and research work. Prerequisites: BT-440 BI-240 BI-350 CH-252.

CASE Courses
CASE-105. Strategic Learning for College Success. 1 Credit.
This course is designed to help students understand which behaviors lead to academic success in college. Students will be provided with resources, strategies and opportunities to improve their academic skills.

CC Courses
CC-256. Greek and Roman Mythology. 3 Credits.
A study of Greek and Roman mythology; the theories of myth and their application to the specific cycles of myths; the use of myth in literature and art. Course Type(s): Core curriculum course.

CC-287. The City of Rome. 3 Credits.
An in-depth study of the history of the City of Rome with emphasis on art and architecture. An artistic history of Rome from prehistoric times through the eighteenth century.

CH Courses
CH-108. Science for Educators. 3 Credits.
A study of the concepts that underlie the natural science content in the elementary school curriculum in the United States. Topics include matter and energy, simple machines, sound, light, weather and climate, structure of the earth and the universe, electricity, and living things. The course is intended for individuals who expect to teach in primary & elementary school.

CH-110. Chemical Principles. 3 Credits.
Structure of matter, chemical reactions, stoichiometry; preparatory course for CH-131.

CH-129. Science Fact Or Science Fiction?. 3 Credits.
Students will review a selection of science fiction short stories, novels and films—in class discussion and research writing—to understand the science behind these works, in an attempt to separate fact from fiction. Partially fulfills the core requirement in natural science.
CH-130. Chemistry and Cooking: Perfect Together. 3 Credits.
A look at the science behind cooking, including choice of cooking method, purpose of ingredients in a recipe, ethnic cuisines, and techniques. Course will include hands-on experience.

CH-131. General Chemistry and Qualitative Analysis I. 3 Credits.
Introduction to the laws and theories of chemistry, emphasizing fundamental mathematical and laboratory skills required for expertise in the field. Three class periods, one four-hour laboratory period weekly. Course Type(s): Core curriculum course.

CH-131L. General Chemistry and Qualitative Analysis I Lab. 1 Credit.
Laboratory for General Chemistry and Qualitative Analysis I (CH-131); Additional lab fee of $100. Course Type(s): Lab Courses.

CH-132. General Chemistry and Qualitative Analysis II. 3 Credits.
Introduction to the laws and theories of chemistry, emphasizing fundamental mathematical and laboratory skills required for expertise in the field. Three class periods, one four-hour laboratory period weekly. Prerequisites: CH-131 Course Type(s): Core curriculum course.

CH-132L. General Chemistry and Qualitative Analysis II Lab. 1 Credit.
Laboratory for General Chemistry and Qualitative Analysis II (CH-132) Additional lab fee of $100. Prerequisites: CH-131; Course Type(s): Lab Courses.

CH-237. Forensic Science. 3 Credits.
The basic concepts and practices of biology and chemistry as applied to criminal investigation, examining and preserving forensic evidence, conducting crime-scene investigations, science in the courts, laboratory experience. Three class periods weekly. Additional course fee of $75. Prerequisites: BI-122 OR BI-184.

CH-238. The Science of Art. 3 Credits.
Materials of art and artifacts, scientific and technical principles underlying the creation of art works, authentication and forgery, deterioration due to time and environment, restoration techniques. Three class periods weekly. Additional course fee of $75. Course Type(s): Core curriculum course.

CH-251. Organic Chemistry I. 3 Credits.
Nomenclature, structure, reactions and spectroscopy of organic compounds with emphasis on reaction mechanisms selected laboratory experiments and preparations. Three class periods, one four-hour laboratory period weekly. Prerequisites: CH-132.

CH-251L. Organic Chemistry I Lab. 1 Credit.
Laboratory for Organic Chemistry I Lab (CH-251). Additional lab fee of $100. Prerequisites: CH-251 Course Type(s): Lab Courses.

CH-252. Organic Chemistry II. 3 Credits.
Nomenclature, structure, reactions and spectroscopy of organic compounds with emphasis on reaction mechanisms selected laboratory experiments and preparations. Three class periods, one four-hour laboratory period weekly Prerequisites: CH-251.

CH-252L. Organic Chemistry II Lab. 1 Credit.
Laboratory for Organic Chemistry II (CH-252) Additional lab fee of $100. Prerequisites: CH-251; Course Type(s): Lab Courses.

CH-295. Credited Internships. 3 Credits.

CH-329. Analytical Chemistry. 3 Credits.
Statistical methods principles and procedures of quantitative analysis titrimetric, potentiometric and colorimetric methods. Three class periods, one four-hour laboratory period weekly. Prerequisites: CH-132.

CH-329L. Analytical Chemistry Lab. 1 Credit.
Laboratory for Analytical Chemistry (CH-329). Additional lab fee of $100. Course Type(s): Lab Courses.

CH-347. Principles of Physical Chemistry. 3 Credits.
Foundations of thermodynamics, chemical kinetics and electrochemistry. Prerequisites: CH-132.

CH-353. Medicinal Chemistry. 3 Credits.
An overview of modern day drug discovery, enzymes, receptors, pharmacokinetics and pharmaceutical synthesis. Prerequisites: CH-251.
CH-355. Polymer Functionality. 3 Credits.
This course covers recent developments at the interface of polymer chemistry and pharmaceutical sciences, focusing on areas where polymers have made a particularly strong contribution, including pharmaceuticals, as well as the biomedical sciences. Detailed description involving the synthesis and chemical properties of biopolymers, biomaterials, nanotechnology, smart polymers, functional applications in biotechnology, tissue and cell engineering, biosensors, and drug delivery, is also integrated into the course. Prerequisites: CH-252.

CH-361. Criminalistics and Forensic Science. 3 Credits.
The theory and application of the principles of forensic science. Lab includes an analysis of the techniques and procedures in forensic science. Prerequisites: CH-132.

CH-365. Physical Chemistry I. 3 Credits.
Physico-chemical properties of gases, liquids and solids thermodynamics solutions and colloids electro-chemistry chemical kinetics nuclear, atomic and molecular structure. Three class periods one four-hour laboratory weekly. Prerequisites: CH-132 PC-186 MA-273.

CH-365L. Physical Chemistry I Lab. 1 Credit.
Laboratory for Physical Chemistry I (CH-365). Additional lab fee of $100. Course Type(s): Lab Courses.

CH-366. Physical Chemistry II. 3 Credits.
Physico-chemical properties of gases, liquids and solids thermodynamics solutions and colloids electro-chemistry chemical kinetics nuclear, atomic and molecular structure. Three class periods one four-hour laboratory weekly. Prerequisites: CH-365.

CH-366L. Physical Chemistry II Lab. 1 Credit.
Laboratory for Physical Chemistry II (CH-366). Additional lab fee of $100. Course Type(s): Lab Courses.

CH-372. Synthetic Organic Chemistry. 3 Credits.
This course covers modern techniques of organic synthesis, focusing on complex biologically active organic molecules and natural products, with emphasis on reaction mechanism, stereochemistry, structure, and retrosynthetic analysis. Prerequisites: CH-252.

CH-399. Independent Study. 1 Credit.

CH-421. Instrumental Analysis for Biochemistry. 2 Credits.
Theory and application of modern instrumentation including: IR, NMR, MS, UV-VIS, LC, GC. Prerequisites: CH-329; Course Type(s): Lab Courses.

CH-442. Biochemistry I. 3 Credits.
Protein structure and function, enzymes, enzyme kinetics and mechanism, metabolism, techniques in protein chemistry. Prerequisites: CH-251.

CH-442L. Biochemistry I Lab. 1 Credit.
Protein purification, enzyme kinetics, enzyme inhibition and western blotting. Additional lab fee of $100. Prerequisites: CH-251; Course Type(s): Lab Courses.

CH-443. Biochemistry II. 3 Credits.
Biosynthesis, hormone regulation, RNA and DNA metabolism, Regulation of gene expression, Techniques in nucleic acid chemistry. Prerequisites: CH-442.

CH-443L. Biochemistry II Lab. 1 Credit.
Biosynthesis, hormone regulation, RNA and DNA metabolism, regulation of gene expression, techniques in biotechnology. Lab Additional lab fee of $100. Prerequisites: CH-442; Course Type(s): Lab Courses.

CH-449. Inorganic Chemistry. 3 Credits.
The electronic structure of matter nature of the chemical bond ionic solids symmetry transition metal and organometallic chemistry. Three class periods, one four-hour laboratory period weekly. Prerequisites: CH-365 OR CH-347.

CH-449L. Inorganic Chemistry Lab. 1 Credit.
Lab for Inorganic Chemistry. Additional lab fee of $100. Course Type(s): Lab Courses.

CH-460. Instrumental Analysis. 3 Credits.
Theory and applications of current techniques includes spectroscopic (IR, AA, UV-Visible, NMR, mass), electro chemical, and chromatographic methods of analysis along with wet chemical methods. Three class periods, one four-hour laboratory period weekly. Prerequisites: CH-329.
CH-460L. Instrumental Analysis Lab. 1 Credit.
Laboratory for Instrumental Analysis. (CH-460). Additional lab fee of $100. Course Type(s): Lab Courses.

CH-499. Research in Chemistry. 3 Credits.
Independent research on an assigned problem; seminar extends through the entire year. Hours arranged with the individual mentor but the group meets weekly for one hour. Additional course fee of $75. Course Type(s): Capstone, Writing Intensive, Senior Seminar.

CJ Courses

CJ-165. Introduction to Criminology. 3 Credits.
Theories and research findings on lawbreaking: the role of criminal law; types of criminal careers; crime prevention and the criminal justice system.

CJ-170. Introduction to Criminal Justice. 3 Credits.
The criminal justice process from arrest through conviction: the law of arrest, the role of the prosecutor, plea bargaining, sentencing practices, jury trials, diversion and alternatives to imprisonment. Careers in criminal justice.

CJ-175. Introduction to Law Enforcement. 3 Credits.
The police in modern urban society: policing, police corruption, social science research on the police.

CJ-177. Police Culture. 3 Credits.
The total way of life of police: formal and informal on the job and off the job. Police norms, values, beliefs and behavior. Police brutality, corruption, community relations, misunderstandings, and scapegoating are considered. Prerequisites: CJ-175 OR CJ-170.

CJ-210. Multiculturalism in Justice. 3 Credits.
Understanding community groups of various ethnic, racial and cultural backgrounds, elevating the awareness in Law Enforcement Agencies. Course Type(s): Pluralism, Core curriculum course.

CJ-222. Family Law. 3 Credits.
A study of laws and court decisions regarding marriage, cohabitation, divorce, child custody and support, reproductive rights, adoption, parental rights and child abuse and neglect. Prerequisites: CJ-165.

CJ-230. Homeland Security and Terrorism. 3 Credits.
Introduction to and understanding the importance of Homeland Security with dealing with contemporary terrorism. Prerequisites: CJ-170.

CJ-237. Forensic Science. 3 Credits.
The basic concepts and practices of biology and chemistry as applied to criminal investigation, examining and preserving forensic evidence, conducting crime-scene investigations, science in the courts, laboratory experience. Three class periods weekly.

CJ-240. Gangs and Organized Crime. 3 Credits.
Examines the street gang from Colonial era America to present day. Explores ethnic organized crime groups, the connections between groups, drug trafficking, extortion, prostitution, money laundering, and violent criminal activity.

CJ-250. Victimology. 3 Credits.
Contemporary developments in Victimology conceptual boundaries, basic concepts and literature subfields and role as a field of study within criminal justice. The historical and emerging roles of Victimology and various aspects of victimization the social, psychological, financial and other impacts of crime. Prerequisites: CJ-165 CJ-170.

CJ-253. Social Deviance. 3 Credits.
Explores the concepts of social norms, egocentricity, and ethnocentricity. Examines the relativity of deviance including criminal behavior, human sexuality, drug use, suicide, and other alternative forms of behavior.

CJ-258. Criminal Justice Ethics. 3 Credits.
Examines the criminal justice system from the ethical point of view. Among the topics discussed are police procedures and human rights, the conduct of trials, due process of law and the operation of correctional facilities. Prerequisites: # PL-101 OR PL-140; # CM-115 CM-117 CM-120; Course Type(s): Values, Writing Intensive, Core curriculum course.
CJ-260. Traffic Management. 3 Credits.

CJ-265. History of Crime and Punishment. 3 Credits.
This course is designed to provide students with a comprehensive interdisciplinary approach to crime and delinquency, both as a philosophical and historical exercise in corrections and contemporary criminal justice systems. Provides an understanding of how crime plays a role in the historic development of the criminal justice system.

CJ-275. Violence. 3 Credits.
This course provides an in-depth analysis of the relationship between violence and criminal behavior, and assesses the theoretical bases of violence by exploring its anthropological, biological, and sociological explanations. It also examines violence within the contexts of individual, group, and societal behavior. Prerequisites: SO-121.

CJ-280. Juvenile Delinquency. 3 Credits.
Theories of delinquency causation; the family and delinquency; problems of adolescence; the juvenile justice system; delinquency prevention programs; methods of treatment; alcohol and drug abuse; child abuse and neglect.

CJ-285. Criminal Corrections Systems. 3 Credits.
Objectives of punishment, jails and their contemporary problems types of prisons corrections officers and their training prison work, education and treatment programs inmate social structure parole and reintegration programs. Prerequisites: CJ-165.

CJ-290. Comparative Justice Systems. 3 Credits.
Post conviction differences between the United States and several other nations: sentencing, probation, fines, prison systems and alternative punishments, highlighting Japan, Canada, India/Egypt. Stress on values and political influences.

CJ-295. Credited Internships. 3 Credits.
Cooperative work experience. Course Type(s): Independent Study.

CJ-298. Special Topics. 3 Credits.
This course is designed to provide students with a comprehensive interdisciplinary understanding of international justice systems and institutions with the primary emphasis on the history and development of legal systems. The study of the police organizations, the courts, the criminal sentencing process and rehabilitative institutions and their respective jurisdictions. Additional travel course fee of $50. Course Type(s): International (Travel),Pluralism.

CJ-299. Leadership for Criminal Justice. 3 Credits.
Provides students with a solid foundation in leadership principles and effectively leading change in criminal justice agencies.

CJ-306. Cops, Crime and Cinema: Criminal Justice in Film. 3 Credits.
An examination of the images the popular film media portrays of law enforcement, corrections, and the courts, and how these views differ from the reality of the criminal justice system.

CJ-315. Criminal Procedure. 3 Credits.
An analysis of the fourth, fifth, sixth, and eighth amendments to the Constitution as they apply to criminal suspects and defendants.

CJ-316. Criminal Evidence. 3 Credits.
The nature of evidence, its classification, admissibility, weight and relevance the trial record and rules of evidence hearsay and its exceptions the constitutional issues in the gathering and introduction of evidence expert and scientific evidence. Prerequisites: CJ-170.

CJ-333. Gender Crime and Justice. 3 Credits.
An in-depth survey of changing social values about gender, changing criminal codes about sex crimes, changing law enforcement policies and procedures in prosecuting sex offenders, and emerging legal doctrines about privacy and sexual rights. Prerequisites: CJ-170 OR CJ-390 OR SO-121 OR WS-140.
CJ-350. Research Techniques and Data Analysis. 3 Credits.
Methods of scientific inquiry in the field of criminal justice: theory and research; causation and validity; research
design, conceptualization, operationalization and measurement, sampling; survey research, field research, agency
records, content analysis, secondary data, program evaluation and analysis of data. Prerequisites: CJ-165 Course
Type(s): Writing Intensive, Core curriculum course, Senior Seminar.

CJ-357. Infamous Crimes and Criminals. 3 Credits.
A survey of anti-social behavior manifested by infamous criminals including serial murderers, mass murderers, and
organized crime members. The impact of these crimes on victims and society the role of law enforcement agencies
and profiling. Prerequisites: CJ-165.

CJ-358. White Collar Crime. 3 Credits.
Types of crime by the privileged: crimes of the professions: employee pilferage, embezzlement and fraud corporate
crime and the crimes of managers political corruption and crimes of public officials. Techniques of investigation and
prosecution for upper class defendants. Prerequisites: CJ-165.

CJ-359. Corruption. 3 Credits.
Analysis of deviance and criminal activities of corporations and government agencies. sociological and psychological
implications are discussed. Organizational processes of communication, power, socialization, group processes and
ethics are analyzed. Prerequisites: CJ-165.

CJ-389. Introduction to Forensic Pathology. 3 Credits.
This course introduces students to the theory and practice of forensic pathology, and underscores the importance
of thorough death investigations in the criminal justice system. Topics covered includes the role of the forensic
pathologist, postmortem changes, autopsies, causes of death, classification and documentation of injuries,
toxicology, and other related forensic disciplines.

CJ-390. Criminal Law. 3 Credits.
Origins of the criminal law from the Napoleonic Code and the English common law; substantive and procedural
criminal law. The new state penal codes.

CJ-395. Probation and Parole. 3 Credits.
Techniques, procedures and regulations of supervision of criminal offenders. Training and preparation of parole and
probation officers. Prerequisites: CJ-165.

CJ-396. Community Policing. 3 Credits.
Police involvement in the community: regular and meaningful contact, quality of life conditions, problem solving
and coordination with community service organizations. Crime information, investigation and prevention through
community relations. Prerequisites: CJ-170 OR CJ-175.

CJ-400. Police Administration. 3 Credits.
The management of law enforcement agencies recruitment and testing training and supervision, evaluation
and promotion, research and planning, budget management and coordination with other municipal agencies.
Prerequisites: CJ-170 OR CJ-175.

CJ-405. Crime Investigation. 3 Credits.
Primary crime investigation, preservation of the crime scene and identification of witnesses. Secondary investigation;
use of computerized data bases, development of witnesses, role of informants, criminalistics and the role of the
evidence laboratory.

CJ-406. Homicide: Investigation and Prosecution. 3 Credits.
Crime scenes: physical evidence and witnesses, constructing the scenario. Prosecution: case evaluation, pretrial and
grand jury. Plea bargaining and trial strategies.

CJ-418. Introduction to Forensics Techniques. 3 Credits.
The basic concepts of forensic science emphasizing recognition, evaluation, and utilization of physical evidence. The
significance of forensics; types, classification, collection and preservation of evidence; rules governing scientific and
physical evidence and expert testimony.

CJ-419. Terrorism and Threat Assessment. 3 Credits.
Provides students interested in intelligence research with a fundamental knowledge of terrorism theory, statutes and
groups. Emphasizes entities with access to radiological, biological, and chemical weapons and their delivery systems.
Prerequisites: CJ-170 OR CJ-240.
CJ-420. Drugs, Society and Human Behavior. 3 Credits.
Processes of interaction through which substance abusing careers are developed and maintained substance abusers and crime impact upon families and communities organized public response. Prerequisites: CJ-165.

CJ-435. Police Patrol. 3 Credits.

CJ-441. Careers in Criminal Justice. 3 Credits.
Career opportunities in the highly glamorized but often misunderstood field of criminal justice at the municipal, state, county and Federal levels. Students will explore their own goals and the connection of their goals to the many careers in the criminal justice system. Prerequisites: CJ-170.

CJ-485. Child Protection Agencies and the Law. 3 Credits.
Emphasizes state-level child protection agencies federal and state statutes affecting child welfare and theories of abuse and maltreatment. Prerequisites: CJ-170.

CJ-486. Internship I. 3 Credits.
Provides students interested in pursuing careers in criminal justice with field placements in law enforcement, courts, corrections or investigative agencies. Course Type(s): Senior Seminar.

CJ-487. Internship II. 3 Credits.
Provides students interested in pursuing careers in criminal justice with field placements in law enforcement, courts, corrections or investigative agencies. Normally runs in the spring semester.

CJ-489. Senior Seminar in Criminal Justice. 3 Credits.
The capstone course for the Criminal Justice major. This course allows students the opportunity to explore career options prior to graduation, or to pursue a special topic within the Criminal Justice arena. Prerequisites: CJ-165 CJ-170 CJ-350; Course Type(s): Capstone,Senior Seminar.

CM Courses

CM-104. Introduction to English Composition. 3 Credits.
Instruction and practice in writing and reading English prose, with special emphasis upon individual development. The course progresses from personal experience to critical writing and research, and includes individual instruction and mandatory laboratory work (in CASE) in English grammar, spelling, and sentence structure. Special use is made of peer group discussion and other non-traditional teaching techniques. All students must take and pass a Proficiency Examination at the end of CM-104 and CM-115. Course Type(s): Core curriculum course.

CM-104L. Introduction to English Composition Lab. 0 Credits.
In the ESL classroom and ESL Lab, students will receive individualized and small group instruction while participating in writers and readers workshops as well as oral language development. Course Type(s): Remedial.

CM-106. Introduction to English Composition. 3 Credits.
Instruction and practice in writing English prose, with special emphasis upon individual development. The course progresses from personal experience to critical writing and research, and includes instruction in English grammar, spelling, and sentence structure. Special use is made of peer group discussion and other non traditional teaching techniques. All students must take and pass a Proficiency Examination at the end of CM106 and CM117. Course Type(s): Core curriculum course.

CM-115. Introduction to English Composition II. 3 Credits.
Instruction and practice in writing and reading English prose, with special emphasis upon individual development. The course progresses from personal experience to critical writing and research, and includes individual instruction and mandatory laboratory work (in CALL) in English grammar, spelling, and sentence structure. Special use is made of peer group discussion and other non-traditional teaching techniques. All students must take and pass a Proficiency Examination at the end of CM 104 and CM 115. Prerequisites: CM-104 OR CM-106 Course Type(s): Core curriculum course.
CM-116. English Composition for Nursing Majors. 3 Credits.
Instruction and practice in the art and craft of writing expository prose and the methods of writing research papers. Work in giving oral presentations based on research is also included. Readings of short prose pieces and argumentative essays by distinguished writers are assigned regularly to familiarize students with standard rhetorical models. All written work, including examinations, tests the students’ ability to write clearly and with understanding about what they have read. Emphasis is on objectivity, accuracy, clarity of expression, logical organization, and the elimination of grammatical errors. A lab focusing on grammar and mechanics at a separate meeting hour is also included. Nursing Majors ONLY. Course Type(s): Core curriculum course.

CM-117. Introduction to English Composition II. 3 Credits.
Instruction and practice in writing English prose, with special emphasis upon individual development. The course progresses from personal experience to critical writing and research, and includes instruction in English grammar, spelling, and sentence structure. Special use is made of peer group discussion and other non traditional teaching techniques. All students must take and pass a Proficiency Examination at the end of CM106 and CM117. Prerequisites: CM-104 OR CM-106; Course Type(s): Core curriculum course.

CM-120. English Composition. 3 Credits.
Instruction and practice in the art of writing expository prose and the methods of writing research papers. Readings in short prose pieces and essays by distinguished writers. All written work, including examinations, tests the students’ ability to write clearly and with understanding on what they have read. Emphasis is on objectivity, accuracy, clarity of expression, logical organization, and the elimination of grammatical and mechanical errors. Course Type(s): Core curriculum course.

CM-3. Essential Writing II. 3 Credits.
Further emphasis on preparation for essay writing. Attention to idiom, sentence patterns, and organization. Prerequisites: CM-001 Course Type(s): Remedial.

CN Courses

CN-113. Elementary Mandarin Chinese I. 3 Credits.
An introduction to the tones, pronunciation, characters and basic grammatical principles of Mandarin Chinese. Only for students with no previous Mandarin. Course Type(s): Core curriculum course.

CN-114. Elementary Mandarin Chinese II. 3 Credits.
An introduction to the tones, pronunciation, characters and basic grammatical principles of Mandarin Chinese. Only for students with no previous Mandarin. Prerequisites: AN-113 OR CN-113.

CN-133. Intermediate Mandarin Chinese I. 3 Credits.
Continued study of tones, pronunciation, vocabulary, and essential grammatical structures aimed at improving competence in the four language skills: listening, speaking, reading and writing. Prerequisites: AN-114 OR CN-114 OR 1 YEAR HIGH SCHOOL MANDARIN.

CS Courses

CS-150. Introduction to Computers and Information Processing. 3 Credits.
Study of computer systems including programming, hardware, software, information processing using business and scientific applications, robotics, and security. Emphasis on the theoretical as well as research and development aspects of computers. Students will work on assignments/projects aligned with their major and will develop web pages. Course Type(s): Core curriculum course.

CS-177. Introduction to Computer Science and Cybersecurity. 3 Credits.
This course is an introduction to computer science and cybersecurity. The goal of the course is to teach basic principles and at the same time prepare students for a major in computer science/cybersecurity. Topics include: The von Neumann architecture, algorithms, data structures, hardware and software, application systems, programming, cyber security, information technology ethics, and data science. Course Type(s): Freshman Seminar, Core curriculum course.

CS-180. Introduction to Programming. 3 Credits.
This course will teach job-market driven programming languages. Students will construct web pages using HTML and JavaScript, then move to C++, and finally Python. By the end of the course students should understand the concepts, methodologies, and techniques used in programming, including compilation, testing, and debugging. Programming constructs include syntax, control statements, arrays, strings, objects, and event handlers. Course Type(s): Core curriculum course.
CS-190. Secure Software Development. 3 Credits.
This is a programming course required for Cyber Security students. Students will learn how to write, test, and debug programs using secure programming techniques. They will learn how to identify key characteristics and design patterns for secure coding, and develop programs in a secure environment using the software development life cycle. Students demonstrate their knowledge through hands-on programs, exercises and case study assignments.

CS-205. Computer Science Workshop. 1 Credit.
A topic chosen by mutual agreement of the student and instructor will be the basis of the course and final project. Credit may be used in lieu of a natural science lab. Prerequisites: CS-180, CS-190 AND CS-231 AND INSTRUCTOR PERMISSION.

CS-231. Software Engineering. 3 Credits.
This course will teach students how to develop a software system from scratch by guiding them through the development process and giving them the fundamental principles of system development with object oriented technology. It will also introduce students to software development methodology, project management, and systems analysis and design as a problem-solving activity. Students will work with C++ and Python using control structures, functions, return statements, reference, arrays, and pointers. Data will be read from text files and databases. Prerequisites: CS/IS-180 OR CS-190 MA-105, MA-123 OR MA-143.

CS-237. Java Programming. 3 Credits.
This course is an introduction to Java, object-oriented techniques, and Java applets for the World Wide Web. Java applications are introduced prior to applets so a student has a more thorough understanding of the programming process. Java applications are built from the beginning rather than having the user manipulate pre-written objects. Pre-requisite: CS/IS-180 Prerequisites: CS/IS-180 OR CS-190.

CS-241. Python Programming for Computer Scientists. 3 Credits.

CS-260. Information Technology Ethics. 3 Credits.
This course addresses the assessment of ethical principles within the application of information technologies to produce and store data and disseminate and use information. It will define and discuss computer ethics within a historical, current and future perspective by dealing with ethical issues in the workplace, privacy and anonymity, property rights, professional responsibility and globalization from the viewpoint of the individual, business and government. Prerequisites: CS-150 OR CS-177 OR CS/IS-180 OR CS-190; PL-130 OR PL-140 OR TH-110 OR TH-120; Course Type(s): Values,Core curriculum course.

CS-271. Decision Support Systems. 3 Credits.
Concepts of Decision Support Systems: Decision Support System technologies, operations research, systems analysis, decision analysis, DBMS, artificial intelligence. Decision Support System tools: data mining, data management, EXCEL. In-depth analysis of business applications, including ERP Systems, data warehouse systems and electronic commerce. Students will be required to complete a final project on designing a computer based decision support system. Prerequisites: CS-177 OR CS-180(12188) OR CS-190 OR BA-151 OR BA-155.

CS-295. Credited Internships. 3 Credits.
CS-298. Cyber Security Virtual Internship. 3 Credits.
In this course, students will become "cyber interns" and work in teams with course faculty, graduate assistants, and industry experts as mentors using the iQ4 online/cloud communication platform. The goal of the course is to enable students to analyze realistic case scenarios and identify the depth and breadth of cybersecurity from multiple perspectives. Students will focus on the interrelated dimensions of threats (which may include but are not limited to technical, procedural, legal, behavioral, skills/proficiencies) and the spectrum of constituent cyber domains/functional areas in which to identify solutions. The content for the course covers core competencies e.g., knowledge, skills, and abilities relating to the identification, detection, protection against, response to, and recovery from an insider threat including how to build and maintain communications with executives, peers and regulators. In addition, essential skills (e.g., teamwork and communications skills), which are required in the workforce. The assignments in the course are designed to assess both core competencies and essential (soft/professional) skills.

CS-317. C# Programming for Web-Based Application. 3 Credits.
The design and construction of Web-based applications using the C# programming language. Students will learn how to build, manage, and deploy a database driven Web site. Prerequisites: CS-180 OR IS-180.
CS-332. Advanced Computing. 3 Credits.
This course will build on the CS180 and CS231 sequence. It will teach advanced concepts in job-market driven programming languages like Python, C++, PHP, Ruby, and Perl, and include the study of Data Center and Cloud Computing technology. Students will learn advanced object-oriented concepts, linked-lists, queues, stacks, maps, string processing and be able to read data from SQL Server databases. Prerequisites: CS-231.

CS-339. Computer Architecture and Operating Systems. 3 Credits.
This course covers computer architecture and operating systems. From a computer architecture standpoint, we will study hardware components, gates/buses/memory, and their use in constructing adders, comparators and addressing schemes. We will also cover machine level representation of data, computer architecture and organization, assembly level machine organization, interfacing and communication, memory systems organization and architecture, functional organization, multiprocessing and alternative architectures, performance enhancements, and distributed architectures. From an operating systems standpoint, we will study privileged and non-privileged states, processes and threads (and their management), memory (real, virtual, and management), file systems, access controls (models and mechanisms), access control lists, virtualization/hypervisors, how does an OS protect itself from attack?, security design principles as applied to an OS, domain separation, process isolation, resource encapsulation, and least privilege. Additional course fee of $75. Prerequisites: CS-231 AND CS-332.

CS-355. Foundations of Programming Systems. 3 Credits.
A comprehensive overview of the design and implementation of modern programming systems. Programming languages and compiling techniques, operating systems, database structures, artificial intelligence, and knowledge based systems are studied. Prerequisites: CS-232.

CS-370. Data Structures. 3 Credits.
This course provides students with an understanding of the basic abstract data types, associated operations and applying them to solve problems. Topics include: strings, lists, vectors, arrays, heaps, queues, stacks, buffers, searching and sorting, trees, and data formats. Prerequisites: CS-332 MA-123 OR MA-143.

CS-399. Cyber Crime: The Dark Side of the Web. 3 Credits.
In this course, students will become "cyber interns" and work in teams with course faculty and industry experts as mentors using the iQ4 online/cloud communication platform. The goal of the course is to enable students to analyze realistic case scenarios in fraud, cyber terrorism/warfare, extortion, cyber theft, and trafficking and identify the depth and breadth of cybersecurity from multiple perspectives. Students will focus on these types of threats: brute force attacks, ransomware, data breaches, illicit traffic, phishing, and denial of service. The content for the course covers core competencies e.g., knowledge, skills, and abilities relating to the identification, detection, protection against, response to, and recovery from cyber-attacks including how to build and maintain communications with executives, peers and regulators.

CS-415. Parallel Robotics and Cell Phone Programming. 3 Credits.
Introduction to parallel programming in Ada and Java. Students will write programs for cell phones and intelligent devices such as a robot. Additional course fee of $75. Prerequisites: CS-231 OR CS-237.

CS-470. Introduction to Artificial Intelligence. 3 Credits.
Knowledge representation, cognitive simulation, machine learning, natural language processing, network technology. Prerequisites: CS-370.

CS-489. Network Technology, Protocols, and Defense. 3 Credits.
In this course we will provide students with an understanding of the components in a network environment, their roles, and communication methods and the techniques that can be taken to protect network and communication assets from cyber threats. Topics include: network architectures/infrastructure/services/protocols (TCP/IP - v4 and v6, DNS, HTTP, SSL, TLS), network address translation and sub-netting, network analysis/troubleshooting, network evolution (change management, BYOD), remote and distributed management, implementing IDS/IPS, firewalls and VPNs , honeypots and honeynets, network monitoring and traffic analysis, minimizing exposure (attack surface and vectors), network access control (internal and external), DMZs / proxy servers, network hardening, mission assurance, network policy development and enforcement, network operational procedures, and network attacks (e.g., session hijacking, man-in-the-middle). Prerequisites: IS-380.

CS-490. Independent Study in Computer Science. 3 Credits.
For the superior student to pursue, under faculty supervision, for research topics not covered in courses offered.
CS-495. Cryptology. 3 Credits.
This course gives a historical introduction to Cryptology, the science of secret codes. It begins with the oldest recorded codes, taken from hieroglyphic engravings, and ends with the encryption schemes used to maintain privacy during Internet credit card transactions. Since secret codes are based on mathematical ideas, each new kind of encryption method leads in this course to the study of new mathematical ideas and results. The first part of the course deals with permutation-based codes: substitutional ciphers, transpositional codes, and Vigenere ciphers. In the second part of the course, the subject moves to bit stream encryption methods. These include block cipher schemes such as the Data Encryption Standard (DES). Public key encryption is the subject of the final part of the course. We learn the mathematical underpinnings of Diffie-Hellman key exchange, RSA and Knapsack codes. Software packages and tools will also be studied. Prerequisites: IS-381.

CS-496. Cybersecurity and Digital Forensics Lab. 3 Credits.
This course is designed to provide students with hands-on experience with cyber security and digital forensics tools and the skills to apply forensics techniques throughout an investigation life cycle with a focus on complying with legal requirements. The course will accomplish its goals through lecture, classroom discussion, and a number of in-lab exercises and projects. Topics and assignments cover: network attacks, intrusion detection systems, digital forensics tools, legal compliance and applicable laws, affidavits, how to testify, case law, chain of custody procedures, digital investigations, E-discovery, authentication of evidence, metadata, root cause analysis, and using virtual machines for analysis. Additional course fee of $75. Prerequisites: IS-381 OR CS-495.

The Capstone Course offers students the opportunity to integrate the knowledge acquired in preceding computer science and information system courses. Students work on projects specific to their Computer Science concentration. Team projects in software design, programming, and implementation will be assigned. Components that are emphasized include analysis and design, team dynamics, project management, documentation, verification and validation of implementation, and communication skill (oral and written). Final projects are to be evaluated by Department of Computer Science faculty. Students present their final projects. Example of project categories: -.

CU Courses

CU-101. Communication Basics. 3 Credits.
An entry level look at communication models and research. Students will think critically about verbal and non-verbal messages interpersonally and through media.

CU-102. Media Literacy. 3 Credits.
An entry level course that expands the definition of literacy beyond print to include electronic and digital forms. Being media literate means the ability to access, understand, analyze, evaluate and create messages in a wide variety of forms. It also means to be aware and conscious of the media environments that surround us.

CU-157. Introduction to Photography I. 3 Credits.
Beginning with basic camera operation, students learn the visual and technical elements that create a photograph. 35mm camera required. Prerequisites: CM-115 CM-117 OR CM-120.

CU-158. Introduction to Photography II. 3 Credits.
Directed toward developing a personal style of picture taking, this course includes dark-room experience in processing and printing black and white film. Prerequisites: CM-115 CM-117 OR CM-120 AND AR-157.

CU-190. Introduction to Film. 3 Credits.
Screenings, reading and discussions are used to introduce students to the basic elements of film and to build an understanding of cinematic art, development, history and theory. Prerequisites: CM-115 CM-117 OR CM-120.

CU-202. Media Communications I. 3 Credits.
An introduction to the study of media with a focus on the history of print, broadcasting, film, video games and the internet. Prerequisites: CM-115 CM-117 OR CM-120.

CU-203. Media Communications II. 3 Credits.
A survey of mass communication theories with a focus on how theories emerge from different historical eras and how such theories are still applicable to mass media events and industries. Prerequisites: CM-115 CM-117 OR CM-120, CU-202.
CU-205. News Writing and Reporting. 3 Credits.
An introduction to journalism, including a survey of print media, and practice in interviewing, reporting, and writing hard news and news feature stories. Prerequisites: CM-115 OR CM-117; STUDENTS IN CM-120 MAY THIS COURSE. Course Type(s): Writing Intensive, Core curriculum course.

CU-208. Broadcast Newsroom. 3 Credits.
A course on the practical skills of broadcast TV. Students will be introduced to TV news writing and productivity. They will learn to shoot and edit news stories for broadcast. Prerequisites: CM-115 CM-117 OR CM-120.

CU-210. Writer’s Workshop. 3 Credits.
A review of the basic rules of grammar in English intended for students who have completed composition requirements and wish to become better communicators. Also intended to assist students who may enter areas of media requiring strong verbal skills, and editing abilities. Prerequisites: CM-115 CM-117 OR CM-120.

CU-213. Advertising and New Media. 3 Credits.

CU-214. Art Advertising and Design. 3 Credits.
Appreciation of the non-verbal communication of visual images: light, color, shape, line, texture, design principles, etc. Studies through projects creating effective advertising images. Additional course fee of $75.

CU-218. Media Business. 3 Credits.
An examination of media as a profit making industry. The roles of sales, advertising and investors are viewed, as are trends of corporate media and entrepreneurship. Public relations and ethics are introduced. Prerequisites: CM-115 CM-117 OR CM-120 AND CU-202 OR CU-203.

CU-228. Asian Film. 3 Credits.
This course introduces students to the history of Asian film industries and landmark films. They will look at the major films and film makers of Hong Kong, Japan, Taiwan and Korea, as well as the popularity of the anime phenomenon and Indian Bollywood films. Course Type(s): Pluralism, Core curriculum course.

CU-232. Art and Desktop Publishing. 3 Credits.
Creation of a brochure, mailer, newsletter or magazine at home or in business. Use of current programs per business world standards. Emphasis on aesthetic concerns. Additional course fee of $75. Prerequisites: #1 COURSE FROM CM-115 CM-116 CM-117 CM-119 CM-120 HP-122.

CU-241. Advertising Management. 3 Credits.
This course covers the management issues in advertising. It focuses on the design and implementation of effective advertising as part of an integrated marketing communications program. Since most advertising decisions involve both the advertiser and an advertising agency, the advertiser is viewed in interaction with agency, creative, media, and research personnel. Prerequisites: CM-115 CM-117 OR CM-120.

CU-247. Marketing Communications and Branding. 3 Credits.
This course is designed as an exploration of the history, development and current strategies, tactics and technologies of Integrated Marketing Communication (IMC) and branding. Using major communication theories, students will explore integrating the practices of marketing, advertising, public relations, publicity, special events, promotions, and a variety of promotional activities in a changing world of new relationships with consumers and new media technologies. Prerequisites: CM-115 CM-117 OR CM-120.

CU-255. Ethics in Communications. 3 Credits.
This course considers both the rational basis for good human action and, in particular, the application of those principles to the personal and social dimensions of communication. Topics such as truth speaking, fairness in reporting, truth in advertising, selection of data, bias in professional judgment, and so forth, will be considered. Values course. Satisfies values, but not core elective requirements. Prerequisites: CM-115 CM-117 OR CM-120; Course Type(s): Values, Core curriculum course.

CU-256. The Horror Film. 3 Credits.
A look at the horror genre as a metaphorical representation of social anxieties. The course traces the roots of horror from early European cinema to modern times, looking at the landmark films and the important stars and film makers of the genre. Prerequisites: CM-115 CM-117 OR CM-120.
CU-260. Radio Station I. 3 Credits.
A course in the practical skills of radio broadcasting. It teaches the basics of using equipment to produce, edit and broadcast a radio program. Productions students create will be part of the new campus radio station's programming. Prerequisites: CM-115 CM-117 OR CM-120.

CU-261. Podcasting. 3 Credits.
Students will produce a podcast in this course, from ideation to final production.

CU-265. Screenwriting. 3 Credits.
This course is designed to introduce the fundamentals of writing for film and television. Students experience the same creative process as a professional screenwriter, moving through the various levels of a typical Hollywood "step" deal. During the first two weeks of class, the students conceive, plan, outline and "sell" their ideas for either a feature length film (75-120 minutes) or a television program (sit-com or drama series pilot). Prerequisites: CM-115 CM-117 OR CM-120; Course Type(s): Writing Intensive, Core curriculum course.

CU-266. Advanced Screenwriting. 3 Credits.
Students with promising projects in Screenwriting will continue their work under the supervision of the instructor. Includes story conferences, sharing work, analyzing successful scripts, creating "bibles" for TV series, and completing a script suitable for professional submission. Prerequisites: CU-265.

CU-270. Broadcast Studies. 3 Credits.
Students will be introduced to the basic structure, history, social impact, and operations of the broadcast industry. Prerequisites: CM-115 CM-117 OR CM-120.

CU-275. Public Speaking Workshop. 3 Credits.
An introduction to the techniques of public speaking and intensive practice in giving information and persuasive speeches. Performance evaluations and specific recommendations for improvement. Prerequisites: CM-115 CM-117 OR CM-120.

CU-277. Strategies of Oral Communication. 3 Credits.
Techniques of oral presentation to promote clear and effective exchange of information and ideas in a variety of everyday situations, with special attention to business interviews and small group settings. Prerequisites: CM-115 CM-117 OR CM-120.

CU-280. Mediated Communication in Organizations and Society. 3 Credits.
Examination of how new technologies are being used to organize work, facilitate organizational decision making, conduct personal relationships, create communities and manage everything from personal interaction to global business organizations. Prerequisites: CM-115 CM-117 OR CM-120.

CU-282. Science Fiction Film. 3 Credits.
A cultural history of the science fiction film genre. Through landmark films of the genre, students examine how the sci-fi film is a metaphorical reflection on the impact of relationship between society, science and technology. Prerequisites: CM-115 CM-117 OR CM-120.

CU-283. The Conspiracy Theory Film. 3 Credits.
The course looks at the themes of conspiracies and paranoia in film and popular culture. Students examine how social and political conflicts through the decades have created fears of large-scale corruption in organizations of power and how these fears were translated to the movie screen. Prerequisites: CM-115 CM-117 OR CM-120.

CU-284. Strategies of Media Literacy. 3 Credits.
A more advanced approach to media literacy that focuses on how to construct media products in ways that have social, cultural, psychological, political and pedagogical impact. The course will teach students how to approach both the form and content of media critically by exploring media literacy's key concepts, theories and issues, so they will be able to educate others through strategies for integrating media literacy into curriculum and educational programs.

CU-285. Gender and Communication. 3 Credits.
This course is an introduction to the field of study of communications and gender. The objective is the explanation, observation, discussion and understanding of a gender and how it affects communication at the personal, group, organization and societal levels and how gender id portrayed in our culture through digital technology and the mass media. Course Type(s): Pluralism, Core curriculum course.
CU-293. Today's Film Scence. 3 Credits.
Students will meet in Manhattan to view and analyze contemporary films, often before they are released to the
general public. At times the film makers are likely to participate. The course will give students a knowledge of the
contemporary film scene as well as skills in film analysis. Additional course fee of $235. Prerequisites: CM-115,
CM-117, OR CM-120.

CU-295. Credited Internships. 3 Credits.

CU-300. Film Theory and Criticism. 3 Credits.
To develop an understanding of film and TV and the ability to write about them, students will be introduced to
major theoretical and aesthetic approaches, including auteur theory, genre theory, semiotics and spectatorship.
Prerequisites: CM-115, CM-117 OR CM-120.

CU-302. Digital Audio Production. 3 Credits.
Workshop style course in basic digital audio editing for all electronic media, including music, news, sports,
commercial, PR, radio, tv and film. Students will use professional digital software not listed in CU-260 & CU-261.
Prerequisites: CU-260.

CU-304. Principles of Media Law and Ethics. 3 Credits.
An overview of laws governing writing and reporting, from first amendment to libel, roles of journalists in criminal
cases and the relationship between the press and government. Looks at where the law stops and ethical obligations
begin. Prerequisites: CM-115 OR CM-117 OR CM-120.

CU-306. The Animated Film. 3 Credits.
This course will explore the history of animation, from the early lantern shows of the 19th century to modern digital
technology. The class will also discuss the social, cultural, economic and artistic impact of various animators and their
creations. Prerequisites: CM-115 CM-117 OR CM-120.

CU-307. Art Commerce and the Cultural Impact of Disney. 3 Credits.
This interdisciplinary course will explore how one company, using branding, corporate synergy, and transmedia
storytelling has had an impact on the global economy, social institutions, public spaces, culture & our private lives.
Prerequisites: CM-115 CM-117 OR CM-120.

CU-308. Disney: Behind the Scenes. 3 Credits.
Students travel to Walt Disney World for classes in learning skills and strategies connected to communication,
teamwork, effective problem-solving, and management decision-making. A behind-the-scenes tour is included.
After the trip, students attend follow-up seminars of projects and discussion. Additional travel course fee of $50.
Prerequisites: CM-115 CM-117 OR CM-120; MUST HAVE OVER 30 CREDITS. Course Type(s): Domestic
Travel,Core curriculum course.

CU-310. Advanced News Writing and Editing Workshop I. 3 Credits.
Students build on expertise acquired in CU/JN205, developing skills further in newsgathering, editing, interviewing
and layout. They will generate stories and complete assignments on deadline. Beat and specialized reporting,
headline and feature writing, print vs. broadcast. Prerequisites: CU-205 OR JN-205.

CU-313. Pauw Wow Workshop. 3 Credits.
Students will report, write, photograph and/or produce the student newspaper, The Pauw Wow. They will copyedit
and design and layout the paper as well as produce multimedia for the online edition.

CU-315. Business and Professional Communication. 3 Credits.
How to communicate in various channels necessary for the efficient functioning of groups and organizations. This
includes writing for all forms of print and online, as well as, understanding interpersonal interaction and group
dynamics that support and promote effective teamwork. Prerequisites: CM-115 CM-117 OR CM-120; Course Type(s):
Writing Intensive,Core curriculum course.

CU-318. African-American Communication In American Culture. 3 Credits.
The communication styles of African-Americans have been integral in the creation of modern American culture. This
course will trace the beginnings of this communication to its expression today in the United States. The evidence
includes oral, visual, early written, and electronically mediated communication of African-Americans with specific
examples in songs, dance, storytelling, and preaching; artifacts, adornments and crafts; pamphlets, slave narratives
and journals; and filmmakers, performers and composers. Prerequisites: CM-115 CM-117 OR CM-120; Course
Type(s): Pluralism,Core curriculum course.
CU-327. Digital and Social Media Marketing. 3 Credits.
This course introduces students to the current thinking, practice and developments in digital and social media marketing, including: Social media marketing for B2C, B2B, not-for-profits, Internet marketing, online PR and reputation management, and mobile marketing. Prerequisites: CM-115 CM-117 OR CM-120.

CU-340. Sportswriting. 3 Credits.
A study of the growth of this area of specialized journalism, including interviewing, reporting, and writing assignments for a variety of sports. Prerequisites: CM-115 CM-117 OR CM-120.

CU-341. Art and Entertainment Journalism. 3 Credits.
An overview of an area of specialized journalism: Arts and Entertainment. A look at the history and current issues in the arts, from early 20th century tabloids to today's bloggers, copyright concerns and arts in the community. Prerequisites: CM-115 CM-117 OR CM-120, CU-205 OR JN-205.

CU-350. Public Relations. 3 Credits.
Influencing public opinion is the major goal of public relations activities. This course examines the roles of opinion research, press agentry, product promotion, publicity, lobbying, public affairs, fund-raising and special events management in creating a favorable image for a client. Writing skills are emphasized. Prerequisites: CM-115 CM-117 OR CM-120.

CU-352. Conversations With Writers: Metro Seminar. 3 Credits.
A Metropolitan Seminar local travel course.: An introduction to the working habits and aesthetic ambitions of professional writers of books, screenplays, newspaper articles and other media content. Students will read writers' works, publicity and marketing material, then students will discuss the information with the authors in New York City. Additional course fee of $235.

CU-355. Video Journalism. 3 Credits.
A new form of journalism practiced today is on the web called video journalism. Students will investigate the format, producers and the future of this type of reporting. They will also take a close, critical look at its credibility. Prerequisites: CM-115 CM-117 OR CM-120.

CU-385. Multimedia Reporting. 3 Credits.
An introduction to the fastest growing segment of journalism, multimedia/online journalism. Students will learn the fundamentals of using digital audio, video and photo equipment, editing, participating in social networks and producing multimedia projects on the web. Class will also take a look at the financial and social impact of multimedia journalism. Prerequisites: CU-205 OR JN-205 CM-115 CM-117 OR CM-120.

CU-400. Research Writing. 3 Credits.
This course introduces the process of conducting various forms of quantitative and qualitative research related to the field of Communication. Students will develop and write an original research paper with the long term goal of presentation and/or publication. Prerequisites: CM-115 CM-117 OR CM-120, CU-202 OR CU-203; Course Type(s): Capstone, Writing Intensive, Senior Seminar.

CU-410. Investigative Journalism and Advanced Features. 3 Credits.
The practical application of investigative and public affairs reporting skills. Students will complete a major investigative news piece and gather information from public records and interview sources. Prerequisites: CU-205.

CU-419. Magazine Writing. 3 Credits.
Methods of writing and selling articles for print and web magazines from brief profiles and how-to pieces to long narrative articles. An introduction to query writing. Prerequisites: CM-115 CM-117 OR CM-120, CU-205 OR JN-205.

CU-420. Social Impact of Documentary History and Production. 3 Credits.
In this course students will explore the history and methods of social impact documentaries as a tool for education, action and change. Students will also produce a final project, studying filmmaking from concept, to production and post production culminating in an end-of-the year film festival. Prerequisites: CU/JN-205, CU/JN-355.

CU-454. Black Films. 3 Credits.

CU-489. Globalization and Fieldwork Seminar. 3 Credits.
Short term study/travel course in which students conduct first hand investigations on the effects of globalization in relevant settings. Specific area and topics determined at the beginning of the Academic Year. Locations change every term. Additional travel course fee of $50. Course Type(s): International (Travel), Pluralism.
CU-495. Media Internship I. 3 Credits.
This course integrates study in a specialty area of media communications with a job experience in the field. Students will compare academic preparation to work place demands, and will think critically about choosing learning resources for the world of work. Prerequisites: CU-202, CU-203 OR CU-205.

CU-496. Media Internship II. 3 Credits.
This course integrates advanced study in a specialty area of media communications with a job experience in the field. Students are encouraged to think critically about media ethics and practice. Prerequisites: CU-202, CU-203 OR CU-205; Course Type(s): Senior Seminar.

EA Courses

EA-011L. Language Workshop II. 0 Credits.
A one-semester language lab that must be taken in conjunction with EA-031 and EA-041. It is designed to provide assistance with listening, speaking, reading, and writing in English at an academic and college level. Course Type(s): Remedial,Lab Courses,Core curriculum course.

EA-32. Dynamics of College Reading. 3 Credits.
Using culturally and linguistically appropriate materials, students practice critical reading through a series of reading exercises that are designed to move from one level to the next smoothly. Discussions based on the readings of various novels are an integral part of the course. Emphasis is placed on vocabulary as well. Course Type(s): Remedial.

EC Courses

EC-101. Macroeconomic Principles. 3 Credits.
Definition of economics and its methodology. Scarcity and the resulting macroeconomic problems. Measurement and determination of the level of macroeconomic activity (size and components of GNP, full employment, growth); stabilization problems (unemployment and inflation) and policies. Course Type(s): Core curriculum course.

EC-102. Microeconomic Principles. 3 Credits.

EC-251. Intermediate Microeconomics. 3 Credits.
The fundamentals of microeconomic theory. Consumer demand theory including the classical utility and indifference curve approach to consumer equilibrium. Firm behavior under various types of market structures. General equilibrium. Prerequisites: EC-101 EC-102.

EC-252. Intermediate Macroeconomics. 3 Credits.

EC-295. Credited Internships. 3 Credits.

EC-300. Statistics for Business, Finance and Economics. 3 Credits.

EC-301. Mathematical Economics. 3 Credits.
The main applications of mathematics to economic concepts and problems. Maximization, minimization problems. Simultaneous equations, calculus, linear algebra. Prerequisites: EC-300.

EC-302. Elements of Econometrics. 3 Credits.
The application and limitation of statistical techniques in testing economic and finance theories: simple and multiple regression analysis, time series and cross section analysis, problems encountered in regression such as multicollinearity and serial correlation. Prerequisites: EC-300.

EC-303. Linear Programming for Economics. 3 Credits.
Algebraic and geometric prerequisites, the simplex method, transportation problems, network flows, application to industrial problems, and economic theory. Prerequisites: EC-301.
EC-324. Poverty and Inequality. 3 Credits.
Description and analysis of the causes, characteristics and consequences of poverty. Links between poverty and inequality. Measurement of the different dimensions of poverty and inequality. Comparative analysis of poverty and inequality across countries. Poverty reduction policies and strategies. Prerequisites: EC-101 EC-102; Course Type(s): Pluralism, Core curriculum course.

EC-351. American Economic History. 3 Credits.
The formation and transformation of the American economy from colonial times to the present, with particular emphasis on the post-Civil War period. Prerequisites: EC-101 EC-102 OR PERMISSION OF INSTRUCTOR.

EC-353. Labor Economics. 3 Credits.
Labor aspects as a factor of production. Concept and changing composition of the labor forces, competing theories of wage determination, employment insecurity, institutional and political developments consequent upon the emergence of the labor force as a separate economic entity. Prerequisites: EC-102.

EC-355. Government and Business. 3 Credits.
The nature and scope of the government's antitrust and regulatory policies and the impact of those policies on business and industry. Topics include: the legal basis, limitations, instruments and targets of control versus costs of regulation evaluation of relevant governmental agencies and bodies (FDA, EPA, FCC, SEC, etc.). Prerequisites: EC-101 EC-102.

EC-356. Urban Economics. 3 Credits.
Inquiry into the growth and development of urban areas, the location, form and structure of cities, current urban problems and policies. Prerequisites: EC-101 EC-102.

EC-357. Economics of Human Resources. 3 Credits.
The economic dimensions of basic decisions made by individuals and families over their life cycles and the policy implications of those choices. Topics include: economic determinants of marriage, family size and migration labor supply, and alternatives to working (public assistance or crime) investment in human capital (education, training, health), income inequality, poverty and discrimination. Prerequisites: EC-102.

EC-358. Public Finance. 3 Credits.

EC-450. International Trade. 3 Credits.

EC-452. Economic Development. 3 Credits.
Measurement and income distribution - obstacles, constraints, factors, and theories of economic development. Aid, planning, and actual experiences. New consideration to the development process. Prerequisites: EC-101 EC-102 OR PERMISSION OF INSTRUCTOR.

EC-454. Political Economics of Latin America. 3 Credits.
Survey of historical, cultural and political events. A contemporary study of economic development, debt crisis, trade, financial and stabilization policies. Prerequisites: EC-101 EC-102.

EC-494. Seminar: Unions and Collective Bargaining. 3 Credits.
The nature and economic significance of labor unions in the U.S. Topics include: the historical development of the American labor movement, the structure of labor relations, collective bargaining procedures and strategies, the impact of unions on wages and working conditions. Prerequisites: EC-101 EC-102.

EC-496. Capstone Seminar. 3 Credits.
This capstone course ties together the various components in the Economic Major as well as prepares graduates for the next level. Students will develop a synthesis production. Should be taken last term senior year. Honors students are not required to take this course and non-honors students may count it as an upper-level elective. Prerequisites: EC-251 EC-252 EC-300; Course Type(s): Capstone, Writing Intensive.

ED Courses
ED-001. Reading Lab. 0 Credits.
Reading Lab Course Type(s): Remedial.
ED-010. Dynamics of College Reading. 3 Credits.
A program of selected readings, vocabulary enrichment, and guided study which enables students to develop effective study and critical reading skills by introducing them to selected readings in diverse fields including their major. Course Type(s): Remedial.

ED-101. Dynamics of College Learning I. 3 Credits.
Using multiple interdisciplinary methods, students will become familiar with the University and develop skills they need to be successful in college. Transition course topics include: test-taking strategies, math, reading, writing, technology, and study skills.

ED-102. Dynamics of College Learning II. 1 Credit.
A multidisciplinary course for freshmen to assist in their development as responsible college students and to further their potential for academic success.

ED-103. Career Development. 1 Credit.
This course will provide you with the basics needed in your academic and career planning process. Through guided self-assessment, exploration, and career preparedness activity, students refine and identify potential career interests and understanding of how their major relates to various careers and professions. Students will gain exposure to identifying internships, resume writing, interviewing, networking and developing a personal brand. This course will put students on the road to career success.

ED-104. Experiential Learning. 1 Credit.
Lab for Trio students to guide students as they participate in a chosen experiential learning activity. Course Type(s): Lab Courses.

ED-105. TRIO Student Support Serve Excel Sr Seminar. 1 Credit.
This senior seminar will cover items under the Excel component of the TRIO Program such as the Real World Experience; Graduate School Prep, degree completion, implementation of post-graduate plans, experiential learning, social and leadership growth. Course Type(s): Senior Seminar.

ED-160. Education and Schooling in a Multicultural Society. 3 Credits.
This course introduces students to education in a diverse and multicultural world. Students learn about the teaching profession by focusing on career readiness and the historical and philosophical foundations of education in the U.S. and other parts of the world. There will be a focus on students with disabilities, and effective instruction. The course introduces students to lesson planning, the certification process, and required curriculum standards. Additional TK20 fee of $100. Course Type(s): Pluralism, Core curriculum course.

ED-170. Child and Adolescent Psychology. 3 Credits.
A study of the growth and development from birth to adolescence within the context of the school.

ED-200. Adapted Physical Education for Special Needs Students. 3 Credits.
This course will provide an overview of adaptive physical education including an expanded definition, historical background, classifications and IEP development, assessment practices and teaching and instructional strategies for the special needs students.

ED-201. Fundamentals of Speech. 3 Credits.
This course focuses on child development from birth to age eight. Students will learn about theories of child development and how cognitive and linguistic factors affect development and learning. Students will learn about learning styles and multiple intelligences.

ED-203. Educational Psychology. 3 Credits.
A study of the psychological backgrounds. Topics include: adolescent growth and development, individual differences, the learning process, motivation, the process of effective study, transfer of training, and measurement of intelligence.

ED-204. Experiential Learning. 0 Credits.
This course for ASP sophomores is meant to consolidate the work done in freshman year and provide additional learning opportunities and resources to help students progress with their choice of major, apply for internships, and remain connected with the ASP office for individual advisement and counseling. It will be offered as a hybrid course, with students completing assignments online and meeting with the ASP faculty/staff on a regular basis. Prerequisites: ED-101 OR ED-102 OR ED-103; Course Type(s): Independent Study.
ED-250. Educational Pedagogy of World Languages. 3 Credits.
Methods of foreign-language pedagogy, lesson planning, syllabi, classroom activities, and methods of evaluation. Taught in English; recommended for education majors and/or minors.

ED-295. Credited Internships. 3 Credits.

ED-301. Assessment. 3 Credits.
An overview of essential concepts and principles of classroom and school-wide formative and summative assessments in the elementary classroom. An examination of tests and trends in psychological, standardized, and achievement tests and the rationale and assumptions underlying these assessments. Consideration and evaluation of the types of tests commonly used such as state, local, and national assessments as well as discussion of the interpretation of the results.

ED-389. Undocumented Youth in Education and Immigration Rights. 3 Credits.
This course will examine youth-lead movements for education and immigrant rights. To understand these issues, we will engage in readings, discussions, site visits, guest speakers and action research projects. Course Type(s): Pluralism, Core curriculum course.

ED-390. Innovative Projects in Education I. 3 Credits.
Special projects of merit under the direction of a mentor. Open to juniors and seniors only.

ED-391. Innovative Projects in Education II. 3 Credits.
Special projects of merit under the direction of a mentor. Open to juniors and seniors only.

ED-395. Special Topics in Education. 1 Credit.
Exploration of a selected topic in the field of education. Course Type(s): Senior Seminar.

ED-397. Professional Assessment Strategies. 3 Credits.
Course would incorporate subject specific content and strategies for taking standardized assessments.

ED-399. Independent Study. 3 Credits.

ED-428. Literature of East and West Africa. 3 Credits.
A study of seminal texts representing the Acholi, Gikuyu, Malinke, Igbo, Wolof, Bambara and Senegalese peoples of East and West Africa. Prerequisites: TWO COURSES PL-130 AND PL-140 OR TH-110 AND TH-120; Course Type(s): Values, Pluralism, Online Course.

ED-429. Literature for Young Adults: Chains of Slavery. 3 Credits.
The theoretical framework of this course is the social contract theory. Students study the natural rights defense of liberty as well as the normative theories of right revolution, the common good and civil virtue as they read eight award winning novels on the middle school level. Note: Students who seek credit as a Values course must complete the prerequisite of six credits of Theology or six credits of Philosophy. Prerequisites: 2 COURSES PL-130 AND PL-140 OR TH-110 AND TH-120; Course Type(s): Values, Pluralism, Online Course.

ED-490. Clinical Experience I. 1 Credit.
This course will provide clinical experience in an elementary, middle or secondary classroom setting and will provide students with the skills to become effective and caring teachers. Course Type(s): Senior Seminar.

ED-491. Clinical Experience II. 2 Credits.
This course will allow students to use their knowledge of developmentally appropriate practices and the role that families and communities play in the development of children and adolescents. Students will be reflective practitioners as they work in the classroom to assess children's learning, incorporate effective classroom management plans and obtain resources for families, colleagues, and administrators. Additional TK20 fee of $100. Prerequisites: ED-490 Course Type(s): Senior Seminar.

ED-492. Clinical Practice I and Seminar in an Elementary, Middle or Secondary Setting. 3 Credits.
Clinical practice in an elementary, middle or secondary setting in order to provide students with the skills and disposition necessary to become effective elementary school teachers and develop relationships with school colleagues, families, and community. Students will provide learning activities that support cognitive, emotional, and social development. They will design learning experiences that support culturally responsive teaching, and plan and assess developmentally appropriate lessons and units. Additional TK20 fee of $100. Course Type(s): Senior Seminar.

ED-493. Practicum in Reading. 3 Credits.
A field experience designed to provide the opportunity for students to work with reading teachers in a classroom setting.
ED-494. Seminar of Education TPA. 3 Credits.
An in-depth analysis of the requirements and implementation of ed.TPA.

ED-495. Clinical Practice II and Seminar. 8 Credits.
Students plan and implement developmentally appropriate and culturally responsive curriculum in an elementary, middle or secondary classroom which demonstrates their knowledge of development and the role of the school community with regard to student's learning. Students implement the required State standards through an integrated curriculum. They use multiple strategies to assess learning and demonstrate effective classroom management. Additional TK20 fee of $100 and EDTPA fee of $300. Course Type(s): Senior Seminar.

ED-498. Education of the Disadvantaged Child. 3 Credits.
An exploration of the impact of discrimination, social conditions, and deprivation on the educational process, particularly in cities.

EE Courses

EE-202. Elementary Curriculum. 3 Credits.
A comprehensive overview of the total elementary school program as a vehicle for the education of the child in contemporary society. This course will focus on effective curriculum planning. Students will develop unit plans that integrate state standards, differentiated instructional strategies and meet the needs of students with diverse learning styles, disabilities and English Language Learners.

EE-204. Using Technology in Elementary Language Arts. 3 Credits.
This course introduces future elementary school educators to traditional and technological materials and techniques of instruction appropriate to the teaching of spelling, handwriting, listening, and oral and written language skills in the elementary school. The course explores digital literacy in the classroom discussing technological topics such as classroom web page design, using Google Apps, podcasting, screencasting, digital storytelling, blogging, and using Twitter as well as other forms of social media in the elementary classroom. This course has been designated as Writing Intensive. Course Type(s): Writing Intensive, Core curriculum course.

EE-206. Teaching Reading in the Elementary School. 3 Credits.
Instruction in modern techniques for teaching children to read. Group and individual approaches: phonetic, basic text, and experimental techniques. Study of literature appropriate to reading development, appreciation, and enjoyment.

EE-212. Methods of Teaching Mathematics in the Elementary School. 3 Credits.
Materials and techniques of teaching mathematics, with appropriate emphasis on the traditional and modern developments in the field. Class activities, teaching aids, planning and evaluation of mathematics learning.

EE-214. Teaching Science in the Elementary School Using Technology. 3 Credits.
Materials and techniques of teaching science with emphasis on the discovery approach to equip the child with basic science learning and to awaken a desire for further science study in elementary school. This course will engage students in hands-on activities supported by technology. Students will apply skills, concepts and principles that unite the science discipline into their lessons and unit plans.

EE-495. Student Teaching: Elementary. 8 Credits.
A supervised classroom teaching experience on the elementary level (K-8), including seminar meetings and conferences scheduled prior to and during the student-teaching term. Prerequisites: ED-490 ED-491.

EE-499. Student Teaching: Elementary. 6 Credits.
A supervised classroom teaching experience on the elementary level (K-8), including seminar meetings and conferences scheduled prior to and during the student-teaching term. Prerequisites: ED-490 ED-491.

EL Courses

EL-121. Poetry. 3 Credits.
This introductory literature course is designed to help students develop the skills necessary to understand and enjoy poetry. The class will explore the diversity and range of poetry, emphasizing the analysis of short lyric poems, and selected examples of verse drama, verse essay, and narrative poems. Prerequisites: CM-115, CM-117 OR CM-120; Course Type(s): Core curriculum course.
EL-122. Drama. 3 Credits.
This class introduces students to the creative, eclectic and wonderful world of theatre in order to develop an appreciation for the art. Members of the class work together on creating a greater awareness of the role of theatre in its aesthetic, cultural, historical, and educational settings, helping students to gain a strong and well-rounded understanding of the role theatre plays in our everyday lives. Prerequisites: CM-115, CM-117 OR CM-120; Course Type(s): Core curriculum course.

EL-134. Fiction. 3 Credits.
Designed to initiate and develop understanding and appreciation of the nature, properties, and traditions of prose fiction; and to stimulate critical interest in this literary form by establishing standards of judgment and evaluation. Prerequisites: CM-115, CM-117 OR CM-120; Course Type(s): Core curriculum course.

EL-175. Acting Workshop I. 3 Credits.
Theater director: script analysis and development, performance construction for stage and screen. Prerequisites: CM-115, CM-117 OR CM-120.

EL-176. Acting Workshop II. 3 Credits.
Continuation of Part I including presentations for theatre and video space creation of video suitable for use as an audition piece. Prerequisites: CM-115, CM-117 OR CM-120.

EL-201. English Literature I. 3 Credits.
A study of major works in British literature from the Old English period to the late eighteenth century, with emphasis on literary forms, genres, and themes, as well as key linguistic, cultural, and historical contexts. Required of all English majors. Prerequisites: CM-115, CM-117 OR CM-120; Course Type(s): Core curriculum course.

EL-202. English Literature II. 3 Credits.
A study of major works of British literature from the Romantic Era to the present, focusing on thematic concerns and aesthetic innovations within British literary production in relation to the socio-historic development of the cultures of Great Britain and its Commonwealth. Required of all English majors. Prerequisites: CM-115, CM-117 OR CM-120; Course Type(s): Core curriculum course.

EL-203. American Literature I. 3 Credits.
Two elements of the American Dream have been present from the very beginning-freedom and opportunity. We will explore the earliest treatments of those ideas and others in works from authors such as John Smith and Edgar Allan Poe. (Group 3) Prerequisites: CM-115 CM-117 OR CM-120; Course Type(s): Core curriculum course.

EL-204. American Literature II. 3 Credits.
This course surveys the literature of America in the twentieth- and twenty-first centuries that shape evolving notions of what it means to be American. Through a variety of literary texts and genres, students will make connections between form, content and meaning while exploring how American literature delineates the capacious and often contested sense of American identity. Topics may include immigration and migration; performance, race, class, and gender; notions of liberty and oppression; place and space. Critical and writing skills will be enhanced through close analysis of texts and the application of basic literacy concepts and methods of interpretation. Prerequisites: CM-115 CM-117 OR CM-120; Course Type(s): Core curriculum course.

EL-205. Survey of World Literature. 3 Credits.
An introductory survey of the modern and contemporary literatures of the developing world, with particular emphasis on interdisciplinarily situating texts in terms of their various cultural, political, economic, and historical contexts. As an introductory literature course, this class will also serve to introduce students to the methods of close-reading-based textual analysis. Prerequisites: CM-115 CM-117 OR CM-120; Course Type(s): Core curriculum course.

EL-250. Live Performance Art. 3 Credits.
Participants will be enlightened, enriched, entertained, by attending performances representative of Broadway musicals, ballet, concerts, dance, and opera. Additional course fee of $235. Prerequisites: CM-115, CM-117 OR CM-120.

EL-252. Creative Writing. 3 Credits.
Creative Writing is designed to teach the craft of writing creatively; the objective of the course to produce original work through the study of published authors with a wide range of styles, determined by the genre focus. These writing workshops will work on audience, point of view, tone, language choice, plot, character, setting, dialogue and description, depending on the overall form. Students may repeat the course depending on the subject matter, which will alternate between creative writing and the short story, the novel, poetry, drama and fan-fiction. Prerequisites: CM-115, CM-117 OR CM-120; Course Type(s): Core curriculum course.
EL-254. Dramatic Writing Workshop. 3 Credits.
An introduction to the basics of dramatic writing, this course is for students who wish to concentrate on developing scripts for the stage. Prerequisites: CM-115, CM-117 OR CM-120; Course Type(s): Core curriculum course.

EL-293. Today's Film Scene. 3 Credits.
Students will meet in Manhattan to view and analyze contemporary films, often before they are released to the general public. At times the film makers are likely to participate. The course will give students a knowledge of the contemporary film scene as well as skills in film analysis. Additional course fee of $235. Prerequisites: CM-115, CM-117 OR CM-120.

EL-295. Credited Internships. 3 Credits.

EL-298. Epic England. 3 Credits.
In this course we will consider the epic tradition in English literature, from the Middle Ages into the 21st century. We will analyze selections of epic poems and novels within their historical contexts and will at times view and analyze film adaptations of them too. Then, over the spring break, we will visit the sites of their inspiration and creation. Course Type(s): International (Travel).

EL-304. Medieval English Literature. 3 Credits.
Survey of the Old English period (499-1066), covering selected prose and poetry, including Beowulf, and the Middle English period (1066-1485), surveying the works of Chaucer, Langland, the Gawain poet, Malory and others. (Group 1) Prerequisites: EL-123 OR EL-134 GROUP 1.

EL-305. Chaucer. 3 Credits.
Analysis of the Canterbury Tales, Troilus and Criseyde, and several of the minor poems. (Group 1) Prerequisites: EL-123, EL-134 (GROUP 1).

EL-306. Textual Analysis: Theory and Practice. 3 Credits.
An introduction to the predominant contemporary methodologies of literary/cultural studies analysis and their theoretical underpinnings, this course will introduce core disciplinary concepts and develop awareness of the "schools" of criticism that make up the field of literary/cultural studies analysis as it stands today (new historicism, feminism/gender studies, deconstruction, etc.), thereby grounding students in the constitutive disciplinary practices of the field of English.

EL-310. Gender and Sexuality in Film. 3 Credits.
An introduction to an understanding of the ways in which gender and sexuality have been represented in film and the mass media. Beginning with an introduction to methods of film analysis, it will explore socio-cultural presumptions about gender and sexuality, how some of these have changed over time, and how they have influenced social expectations, body types, and narrative structure. It will also look at diversity within categories and how "woman" can include Charlize Theron, Kate McKinnon, Lillian Gish, and Marilyn Monroe and "man" can include John Wayne, Kevin Hart, and Pee Wee Herman.

EL-311. The Renaissance: Major Texts. 3 Credits.
Interpreting the term "texts" broadly (as any important intellectual or artistic productions emerging from the variously and often vaguely defined era called the Renaissance), this course examines crucial literary works-including Don Quixote, Hamlet, the sonnets of Petrarch, and Calderon's Life is a Dream—as well as important artists (Giotto, Michelangelo, Leonardo, and Raphael) and philosophers (Descartes and Pascal, among others) of the period. (Group 1) Prerequisites: EL-123, EL-134 GROUP 1.

EL-313. Renaissance Drama. 3 Credits.
A reading and analysis of a variety of Renaissance plays from England and the continent (including Spain, Italy and Portugal). (Group 1) Prerequisites: EL-123, EL-134 (GROUP 1).

EL-314. Elizabethan and Jacobean Drama. 3 Credits.
A study of important dramatists, from Marlowe to Ford, excluding Shakespeare. Revenge tragedies, history plays and city comedies are examined both as literature and as plays intended for performance. (Group 2) Prerequisites: EL-123, EL-134 (GROUP 2) Course Type(s): Writing Intensive, Core curriculum course.

EL-315. Studies in Shakespeare. 3 Credits.
A critical appreciation of representative sonnets, history plays, comedies, "problem comedies", tragedies, and romances. Works are studied within their historical context, and plays are approached both as published literature and as work designed for the stage. (Group 2).
EL-321. 17th Century English Literature. 3 Credits.
Prose and non-dramatic poetry from Donne to Milton. Students read, discuss, analyze and debate issues reflected in literature from a variety of genres and sources, ranging from religious meditations to secular poetry, political pamphlets and philosophical essays, considering the social and religious issues raging at that time and today. (Group 2) Prerequisites: EL-123, EL-134 (GROUP 2).

EL-324. Restoration and Eighteenth Century Drama. 3 Credits.
After the English Civil war and Charles II's restoration to the throne, English theater saw a revival and openness to new themes and broader participation (with women joining the ranks of players and playwrights). In this class, we will examine wickedly satirical comedies of manners, highly emotional tragedies, and new genre of opera, and more - on the page and in performance. Prerequisites: EL-123 AND EL-134.

EL-330. Greek Mythology: When Women Were Gods. 3 Credits.
This course will introduce students to the study of myths, as well as an interpretation of these stories as a way of exploring the nature of women in myths, considering their individuality, societies, and nations. It will encompass poetry, short fiction, drama, nonfiction, and excerpts from novels. Students will develop stronger reading skills in analysis, interpretation, and evaluation. We will examine the values and themes common to women's experiences in antiquity. We will explore also tragic heroines of ancient Greek myth and theatre, focusing on the works of Aristophanes, Aeschylus, Euripides, and Sophocles.

EL-331. English Romanticism. 3 Credits.
An exploration of major trends in English Romanticism with particular attention to the question of why writers of this era had such an explosive effect on the course of English literature. (Group 3) Prerequisites: EL-123, EL-134 (GROUP 3).

EL-334. Victorian Prose and Poetry. 3 Credits.
An exploration of significant trends in Victorian literature primarily through a study of the works of its major poets, essayists, and novelists. (Group 3) Prerequisites: EL-123, EL-134 (GROUP 3).

EL-335. Victorian Life and Literature. 3 Credits.
A study of art, education, history, religion, and science in the literature of the Victorian era. (Group 3) Prerequisites: EL-123, EL-134 GROUP 3.

EL-345. Gothic Literature. 3 Credits.
The Gothic mode in fiction has been popular for over two centuries. This course explores stories and novels, from The Castle of Otranto to The Exorcist, that reflect crucial elements of the genre. We will be reading all forms of the Gothic-supernatural, mechanical, and psychological. Prerequisites: EL-123, EL-134.

EL-353. The American Short Story. 3 Credits.
A study of selected nineteenth and twentieth-century American short story masterpieces. (Group 4) Prerequisites: EL-123, EL-134 (GROUP 4).

EL-354. American Drama. 3 Credits.
An exploration of works by important American playwrights-including O'Neill, Williams, Hansberry, Mamet, and Wilson-this course examines how plays present universal concerns of family, identity, and the search for meaning, as well as specifically American themes of race, class, and gender. (Group 4) Prerequisites: EL-123, EL-134 (GROUP 4).

EL-356. Modern American Poetry. 3 Credits.
A study of the lives and works of selected American poets, including Walt Whitman, Emily Dickinson, Robert Frost, T.S. Eliot, William Carlos Williams, and Sylvia Plath. (Group 4) Prerequisites: EL-123, EL-134 (GROUP 4).

EL-358. Contemporary Literature. 3 Credits.
This course examines writers-American, British, and Global-from the 1960's to the present with focus on both stylistic and social/political concerns. (Group 4) Prerequisites: EL-123, EL-134 (GROUP 4); Course Type(s): Pluralism, Core curriculum course.

EL-360. LGBTQ Drama. 3 Credits.
This Group 4 course will focus on 20th and 21st Century American drama that deals with the subject of Gay, Lesbian, Bisexual, Transgender and Queer life. Members of the community wrote some pieces others use an LGBTQ character in a unique manner. All of the pieces contend with the history of this minority group in a historical context each piece seeks to decipher the place of minority (and often multi-minority) cultures in America. (Group 4) Prerequisites: EL-123.
EL-361. Hitchcock. 3 Credits.
This course is designed to offer an in-depth study of the films of Alfred Hitchcock. Examining the major films against the director's life and the Hollywood system, students will understand the parameters of auteur theory and the working of the Hollywood system. Particular emphasis will be placed on Hitchcock's story-boarding method, stylistic and cinematic technique, and his innovative use of editing and sound. Prerequisites: CM-115/CM-117 OR CM-120.

EL-363. Modern British Novelists. 3 Credits.
Studying the work of modern and post-colonial writers like Conrad, Forster, Woolf, Mansfield, Amis, and Smith, this course examines topics such as colonialism and war, perspectives on ethnicity and gender, and the role of the artist's voice in society. (Group 4) Prerequisites: EL-123, EL-134 (GROUP 4).

EL-368. Modern and Post-Modern Fiction. 3 Credits.
Through the study of writers such as Woolf, Kafka, Pynchon, DeLillo, and Marquez, this course examines the cultural and historical trends that gave rise to the literary responses know as modernism and post-modernism. We will look at upheavals of politics, class, and geography, revolutions of mind and culture, and breakthroughs in technology and artistic production that caused writers to confront old ideas in new ways, and to use their new manners of expression to impact how we see and value the world. (Group 4) Prerequisites: EL-123, EL-134 (GROUP 4); Course Type(s): Pluralism,Core curriculum course.

EL-402. Literary Theory. 3 Credits.
Studying a range of writers-from Plato and Aristotle, through Arnold, Pater, and Woolf, to Jameson, Barthes, Foucault, Said, and Irigaray, among others-this course explores developments in literary theory from classical times to the present, with emphasis on defining and applying different theoretical approaches to various works of literature and other forms cultural production. Prerequisites: EL-123, EL-134.

EL-403. Great Books. 3 Credits.
Designed to provide a background in intellectual history and provoke consideration of ethics and values, this course studies texts fundamental to the Western literary tradition and to a liberal education. Writers include Homer, Plato, St. Augustine, Machiavelli, Cervantes, Rousseau, Nietzsche, and Dostoevsky. Prerequisites: EL-123, EL-134.

EL-420. Contemporary Theatre. 3 Credits.
Appreciation of contemporary theatre through attendance of Broadway, Off-Broadway and Off-Off- Broadway theatre in New York City. Additional course fee of $235. Prerequisites: EL-123, EL-134.

EL-450. Capstone Seminar. 3 Credits.
A required seminar on a topic in English or American literature. As part of its content, the course will provide an introduction to literary theory and criticism applicable to the seminar's focus. Students will engage in extended research and write and present a capstone thesis. Prerequisites: EL-123 EL-134; Course Type(s): Capstone,Writing Intensive.

EL-473. Shakespeare: From the Page to the Stage. 3 Credits.
Since Shakespeare's plays were intended to be performed live, not read in silence, we will both critically analyze a selection of his works and then bring the texts alive in performance, employing both original theatrical practices and modern acting techniques. (Group 2) Prerequisites: EL-123 EL-134.

EL-493. Film Noir: Dark Side of American Film. 3 Credits.
An introduction to this American Film genre with reference to its origins in European films and painting of the 1920's and 1930's, and in American hard-boiled detective fiction of the 1930's, as well as to its significance to the development of Hollywood and today's mass media. Prerequisites: EL-123, EL-134 Course Type(s): Values,Core curriculum course.

EL-498. SPCS Capstone. 3 Credits.
Required for certain SPCS students in consultation with advisor. The course will examine the relationships between humanities, social sciences and other disciplines through literature and writing, and will culminate in a thesis. Course Type(s): Capstone.

EL-499. Special Topics. 3 Credits.
(Group 4) Prerequisites: EL-123 AND EL-134; GROUP 4 Course Type(s): Writing Intensive,Pluralism,Core curriculum course.
EP Courses

EP-201. Child Development in the Early Years. 3 Credits.
This course surveys and focuses on child growth and development from birth through early adolescence. Theory related to individual stages of growth and educational methods related to those stages are discussed. The psychological, physiological, and sociological aspects and impacts of growth and development are also covered. Prerequisites: ED-170.

EP-202. Developing Home, School, and Family Partnerships. 3 Credits.
This course addresses the role of the home, school and family in the development of and learning of young children. Students will examine the philosophical, historical, political, and social trends and ideologies that impact the care of young children. Students will develop an understanding of diverse family units and identify resources to address their needs.

EP-301. Introduction to Special Education. 3 Credits.
This course will provide an overview and introduction to educational disabilities, special education laws, and the Individualized Education Plan (IEP) planning process. Characteristics and prevalence of a wide range of disabilities will be explored. Students will consider contemporary instructional approaches used for specialized populations.

EP-302. Fundamentals of Methodology, Curriculum, and Assessment in the Elementary/Early Childhood Classroom. 3 Credits.
This course will focus on implementing developmentally appropriate teaching practices, classroom management techniques, successful motivational strategies, objectives, lesson plans, and innovative methods. In addition, students will be provided situations to assess professional goals, develop authentic assessment practices, and respond to the cultural, linguistic, and learning needs of all students.

This course will provide clinical experiences in an elementary or early childhood settings and will provide students with the skills to become effective and caring teachers. (Sophomore year) 50 hours. Course Type(s): Senior Seminar.

This course will allow students to use their knowledge of developmentally appropriate practices and the role that families and communities play in the development of children. Students will be reflective practitioners as they work in the classroom to assess children's learning, incorporate effective classroom management plan and obtain resources for families, colleagues and administrators. (Junior year) 75 hours. Additional TK20 fee of $100. Course Type(s): Senior Seminar.

EP-492. Clinical Practice I and Seminar in an Inclusive Early Childhood Setting. 3 Credits.
Clinical practice in an early childhood or elementary setting in order to provide students with the skills and dispositions necessary to become effective early childhood teachers and develop relationships with school colleagues, families and community. Students will provide learning activities that support cognitive, emotional and social development. They will design learning experiences that support culturally responsive teaching, plan and assess developmentally appropriate lessons and units. (100 hours) Additional TK20 fee of $100.

EP-495. Clinical Practice II and Seminar in an Inclusive Early Childhood Setting. 8 Credits.
Students plan and implement developmentally appropriate and culturally responsive curriculum in an early childhood/elementary classroom which demonstrates their knowledge of child development and the role of the school community with regard to children's learning. Students implement the Core Curriculum Content Standard through an integrated curriculum. They use multiple strategies to assess learning and demonstrate effective classroom management. (450 hours) Additional TK20 fee of $100 and EDTPA fee of $300.

ES Courses

ES-190. Introduction to Environmental Science. 3 Credits.
This course examines how ecosystems function with an emphasis on the interactions between biological organisms and their physical environment and the chemical processes that govern these interactions. The impact of human populations on natural ecosystems is studied in detail using case studies from history and current events. Prerequisites: BI-184, BI-186.
ES-251. Geographic Information System. 3 Credits.
This course introduces the computer-based concepts and skills of Geographic Information Systems (GIS). Basic GIS concepts, such as map characteristics and projections, spatial data models and analysis and relational databases will be covered. Hands-on experience with ArcGIS software is provided. Students will be exposed to methods of processing both vector and raster data using ArcGIS software. Prerequisites: ES-190, MA-134.

ES-295. Co-Op. 3 Credits.

EV Courses

EV-100. Introduction to Environmental Studies. 3 Credits.
An introduction to issues such as global climate change, use of natural resources, population issues, impact of political and economic decisions; decision-making considerations; evaluating arguments. Course Type(s): Core curriculum course.

EV-102. Introduction to Climate Change. 3 Credits.
An introduction to the scientific aspects of climate change and the impact of political and economic decisions; decision-making considerations and the evaluation of arguments on different sides of the issue; an underlying issue is sustainability.

EV-125. Environmental Chemistry I. 4 Credits.
Laboratory/lecture course introducing the chemical principles underlying environmental issues. The class meetings and one four-hour laboratory weekly. Prerequisites: MA-106 OR MA-133.

EV-126. Environmental Chemistry II. 4 Credits.
Laboratory/lecture course introducing the chemical principles underlying environmental issues. The class meetings and one four-hour laboratory weekly. Prerequisites: EV-125.

EV-155. Politics of Climate Distruption. 3 Credits.
This course will explore how environmental issues - such as climate change, resource extraction and energy use - are shaped by politics and political systems at the international, domestic and local levels. We will also examine the ways in which environmental issues have shaped politics - with concepts such as sustainable development and environmental justice - since the emergence of the environmental movement.

EV-200. Economics of Environmental Decisions. 3 Credits.
Evaluate the economics impact and feasibility of environmental decisions on individuals, governments and industry. Prerequisites: EC-100 EV-100.

EV-221. Surveillance in the Cybercity. 3 Credits.
Smartphones, debit cards, social networking sites, transportation systems, and public spaces increasingly produce troves of data about everyday life. This data is used by governments, corporations, educational institutions, activist organizations, and everyday people. This course critically analyzes forms of urban surveillance so as to reconsider personal and collective rights to privacy, property, and security within the contemporary cybercity. Prerequisites: SO-121 OR UR-151.

EV-232. China: Environmental Change and Possibilities. 3 Credits.
This course focuses on the social, political, economic and cultural variable that impact the Chinese environmental deterioration and these consequences for the world at large. Alternative models of environmental conservation are included. Prerequisites: SO-121 OR UR-151; Course Type(s): Pluralism,Core curriculum course.

EV-253. Environmental Art and Issues. 3 Credits.
The course is designed to look at environmental issues through the interpretations of an artistic venue. We will explore how interdisciplinary environmental discussions within academic and activist communities can inform the artist and their work as well as society at large. The structure of the class will include research in topics such as eco-ethics, animal rights, environmental justice, ?green? consumerism, and eco-activism. The work created in the class, be it visual or written, will be presented to the college in a gallery space, website and/or through a public dialogue on campus for Saint Peter?s College students and the community at large. The course is geared toward a range of disciplines within and outside the arts inviting a wide range of students to take this course. Course Type(s): Values,Core curriculum course.

EV-312. Biology of Global Change. 3 Credits.
This course will investigate natural and anthropogenic global change and its impact on marine, fresh water, terrestrial and human dominated ecosystems. Course Type(s): Pluralism,Core curriculum course.
EV-313. Human Evolution Ecology and Adaptation. 3 Credits.
This interdisciplinary course focuses on evolutionary adaptations of the human species to nature and ways it has adapted nature to serve its needs. These adaptations and their consequences for changes in human ways of life are central to this course. Prerequisites: BI-184 OR SO-121.

EV-327. Environmental Politics and Policies. 3 Credits.
This course explores the shifting political forces that determine environmental policies. Included is an examination of pressures, interest groups, and the media. Prerequisites: EV-100.

EV-486. Seminar: Genocide. 3 Credits.
After a thorough conceptualization of genocide, the course will examine case studies of modern genocide, ranging from the 20th and 21st centuries.

EV-489. Globalization and Fieldwork Seminar. 3 Credits.
Short term study/travel course in which students conduct first hand investigations on the effects of globalization in relevant settings. Specific area and topics determined at the beginning of the Academic Year. Locations change every term. Additional travel course fee of $50. Course Type(s): International (Travel),Pluralism.

FN Courses

FN-295. Credited Internships. 3 Credits.

FN-302. Elements of Econometrics. 3 Credits.
The application and limitation of statistical techniques in testing economic and finance theories: simple and multiple regression analysis, time series and cross section analysis, problems encountered in regression such as multicollinearity and serial correlation. Prerequisites: EC-300.

FN-401. Introduction to Corporate Finance. 3 Credits.

FN-410. Business Finance. 3 Credits.
Provides the analytical foundation for applied courses in finance, investments, and financial institutions. Topics include: discounted cash flow analysis theory of valuation for corporate securities concepts of risk and rate of return the capital asset pricing model financial forecasting working capital policy. Prerequisites: AC-331 AC-332.

FN-411. Financial Management. 3 Credits.
Builds on the conceptual framework developed in Ec410. Topics include: capital budgeting cost of capital, leverage and dividend policy long-term financing decisions involving common stock financing, long-term debt, and corporate restructuring. Prerequisites: FN-401 OR FN-410.

FN-412. Investment Analysis. 3 Credits.
Survey of the operations of securities markets the analytical methods and theory underlying the appraisal of corporate stocks and bonds and portfolio selection. Prerequisites: FN-401 OR FN-410.

FN-415. International Finance. 3 Credits.
Analysis of foreign exchange and foreign exchange markets, balance of payment, disequilibrium and adjustment, exchange risk management and investment decisions. Prerequisites: EC-101 EC-102; Course Type(s): Pluralism.

FN-416. Ethics in Financial Professions. 3 Credits.
This course allows students to study systematically situations in finance professions that present ethical issues, focusing on the application of ethical principles to possible conflicts between parties in occupations in which finance professionals work. This course enables students to investigate issues of value in a reasoned and coherent manner in economics and finance. As such, it fulfills the core curriculum requirement for a values course. Prerequisites: EC-101 AND EC-102; Course Type(s): Values,Core curriculum course.

FN-417. Financial Statement Analysis. 3 Credits.
Covers the application of analytical tools to general purpose finance statements necessary to evaluate the financial condition of the firm and evaluate the future prospects of the company. The "analyst" can be any of several interested groups: investors, creditors, or other stakeholders such as employees, customers, suppliers and government. Prerequisites: FN-401, AC-151 AND AC-152 RECOMMENDED OR FN-410.
FN-420. Money Credit and Banking. 3 Credits.
Analysis of money and banking system. The impact of deregulation and the changing nature of the financial system in a domestic and international setting. The structure and role of the Federal Reserve system. Keynesian, monetarist and rational expectations views on money and economic activity. Prerequisites: EC-101 EC-102.

This course examines recent developments in financial markets and practices, such as the growth of private equity and prevalence of stock buybacks. Special attention is paid to the economic consequences of these developments, with effect of finance on industry the main concern. Prerequisites: EC-101 AND EC-102.

FN-493. Seminar: Macroeconomic Policy. 3 Credits.
Case-study approach to U.S. financial and macroeconomic problems and policies, especially issues in monetary policy, and their international repercussions. The interplay of political institutions and market forces in the shaping of policies toward financial markets and institutions. Prerequisites: EC-101 AND EC-102; Course Type(s): Senior Seminar.

FR Courses
FR-113. Elementary French I. 3 Credits.
An introduction to the pronunciation and basic grammatical principles of French. Only for students with no previous French.

FR-114. Elementary French II. 3 Credits.
An introduction to the pronunciation and basic grammatical principles of French. Only for students with no previous French. Prerequisites: FR-113.

FR-133. Intermediate French I. 3 Credits.
Presentation of advanced grammar and vocabulary for improved listening, speaking, reading comprehension, and writing. Practical use of French through dictation, oral and written exercises, sight-reading, and guided conversation. Prerequisites: FR-114 OR 1-2 YEARS HIGH SCHOOL FRENCH; Course Type(s): Core curriculum course.

FR-134. Intermediate French II. 3 Credits.
Presentation of advanced grammar and vocabulary for improved listening, speaking, reading comprehension, and writing. Practical use of French through dictation, oral and written exercises, sight-reading, and guided conversation. Prerequisites: FR-133 OR INSTRUCTOR APPROVAL.

FR-141. Advanced Composition and Conversation I. 3 Credits.
Refinement of composition skills nuances of grammatical usage vocabulary building intensive practice in French conversation. Prerequisites: FR-134 OR 1-2 YEARS HIGH SCHOOL FRENCH OR INSTRUCTOR APPROVAL.

FR-142. Advanced Composition and Conversation II. 3 Credits.
Refinement of composition skills nuances of grammatical usage vocabulary building intensive practice in French conversation. Prerequisites: FR-141.

FR-243. Survey of French Literature I. 3 Credits.
Study of the growth of French literature from the Middle Ages to the Renaissance. Prerequisites: FR-134 OR 3-4 YEARS H.S. FRENCH OR INSTRUCTOR APPROVAL; Course Type(s): Core curriculum course.

FR-244. Survey of French Literature II. 3 Credits.
Study of the growth of French literature from the enlightenment to the present. Prerequisites: FR-243 OR 3-4 YEARS H.S. FRENCH OR INSTRUCTOR APPROVAL.

FR-248. French Conversation I. 3 Credits.
Daily practice in speaking French with special attention given to pronunciation, vocabulary development, and review of essential grammatical points. Prerequisites: FR-134 OR 1-2 YEARS OF HIGH SCHOOL FRENCH.

FR-249. French Conversation II. 3 Credits.
Daily practice in speaking French with special attention given to pronunciation, vocabulary development, and review of essential grammatical points. Prerequisites: FR-248.

FR-250. French Civilization and Culture I. 3 Credits.
Transition from the country to the city Paris as the capital of culture recommended for French majors and for those with general interest in French culture. Prerequisites: FR-134.
FR-251. French Civilization and Culture II. 3 Credits.
Transition from the country to the city Paris as the capital of culture recommended for French majors and for those with general interest in French culture. Prerequisites: FR-250.

FR-252. French Masterpieces I. 3 Credits.
Detailed study of various masterpieces of French literature that have helped to define French culture nationally and internationally. Prerequisites: FR-134 OR 3-4 YRS H.S. FRENCH OR INSTRUCTOR PERMISSION.

FR-253. French Masterpieces II. 3 Credits.
Detailed study of various masterpieces of French literature that have helped to define French culture nationally and internationally. Prerequisites: FR-134, 3-4 YEARS OF H.S. FRENCH, OR INSTRUCTOR PERMISSION.

FR-260. French Theater: 17th Century. 3 Credits.
Theater of the Age of Louis XIV. Moliere, Corneille, Racine Classicism and the Picaresque from the comedy of manners to French classical tragedy. Prerequisites: FR-134.

FR-264. Twentieth Century French Literature. 3 Credits.
France as the fountainhead and arbiter of major intellectual, artistic and literary currents of Modern Age: Symbolism, Surrealism, Dadaism, Existentialism and all the "Modernisms". Prerequisites: FR-134 OR INSTRUCTOR APPROVAL.

FR-270. Contemporary Francophone Culture. 3 Credits.
Improvement of basic language skills in French through the study of contemporary Francophone music and film. Prerequisites: FR-134 OR INSTRUCTOR APPROVAL.

FR-399. Independent Study. 3 Credits.
Topics: To be determined by the Chairperson and the Instructor. Course Type(s): Independent Study.

GK Courses

GK-222. Intermediate Greek II. 3 Credits.
Further study of all forms and syntax of the ancient Greek language. Prerequisites: GK-221.

GM Courses

GM-113. Elementary German I. 3 Credits.
An introduction to the pronunciation and basic grammatical principles of German. Only for students with no previous German.

GM-114. Elementary German II. 3 Credits.
An introduction to the pronunciation and basic grammatical principles of German. Only for students with no previous German. Prerequisites: GM-113.

GS Courses

GS-136. Introduction to Lesbian, Gay, Bisexual and Transgendered Studies. 3 Credits.
This course will offer students an introduction to lesbian, gay, bisexual and transgendered studies. Along with a focus on the history of this topic as a social movement, the course examines the topic from community, social justice and lifestyle perspectives.

GS-140. Introduction to Women's Studies. 3 Credits.
This interdisciplinary course introduces students to women's studies, including its roots in the feminist and civil rights movements and the construction of gender in culture and society, giving specific attention to forms of gender inequality in the family, workplace, religion, healthcare, and relationships. Course Type(s): Pluralism, Core curriculum course.

GS-216. Gender, Sexuality and Religion. 3 Credits.
Religion is known to have devoted considerable energy to regulate sexual norms and gender roles. This course seeks to help students to understand the social construction of religion, gender and sexuality. It will analyze and examine how different religions view gender and sexuality and how religion construct, reconstruct, and deconstruct gendernorms and sexuality. Prerequisites: SO-121.
GS-223. Latin America Today: People, Culture and Issues. 3 Credits.
This course provides an overview of the diverse societies of Latin America from a social science perspective. We will explore everyday life and experiences as they relate to culture and diversity, race, ethnicity and gender, politics and the economy, migration and urbanization, social justice and pop culture.

GS-253. Social Deviance. 3 Credits.
Explores the concepts of social norms, egocentricity, and ethnocentricity. Examines the relativity of deviance including criminal behavior, human sexuality, drug use, suicide, and other alternative forms of behavior.

GS-256. Sociology of Sports. 3 Credits.
This course uses both readings and films to explore the impact of economic and political forces and changing constructions of gender and social values on organized athletics at the professional and amateur levels. Prerequisites: SO-121.

GS-273. Global Feminisms. 3 Credits.
This interdisciplinary course explores global issues and debates regarding significant issues affecting women's lives and opportunities for equality. Prerequisites: WS-140; Course Type(s): Pluralism,Core curriculum course.

GS-285. Gender and Communication. 3 Credits.
This course is an introduction to the field of study of communications and gender. The objective is the explanation, observation, discussion and understanding of gender and how it affects communication at the personal, group, organization and societal levels and how gender is portrayed in our culture through digital technology and the mass media. Course Type(s): Pluralism,Core curriculum course.

GS-307. Women in the Middle Ages and Renaissance. 3 Credits.
An exploration of the roles of women in pre-modern times, discussing the theological and social attitudes that often hindered their advancement and the accomplishments they achieved nevertheless in politics, society, and culture. Prerequisites: HS-121 HS-122.

GS-309. Women in Changing Urban World. 3 Credits.
Historical and contemporary examination of urban revolution as social basis for changing roles of women. Generation of conflicts and possibilities. Implications for society. Prerequisites: UR-151 OR SO-121.

GS-310. Feminist Political Theory. 3 Credits.
Historical overview of feminist political activity in the United States and an analysis of feminist theory: liberal feminism, Marxist feminism, radical feminism, and post-modern feminism. Course Type(s): Pluralism,Core curriculum course.

GS-311. Philosophy and Bob Dylan. 3 Credits.
An investigation of the philosophical, ethical and cultural themes in Bob Dylan's lyrics. Philosophical ideas such as appearance versus reality, truth and knowledge, and good and evil will be explored through a comprehensive study of Dylan's music. Prerequisites: PL-100 PL-101 OR TH-110 TH-120; Course Type(s): Values,Core curriculum course.

GS-316. Hip Hop and U.S. Political Life. 3 Credits.
An examination and discussion of Hip Hop's political origins and how the musical genre provides insight into the social and political climate of America.

GS-326. The Anthropology of Gender. 3 Credits.
This course is a cross cultural, comparative and historical examination of the different constructions of gender (masculinity and feminism) and how gender has shaped the perspectives, methods and subject matter of anthropology's four fields. Prerequisites: SO-140 OR WS-140 Course Type(s): Pluralism,Core curriculum course.

GS-333. Gender Crime and Justice. 3 Credits.
An in-depth survey of changing social values about gender, changing criminal codes about sex crimes, changing law enforcement policies and procedures in prosecuting sex offenders, and emerging legal doctrines about privacy and sexual rights. Prerequisites: CJ-170 OR CJ-390 OR SO-121 OR WS-140.

This course explores the religious roles and offices taken by women in antiquity using evidence from the Bible and Greco-Roman world. Methodologies for uncovering this evidence and reconstructing women's history will be evaluated. We also consider its implications and applications for the twenty-first century. Prerequisites: TH-110 TH-120 OR EQUIVALENT; Course Type(s): Values,Writing Intensive,Core curriculum course.
**GS-340. Feminist Philosophy. 3 Credits.**
This class will investigate trends in feminist philosophy, with close attention given to the influence of gender considerations on philosophical theory. Topics for discussion include feminist epistemology and political theory, and patriarchy. This class is a Values course. Prerequisites: PL-100 PL-101; Course Type(s): Values,Pluralism,Core curriculum course.

**GS-345. Sociology of Intimacy. 3 Credits.**
This course will explore sexual scripts the social control of marrying negotiating and bargaining marriage roles the dynamics of family interaction conflict and divorce. Prerequisites: SO-121 OR UR-151.

**GS-350. Human Sexuality in Health Education. 3 Credits.**
An overview of human sexuality and behavior with special emphasis on health education.

**GS-360. LGBTQ Drama. 3 Credits.**
This Group 4 course will focus on 20th and 21st Century American drama that deals with the subject of Gay, Lesbian, Bisexual, Transgender and Queer life. Members of the community wrote some pieces others use an LGBTQ character in a unique manner. All of the pieces contend with the history of this minority group in a historical context each piece seeks to decipher the place of minority (and often multi-minority) cultures in America. Prerequisites: EL-123.

**GS-368. Health and Inequalities: Race, Class and Gender. 3 Credits.**
This course critically examines the relationship between health status and social inequalities along the lines of race and ethnicity, social class and gender from a sociological perspective concentrating on how low socioeconomic status leads to poor health, how racial/gender bias affects medical care and health outcomes, and addresses ideas for reducing health disparities. Prerequisites: SO-121; Course Type(s): Pluralism,Core curriculum course.

**GS-384. Cultural Anthropology. 3 Credits.**
An analysis of the development of anthropology as an offshoot from Sociology; an examination of the differences in the methodology of anthropology and Sociology in the study of a variety of cultures. Prerequisites: SO-121 OR UR-151; Course Type(s): Values,Writing Intensive,Pluralism,Core curriculum course.

**GS-428. Literature, Culture and Society Issues: West Africa. 3 Credits.**
A study of seminal texts representing the Malinke, Igbo, Ghanaian, Wolof, Bambara, and Senegalese peoples of West Africa. Course Type(s): Values,Core curriculum course.

**GS-481. Immigration: Walls Or Welcome?. 3 Credits.**
This course focuses on past and present immigration policies in the U.S. as well as immigration activism. Course Type(s): Pluralism.

**GS-486. Seminar: Genocide. 3 Credits.**
After a thorough conceptualization of genocide, the course will examine case studies of modern genocide, ranging from the 20th and 21st centuries.

**GS-490. Urban Field Work. 3 Credits.**
Introductory level of field work emphasizing synthesis of social theories with work experience. Seminars held and an evaluation paper required.

**GS-491. Advanced Urban Field Work. 3 Credits.**
Advanced level of field work emphasizing synthesis of social theories with work experience. Seminars held and an evaluation paper required.

**GS-492. Urban Internship. 3 Credits.**
Advanced levels of field work emphasizing synthesis of social theories with work experience. Seminars held and an evaluation paper required.

**GS-493. Advanced Urban Internship. 3 Credits.**
Advanced levels of field work emphasizing synthesis of social theories with work experience. Seminars held and an evaluation paper required.

**GS-495. Internship in International Settings. 3 Credits.**
Planned and supervised off-campus working experiences overseas or with international organizations integrated with independent academic study under the tutelage of the Director of International and intercultural Studies.
HE Courses

HE-122. Nutrition in Health and Disease. 3 Credits.
This course will explore a wealth of current information surrounding optimal nutrition and its association with disease prevention. Students will learn how to develop and implement a personal diet plan utilizing relevant nutritional recommendations and research for the enhancement of health and well-being.

HE-150. Physiology of Exercise and Healthy Aging. 3 Credits.
The investigation of the physiological age-related changes that occur in the later stages of life with a special emphasis on the necessary adaptations to exercise and nutrition.

HE-200. Complementary Therapies for Optimal Health, Wellness and Cognition. 3 Credits.
The course will cover the depth and breadth of research-supported information on optimizing health, well-being, cognition and quality of life through complementary therapies. We will cover the implementation of these complementary therapies in the business environment, education environment, mental health environment, and through the exercise science platform. Some of the modalities covered and practiced in this course include meditation, yoga, Tai Chi, mindfulness based stress reduction, stress management coping strategies, and age-related coping strategies for a lifetime.

HE-271. Concepts of Public Health. 3 Credits.
Introduction to Public Health Issues - public health laws, policy cycle, demographics, and epidemiological concepts and applications.

HE-295. Credited Internships. 3 Credits.
Co-operative education experience. Course Type(s): Independent Study.

HE-301. Technology in Health and Fitness. 3 Credits.
This class is a comprehensive introduction to technology in the physical education classroom, and health and fitness and sport-oriented facilities. It explores developmentally appropriate usage of educational technology in the home, school, and workplace as it relates to the development and maintenance of optimal health and fitness. Emphasis is on computer and Internet technologies. The course includes hands-on computer techniques, critical analysis of National Technology Standards, practical experience with curriculum design, and technology-driven exercise prescription.

HE-350. Human Sexuality in Health Education. 3 Credits.
An overview of human sexuality and behavior with special emphasis on health education.

HE-486. Current Issues in Health Education. 3 Credits.
To study relevant current health issues such as obesity, unhealthy dietary problems, apnea, tobacco use, alcohol, drugs, heart disease and cancer.

HE-498. Internship in Health and Physical Education. 3 Credits.
Field Work experience in the areas of health and physical education.

HE-499. Internship. 3 Credits.
Field work experience in the areas of Sports Management and/or Health & Physical Education.

HM Courses

HM-210. Healthcare Issues and Organization. 3 Credits.
An introduction to current health care issues including telemedicine as well as political and pluralistic factors impacting healthcare are explored. Overview of types of healthcare systems and organizations including non-profit and proprietary institutions is addressed.

HM-310. Budgeting and Financing in the Healthcare Industry. 3 Credits.
Strategic planning, system integration, budgeting and financing, reimbursement systems, managed care, supply chain management and coding are explained. Prerequisites: HM-210.

HM-380. Legal and Ethical Aspects of Healthcare Management. 3 Credits.
Exploration of the legal and ethical aspects of healthcare. Ethical decision making and its application to health care issues is stressed. Concepts including healthcare regulatory bodies/accreditation, privacy, medical information management, access to care, contracts as well as malpractice and insurance liability are addressed. Prerequisites: HM-210; Course Type(s): Values,Core curriculum course.
HM-480. Advanced Concepts in Healthcare Management and Marketing. 3 Credits.
Application of marketing concepts for the healthcare industry, quality control indicators, health system/physician
relationships, integrative healthcare, and recruitment and appraisal issues in healthcare organizations are examined.
Prerequisites: HM-210 HM-310.

**HP Courses**

**HP-390. Honors Thesis: Method of Research. 3 Credits.**
The Honors Thesis: Research course prepares the student for the completion of the Thesis project. This course is to
be taken in the second semester of the student's junior year. During this part of the project the student will engage in
research under the direction of a faculty mentor. The arrangement with the mentor must be made prior to enrolling in
the course. Both Hp390 and Hp492 are intended to facilitate the student's timely completion of the thesis project. A
student may, however, choose to substitute an appropriate research course in their major department for Hp390. Any
substitutions must be approved by the Director Course Type(s): Honors.

**HP-492. Honors Thesis: Independent Study. 3 Credits.**
An intensive original research project under the direction of an academic mentor and culminating in a formal paper.
The written thesis must be completed no later than the Fall semester of Senior year. The project is to be followed
by an oral defense in the Spring semester. Both Hp390 and Hp492 are intended to facilitate the student's timely
completion of the thesis project. Hp492 and its oral defense is required of all students who wish to graduate in the
Honors Program. Course Type(s): Honors ,Writing Intensive,Independent Study.

**HS Courses**

**HS-121. The Western Tradition. 3 Credits.**
An examination of the origins of early modern history with a special focus on Western civilization. Course Type(s):
Core curriculum course.

**HS-122. World Perspectives in History. 3 Credits.**
A chronological continuation of HS-121 with a greater emphasis on global developments. Prerequisites: HS-121
Course Type(s): Core curriculum course.

**HS-123. Special Topics in History. 3 Credits.**
An examination of various topics which have significantly impacted the history of the world from the eighteenth
century to the present. Course Type(s): Core curriculum course.

**HS-221. Twentieth Century Europe. 3 Credits.**
Europe in the twentieth century was supposed to represent progress and the height of civilization. Two world wars,
communism and the Holocaust suggested otherwise. This course explores the sharp contrasts between their ideas of
Europe.

**HS-222. Ancient Civilizations. 3 Credits.**
This course traces the rise of ancient civilizations from their earliest roots to the early modern era. It places these
civilizations in their global contexts and uses archeology, anthropology, and other methods to compare and study them.

**HS-231. Main Currents in American History I. 3 Credits.**
The formation of the American Republic from colonial times to the present. Prerequisites: HS-121 AND HS-122 OR
HS-123.

**HS-232. Main Currents in American History II. 3 Credits.**
The formation of the American Republic from colonial times to the present. Prerequisites: HS-121 AND HS-122 OR
HS-123.

**HS-250. Black History and the American Novel. 3 Credits.**
What is racism? How did African Americans react to and contest racial oppression in the early 20th century? In this
course students will find answers to those questions through an examination of Black history from the 1880s to the
1930s. Using Ralph Ellison's Invisible Man as a narrative lens, students will imagine the ways in which historical
counters (re)define racial identity by tracing the Black experience through the emergence of the Talented Tenth,
the First Great Migration, the Harlem Renaissance, and the Long Civil Rights Movement.
HS-251. The American City Through the Wire. 3 Credits.
Very few television shows have captured the realities of the American city and the imaginations of the American public more than the Wire. More than a crime drama, the Wire reminds the viewer that all the pieces matter, as each of the five seasons focuses on a particular facet of the city: the illicit drug trade, working class employment, municipal government and bureaucracy, children and the education system, and the print news media. Using the Wire as the primary text, this course will look at the history of American cities, paying close attention to each season's theme. Course Type(s): Pluralism, Core curriculum course.

HS-299. Platt Seminar. 3 Credits.
This research seminar, named in honor of Hermann Platt, is designed for new majors and minors to learn the methods and craft of the historian. Course Type(s): Senior Seminar.

HS-303. Medieval World 1100-1500 AD. 3 Credits.
The rise and decline of feudal society - a political, economic and cultural history. Pre-modern World History. Prerequisites: HS-121 AND HS-122 OR HS-123.

HS-304. History of Early Christianity. 3 Credits.
This course investigates the historical world of the early Christians from Jesus to Constantine.

HS-307. Women in the Middle Ages and Renaissance. 3 Credits.
An exploration of the roles of women in pre-modern times, discussing the theological and social attitudes that often hindered their advancement and the accomplishments they achieved nevertheless in politics, society, and culture. Prerequisites: HS-121 AND HS-122 OR HS-123.

HS-308. Modern Africa. 3 Credits.
This course studies the indigenous and imperial cultures of Africa since 1800 with emphasis on Anglophone and Francophone regions. Course Type(s): Pluralism, Core curriculum course.

HS-309. Renaissance and Reformation Europe. 3 Credits.
A study of the forces which produced change and crises in Europe from the fourteenth to the sixteenth century. Pre-modern World History. Prerequisites: HS-121 AND HS-122 OR HS-123.

HS-314. The World Wars. 3 Credits.
A study of World War I and World War II focusing on their causes and effects, their military and home fronts, and the interrelationships of the two conflicts.

HS-322. The History of Rock to Hip Hop. 3 Credits.
The truths of a nation are most often heard in its music. America's musical evolution provides an invaluable gateway into U.S. history, and the ways in which race, class and gender shaped peoples' lives. In this course we will trace the history of American music, from blues and jazz to R&B and rock to hip-hop and soul, through the examination of lyrics, production, the artists and the music they created. Course Type(s): Pluralism.

HS-336. Nationalism in Modern Europe. 3 Credits.
This course examines the philosophical foundations for the idea of nations from the late 18th century and studies how nations became the basis for states during the 20th century. Course Type(s): Writing Intensive.

HS-339. History of Germany 1815-1945. 3 Credits.
A survey of German history from the Napoleonic Era to the collapse of the Nazi regime. Modern Western History. Prerequisites: HS-121 AND HS-122 OR HS-123; Course Type(s): Writing Intensive, Core curriculum course.

HS-342. Britain in the 20th Century. 3 Credits.
The evolution of socialism and the transformation of the empire from 1870 to the present. Modern Western History. Prerequisites: HS-121 HS-122.

HS-343. Rise and Fall of British Empire. 3 Credits.
Development and disintegration of British naval and colonial power from the pirates of Elizabeth I to the pilots of Elizabeth II. Modern Western History. Prerequisites: HS-121 AND HS-122 OR HS-123.

HS-350. History of Modern Asia. 3 Credits.
This class will examine Asian history from 1750-present. Topics such as colonialism, WWII and the rise of Asian countries will be stressed. Course Type(s): Pluralism, Core curriculum course.

HS-360. History of Russia 1613-1917. 3 Credits.
Political, social, and cultural history of Russia from the Time of Troubles to the Bolshevik Revolution. Modern Western History. Prerequisites: HS-121 AND HS-122 OR HS-123.
HS-361. The Soviet Empire. 3 Credits.
Internal change and development of Russia in the Soviet period. Modern Western History. Prerequisites: HS-121 AND HS-122, OR HS-123.

HS-383. Bearing Witness to War and Genocide. 3 Credits.
This course considers the history and interpretation of violence, destruction, ethnic cleansing, genocide and war; what does it mean to bear witness? Prerequisites: HS-121 HS-122 OR HS-123; Course Type(s): Values,Core curriculum course.

HS-388. Western Science and Occult. 3 Credits.
A look at astrology, alchemy, magic, and witchcraft from the ancient world to the Scientific Revolution, their place in the intellectual life, and how they were affected by new philosophical trends. Prerequisites: HS-121, HS-122.

HS-451. History of the Holocaust. 3 Credits.
This course examines the causes, experiences and aftermath of the Holocaust.

HS-452. American Revolution and Federalist Era 1763-1800. 3 Credits.
A study of the causes, events and effects of this vital period in American history. Was it radical or conservative? Was it even a "revolution"? Prerequisites: HS-121 AND HS-122 OR HS-123.

HS-453. Women in American History. 3 Credits.
This course will cover the history of American women from the colonies to second-wave feminism of the 1960s and 1970s and beyond.

HS-459. The Era of the Civil War. 3 Credits.
A study of the period 1860-1865 with emphasis on the war itself and events leading to it. How did Americans end up killing one another on such a massive scale? The course will focus on the slavery debate, suffering, death, Lincoln, gender, black families, and the "fog of war." Prerequisites: HS-121 HS-122.

HS-464. History of American Immigration. 3 Credits.
Examination of the migration of various peoples to the U.S., and the development of the policy on emigration from the progressive era to the present. United States History. Prerequisites: HS-121 AND HS-122 OR HS-123.

HS-466. The Long Civil Rights Movement in America. 3 Credits.
The campaign for civil rights in the broad context of 20th Century social movements, with particular emphasis on the African American struggle and how the work of individuals and organizations impacted American discourses on gender, labor, religion, sexuality and foreign policy. Course Type(s): Pluralism,Core curriculum course.

HS-468. American Republic 1919-1945. 3 Credits.
The triumphs and travails of urban industrialism, with emphasis on the politics, economics, and social changes of the Depression, the New Deal, and World War II. United States History. Prerequisites: HS-121 AND HS-122 OR HS-123.

HS-469. American Republic Since 1945. 3 Credits.
An analysis of American society and institutions since World War II. United States History. Prerequisites: HS-121 HS-122.

HS-472. History of Latin American: Encounter to Present. 3 Credits.
This course will explore the social, cultural and political history of Latin America, from the eve of the fifteenth-century "Encounter" to the twentieth-century rise of neoliberalism and its malcontents. Prerequisites: HS-121 AND HS-122 OR HS-123; Course Type(s): Pluralism,Core curriculum course.

HS-473. Religion in the U.S.. 3 Credits.
Explores the hothouse of religious experimentation and debate that followed the Revolution and that continues to shape modern America. This course will span from early American Calvinism to antebellum Utopian movements, to the influx of Catholicism and other ethnic religions, to the rise of the Evangelical Right. Grace, Polygamy, Anti-Catholicism, Perfectionism, Creationism, Sin, Slavery, Darwin, Jerry Falwell, Abortion. This class will explore the strange contours of the most "religious" nation in the modern world.

HS-477. End of Empire: Decolonization and Cold War. 3 Credits.
This course will use the theme of end of empire to provide insight into the history of the 20th century and the Cold War. Course Type(s): Pluralism,Core curriculum course.

HS-489. Building U.S. History: Race, Public History and U.S. Memory. 3 Credits.
Through visits to historic sites in the South this course interrogates relationships between historical memory and social and political identities in the United States. Additional travel course fee of $50. Course Type(s): Domestic Travel,Core curriculum course.
HS-499. The Tuleja Seminar. 3 Credits.
Named to honor Professor Emeritus Thaddeus V. Tuleja, the seminar stresses historical methodology as it relates to a particular historical topic chosen by the professor offering the seminar. Prerequisites: HS-121 AND HS-122 OR HS-123; Course Type(s): Capstone, Writing Intensive.

IS Courses

IS-180. Introduction to Programming. 3 Credits.
This course will teach job-market driven programming languages. Students will construct web pages using HTML and JavaScript, then move to C++, and finally Python. By the end of the course students should understand the concepts, methodologies, and techniques used in programming, including compilation, testing, and debugging. Programming constructs include syntax, control statements, arrays, strings, objects, and event handlers. Course Type(s): Core curriculum course.

IS-235. Visual Basic. 3 Credits.
The design and construction of Windows-based applications using the Visual BASIC programming language. Design of GUI screens, writing code modules, drag and drop techniques, planning menus and dialogs. Prerequisites: CS-180 OR IS-180.

IS-251. Web Page Development. 3 Credits.
This course offers students a background to the World Wide Web, then takes them step-by-step through each of the stages of web site development using HTML and different Web development tools. Prerequisites: CS-150 OR CS-177 OR CS-180.

IS-295. Credited Internships. 3 Credits.

IS-377. Linux. 3 Credits.
Installation, configuration, and administration of the Linux operating system and related programs. File, user account, process management, Shell (bash) and Perl programming will be studied.

IS-380. Database and Data Administration. 3 Credits.
This course teaches students how database systems are used and managed, and the issues associated with protecting associated data assets. In addition, it will teach the methods to protect the confidentiality, integrity, and availability of data throughout the data life cycle. Topics include: relational databases, no-SQL databases, object based vs. object oriented, big data, Hadoop / Mongo DB / HBASE, data policies/quality/ ownership/warehousing, long term archival, data validation, data security (access control, encryption), database vulnerabilities, database topics/ issues (indexing, inference, aggregation, polyinstantiation), hashing and encryption, database access controls (DAC, MAC, RBAC, Clark-Wilson), information flow between databases/servers and applications, database security models, security issues of inference and aggregation, and common DBMS vulnerabilities. Prerequisites: CS-180 OR IS-180.

IS-381. Cyber Security Planning and Risk Management. 3 Credits.
This course provides students with the ability to develop plans and processes for a holistic approach to cyber security for an organization. Topics include CBK, operational, tactical, strategic plans and management, security architecture, policies, standards, procedures, business continuity/disaster recovery, C-level functions, making cyber security a strategy (part of core organizational strategy), and change control. Prerequisites: CS-180 OR IS-180.

IS-410. Total Business Information Systems. 3 Credits.
In-depth analysis of business applications including enterprise resource planning and electronic commerce. Basic and advanced applications with emphasis on enterprise database management systems. Prerequisites: CS-231 OR IS-380.

IS-420. Information Technology Audit and Compliance. 3 Credits.
Information technology operations will be examined from the point of view of information systems and management in both standalone and global environments. Information technology audit programs for different computer environments and technologies will be studied and prepared. The COBIT framework will be introduced for auditing information technology operations. This course will also provide students with an understanding of the rules and regulations related to information technology audit and compliance with applicable laws and regulation such as: HIPAA, Sarbanes Oxley, FERPA, Data Breach Disclosure Laws, FISMA, Gramm Leach Bliley, and PCI DSS. Prerequisites: AC-151 OR IS-380 OR INSTRUCTOR'S PERMISSION.
IS-425. Disaster Recover and Business Continuity. 3 Credits.
In this course, students will learn to identify vulnerabilities and implement appropriate countermeasures to mitigate risks. Techniques will be taught for creating a continuity plan and methodology for building an infrastructure that supports its effective implementation. Throughout this course, practical skills will be acquired through a series of interactive workshops and case studies. Students design and develop a disaster recovery plan. Prerequisites: IS-380 OR IS-381.

IS-451. Advanced Web Page Development. 3 Credits.
Students will learn how to combine HTML, CSS and JavaScript to create dynamic and interactive Web Pages (DHTML). Students will design and implement Web Server applications in Perl/CGI, PHP, VBScript/ASP, Python, and XHTML. Prerequisites: CS-180 OR IS-251.

IS-455. E-Commerce Website Construction. 3 Credits.
Students will learn how to build, manage and deploy a database driven e-commerce website with a shopping cart and automatic order processing. Students will create a dynamic site which includes large and small images of products, calculation of invoice amounts, sales tax, shipping and payment methods. A final project is required. Prerequisites: IS-180 OR CS-180, IS-251 OR IS-451.

IS-490. Independent Study in Information Science. 3 Credits.
Under faculty supervision, independent study and research topics not covered in courses offered.

IT Courses

IT-113. Elementary Italian I. 3 Credits.
An introduction to spoken and written Italian stressing grammar and pronunciation.

IT-114. Elementary Italian II. 3 Credits.
An introduction to spoken and written Italian stressing grammar and pronunciation. Prerequisites: IT-113.

IT-127. Intensive Italian. 6 Credits.
An Intensive introduction to Italian which condenses two semesters of study into one. Fulfills language requirement in one semester.

IT-133. Intermediate Italian I. 3 Credits.
Presentation of advanced grammar and vocabulary for improved listening, speaking, reading comprehension, and writing. Practical use of Italian through dictation, oral and written exercises. Prerequisites: IT-114 OR 1-2 YEARS OF HIGH SCHOOL ITALIAN.

IT-134. Intermediate Italian II. 3 Credits.
Presentation of advanced grammar and vocabulary for improved listening, speaking, reading comprehension, and writing. Practical use of Italian through dictation, oral and written exercises, sight-reading, and guided conversation. Prerequisites: IT-133.

IT-141. Italian Conversation I. 3 Credits.
Introduction to Italian conversation and review of Italian grammar. Prerequisites: IT-134 OR INSTRUCTOR APPROVAL.

IT-142. Italian Conversation II. 3 Credits.
Introduction to Italian conversation and review of Italian grammar. Prerequisites: IT-141.

IT-246. Survey: Italian Literature II. 3 Credits.
Survey of Italian literature from the Renaissance to the present. Prerequisites: IT-245.

IT-252. The Italian Theater I. 3 Credits.
A study of the Italian theater from the Renaissance to the present. Prerequisites: IT-134 OR INSTRUCTOR APPROVAL.

IT-253. The Italian Theater II. 3 Credits.
A study of the Italian theater from the Renaissance to the present. Prerequisites: IT-252.

IT-255. Modern Italian Literature II. 3 Credits.
A study of Italian literature focusing on the works of the best Italian writers of the 20th century. Prerequisites: IT-254.

IT-265. Cinema Italiano I. 3 Credits.
History of Italian film from the beginning to the present including writers, directors, technology and propaganda used.
IT-266. Cinema Italiano II. 3 Credits.
History of Italian film from the beginning to the present, including writers, directors, technology and propaganda used.

IT-350. History and Culture of Italy. 3 Credits.
This course will examine the long and rich history and culture of Italy as seen through its language, literature, art, customs, music and film.

IT-398. Propaganda: A Tale of Two Romes. 3 Credits.
Study of the role of propaganda in Ancient and Modern Rome, plus in the Italian language. Course Type(s): International (Travel).

JN Courses

JN-205. News Writing and Reporting. 3 Credits.
An introduction to journalism, including a survey of print media, and practice in interviewing, reporting, and writing hard news and news feature stories. Prerequisites: CM-115 CM-117 OR CM-120; Course Type(s): Writing Intensive, Core curriculum course.

JN-208. Broadcast Newsroom. 3 Credits.
A course on the practical skills of broadcast TV. Students will be introduced to TV news writing and productivity. They will learn to shoot and edit news stories for broadcast. Prerequisites: CM-115 CM-117 OR CM-120.

JN-210. Writer's Workshop. 3 Credits.
A review of the basic rules of grammar in English intended for students who have completed composition requirements and wish to become better communicators. Also intended to assist students who may enter areas of media requiring strong verbal skills, and editing abilities. Prerequisites: CM-115 CM-117 OR CM-120.

JN-260. Radio Station I. 3 Credits.
A course in the practical skills of radio broadcasting. It teaches the basics of using equipment to produce, edit and broadcast a radio program. Productions students create will be part of the new campus radio station’s programming. Prerequisites: CM-115 CM-117 OR CM-120.

JN-261. Podcasting. 3 Credits.
Students will produce a podcast in this course, from ideation to final production.

JN-295. Credited Internships. 3 Credits.

JN-304. Principles of Media Law and Ethics. 3 Credits.
An overview of laws governing writing and reporting, from first amendment to libel, roles of journalists in criminal cases and the relationship between the press and government. Looks at where the law stops and ethical obligations begin. Prerequisites: CU-205 CM-115 CM-117 OR CM-120.

JN-310. Advanced News Writing and Editing Workshop I. 3 Credits.
Students build on expertise acquired in CU/JN205, developing skills further in newsgathering, editing, interviewing and layout. They will generate stories and complete assignments on deadline. Beat and specialized reporting, headline and feature writing, print vs. broadcast. Prerequisites: CU-205 OR JN-205.

JN-313. Pauw Wow Workshop. 3 Credits.
Students will report, write, photograph and/or produce the student newspaper, The Pauw Wow. They will copyedit and design and layout the paper as well as produce multimedia for the online edition.

JN-340. Sportswriting. 3 Credits.
A study of the growth of this area of specialized journalism, including interviewing, reporting, and writing assignments for a variety of sports. Prerequisites: CM-115 CM-117 OR CM-120 CU-205 OR JN-205.

JN-341. Art and Entertainment Journalism. 3 Credits.
An overview of an area of specialized journalism: Arts and Entertainment. A look at the history and current issues in the arts, from early 20th century tabloids to today’s bloggers, copyright concerns and arts in the community. Prerequisites: CM-115 CM-117 OR CM-120 CU-205 OR JN-205.

JN-355. Video Journalism. 3 Credits.
Students investigate the format, producers and the future of reporting on the web. Prerequisites: CU-205 OR JN-205 CM-115 CM-117 OR CM-120.
JN-385. Multimedia Reporting. 3 Credits.
An introduction to the fastest growing segment of journalism, multimedia/online journalism. Students will learn the fundamentals of using digital audio, video and photo equipment, editing, participating in social networks and producing multimedia projects on the web. Class will also take a look at the financial and social impact of multimedia journalism. Prerequisites: CU-205 OR JN-205 CM-115 CM-117 OR CM-120.

JN-410. Investigative Journalism and Advanced Features. 3 Credits.
The practical application of investigative and public affairs reporting skills. Students will complete a major investigative news piece and gather information from public records and interview sources. Prerequisites: CU-205 OR JN-205.

JN-419. Magazine Writing. 3 Credits.
Methods of writing and selling articles for print and web magazines from brief profiles and how-to pieces to long narrative articles. An introduction to query writing. Prerequisites: CM-115 CM-117 OR CM-120, CU-205 OR JN-205.

JN-420. Social Impact of Documentary History and Production. 3 Credits.
In this course students will explore the history and methods of social impact documentaries as a tool for education, action and change. Students will also produce a final project, studying filmmaking from concept, to production and post production culminating in an end-of-the-year film festival. Prerequisites: CU/JN-205, CU/JN-355.

JN-489. Globalization and Fieldwork Seminar. 3 Credits.
Short term study/travel course in which students conduct first hand investigations on the effects of globalization in relevant settings. Specific area and topics determined at the beginning of the Academic Year. Locations change every term. Additional travel course fee of $50. Course Type(s): International (Travel), Pluralism.

JP Courses

JP-130. Elementary Japanese I. 3 Credits.
An introduction to the basic language skills of speaking, reading, listening, and writing Japanese through a variety of media. Course Type(s): Core curriculum course.

An introduction to the basic language skills of speaking, reading, listening, and writing Japanese through a variety of media. Prerequisites: JP-130 OR AN-130.

JP-134. Intermediate Japanese I. 3 Credits.
Further practice to mastering the basic concepts of rudimentary communication in Japanese. Prerequisites: AN/JP-114 OR 2-3 YEARS H.S. JAPANESE OR INSTRUCTOR PERMISSION.

JP-135. Intermediate Japanese II. 3 Credits.
Further practice to master the basic concepts of rudimentary communication in Japanese. Prerequisites: AN/JP-134 OR INSTRUCTOR PERMISSION.

LA Courses

LA-113. Elementary Latin I. 3 Credits.
An introduction to the basic grammatical structures of Latin presented through exercises and brief literary selections.

LA-114. Elementary Latin II. 3 Credits.
An introduction to the basic grammatical structures of Latin presented through exercises and brief literary selections. Prerequisites: LA-113.

LS Courses

LS-101. Introduction to Latin America and Latino Studies. 3 Credits.
This course will introduce students to the study of Latin America as a region-it's history, culture, politics and economic development- and Latino Studies, which examines the experiences of people of Latin American descent in the U. S. Course Type(s): Pluralism, Core curriculum course.

LS-117. Spanish for Health Care Professions I. 3 Credits.
Grammar and vocabulary taught through dialogues and situations related to the healthcare professions. Course Type(s): Core curriculum course.

LS-118. Spanish for Health Care Professions II. 3 Credits.
Further practice in grammar and vocabulary related to the healthcare professions. Prerequisites: SP-117.
LS-119. Spanish for Business and Finance I. 3 Credits.
Further study of Spanish grammar, pronunciation, writing, and vocabulary with an emphasis on business and financial usage.

LS-120. Spanish for Business and Finance II. 3 Credits.
Further study of Spanish grammar, pronunciation, writing, and vocabulary with an emphasis on business and financial usage. Prerequisites: LS-119.

LS-195. Spanish: Social Services I. 3 Credits.
Serves social workers, police officers, medical professionals, and those in related fields. Basic grammar structures and specialized vocabulary; writing exercises, conversation, and role play. Fulfills core language requirement. Course Type(s): Core curriculum course.

LS-196. Spanish: Social Services II. 3 Credits.
Serves social workers, police officers, medical professionals, and those in related fields. Basic grammar structures and specialized vocabulary writing exercises, conversation, and role play. Fulfills core language requirement. Prerequisites: SP-195.

LS-198. Introduction to Hispanic Literature I. 3 Credits.
A basic introduction to the principal literary genres through readings in Spanish. 1-2 years high school Spanish. Course Type(s): Core curriculum course.

LS-199. Introduction to Hispanic Literature II. 3 Credits.
A continued introduction to the principal literary genres through readings in Spanish. Prerequisites: SP-198.

LS-224. Black Hair and Identity in America. 3 Credits.
This course will examine the social, cultural and political significance of black hair in America. It will explore hair's profound impact on identity. Black hair is embedded in notions of race, ethnicity, gender and class. Prerequisites: SO-121 OR UR-151 OR LS-101.

LS-227. Sociology of Salsa. 3 Credits.
This course combines dance lessons with a sociological exploration of New York/New Jersey’s salsa scene. Students will learn the fundamentals of salsa music and dance, with a focus on rhythm, timing, musicality and basic steps. Lessons are complemented by discussions and origins of the music as it relates to Latin American and Caribbean history and migration to the northeast. Finally, students will investigate the culture of socials, which are dance parties dedicated to learning and practicing the dance. Class meets two hours per week for lessons and requires a minimum of two additional hours per week of fieldwork TBA. Dance shoes or dance sneakers required. Course Type(s): Pluralism,Core curriculum course.

LS-244. Hispanic-American Literature I. 3 Credits.
Origins and evolution of writings from Columbus to Vargas Llosa and his contemporaries. Required for Spanish majors and minors. Taught in Spanish. Prerequisites: SP-134 SP-136 SP-199.

LS-249. Cultural Geography of Hispanic America. 3 Credits.
A study, through readings and video, of the history, culture, and societal aspects of the Spanish-speaking countries of Latin America. Taught in English. Course Type(s): Core curriculum course.

LS-250. Spanish Conversation I. 3 Credits.
Intensive practice in Spanish conversation through discussion of interesting topics, as well as review of critical grammatical structures and vocabulary to facilitate effective expression.

LS-251. Spanish Conversation II. 3 Credits.
SP-250;

LS-254. Sociology of Migration and Immigration. 3 Credits.
Immigration in history; patterns of movement; immigration and refugees; adjustment and resettlement; immigration law. The needs of immigrants; housing, employment education, medical care. Prerequisites: SO-121 OR UR-151; Course Type(s): Pluralism,Core curriculum course.

LS-265. Social Justice in Latin American Film. 3 Credits.
Analysis of film, viewed politically and socially, as a mediator of the dynamics of tradition and change in Latin America. Prerequisites: LS-101 OR INSTRUCTOR APPROVAL; Course Type(s): Values,Core curriculum course.
LS-292. Translation. 3 Credits.
Practice in technical, commercial, scientific translation, legal documents and business correspondence, Spanish English, English- Spanish. Taught in Spanish. Prerequisites: SP-134 SP-136 OR SP-199 OR 3-4 YEARS H.S. SPANISH.

LS-294. Business Writing in Spanish. 3 Credits.
Review of Spanish grammar and syntax through the study of various forms of business writing, including letters, memos, bills, order forms, receipts, resumes, and other forms of correspondence. Prerequisites: SP-114 OR 1-2 YEARS HIGH SCHOOL SPANISH. Course Type(s): Core curriculum course.

LS-295. Credited Internships. 3 Credits.

LS-310. Feminist Political Theory. 3 Credits.
Historical overview of feminist political activity in the United States and an analysis of feminist theory: liberal feminism, Marxist feminism, radical feminism, and post-modern feminism. Course Type(s): Pluralism,Core curriculum course.

LS-335. Latino Marketing Communication Culture. 3 Credits.
An in-depth, critical examination of marketing and communication strategies in the Latino community. The course invites students to explore what the terms Latino and Latino culture mean, question their saliency, and to weight the implications that marketing and communication campaigns can have on consumption patterns, entrepreneurship, organizations, and Latino identity. Prerequisites: BA-155 OR LS-101 OR SO-121 OR EC-101; OR PERMISSION OF INSTRUCTOR. Course Type(s): Pluralism,Core curriculum course.

LS-351. Issues in the Latino Community. 3 Credits.
The Socio-economic and political origins of the various Hispanic peoples, with analysis of Social issue arising from Hispanic involvement in American Societal institutions, i.e. education, politics, family, etc. Prerequisites: SO-121 OR UR-151 OR LS-101; Course Type(s): Pluralism,Core curriculum course.

LS-354. Minority Group Relations. 3 Credits.
A study of the history, conditions, and contributions of racial minority groups within the United States. Special emphasis on developments involving African Americans, Hispanics, and Asian Americans.

LS-359. Seminar: Literature of the Boom II. 3 Credits.
Continued analysis of the representative texts of the explosion of Hispanic-American literary production onto the world market, in their literary, historical, and cultural contexts. Prerequisites: SP-134 OR SP-136 OR INSTRUCTOR APPROVAL.

LS-368. Health and Inequalities: Race, Class and Gender. 3 Credits.
This course critically examines the relationship between health status and social inequalities along the lines of race and ethnicity, social class and gender. We begin with an overview of epidemiology and the idea of studying health from a sociological perspective. We then consider the complex relationship between socio-economic status (class) and health statuses, followed by an examination of specific health issues for major racial/ethnic minorities and gender groups. We will try to understand how low socioeconomic status leads to poor health, how conscious, unconscious, and institutionalized racial/gender bias affects medical care and health outcomes, and address ideas for reducing health disparities among all groups. Prerequisites: SO-121 Course Type(s): Pluralism,Core curriculum course.

LS-384. Cultural Anthropology. 3 Credits.
An analysis of the development of anthropology as an offshoot from Sociology; an examination of the differences in the methodology of anthropology and Sociology in the study of a variety of cultures. Prerequisites: SO-121 PL-100 OR PL-101 OR TH-110 OR TH-120; Course Type(s): Values,Writing Intensive,Pluralism,Core curriculum course.

LS-392. Caribbean Literature. 3 Credits.
This course will explore aspects of Caribbean literature in Spanish from Puerto Rico, Cuba, and the Dominican Republic. Readings will include essays, short stories, poems, and novels from the Encounter to the present. Taught in Spanish. Prerequisites: SP-134 OR SP-136 OR INSTRUCTOR APPROVAL.

LS-412. Ethnicity and Race in Urban History. 3 Credits.
Includes the African and European immigrant experiences in America, the effects of slavery and urbanization, and the formation of class consciousness. Prerequisites: SO-121 OR LS-101, AND SO-280 AND SO-384; Course Type(s): Values,Capstone,Writing Intensive,Pluralism,Core curriculum course.
LS-452. Economic Development. 3 Credits.

LS-472. History of Latin America: Encounter to Present. 3 Credits.
This course will explore the social, cultural and political history of Latin America, from the eve of the fifteenth-century "Encounter" to the twentieth-century rise of neoliberalism and its malcontents. Course Type(s): Pluralism, Core curriculum course.

LS-481. Immigration: Walls Or Welcome?. 3 Credits.
This course focuses on past and present immigration policies in the U.S. as well as immigration activism. Course Type(s): Pluralism.

LS-489. Globalization and Fieldwork Seminar. 3 Credits.
Short term study/travel course in which students conduct first hand investigations on the effects of globalization in relevant settings. Specific area and topics determined at the beginning of the Academic Year. Locations change every term. Additional travel course fee of $50. Prerequisites: SO-121 UR-151 PO-150 OR LS-101; Course Type(s): International (Travel), Pluralism.

LS-490. Seminar Don Quijote. 3 Credits.
Readings, research, and critical analysis of the Cervantes novel in its socio-historical context. Taught in Spanish. Prerequisites: SP-134 SP-136 OR SP-199.

LS-493. Hispanic Heritage and Identity. 3 Credits.
This course will consider the heritage and identity of Hispanics in the U.S. today. By examining texts in English and Spanish, students will develop a sense of how U.S. Hispanics express their identity through literature. Taught in Spanish. Prerequisites: SP-134 SP-136 OR SP-199.

LS-494. Hispanic Experience in the U. S.. 3 Credits.
Study of the heritage and identity of Hispanics in the U.S., especially as these are expressed in and through literary texts. Prerequisites: SP-134 OR SP-136 OR INSTRUCTOR APPROVAL.

LS-495. Internship in International Settings. 3 Credits.
Planned and supervised off-campus working experiences overseas or with international organizations integrated with independent academic study under the tutelage of the Director of International and intercultural Studies.

LS-496. Urban Internship. 3 Credits.
Advanced levels of field work emphasizing synthesis of social theories with work experience. Seminars held and an evaluation paper required. Prerequisites: SO-121 OR UR-151.

LS-497. Advanced Urban Internship. 3 Credits.
Advanced levels of field work emphasizing synthesis of social theories with work experience. Seminars held and an evaluation paper required. Prerequisites: SO-121 OR UR-151.

LW Courses

LW-155. Seminar in Contemporary Legal Issues. 3 Credits.
A course open to all students examining current legal issues in a seminar setting. This course will acquaint students with the issues that are at the forefront of the legal environment such as physician assisted suicide, legal issues relating to the world-wide web, capital punishment, drug laws and their enforcement, abortion and the law, affirmative action and race-conscious preferences, and sex offender notification laws. Course Type(s): Values, Core curriculum course, Senior Seminar.

LW-156. Legal Aspects of Health Care. 3 Credits.
Analysis of the legal aspects of health care, including general contracts, confidentiality of records, insurance liability, and malpractice.

MA Courses

MA-001. Introductory Algebra. 3 Credits.
Real numbers, variable expressions, solving equations, linear equations in two variables, systems of linear equations, inequalities. This is a preparation course for MA-102, MA-105, MA-106, and MA-101. Course Type(s): Remedial.
MA-001L. Introductory Algebra Lab. 3 Credits.
This is a one-semester lab intended for students who took MA-001 at least twice and failed. Under certain conditions students who failed MA-001 for the first time may be allowed to take this lab. Students will work on those topics in MA-001 that they did not pass. Students will be retested and have the opportunity to test out of MA-001. This is a pass-fail course and does not count towards graduation. Course Type(s): Lab Courses, Remedial.

MA-100. Fundamentals of College Algebra. 3 Credits.
Brief review of real numbers and variable expressions; solving equations and inequalities; linear functions; polynomials; factoring; rational expressions; rational exponents and radicals.

MA-101. Precalculus. 3 Credits.
Brief review of basic algebraic concepts; functions (general concepts, linear, quadratic); polynomial and rational functions; exponential and logarithmic functions; summary of trigonometric functions; application problems.

MA-102. Mathematics for the Liberal Arts. 3 Credits.
Topics to be chosen from the following: problem solving; logic; consumer mathematics; personal finance; voting and apportionment; mathematics and the arts; mathematics of growth; graph theory; number theory. Additional topics may be covered at the discretion of the instructor. This course will contain an integrated review component. Course Type(s): Core curriculum course.

MA-103. Probability and Statistics for Liberal Arts. 3 Credits.
Set theory, finite probability, collection of data, graphical displays of data, summary statistics, the normal distribution, linear regression and correlation. Additional topics may be covered at the discretion of the instructor. This course will contain an integrated review component. Course Type(s): Core curriculum course.

MA-105. Elementary Applied Mathematics. 3 Credits.
Introduction to ways in which everyday situations can be modeled and studied mathematically: networks, voting, coding, and finance. Course Type(s): Core curriculum course.

MA-106. Introduction to Probability and Statistics. 3 Credits.
Describing data collections using measures (e.g., center and spread) and graphical representations (e.g., histograms and plots), estimating probabilities for discrete and continuous distributions, and making statistical inferences using selected approaches (e.g., confidence intervals, hypothesis testing, linear regression analysis). Course Type(s): Core curriculum course.

MA-108. Mathematics for Educators I. 3 Credits.
In-depth study of the concepts that underlie the mathematics of the elementary school curriculum in the United States. Topics include set theory, numeration, mathematical thinking, number theory, and the four basic operations of mathematics. This course is intended for individuals who expect to teach in primary school. Course Type(s): Core curriculum course.

MA-109. Mathematics for Educators II. 3 Credits.
This course is a continuation of MA-108. Topics in the second semester include the real number system, proportional reasoning, statistics, probability, and measurement systems. This course is intended for individuals who expect to teach in primary school. Course Type(s): Core curriculum course.

MA-115. Medical Dosage Calculations for Nursing. 3 Credits.
This course is designed for students in nursing so that they can master skills of basic math, emphasis on clinical relevance of math to its application in the clinical setting. Prerequisites: NU-202, NU-210; Course Type(s): Core curriculum course.

MA-123. Elementary Calculus I. 3 Credits.
Differential calculus of polynomial and rational functions; applications of calculus to problems in business and economics. Course Type(s): Core curriculum course.

MA-124. Elementary Calculus II. 3 Credits.
Exponential and logarithmic functions, integral calculus, differential equations; applications to problems in business and economics. Prerequisites: MA-123 Course Type(s): Core curriculum course.

MA-125. Intermediate Calculus. 2 Credits.
This course is intended for students (e.g., computer science majors) who have completed 6 credits of calculus and who now wish to take Multivariable Calculus. Prerequisites: MA-124.
MA-132. Statistics for Life Sciences. 3 Credits.
Basic methods of data analysis. Topics include displaying data graphically; measures of central tendency and variability; probability concepts; normal, t, chi-square, and F distributions; confidence intervals and estimation; hypothesis testing; regression and correlation analysis; analysis of variance; contingency tables; use of statistical software. Biological applications are emphasized. Course Type(s): Core curriculum course.

MA-133. Calculus for the Life Sciences. 4 Credits.
Polynomial, rational, and trigonometric functions; limits, continuity, derivatives; graphs, maximum-minimum problems; exponential and logarithmic functions, growth and decay problems integrals, basic integration techniques, applications of the integral. Biological applications are emphasized. Course Type(s): Core curriculum course.

MA-143. Differential Calculus. 4 Credits.
Limits and continuity; the derivative; chain rule and differentiation of algebraic functions; extrema; applications; the Mean Value Theorem. Course Type(s): Core curriculum course.

MA-144. Integral Calculus. 4 Credits.
The definite integral and the Fundamental Theorem of the Calculus; applications; transcendental functions; methods of integration. Prerequisites: MA-143 Course Type(s): Core curriculum course.

MA-212. Elementary Statistics. 3 Credits.
Descriptive statistics, laws of probability, some standard probability functions, central limit theorem, confidence intervals, hypothesis testing. Course Type(s): Core curriculum course.

MA-214. Mathematics of Finance. 3 Credits.
Interest, partial payment, ordinary annuities, depreciation, amortization, sinking funds bonds, deferred annuities, perpetuities probability, mortality tables, life annuities, life insurance. Prerequisites: MA-106 OR MA-132 OR MA-212 OR MA-124 OR MA-133 OR MA-144 OR MA-273 OR INSTRUCTOR PERMISSION.

MA-216. Computer Mathematics. 3 Credits.
Number systems, internal representation, errors logic, Boolean algebra, circuits algorithms, efficiency counting, probability. Prerequisites: MA-106(9414) OR MA-132 OR MA-212 OR MA-124 OR MA-133 OR MA-144 OR MA-273 AND CS-180.

MA-218. Quantitative Methods for Business. 3 Credits.
Students will explore methods to perform quantitative analysis and make decisions within a business context and elsewhere. Selected topics may include mathematical modeling and sensitivity analysis, techniques for decision making with uncertainty or risk, regression and forecasting models, linear and integer programming with applications such as transportation and assignment models, network models, project management, waiting line or queuing theory, and probability theory with Markov analysis.

MA-222. Intermediate Statistics. 3 Credits.
This course extends the statistical data analysis introduced in MA-212. Students will explore additional topics in parametric and non-parametric methods, including analysis of variance (ANOVA) and multiple regression. Learner will also actively design statistical experiments and interpret data sets. Students will use statistical software and computer programming as tools to assist with data analysis. Prerequisites: MA-212 OR MA-132 OR PERMISSION OF INSTRUCTOR.

MA-247. Introductory Linear Algebra. 3 Credits.
Matrix calculus vector spaces linear independence and bases linear transformations on vector spaces eigenvalues and eigenvectors. Prerequisites: MA-124 OR MA-144.

MA-248. Mathematics Tech Lab. 1 Credit.
Software for numerical and symbolic computations (such as MatLab and Mathematica), and mathematical typesetting (such as TeX) Prerequisites: MA-144 OR MA-125 ; OR INSTRUCTOR PERMISSION Course Type(s): Lab Courses.

MA-250. Transition to Advanced Mathematics. 3 Credits.
Students will learn the language and tools necessary for advanced mathematics, including sets, logic, various types of mathematical proof (direct, contradiction, contrapositive, induction, disproof), functions, and relations, with an emphasis on producing concise and rigorous arguments. Prerequisites: MA-101 OR MA-105 OR MA-106 OR MA-108 OR MA-109 OR MA-123 OR MA-124 OR MA-125 OR MA-132 OR MA-133 OR MA-143 OR MA-144 OR MA-212 OR MA-222 OR MA-273 OR MA-274.
MA-273. Multivariable Calculus I. 4 Credits.
Integration techniques, 2-and-3 dimensional vector geometry functions of several variables, limits, directional
derivatives, partial differentiation, extrema double and Triple integrals. Prerequisites: MA-144 OR MA-125.

MA-274. Multivariable Calculus II. 4 Credits.
Limits and L'Hospital's Rule, improper integrals, infinite sequences and series power series, Taylor series, selected
topics in multivariable calculus. Prerequisites: MA-273.

MA-295. Credited Internships. 3 Credits.
Co-operative work experience. Course Type(s): Independent Study.

MA-302. Elementary Math Functions for Middle School. 3 Credits.
Functions and equations, arithmetic and geometric sequences, mathematical methods, linear functions, difference
equations, quadratic and cubic functions, exponential and logarithmic functions, domain and range, fitting a line
to data and modeling, and associated mathematical processes. Methods for learning and teaching the topics are
addressed concurrently with the content.

MA-304. Statistics, Probability and Discrete Math for Middle School. 3 Credits.
Topics include collecting, summarizing, and interpreting data, sampling techniques, fundamental concepts of
probability, counting techniques, Euler and Hamiltonian circuits, shortest distance algorithms, and associated
mathematical processes. Methods for learning and teaching the topics are addressed concurrently with the content.

MA-306. Geometry for Middle School. 3 Credits.
Metric and US standard measurement, inductive and deductive reasoning, Euclidean geometry of two and three-
dimensional figures including, but not limited to: area, perimeter, volume, surface area, congruency, similarity,
rotation and transformation. Coordinate geometry, iteration and fractals, geometry in the world around us, and
associated mathematical processes. Methods for learning and teaching the topics are addressed concurrently with
the content.

MA-316. Intermediate Discrete Mathematics. 3 Credits.
Students will engage with noncontinuous mathematics, the mathematical language of computer science, information
theory, etc. Topics may include but are not limited to graph theory, recurrence relations, generating functions,
algorithms, partially ordered sets, lattices, and finite geometries. Prerequisites: MA-250.

MA-335. Probability Theory. 3 Credits.
Probability spaces, random variables, expectation, variance, standard deviation, binomial, multinomial, and Poisson
distributions approximations by the normal distribution, Chebyshev's Inequality. Prerequisites: MA-273.

MA-336. Mathematical Statistics. 3 Credits.
Law of large numbers, Central Limit Theorem, estimation of parameters, confidence intervals, test of hypotheses,
sampling, regression, analysis of variance. Prerequisites: MA-273 TAKING MA-335 AS A PRE-REQUISITE IS
RECOMMENDED, THOUGH NOT REQUIRED.

MA-350. College Geometry. 3 Credits.
Study of Euclidean and other geometries from an axiomatic point of view. Prerequisites: MA-250.

MA-375. Advanced Calculus. 3 Credits.
Real numbers, sequences, limits of sequences and functions, continuity, differentiation, theory of integration,
pointwise and uniform convergence. Prerequisites: MA-274.

MA-377. Ordinary Differential Equation. 3 Credits.
Existence and uniqueness of solutions, first and second order equations, systems of linear differential equations,
solutions in power series applications. Prerequisites: MA-247 AND MA-274.

MA-379. Differential Equations for Engineers. 4 Credits.
This Course is an Expanded Version of MA-377 and includes the following additional topics: The Laplace Transform,

MA-382. Mathematical Modeling. 3 Credits.
The nature and philosophy of model building algebraic and analytic models in the social, physical, and life sciences.
Prerequisites: MA-273 MA-247 OR MA-250.

MA-385. Topics in Applied Mathematics. 3 Credits.
Topics vary by term. Prerequisites: MA-273 MA-247 OR MA-250.
MA-387. Topics in Mathematics. 3 Credits.
Topics vary by term. Prerequisites: MA-273 MA-247 OR MA-250.

MA-389. Topics in Statistics. 3 Credits.
Topics vary by term. Examples may include but are not limited to the following: Analysis of Variance and Multivariate Statistical Analysis, Non-Parametric or Distribution-Free Inferential Statistics, Regression Analysis, Design of Experiments and Data Interpretation, Bayesian Statistics, and Statistical Programming. Prerequisites: MA-132 OR MA-212 OR MA-222 OR MA-336 OR EC-300 OR PERMISSION OF INSTRUCTOR.

MA-399. Independent Study. 3 Credits.

MA-400. History of Mathematics. 3 Credits.
Learners will examine various mathematical concepts and constructs, exploring the diverse cultural contexts and historical perspectives that framed them students will solve representative problems that illuminate and illustrate these mathematical discoveries and developments from across the centuries, from antiquity through the modern era. Prerequisites: MA-124 OR MA-144 OR MA-273 MA-250 OR MA-247 SENIOR STANDING OR PERMISSION OF INSTRUCTOR.

MA-417. Introduction to Topology. 3 Credits.
In this survey course of introductory pure mathematical topics in topology, students will explore the nature of abstract geometric spaces. Learners will generalize the concepts of continuity and connectedness to general spaces, construct new spaces from old ones using the product and quotient topologies, and apply algebraic invariants such as the Euler number and fundamental group to show that two spaces cannot be deformed into one another. Prerequisites: MA-250, MA-124 OR MA-133 OR MA-144 OR MA-273.

MA-441. Modern Algebra. 3 Credits.
Introduction to modern algebraic concepts theory of groups, rings, and fields. Prerequisites: MA-250 MA-247 SENIOR MATH MAJORS OR PERMISSION OF INSTRUCTOR. INSTRUCTOR CONSENT REQUIRED.

MA-442. Topics in Modern Algebra. 3 Credits.
Topics may include but are not limited to the following: group theory, symmetry groups, Sylow theorems, algebraic coding theory, finite field theory, field extensions, Galois theory, and constructible numbers. Prerequisites: MA-441 OR PERMISSION OF INSTRUCTOR.

MA-467. Functions of a Complex Variable. 3 Credits.
Complex numbers, analytic functions, elementary functions, mapping of elementary functions, integrals. Prerequisites: MA-274.

MA-481. Numerical Analysis. 3 Credits.

MA-490. Senior Seminar in Mathematics. 3 Credits.
In this capstone course, graduating senior Mathematics majors will explore areas of mathematics that draw on many of the previous courses, emphasizing the connection between different areas of mathematics. This culminating academic experience for the major will include writing, presentations, and contemporary mathematics research. Prerequisites: MA-441; SENIOR MATHEMATICS MAJORS ONLY. Course Type(s): Capstone,Writing Intensive.

ML Courses

ML-110. American Sign Language I. 3 Credits.
This beginners’ course develops expressive and receptive skills, vocabulary knowledge, and sensitivity to deaf culture. The history and social environment of the deaf community will be presented and discussed.

ML-111. American Sign Language II. 3 Credits.
This beginners’ course develops expressive and receptive skills, vocabulary knowledge, and sensitivity to deaf culture. The history and social environment of the deaf community will be presented and discussed. Prerequisites: ML-110.

ML-125. Intensive American Sign Language. 6 Credits.
Intensive development of expressive and receptive skills, vocabulary, and sensitivity to deaf culture, and study of the history and social environment of the deaf community.
ML-258. The Baroque Aesthetic. 3 Credits.
Literature from the Age of Versailles, monarchy, and the Counter Reformation. Excerpts from French, Spanish, and Italian literary works of the Baroque.

ML-305. Romanticism. 3 Credits.
Interdisciplinary study of the Romantic Movement based on reading of primary texts and critical evaluations. Taught in English; individual projects in target languages.

**NS Courses**

NS-320. Ethics and Responsibility in STEM Disciplines. 3 Credits.
This course is an introduction to the ethical issues faced by researchers in Science, Technology, Engineering, and Mathematics. When faced with monetary, societal, political, environmental, and personal pressures, what choices should a researcher make? In this course we will examine choices made by actual STEM practitioners and consider the ethical issues involved. Ethical issues may include but are not limited to publication standards, intellectual property rights, whistleblowing, conflicts of interest, human and animal subjects, robots, diversity, and societal and environmental impacts. Historical cases may include but are not limited to cold fusion, HIV, the Challenger explosion, the Stanford prison experiment, and the Algebra Project. Prerequisites: 4 GROUPS; # CM-115 CM-117 OR CM-120; # PL-101 OR TH-120; # BI-183 CH-131 PC-185 OR PS-151; # MA-123 MA-133 MA-143 MA-273 CS-180 IS-180 OR CS-231; OR INSTRUCTOR PERMISSION. Course Type(s): Values, Writing Intensive, Core curriculum course.

**NU Courses**

NU-202. Theoretical Bases of Professional Nursing. 3 Credits.
The evolution of professional nursing is explored and the development of professional identity is facilitated by the introduction of values inherent to the discipline of nursing including social justice. Nursing theory, as well as other selected theories and concepts, are examined including: health belief model, teaching/learning theory, culture/global health, evidence-based practice and the nursing process. Additional course fee of $188. Prerequisites: BI-171, BI-172. ADMISSION TO NURSING MAJOR.

NU-202L. Theoretical Bases of Professional Nursing Lab. 0 Credits.
Lab paired with lecture on: the evolution of professional nursing is explored and the development of professional identity is facilitated by the introduction of values inherent to the discipline of nursing including social justice. Nursing theory, as well as other selected theories and concepts, are examined including: health belief model, teaching/learning theory, culture/global health, evidence-based practice and the nursing process. Prerequisites: BI-171 BI-172 PS-151; Course Type(s): Lab Courses.

NU-204. Nutrition and Health. 3 Credits.
This course focuses on the role of nutrition in health and healing. The study of essential nutrients and their function is emphasized. Meeting dietary requirements across the life span is explored. The impact of pluralistic and public health factors on dietary practices is discussed.

NU-210. Pharmacology for Professional Nursing Practice. 3 Credits.
The focus of this course is on pharmacological therapy, major drug classifications, including prototypes, are addressed for each of the body systems. Nursing implications of safe drug administration as well as the pluralistic factors affecting medication therapy are stressed. Additional course fee of $188. Course Type(s): Senior Seminar.

NU-250. Clinical Bases of Professional Nursing. 5 Credits.
Basic interpersonal and technical nursing skills utilized to provide care for well and ill individuals are introduced. Knowledge and skills required to assess, prioritize, plan, implement and evaluate health care are emphasized. Concepts related to nutrition and medication therapy are applied. Pluralistic as well as legal and ethical issues related to quality care are stressed. College laboratory and clinical experiences in selected health care settings. Additional course fees of $125 and $225. Course Type(s): Senior Seminar.

NU-250L. Clinical Bases of Professional Nursing Lab. 0 Credits.
Clinical Bases Lab Prerequisites: NU-250 Course Type(s): Lab Courses.

NU-302. Seminar in Professional Nursing. 2 Credits.
The course is designed to examine the evolution of professional nursing through a synthesis of the social, cultural, philosophical, historical and theoretical influences. The development of a professional identity is facilitated by encouraging students to derive meaning from the core values central to the nature of nursing. Course Type(s): Senior Seminar.
NU-303. Seminar in APA Writing for Health Science. 2 Credits.
A course to help the RN-BSN student learn APA writing style required for nursing and other health sciences. Course Type(s): Senior Seminar.

NU-304. Pathophysiology. 3 Credits.
This course uses a systems approach to examine the human response patterns to health and illness. Physiological processes and pathological changes are explored in depth. Additional course fee of $225.

NU-308. Health Assessment. 3 Credits.
The major focus of this course is on a holistic approach to health appraisal of the individual client. The nursing process, with an emphasis on assessment and planning is analyzed and applied in dealing with individuals in the college laboratory. Concepts related to health promotion, risk identification and client education are stressed. Additional course fees of $225 and $75.

NU-308L. Health Assessment Lab. 0 Credits.
Health Assessment Lab Prerequisites: NU-308 Course Type(s): Lab Courses.

NU-310. Health Assessment. 4 Credits.
Major focus is on a holistic approach to health appraisal of the individual client across the life span. The nursing process, with an emphasis on assessment and planning is analyzed and applied in dealing with individuals in the college laboratory. Concepts related to health promotion, risk identification and client education are stressed. Additional course fee of $100.

NU-312. Nursing Care for Adults and Aging I. 5 Credits.
Application of the nursing process in caring for adults and older clients with chronic health care needs. Normal aging and adaptations in self-care needed as a result of age related changes will be discussed. Pluralistic factors including nutrition and medication therapy are integrated. Legal and ethical issues are applied. College laboratory and clinical experiences in selected health care settings. Additional course fees of $225 and $125. Prerequisites: 3 COURSES FROM NU-204, NU-250, NU-304.

NU-312L. Nursing Care for Adults and Aging I Lab. 0 Credits.
Nursing Care Adults & Aging Lab Prerequisites: NU-312 Course Type(s): Lab Courses.

NU-315. Nursing Care for Adults and Aging II. 5 Credits.
A continuation of the Nursing Care of Adults and Aging, I, this course builds and expands the knowledge and skill base related to caring for adults and older clients with acute and chronic health needs. Pathologic conditions associated with aging are discussed. Pluralistic factors including nutrition and medication therapy are integrated. Legal and ethical issues are applied. Clinical experiences in selected health care settings. Additional course fees of $250 and $125. Prerequisites: NU-312.

NU-315L. Nursing Care for Adults and Aging II Lab. 0 Credits.
Laboratory for Nursing Care for Adults and Aging II, NU-315 Clinical experiences in selected health care settings. Prerequisites: NU-315 Course Type(s): Lab Courses.

NU-325. Nursing Care for Child-Bearing Families. 5 Credits.
The use of the nursing process to provide care for child-bearing families is examined. Nursing care of clients during pregnancy, childbirth, the postpartum and newborn periods is stressed. Pluralistic factors as well as nutrition and medication therapy are integrated. Strategies to promote health and care for clients with psychological and psychological alterations are discussed. Normal family functioning and the impact of pregnancy on the family is considered. College laboratory and clinical experiences in selected health care settings. Additional course fees of $250 and $125. Prerequisites: NU-308 NU-312.

NU-325L. Nursing Care for Child-Bearing Families Lab. 0 Credits.
Laboratory for Nursing Care of Child-Bearing Families, NU-325 Clinical experiences in selected health care settings. Prerequisites: NU-325 Course Type(s): Lab Courses.

NU-330. Care of Families and Aggregates. 4 Credits.
Major focus is on primary and tertiary prevention within a social systems framework. Creative application of nursing process to families and groups utilizing family systems theory and group dynamics.

NU-350. Trends and Issues in Nursing. 2 Credits.
Current status of professional nursing. Political, economic and social trends affecting nursing and the health care system are analyzed. Issues in professional practice and education are explored. Prerequisites: NU-302.
NU-360. Computer Applications in Nursing and Health Care. 2 Credits.
The application of computer technology to patient care, nursing practice, research, education and management is
explored. Health care information management systems are introduced. Prerequisites: NU-390.

NU-390. Introduction to Nursing Research. 3 Credits.
Understanding of the research process and critique of research studies. The relevance of nursing research findings
for the provision of patient care is discussed. Students develop a research paper through an interactive process with
faculty and peers. Course Type(s): Senior Seminar.

NU-399. Independent Study. 2 Credits.

NU-404. Psychiatric-Mental Health Nursing. 5 Credits.
This course focuses on the use of the nursing process to provide care for individuals, families and aggregates with
alterations in mental health. Pluralistic factors as well as medication therapy are integrated. Strategies to promote
mental-health are discussed. Nursing care of clients with acute and chronic alterations in psychological functioning
are stressed. Clinical experiences are provided in psychiatric-mental health agencies in selected health care and
community settings. Additional course fees of $250 and $125.

NU-404L. Psychiatric-Mental Health Nursing Lab. 0 Credits.
Psychiatric-Mental Health Lab Prerequisites: NU-404 Course Type(s): Lab Courses.

NU-414. Nursing Care for Children and Adolescents. 5 Credits.
The nursing process is used as a framework to provide care for children and adolescents with physical and
psychological alterations in health. Pluralistic factors including nutrition and medication therapy are integrated.
Strategies to promote health as well as developmental needs and problems are discussed. Normal family functioning
and the impact of illness on the family are explored. College laboratory and clinical experiences in selected health
care settings. Additional course fees of $250 and $125.

NU-414L. Nursing Care for Children and Adolescents Lab. 0 Credits.
Nursing Care Child & Adlsnt Lab Prerequisites: NU-414 Course Type(s): Lab Courses.

NU-416. Social Justice Ethics and Health Care. 3 Credits.
Political, economic and social justice issues affecting patient care and the health care system are examined.
Accessibility and affordability of health care services including the needs of vulnerable populations are explored.
Strategies to promote social justice and ethical behavior within the health care system are stressed. Values course.
Prerequisites: NU-390; Course Type(s): Values, Core curriculum course.

NU-420. Community Health Nursing. 4 Credits.
Community health nursing emphasizes community as client. The nursing process is applied in dealing with groups,
aggregates and community. Nursing care of individuals in community settings is also examined. Additional course
fees of $300 and $100. Course Type(s): Capstone, Writing Intensive.

NU-420L. Community Health Nursing Lab. 0 Credits.
Community Health Nursing Lab Prerequisites: NU-420 Course Type(s): Lab Courses.

NU-430. Nursing Care for Adults and Aging III. 4 Credits.
Culmination of the courses Adults and Aging I and II, this course builds and expands the knowledge and skill base
related to caring for adults and older clients with complex acute and chronic conditions and rehabilitative health care
needs. High risk populations such as those with multiple illnesses will be addressed. Pathologic conditions associated
with aging are discussed. Pluralistic factors, including nutrition and medication therapy are integrated. An opportunity
for students to function with increased independence as well as to organize, delegate, supervise and evaluate
practice. Clinical experiences in selected health care settings. Additional course fees of $300 and $100. Prerequisites:
NU-315.

NU-430L. Nursing Care for Adults and Aging Lab. 0 Credits.
Nurs Care Adults & Aging Lab Prerequisites: NU-430 Course Type(s): Lab Courses.

NU-440. Leadership and Management in Nursing. 4 Credits.
The major focus is on leadership and change in nursing practice within the health care delivery system, utilizing the
nursing process as a framework. Additional course fee of $100.
NU-445. Leadership and Trends in Nursing. 3 Credits.
The major focus in this course is on leadership and change in nursing practice within the health care system. Utilization of the nursing process as a framework for action is stressed. Selected concepts related to management including, types of power, delegation, motivation are discussed. Trends and issues affecting nursing and the health care system are also explored. Prerequisites: NU-315, NU-390, NU-414.

NU-450. Nurse/Client Educator. 2 Credits.
A multifaceted approach to client/peer education. Emphasis on teaching/learning concepts. The role of education as a strategy in health promotion.

NU-452. Women's Health Issues. 3 Credits.
Exploration of health issues affecting women from historical, political and pluralistic perspectives. The students' role as health care advocate is stressed.

NU-470. Dimensions of Professional Nursing. 4 Credits.
The emphasis of this course is on the professional role of nursing with a focus on leadership and community health practice. The concepts of professionalism, nursing process and pluralism are explained. Leadership theory and the health care system are analyzed. Community health nursing is examined and the principles of health promotion and client education are integrated into the conduction of a community project. Pre-Req: Admission to RN-MSN Program.

NU-495. Special Projects in Nursing RN-BSN. 1 Credit.
This is a one credit elective in which students may choose a topic of interest and complete a scholarly paper guided by the faculty. Students may choose to expand upon a topic they have already been exposed to or develop a new topic of interest. The student will document progress on the project through weekly submissions corresponding to specific content required for the summative learning outcome of the course, the final scholarly paper.

PC Courses

PC-110. Science Goes to the Movies. 3 Credits.
This course considers the evolution of the science behind the movies - the technical advances that have made modern movie making possible and how the treatment of science, scientific discovery and inventions have evolved particular movie genres. Lectures and movie clips will be used to illustrate the above. Course Type(s): Core curriculum course.

PC-130. Technology in the 21st Century. 3 Credits.
This course will discuss the history, development and scientific breakthroughs that have led to the amazing devices and technologies available to humans today. Particular attention to the people, time and places involved in the development of inventions like TV, radio, computers, phones, transmission of electric power, movies, and some of the many advances in genetics and medicine. Course Type(s): Core curriculum course.

PC-140. How Stuff Works. 3 Credits.
This course will illustrate how the many devices we use in everyday life were invented and how they work. Devices like the radio, TV, microwave, smart phones, computers, etc. will be used as examples.

PC-150. The Gene - Mystery of Inheritance. 3 Credits.
A Historical and Scientific Journey into the Mystery of Inheritance: In the past 150 years, the concept of the Gene - the molecular particle that contains the information of inheritance - has enriched human understanding of genetics. We now have the tools to control some aspects of genetics and even alter our own evolution. This course will explore this scientific journey - using the contributions of the many scientists who have written a story that is changing living history itself.

PC-185. General Physics I. 3 Credits.
Classical mechanics. Prerequisites: MA-124 MA-144 OR MA-133; Course Type(s): Core curriculum course.

PC-186. General Physics II. 3 Credits.

PC-187. General Physics Laboratory I. 1 Credit.
A laboratory course to accompany Pc185. Lab course fee of $100. Prerequisites: MA-124 MA-144 OR MA-133.

PC-188. General Physics Laboratory II. 1 Credit.
A laboratory course to accompany Pc186. Lab course fee of $100. Prerequisites: PC-187 MA-124 MA-144 OR MA-133.
PC-190. Applied Electronics. 3 Credits.
DC and AC circuits, semiconductor devices, operational amplifiers, digital logic, and digital computer fundamentals. Prerequisites: PC-191.

PC-191. Applied Electronics Laboratory. 1 Credit.
A laboratory course to accompany PC190. Lab course fee of $100. Prerequisites: PC-190.

PC-210. LabVIEW Measurement and Automation. 3 Credits.
Introduction to National Instruments LabVIEW program and its interaction with various instruments, measurements and automation.

PC-295. Credited Internships. 3 Credits.
Co-operative work experience. Course Type(s): Independent Study.

PC-300. Math Methods in Physics. 3 Credits.
This one semester course offers a comprehensive introduction to a variety of mathematical subjects used in the areas of physics with application to specific problems. Topics covered include: Vector and Tensor Analysis, Functions of a complex Variable and Calculus of Residues, Strum-Liouville Theory, Introduction to Special Functions and Fourier Series. Prerequisites: PC-186 MA-144.

PC-331. Electronics. 4 Credits.
Circuit principles, diodes and rectifiers, filters transistors as amplifiers and switches, operational amplifiers with applications, oscillators. Lecture and laboratory. Lab course fee of $100. Prerequisites: PC-185 PC-186 PC-187 PC-188.

PC-331L. Electronics Lab. 0 Credits.
Laboratory for PC-331 Electronics. Prerequisites: PC-331; Course Type(s): Lab Courses.

PC-336. Physical Electronics. 3 Credits.
Semiconductor theory and the physics of diodes, of bipolar transistors, and of field- effect transistors. Prerequisites: PC-186.

PC-337. Modern Physics. 4 Credits.
The special theory of relativity, quantum phenomena, atomic and nuclear structure, molecular spectra, radio activity, fission and fusion, elementary particles. Lecture and Laboratory. Lab course fee of $100. Prerequisites: PC-186.

PC-337L. Modern Physics Laboratory. 0 Credits.
A laboratory course run in conjunction with Pc337. Prerequisites: PC-337.

PC-344. Optics. 4 Credits.
Geometrical optics, wave nature of light, interference, diffraction, polarization, selected topics in quantum optics. Lecture and laboratory. Lab course fee of $100. Prerequisites: PC-185 PC-186 OR PC-190.

PC-350. Photonics. 3 Credits.
Wave-particle duality of light, fiber optics, interferometers, imaging systems, optical spectroscopy, polarization devices, LEDs and Lasers, optical detectors. Prerequisites: PC-185 PC-188.

PC-355. Thermodynamics and Stat Mechanics. 3 Credits.
Heat and heat transfer, thermal behavior of gases, the laws of thermodynamics, entropy and enthalpy, partition functions, and engineering applications. Prerequisites: PC-185 PC-186.

PC-370. Mechanics. 3 Credits.

PC-374. Electricity and Magnetism I. 3 Credits.

PC-380. Introduction to Quantum Mechanics. 3 Credits.
Mathematical foundation of quantum mechanics. Schroedinger's equation with applications. The one-electron atom. Selected topics in atomic and nuclear physics. Prerequisites: PC-186.

PC-390. Independent Study in Physics. 1 Credit.
This course provides the opportunity for individual work on an assigned research problem. Prerequisites: PC-185 PC-186 MA-274; Course Type(s): Capstone, Writing Intensive.
**PE Courses**

**PE-103. Principles and Foundations of Physical Education. 3 Credits.**
An examination of the historical and philosophical development of physical education from ancient times to the present. To acquaint the student with physical education as a profession. Course Type(s): Pluralism, Core curriculum course.

**PE-150. Physiology of Exercise and Healthy Aging. 3 Credits.**
The investigation of the physiological age-related changes that occur in the later stages of life with a special emphasis on the necessary adaptations to exercise and nutrition.

**PE-200. Adapted Physical Education for Special Needs Students. 3 Credits.**
This course will provide an overview of adaptive physical education including an expanded definition, historical background, classifications and IEP development, assessment practices and teaching and instructional strategies for the special needs students.

**PE-202. Fundamentals of Coaching. 3 Credits.**
An overview of current coaching theory and practice with a special emphasis on the scientific literature depicting best practices and professionalism. In addition, course content will include pedagogy, ethics, the physiological and psychological aspects of athlete development and approaches to teaching technical and tactical skills. This course includes field experience and active learning modules.

**PE-240. Teaching of Skills Activities I. 3 Credits.**
A study of the basic principles, content, organization and curriculum for individual, dual and team activities for elementary school students. Includes methods and teaching strategies, program evaluation and peer teaching. Variable sport activities.

**PE-241. Teaching of Skills Activities II. 3 Credits.**
A study of basic principles, content, organization & curriculum for individual, dual & team activities for middle school and high school students. Includes methods and teaching strategies, program evaluation and peer teaching. Variable sports activities.

**PE-255. Fitness and Wellness. 3 Credits.**
This course helps students adopt and maintain behavior associated with an active and healthy lifestyle. Through lecture and exercise, students will learn behavioral patterns consistent with current knowledge in fitness and wellness.

**PE-295. Credited Internships. 3 Credits.**
Co-operative education experience. Course Type(s): Independent Study.

**PE-301. Technology in Health and Fitness. 3 Credits.**
This class is a comprehensive introduction to technology in the physical education classroom, and health and fitness and sport-oriented facilities. It explores developmentally appropriate usage of educational technology in the home, school, and workplace as it relates to the development and maintenance of optimal health and fitness. Emphasis is on computer and Internet technologies. The course includes hands-on computer techniques, critical analysis of National Technology Standards, practical experience with curriculum design, and technology-driven exercise prescription.

**PE-310. Kinesiology. 3 Credits.**
Application of facts and principles of anatomy and mechanics to the study of human motion, including the systematic approach to the analysis of motor skill activities.

**PE-311. Biomechanics. 3 Credits.**
The study of the laws of mechanics as they relate to physical movement, skill development, and athletic performance. Special attention is paid to the muscular, joint, and skeletal actions of the body and how they may impact performance.

**PE-350. Sport Facility Operation and Event Management. 3 Credits.**
Planning, Organization and Operation of Sport Facilities and management of events.

**PE-352. Exercise Physiology I. 3 Credits.**
A study of the physiological effects of movement on the human body and the relationship existing among muscular, respiratory, circulatory and nervous systems.
PE-353. Exercise Physiology II. 3 Credits.
The continued study of the physiological effects of movement on the human body and the relationships existing
among muscular, respiratory, circulatory and nervous systems. Course Type(s): Capstone, Writing Intensive.

PE-360. Sports Medicine. 3 Credits.
To teach students the basis of being a certified athletic trainer and includes injury recognition, prevention, evaluation,
treatment, rehabilitation and administration of athletic injuries.

PE-410. Legal and Ethical Issues in Sports. 3 Credits.
A hybrid values course that includes topics in policy development, labor movement in sports, collective bargaining in
sports organizations, ethical dilemmas and implications. Course Type(s): Values, Core curriculum course.

PE-498. Internship in Health and Physical Education. 3 Credits.
Field Work experience in the areas of health and physical education.

PE-499. Internship. 3 Credits.
Field work experience in the areas of Sports Management and/or Health & Physical Education.

PL Courses

PL-130. Introduction to Philosophy. 3 Credits.
The course is an introduction to philosophy. The course will cover major areas of philosophical concern, including an
analytical and historical introduction to logic, epistemology, metaphysics, philosophical anthropology, and philosophy
of God. Many of the perennial problems of philosophy such as the nature of knowledge and reality, the mind-body
problem, free will vs determinism, reason vs faith, as well as an introduction to major philosophers in the tradition,
including, but not limited to, Plato, Aristotle, Aquinas, Descartes, and Hume, will be covered. Course Type(s): Core
curriculum course.

PL-140. Introduction to Ethics. 3 Credits.
This course is an introduction to moral philosophy, including Natural Law ethics, Kantian deontology, Utilitarian
consequentialism, virtue-based ethics, and modern rights theory. These normative theories will be applied to select
moral issues, which may include sexual morality, abortion, euthanasia, capital punishment, economic justice,
discrimination, just war theories, and/or animal rights. Prerequisites: PL-130; Course Type(s): Core curriculum
course.

PL-151. Contemporary Ethical Issues. 3 Credits.
A philosophical examination of contemporary moral issues, which may include sexual morality, abortion, euthanasia,
capital punishment, economic justice, discrimination, just war theories, and/or animal rights. Values course.
Prerequisites: PL-130, PL-140; Course Type(s): Values, Core curriculum course.

PL-153. Logic. 3 Credits.
An examination of the basic principles of human reasoning, with emphasis on traditional logic and critical thinking.
Prerequisites: PL-130 PL-140.

PL-200. Rhetoric, Speech and Argument. 3 Credits.
This course studies and practices the art and process of persuasion. Students will learn to develop good arguments,
identify fallacies, present a position in a convincing manner, and develop ethos or ethical appeal. Prerequisites:
PL-130 PL-140.

PL-230. Critical Moral Thinking. 3 Credits.
A study of the correct thinking that is necessary in order to form a sound, conscientious judgment concerning matters
of personal and/or social morality. Prerequisites: PL-130 PL-140; Course Type(s): Values, Core curriculum course.

PL-232. Philosophy of Human Nature. 3 Credits.
A course in philosophical anthropology. This course will investigate some ancient and modern theories that offer
explanations for the nature, meaning, and purpose of human beings. Values course. Prerequisites: PL-130 PL-140;
Course Type(s): Values, Core curriculum course.

PL-240. General Ethics. 3 Credits.
A study of the various approaches to ethical theory, including Natural Law theory, Kantian deontology, Utilitarian
consequentialism, virtue-based ethics, and modern rights theory. These general normative theories will then
be applied to select moral issues. Values course. Prerequisites: PL-130 PL-140; Course Type(s): Values, Core
curriculum course.
PL-241. Environmental and Climate Change Ethics. 3 Credits.
Basic theories of environmental and climate change ethics and philosophy are examined with contemporary issues and problems involving the environment and climate change. Prerequisites: PL-140; Course Type(s): Values.

PL-247. Philosophy of Law. 3 Credits.
A philosophical investigation of both analytic and normative jurisprudence. An examination of the debate between "higher law" theory and legal positivism, the nature of law and morals, theories of rights, constitutionalism, crime and punishment, law and economics. Prerequisites: PL-140; Course Type(s): Values.

PL-248. Political Philosophy. 3 Credits.
A philosophical investigation of the person’s relationship to the state and civil society. An analysis of the concepts of law, rights, justice, political obligation and authority, civil disobedience, anarchism and revolution. Values course. Prerequisites: PL-130 OR PL-140; Course Type(s): Values, Core curriculum course.

PL-252. Justice and Human Rights. 3 Credits.
A philosophical investigation of what constitutes a fair distribution of benefits and burdens, rights and duties, within a truly just society. Discussion of historical and contemporary theories of justice and individual rights, including Rawls and Nozick. Values course. Prerequisites: PL-130 PL-140; Course Type(s): Values, Core curriculum course.

PL-253. Business Ethics. 3 Credits.
An examination of contemporary moral issues in business, including the nature of economic justice, the rights and duties of economic agents, and the nature of a just society. Prerequisites: PL-130, PL-140; Course Type(s): Values, Core curriculum course.

PL-254. Contemporary Issues Bioethics. 3 Credits.
An examination of contemporary issues in biomedical ethics, including abortion, euthanasia, the doctor-patient relationship, confidentiality, truth-telling, genetics, cloning, reproductive technologies, the just allocation of scarce medical resources. Values course. Prerequisites: PL-130 PL-140; Course Type(s): Values, Core curriculum course.

PL-259. Technology Society and Values. 3 Credits.
This course is a study of ethical considerations related to technology and its impact on society. Prerequisites: PL-130, PL-140; Course Type(s): Values, Core curriculum course.

PL-306. Existentialism: Dostoevsky to Sartre. 3 Credits.
A study of the philosophy of Existentialism. Existential values as mirrored in selected texts, including Kierkegaard, Nietzsche, Kafka, Jaspers, and Camus. Values course Prerequisites: PL-130 PL-140; Course Type(s): Values, Core curriculum course.

PL-311. Philosophy and Bob Dylan. 3 Credits.
An investigation of the philosophical, ethical and cultural themes in Bob Dylan's lyrics. Philosophical ideas such as appearance versus reality, truth and knowledge, and good and evil will be explored through a comprehensive study of Dylan's music. Prerequisites: PL-140 OR TH-120; Course Type(s): Values, Core curriculum course.

PL-316. The Philosophy of Immanuel Kant. 3 Credits.
Immanuel Kant is arguably the most important philosopher of modernity. This course explores many key themes and elements of Kant's critical philosophy, including not only his epistemology, but also his great impact on ethical theory and social and political philosophy. Prerequisites: PL-130, PL-140; Course Type(s): Values, Core curriculum course.

PL-320. Asian Philosophy. 3 Credits.
An examination of the philosophies of India and China, including a text-based study of the Upanishads, the philosophy of Yoga, Buddhism, Confucianism and Taoism. Prerequisites: PL-130 PL-140; Course Type(s): Values, Pluralism, Core curriculum course.

PL-329. Art Music and Human Values. 3 Credits.
An exploration of the fundamental topics of aesthetics. Questions to be studied include, What is art? What is beauty? What is the intersection between art and morality. Prerequisites: PL-130, PL-140; Course Type(s): Values, Core curriculum course.

PL-340. Feminist Philosophy. 3 Credits.
An study of feminist philosophical theory. Topics for discussion include feminist epistemology, feminist social and political philosophy, gender and reproduction, feminist ethics, and patriarchy. Values course. Prerequisites: PL-130 PL-140; Course Type(s): Values, Pluralism, Core curriculum course.
PL-353. Philosophy of Mind. 3 Credits.
A philosophical examination of the nature of consciousness, including such topics as the relationship between mind and body, human freedom, the soul and it's possible immortality. Values course. Prerequisites: PL-130 PL-140; Course Type(s): Values, Core curriculum course.

PL-360. Ethics of War and Peace. 3 Credits.
This course will examine the ethics of waging war and peace - building from a variety of religious and philosophical perspectives. Prerequisites: TH-110 AND PL-140; Course Type(s): Values.

PL-390. Special Projects Philosophy. 3 Credits.
Able students and willing teachers may design special courses or other projects for credit in philosophy. Proposals are to be submitted, for review, through the chairperson of the Philosophy Department. Credit is also available to students who wish to enrol in the Cooperative Education Program. Prerequisites: PL-130 OR PL-140; Course Type(s): Values, Core curriculum course.

PL-393. Modern Moral Theory. 3 Credits.
A study of the moral theory and philosophical principles found in the works of Hobbes, Locke, Mill, Bentham and others. Prerequisites: PL-130 PL-140; Course Type(s): Values, Core curriculum course.

PL-399. Independent Study. 3 Credits.

PL-425. Symbolic and Mathematical Logic. 3 Credits.
A systematic investigation of mathematical and logical structures. The primary areas of study are the logic of connectives, the logic of quantifiers, and key issues in metalogic. Prerequisites: PL-130 PL-140.

PL-448. Plato's Dialogues. 3 Credits.
Through close study of selected longer dialogues, students will examine Plato's philosophical world-view, including the theory of value and meaning he conveys in his writings as a way of further exploring moral theory. Values course. Prerequisites: PL-130 PL-140; Course Type(s): Values, Core curriculum course.

PL-450. Plato's Republic. 3 Credits.
An in-depth study of Plato's "Republic", focusing on the nature of the human soul, the good life for us, the education that best promotes the good life. The role of virtues, and the metaphysics & epistemology that underlies those answers. Prerequisites: PL-130, PL-140; Course Type(s): Values, Core curriculum course.

PL-490. Ethical Leadership. 3 Credits.
An examination of the moral foundations and ethical considerations of leadership. Key questions to be explored include: What is leadership? What are the ethical consequences of poor leadership? How should ethical leadership be cultivated? Prerequisites: PL-153 PL-252; Course Type(s): Capstone.

PL-495. Exploring Philosophy Overseas. 3 Credits.
This course explores various philosophical concepts as they relate to foreign intellectual traditions and cultures. Topics to be explored include the origin and/or development of philosophical ideas in other countries, the relationship of those ideas to past and contemporary philosophical traditions, and the role of culture in the development of philosophical ideas. Additional travel course fee of $50. Course Type(s): International (Travel), Core curriculum course.

PO Courses

PO-100. Perspectives on Politics. 3 Credits.
An introductory study of the political values, concepts and institutions that define and span the field political science in the areas of American politics, international affairs, comparative politics, and political theory. Course Type(s): Core curriculum course.

PO-130. Introduction to Nonviolence. 3 Credits.
A study of violence and human nature, the theory and practice of nonviolence, how conflicts - local and global - can be solved nonviolently, and the lives of past and current peacemakers, including Gandhi, Martin Luther King, Dorothy Day and many others.

PO-155. Politics of Climate Disruption. 3 Credits.
This course will explore how environmental issues - such as climate change, resource extraction and energy use - are shaped by politics and political systems at the international, domestic and local levels. We will also examine the ways in which environmental issues have shaped politics - with concepts such as sustainable development and environmental justice - since the emergence of the environmental movement.
PO-200. Research Methods in Political Science. 3 Credits.
An introduction to political science research methodologies, including quantitative and qualitative techniques, research ethics and culminating in a student research project and term paper. Prerequisites: PO-100.

PO-201. American Government. 3 Credits.
An introductory study of the principles, institutions and power relationships of the American governmental system. Topics include the politics of the American Founding, the federal arrangement between the national and state governments, the operations of the Congress, the president, and the courts, and the roles of elections, political parties and interest groups.

PO-202. Global Citizenship I: Issues, Policy and Decision Making. 3 Credits.
An examination and discussion of what it means to be a “global citizen” in the 21st century. Through the framework of the United Nations Millennium Development Goals, students will analyze their role as global citizens. Students may attend colloquia at the United Nations, as well as lectures at Saint Peter’s, given by accomplished professionals in various fields. They will then analyze the information they hear and perform their own research into current issues - in class, in writing, and online - in order to learn about the world in which we live and become effective decision makers.

PO-207. The Mass Media and American Politics. 3 Credits.
An in-depth study of the interactions between the American mass media and the U.S. political system, and how these two centers of power influence each other. Topics include media organization and ownership, the legal and political contours of press freedom, the norms and processes of news reporting, the relationships between the media and conduct of the U.S. elections, and the relationships between the media and the operations of the executive, legislative and judicial branches of the government.

PO-215. United States Foreign Policy. 3 Credits.
An examination of the principal historical influences and major institutions involved in the formulation and execution of foreign policy.

PO-216. Urban Politics and Policy. 3 Credits.
This course examines the political history peculiar to American cities and its impact. It analyzes the fiscal problems faced by many cities and recent efforts to improve urban life. It will also focus on cities’s role in the American political structure, the political debates between reformers and the machine, and the role of race in urban politics. On issues of public policy, it will examine the urban-suburban divide, housing, transportation, urban planning, economic and community development, poverty, and education. It will end with a global comparison of cities.

PO-250. Introduction to Social Justice. 3 Credits.
An examination of how racism, classism and sexism create barriers to the realization of a more equal and just society, with a particular focus on pressing current social justice issues - such as affordable housing, health care, immigration, the prison system, war and the environment - and the people that are working to build a better world. Course Type(s): Values, Pluralism, Core curriculum course.

PO-262. Political Influence of Film. 3 Credits.
Exploration of the way in which films make political statements and influence political behavior. Films shown and discussed.

PO-275. Introduction to International Relations. 3 Credits.
Examination of the system of nation states, blocs, and rivalries in the world order. Approaches to the explanation of power and security, the use of force and war and international social, economic, and environmental problems. Model UN fee of $300.

PO-285. United Nations Seminar. 3 Credits.
An introduction to the purpose, establishment, and work of the United Nations through readings, lectures and hands-on experiences. Students will visit the United Nations, learn about the foreign service, participate in a college level Model United Nations conference, and take a leadership role in conducting the Saint Peter’s University High School Model United Nations conference. Course Type(s): Service Learning.

PO-295. Credited Internships. 3 Credits.

PO-301. Ancient and Medieval Political Theory. 3 Credits.
A survey of the classic works of political theory from its inception through the Middle Ages: Plato, Aristotle, Augustine and Aquinas.
PO-303. Early American Political Theory. 3 Credits.
An examination of the formation of the American political consciousness from its beginnings until the end of the Civil War.

PO-304. Recent American Political Theory. 3 Credits.
A survey of the evolution of the American public argument from the reconstruction until the present, with emphasis on today's debate on current issues such as climate change, the uneasy relationship between capitalism and democracy, the privileging of privatization, etc.

PO-310. Feminist Political Theory. 3 Credits.
Historical overview of feminist political activity in the United States and an analysis of feminist theory: liberal feminism, Marxist feminism, radical feminism, and post-modern feminism. Course Type(s): Pluralism, Core curriculum course.

PO-311. Peace and Justice Issues Within Political Theory. 3 Credits.
Historical overview of the peace movement in America and an analysis of contemporary concerns such as war and peace, wealth and poverty, racism and sexism.

PO-312. The American Congress. 3 Credits.
An in-depth examination of the organization and decision-making processes of the U.S. Congress, and the political considerations and forces that influence the work of members of Congress in both the Senate and House of Representatives. Topics include the legislative intentions and designs of the Founders, the representational and lawmaking functions of Congress, the norms, organization and processes of each chamber, the parameters of congressional elections, the roles of political parties and interest groups, and the relationships between Congress and the other two branches of government.

PO-313. The American Presidency. 3 Credits.
An in-depth study of the evolution of the presidency, and its modern functions, decision-making processes, and political influence over American governance. Topics include the contrasting and changing visions of the presidency, the presidential election process, the connections between the president and the public, the institutional organization and operations of the presidency, the relationships between the president and the other two branches of government, and the presidential role in national security and foreign affairs.

PO-314. The American Judicial Process. 3 Credits.
An in-depth examination of the roles, decision-making processes and organization of the state and federal courts, and the impact of the judiciary on American politics. Topics include the function of law, the roles of lawyers and judges, the formal and informal structures and operations of courts, and the elements, procedures and purposes of trials and appeals and of criminal and civil proceedings.

PO-315. American Campaigns and Elections. 3 Credits.
An in-depth exploration of the dynamics, challenges and political parameters of American elections. Topics include the evolving roles of political parties, consultants, interest groups and candidates, the structures and complexities of the primary and general election processes, the resources, organization and strategies of political campaigns, and the behavior of American voters.

PO-316. Hip Hop and U.S. Political Life. 3 Credits.
An examination and discussion of Hip Hop's political origins and how the musical genre provides insight into the social and political climate of America.

PO-321. New Jersey Local and State Government. 3 Credits.
This course focuses on New Jersey local and state government; the interdependent role of governors, legislatures, and courts in policy-making and implementation.

PO-327. Environmental Politics and Policies. 3 Credits.
This course explores the shifting political forces that determine environmental policies. Included is an examination of pressures, interest groups, and the media. Prerequisites: EV-100.
PO-330. Politics of Migration and Mobility. 3 Credits.
The course introduces students to key notions, norms, and narratives of human migration and mobility. By exploring the concepts and forms of spatial mobility in both domestic and international spheres, the course will further identify actors that shape and challenge existing policies, norms, and systems and address the differences between global South and global North perspectives. It will highlight, among other issues, the role of gender and racial perspectives in spatial mobility, the relevance of displacement and forced migration in the climate agenda, and the securitization of the current migration debate. A critical take on current global events will be used to illustrate academic texts and policies. Course materials will also include news articles, documentary films, and chronicles.

PO-350. Rent Control in Jersey City. 3 Credits.
As rent prices increase in Jersey City, many activists and tenants are calling for both increased enforcement of existing rent control laws and new controls to be added to the existing laws. Such policies, however, are subject to vigorous debate. This course offers a hands-on examination of the existing policies in Jersey City and the larger policy debate about rent control through the following methods: 1) Student will design and implement a survey on existing policies for both landlords and tenants. 2) Students will collect and analyze data on the Jersey City housing market. 3) Students will compare and contrast rent control ordinances in municipalities across New Jersey. 4) Students will review the policy literature on rent control. Course Type(s): Service Learning.

PO-365. Introduction to Security Studies. 3 Credits.
An introductory course in the field of security studies that will survey major IR theories and different definitions of conflict, security, stability, peace, war and their significance in both historical and contemporary perspectives. It will explore the causes of mass violence (war) and interstate peace and their gradations in the international state system. The course will also review the basic literature of military strategy and its relation to the onset and evolution of international crises, war, and peace. It will discuss major philosophical works on the notions of conflict, security, violence, war, and peace among state actors.

PO-376. International Organizations. 3 Credits.
Examination and discussion of international political and economic organizations including the United Nations, multinational corporations, the World Bank and regional organizations such as the European Union and producer cartels such as the Organization of Petroleum Exporting countries. Model UN fee of $500. Prerequisites: PO-100.

PO-378. Global Inequality. 3 Credits.
An exploration of the patterns of economic and political inequality that exist between countries and within countries in the contemporary international system.

PO-409. Constitutional Law and Governmental Powers. 3 Credits.
An advanced and case law-focused seminar on the allocation of governmental powers under the U.S. Constitution. Topics are explored through the study of U.S. Supreme Court decisions and include an examination of the separate powers of the national legislative, executive and judicial branches, the checks and balances that channel their operations, the relationship between the national and state governments, and the extensive reach of the national Commerce Clause and Spending Clause powers.

PO-411. Nationalism and Revolution. 3 Credits.
A comparative and analytical study of nationalism and revolutionary movements. Nation-building in contemporary underdeveloped countries.

PO-414. Understanding Global Terrorism. 3 Credits.
This course, drawing on comparative global and historical experiences, exposes the student to the various regional expressions of terrorism (Asia, Latin America, N. America, Europe). Political, economic, nationalist and religious forms of terrorism receive considerable scholarly attention in this course.

PO-417. Constitutional Law and Civil Liberties. 3 Credits.
An advanced and case law-focused seminar on human rights and civil liberties under the U.S. Constitution. Topics are explored through the study of U.S. Supreme Court decisions and include an examination of religious liberty, freedom of speech, freedom of the press, the right to privacy, and the rights of equality and freedom from discrimination.

PO-422. Comparative Politics: Middle East and North Africa. 3 Credits.
Regional and international dimensions of politics in the area. The formation of nation-states nationalism, superpower rivalries, the Arab-Israel conflict and the Palestinian question, the politics of oil, energy, and development, Islamic revival and prospects for stability, change and democracy.
PO-424. Comparative Democratization. 3 Credits.
This course reviews the vast literature concerned with the transition from authoritarianism to democracy in various parts of the world. The concepts of democracy and authoritarianism are thoroughly explored, followed with a comparative review of actual cases of democratic and authoritarian rule that include problems facing newly established democracies. Along with the historical development of democracy and its "requisites," the course then focuses on the "third wave" of democratization, with attention to cases in Southern Europe, South America, East and Central Europe, with secondary review of other cases in Asia or Africa.

PO-477. International Law. 3 Credits.
An introduction to the principles and norms of international law and how they regulate political and economic interactions at the global level. A case oriented emphasis on treaties, the law of war, and dispute settlement. Prerequisites: PO-100.

PO-479. International Political Economy. 3 Credits.
An examination of the dynamics of wealth and power in the global system. Emphasis given to issues of trade, monetary relations and economic interdependence. Regulatory efforts at the national, regional and international levels are analyzed. Prerequisites: PO-100.

PO-480. Development and Disaster Risk Reduction. 3 Credits.
This course investigates the relationship between global development strategies and disaster risk, resiliency and preparedness in international and local perspective. Prerequisites: PO-100.

PO-481. Immigration: Walls Or Welcome?. 3 Credits.
This course focuses on past and present immigration policies in the U.S. as well as immigration activism. Course Type(s): Pluralism.

PO-486. Seminar: Genocide. 3 Credits.
After a thorough conceptualization of genocide, the course will examine case studies of modern genocide, ranging from the 20th and 21st centuries. Course Type(s): Pluralism, Core curriculum course.

PO-492. Seminar in Comparative Politics. 3 Credits.
Examination and discussion of selected issues in comparative politics. Students will have the opportunity to explore a specific issue through faculty-guided research projects. Restricted to juniors and seniors with departmental approval. Prerequisites: PO-100.

PO-497. Special Topics in Political Science. 3 Credits.
An in-depth investigation from multiple points of view of critical matters in public policy. An emphasis on the pluralism; nature of these matters will be emphasized. Course Type(s): Pluralism.

PO-498. Political Poetry and Music. 3 Credits.
This course considers the relationship between aesthetics and political philosophy. Political themes flowing through poetry and music, analyzed both in terms of their message and medium, use in political activism. Course Type(s): Pluralism, Core curriculum course.

PO-499. Political Science Capstone. 3 Credits.
Comprehensive oral exam of each sub-discipline in political science and general political science knowledge. Course Type(s): Capstone, Writing Intensive.

PS Courses

PS-140. Psychology of Success. 3 Credits.
Psychology of Success is a course based upon a self-oriented exploration of basic psychological concepts, principles, theories, and the fundamental habits of research. It is designed to expose students to psychology as a discipline through an emphasis on constructs related to habits related to personal success. This course does not count for Psychology majors.

PS-151. Introduction to Psychology. 3 Credits.
Exploration of the methods and applications of psychology; introduction to research techniques, concepts, theories, and findings about normal and abnormal behavior. Course Type(s): Core curriculum course.

PS-170. Marriage and Family. 3 Credits.
Examination of the dynamics and functioning of family systems (forming relationships, communication, marriages, sexuality, childrearing, cross generational interactions, possible estrangements, the influences of gender and culture, and family therapy) through lecture, discussion, and class participation. Prerequisites: PS-151 MINIMUM GRADE C.
PS-200. Statistics and Research Methods. 3 Credits.
An introduction to descriptive and inferential statistics with emphasis on research methodology and applications in psychology. Prerequisites: PS-151 MINIMUM GRADE C. Course Type(s): Senior Seminar.

PS-205. Experimental Psychology. 3 Credits.
Examination and training in experimental methodology with a focus on the scientific method and empiricism. Topics include the philosophy of science, statistics, developing and testing hypotheses, control techniques, designs, and ethics. Prerequisites: PS-151 MINIMUM GRADE C.

PS-210. Advanced Statistics and Computer Applications. 3 Credits.
An overview of the ways in which computers are used in psychology. Topics include experimental data analysis using statistical packages such as SPSS, library research using PsycLIT, creating resumes, APA style, and PowerPoint presentations for conferences. Prerequisites: PS-200 MINIMUM GRADE C.

PS-220. Social Psychology. 3 Credits.
Study of the individual in the social environment examination of such topics as attitude formation and change, social influence, leadership and community, intergroup relations, aggression, and altruism. Prerequisites: PS-151 MINIMUM GRADE C.

PS-230. Childhood and Adolescence. 3 Credits.
A survey of the physical, intellectual, social, and personality development that occurs during infancy, toddlerhood, childhood, and adolescence. Prerequisites: PS-151 MINIMUM GRADE C.

PS-235. Life Span Development. 3 Credits.
Comprehensive examination of the basic principles, stages and aspects of human growth and development from birth to senescence. May replace PS230 as a required course, but cannot take both PS230 and PS235. Prerequisites: PS-151 MINIMUM GRADE C.

PS-240. Adulthood and Aging. 3 Credits.
Examination of the developmental changes in the human life cycle from young adulthood through maturity. Focuses on patterns of change and growth during adulthood, social attitudes, and gerontological psychology. Prerequisites: PS-151 MINIMUM GRADE C.

PS-250. Personality. 3 Credits.
Exploration of personality theories including psychoanalysis, cognitive, behavioral and humanist approaches as they describe the development, functioning, and organization of the individual. Examination of the personal and clinical relevance of the theories. Prerequisites: PS-151 MINIMUM GRADE C.

PS-260. Abnormal Psychology. 3 Credits.
Description of normal and abnormal personality with emphasis on etiology, manifestations, dynamics, treatment, and prevention of social/psychological dysfunctions. Prerequisites: PS-151 MINIMUM GRADE C.

PS-295. Credited Internships. 3 Credits.

PS-305. Tests and Measurements. 3 Credits.
Introduction to the theory and methods of assessing intelligence, attitudes, human abilities, and personality. Supervised experience with tests. Prerequisites: PS-151 MINIMUM GRADE C.

PS-310. Social Experimental Psychology. 3 Credits.
The study of individual behavior in the social environment with an emphasis on quantitative experimental techniques used to examine theories and models. Techniques include observational research, ethics in human research, questionnaire research, formal experiments, naturally occurring studies, archival studies and non-interventional field research. Topics include attitude formation, social influence, leadership, intergroup relations, aggression and altruism. Prerequisites: PS-151 MINIMUM GRADE C.

PS-311. Capstone: Seminar Lab Social Experiment. 3 Credits.
Capstone: Seminar Lab Social Experiment. Additional course fee of $100. Prerequisites: PS-210 PS-205 MINIMUM GRADE C. Course Type(s): Capstone, Writing Intensive.

PS-320. Learning. 3 Credits.
An examination of the major historical and contemporary theories of learning. Discussions will focus mainly on the critical analysis of experiments conducted on both animals and humans. Lectures will be supplemented with classroom demonstrations and exercises. Prerequisites: PS-151 MINIMUM GRADE C.
PS-321. Capstone: Seminar and Lab in Learning. 3 Credits.
Capstone: Seminar & Lab in Learning. Additional course fee of $100. Prerequisites: PS-210 PS-205 MINIMUM GRADE C. Course Type(s): Capstone,Writing Intensive.

PS-340. Physiological Psychology. 3 Credits.
Relationships between physiological processes and behavior with emphasis on the role of the central nervous system in human behavior. Prerequisites: PS-151 MINIMUM GRADE C.

PS-350. Cognitive Processes. 3 Credits.
Examination of the issues, theories, and applications of memory, attention, pattern recognition, organization of knowledge, language, reasoning, and problem solving. In studying these topics, we will use the information processing and connectionist approaches. Prerequisites: PS-151 MINIMUM GRADE C.

PS-351. Capstone: Seminar and Lab in Cognitive Process. 3 Credits.
Capstone: Sem & Lab in Cognitive Process. Additional course fee of $100. Prerequisites: PS-210 PS-205 MINIMUM GRADE C. Course Type(s): Capstone,Writing Intensive.

PS-398. Undergrad Psychology Research. 3 Credits.
Readings, reports and conferences aimed at preparing the student for independent research under supervision of a staff member. Prerequisites: PS-151 MINIMUM GRADE C.

PS-400. Moral Psychology. 3 Credits.
This course provides a broad introduction to the field of moral psychology with an emphasis on recent developments in the field. Topics include how people make moral judgements, how people define the moral domain, the relationship between emotional morality, and how morality affects behavior. Prerequisites: PS-151 MINIMUM GRADE C.

PS-401. Capstone: Seminar and Lab in Moral Psychology. 3 Credits.
Capstone laboratory and seminar in Moral Psychology. Prerequisites: PS-210 PS-205 MINIMUM GRADE C. Course Type(s): Capstone,Writing Intensive.

PS-406. Political Psychology. 3 Credits.
This course will provide a broad introduction to the field of political psychology. Topics will include such things as psychology political ideology, political decision making and intergroup conflict. Prerequisites: PS-151 MINIMUM GRADE C.

PS-407. Capstone: Seminar and Lab in Political Psychology. 3 Credits.
Capstone laboratory and seminar in Political Psychology. Prerequisites: PS-210 PS-205 MINIMUM GRADE C. Course Type(s): Capstone,Writing Intensive.

PS-415. Attitudes and Persuasion. 3 Credits.
Contemporary and historical psychological theories about attitudes including how they are formed, the impact they have on behavior and how they can be changed. Prerequisites: PS-151 MINIMUM GRADE C.

As in "Global Citizenship I: Issues, Policy and Decision Making" (PO-202), here students will examine what it means to be a "global citizen" in the 21st century--in this case through the framework of the United Nations Earth Charter. PO-202 is not a prerequisite. Prerequisites: PO-100.

SJ-205. Survey of World Literature. 3 Credits.
An introductory survey of the modern and contemporary literatures of the developing world, with particular emphasis on interdisciplinarily situating texts in terms of their various cultural, political, economic, and historical contexts. As an introductory literature course, this class will also serve to introduce students to the methods of close-reading-based textual analysis. Prerequisites: CM-115 CM-117 OR CM-120; Course Type(s): Core curriculum course.

SJ-216. Gender, Sexuality and Religion. 3 Credits.
Religion is known to have devoted considerable energy to regulate sexual norms and gender roles. This course seeks to help students to understand the social construction of religion, gender and sexuality. It will analyze and examine how different religions view gender and sexuality and how religion construct, reconstruct, and deconstruct gender norms and sexuality. Prerequisites: SO-121.

SJ-223. Latin America Today: People, Culture and Issues. 3 Credits.
This course provides an overview of the diverse societies of Latin America from a social science perspective. We will explore everyday life and experiences as they relate to culture and diversity, race, ethnicity and gender, politics and the economy, migration and urbanization, social justice and pop culture.
SJ-232. China: Environmental Change and Possibilities. 3 Credits.
This course focuses on the social, political, economic and cultural variable that impact the Chinese environmental deterioration and these consequences for the world at large. Alternative models of environmental conservation are included. Prerequisites: SO-121 OR UR-151; Course Type(s): Pluralism, Core curriculum course.

SJ-235. Harlem Renaissance. 3 Credits.
This course examines the period beginning in the 1920's known as the Harlem Renaissance. It was a time when black and white Americans alike discovered the vibrancy and uniqueness of black art, music, and literature. The class will also examine the importance of external forces, both positive and negative. Prerequisites: UR-151 OR SO-121; Course Type(s): Pluralism, Core curriculum course.

SJ-245. Haitians in America. 3 Credits.
Examines the history and experiences in America, paying special attention to how and why Haitians come to the U.S. It also explores patterns of settlement and mobility as well as interaction with other groups. Prerequisites: AS-175, AS-177 OR SO-121.

SJ-250. Introduction to Social Justice. 3 Credits.
An examination of how racism, classism and sexism create barriers to the realization of a more equal and just society, with a particular focus on pressing current social justice issues - such as affordable housing, health care, immigration, the prison system, war and the environment - and the people that are working to build a better world. Course Type(s): Values, Pluralism, Core curriculum course.

This course will examine the Haitian Revolution of 1791-1804 and the formation of the first independent nation in the Caribbean. Course Type(s): Pluralism.

SJ-294. Native American Cultures. 3 Credits.
An examination of the diversity of North American tribes from their migration from Asia to the present. Included are comparisons between tribes, government policies and recent revival of many groups.

SJ-295. Credited Internships. 3 Credits.

SJ-309. Women in Changing Urban World. 3 Credits.
Historical and contemporary examination of urban revolution as social basis for changing roles of women. Generation of conflicts and possibilities. Implications for society. Prerequisites: UR-151 OR SO-121.

SJ-310. Feminist Political Theory. 3 Credits.
Historical overview of feminist political activity in the United States and an analysis of feminist theory: liberal feminism, Marxist feminism, radical feminism, and post-modern feminism. Course Type(s): Pluralism, Core curriculum course.

SJ-311. Philosophy and Bob Dylan. 3 Credits.
An investigation of the philosophical, ethical and cultural themes in Bob Dylan's lyrics. Philosophical ideas such as appearance versus reality, truth and knowledge, and good and evil will be explored through a comprehensive study of Dylan's music. Prerequisites: PL-100 PL-101 OR TH-110 TH-120; Course Type(s): Values.

SJ-316. Hip Hop and U.S. Political Life. 3 Credits.
An examination and discussion of Hip Hop's political origins and how the musical genre provides insight into the social and political climate of America.

SJ-328. Social Work in Urban Systems. 3 Credits.
Focuses on the major social welfare systems in America and the field of social work as the profession charged with implementing social welfare today. Prerequisites: SO-121 OR UR-151.

SJ-330. Politics of Migration and Mobility. 3 Credits.
The course introduces students to key notions, norms, and narratives of human migration and mobility. By exploring the concepts and forms of spatial mobility in both domestic and international spheres, the course will further identify actors that shape and challenge existing policies, norms, and systems and address the differences between global South and global North perspectives. It will highlight, among other issues, the role of gender and racial perspectives in spatial mobility, the relevance of displacement and forced migration in the climate agenda, and the securitization of the current migration debate. A critical take on current global events will be used to illustrate academic texts and policies. Course materials will also include news articles, documentary films, and chronicles.
SJ-333. Black Community and the Law. 3 Credits.
An examination of the role of the American legal process in African American history from 1619 to the present, with concentration on laws and their application during the slavery and post-slavery era, the early and mid 1900's, and in modern rural and urban life. Topics include civil rights, constitutional, property, and criminal law. Course Type(s): Pluralism, Core curriculum course.

SJ-343. Black Theology. 3 Credits.
The study of the origins and influence of the major religious traditions found in the American Black community. May substitute for TH-120 or be used as a Values course, but not both. Prerequisites: TH-110; Course Type(s): Values, Core curriculum course.

SJ-368. Health and Inequalities: Race, Class and Gender. 3 Credits.
This course critically examines the relationship between health status and social inequalities along the lines of race and ethnicity, social class and gender. We begin with an overview of epidemiology and the idea of studying health from a sociological perspective. We then consider the complex relationship between socio-economic status (class) and health statuses, followed by an examination of specific health issues for major racial/ethnic minorities and gender groups. We will try to understand how low socioeconomic status leads to poor health, how conscious, unconscious, and institutionalized racial/gender bias affects medical care and health outcomes, and address ideas for reducing health disparities among all groups. Prerequisites: SO-121; Course Type(s): Pluralism, Core curriculum course.

SJ-370. Urban Anthropology. 3 Credits.
An exploration of the emergence of urban culture in its present form from its neolithic roots. Emphasis on urban life in the New Jersey area, with reference to the peoples and cultures in urban environments world-wide. Prerequisites: SO-121 OR UR-151.

SJ-378. Global Inequality. 3 Credits.
An exploration of the patterns of economic and political inequality that exist between countries and within countries in the contemporary international system.

SJ-412. Ethnicity and Race in Urban History. 3 Credits.
Includes the African and European immigrant experiences in America, the effects of slavery and urbanization, and the formation of class consciousness. Prerequisites: SO-121 OR UR-151 OR PO-100, AND SO-280 AND SO-384; Course Type(s): Values, Capstone, Writing Intensive, Pluralism, Core curriculum course.

SJ-454. Black Films. 3 Credits.

SJ-460. U.S. Civil Rights Movement. 3 Credits.
Analysis of the origins, processes, and outcomes of the twentieth century black American Civil Rights struggle. Course Type(s): Pluralism, Core curriculum course.

SJ-465. Vietnam and the U.S.. 3 Credits.
A multidimensional view of the Vietnam era. U.S. involvement in Southeast Asia as a backdrop for an examination of changes in America from the late 1950s to the mid 1970s. Impact of Vietnam on civil rights, youth culture, the women's movement. Prerequisites: SO-121 OR UR-151.

SJ-481. Immigration: Walls Or Welcome?. 3 Credits.
This course focuses on past and present immigration policies in the U.S. as well as immigration activism. Course Type(s): Pluralism.

SJ-486. Seminar: Genocide. 3 Credits.
After a thorough conceptualization of genocide, the course will examine case studies of modern genocide, ranging from the 20th and 21st centuries.

SJ-489. Globalization and Fieldwork Seminar. 3 Credits.
Short term study/travel course in which students conduct first hand investigations on the effects of globalization in relevant settings. Specific area and topics determined at the beginning of the Academic Year. Locations change every term. Additional travel course fee of $50. Prerequisites: SO-121 UR-151 PO-100 OR LS-101; Course Type(s): International (Travel), Pluralism.
SJ-498. Political Poetry and Music. 3 Credits.
This course considers the relationship between aesthetics and political philosophy. Political themes flowing through poetry and music, analyzed both in terms of their message and medium, use in political activism. Course Type(s): Pluralism, Core curriculum course.

SM Courses

SM-103. Principles and Foundations of Physical Education. 3 Credits.
An examination of the historical and philosophical development of physical education from ancient times to the present. To acquaint the student with physical education as a profession. Course Type(s): Pluralism, Core curriculum course.

SM-150. History of the Culture and Business of Esports. 3 Credits.
This course will explore the history, culture and business of Esports, which has rapidly ascended in popularity globally. This course will provide students with detailed insights about the history of Esports and its evolution as well as its future growth and development. Students will gain understanding of the differences from traditional sport in terms of competitive gaming events, revenue generation, sponsorships, and other cultural nuances.

SM-202. Fundamentals of Coaching. 3 Credits.
An overview of current coaching theory and practice with a special emphasis on the scientific literature depicting best practices and professionalism. In addition, course content will include pedagogy, ethics, the physiological and psychological aspects of athlete development and approaches to teaching technical and tactical skills. This course includes field experience and active learning modules.

SM-228. Introduction to Sports Management. 3 Credits.
This course is designed to help participants gain an in-depth understanding of the fundamental principles and key skills associated with sports administration and management.

SM-250. Sports Communication. 3 Credits.
Media and public relations strategies in the sports industry are reviewed. Exposure to the use of web publications/multimedia and development. Prerequisites: SM-228.

SM-251. Finance in the Sports Industry. 3 Credits.
Managerial control in sports organizations is studied. Prerequisites: SM-228 AC-151 EC-101.

SM-255. Esports Branding and Marketing. 3 Credits.
This course will explore the marketing and communications functions, including advertising, promotions, and sponsorship, involved in the multi-billion dollar Esports industry. The course provides research, case, analysis, and other opportunities to learn of the effective principles, theories, practices, and methods involved with all aspects of Esports brand architecture and brand management through integrated marketing communication approaches. Prerequisites: SM-150.

SM-285. Management and Leadership in the Esports Ecosystem. 3 Credits.
The purpose of this course is to understand the fundamental aspects and unique nuances of managing and leading in the esports ecosystem by examining relevant issues, globalization and strategic management. Prerequisites: SM-228.

SM-295. Credited Internships. 3 Credits.

SM-310. Sports Law. 3 Credits.
This course will provide students an overview of law as it relates to sports topics including but not limited to sports representation and management, constitutional law, intellectual property law, Title IX and sports crimes. Prerequisites: SM-228.

SM-350. Sport Facility Operation and Event Management. 3 Credits.
Planning, Organization and Operation of Sport Facilities and management of events. Prerequisites: SM-228.

SM-351. Contemporary Issues in Sport Management. 3 Credits.
This course will examine issues, challenges, implications and opportunities within the domain of the sports industry by exploring the socio-cultural, economic, political and other relevant issues in sports management. Prerequisites: SM-228.

SM-385. Esports Sales, Sponsorship and Revenue Development. 3 Credits.
The purpose of this course is to understand the fundamentals and the multifaceted strategies for sales/promotions, corporate sponsorship and revenue development in the realm of Esports. Prerequisites: SM-228.

SP-496. Survey of U. S. Latino Literature I. 3 Credits.
Study of the major authors and works of U.S. Latino literature from its origins through the mid-twentieth century. Prerequisites: SP-134 OR SP-136 OR INSTRUCTOR APPROVAL.

TH Courses

TH-110. Religious Faith in the Modern World. 3 Credits.
A critical inquiry into the possibility, the meaning, and the value of religious faith in the context of modern knowledge and experience. It is conducted from a Judeo-Christian perspective, but in dialogue with the other religious traditions of the world. Course Type(s): Core curriculum course.

TH-120. Introduction to the Study of Christianity. 3 Credits.
A critical reflection on the meaning of the Christian faith as it is set forth in the New Testament, as it is found in the living tradition of the Church, as it is reflected on by modern thinkers, and as it bears on the issues of our time. Prerequisites: TH-110 OR TH-121; Course Type(s): Core curriculum course.

TH-121. Space, Place and the City (Metropolitan Seminar). 3 Credits.
Field trips to various sites of devotion and worship in metropolitan New York, supplemented by readings and discussion, will address issues of holiness and how a community's sacred space relates to its sense of holiness. Our analysis will result in a substantial term project and synthetic discussion about the impact of religious space/place on political, intercultural, and inter-religious relations. *Honors Students only. Additional course fee of $235. Course Type(s): Core curriculum course, Honors.

TH-122. Pilgrimage in the City. 3 Credits.
New York City and metropolitan area are examined in light of places related to pilgrimage, as a source of insight into the religious dynamics of the drive to make pilgrimages, particularly in Christianity. *Honors students only. Additional course fee of $235. Prerequisites: TH-110 OR TH-121; Course Type(s): Writing Intensive, Core curriculum course.

TH-245. The Ignatian Way. 3 Credits.
This course studies the life and spirituality of St. Ignatius of Loyola in context, as well as contemporary applications of his spirituality through reading the important primary Ignatian sources. Prerequisites: TH-110 AND TH-120; Course Type(s): Values.

TH-246. Latinx Spirituality. 3 Credits.
This course presents an introduction to the way Latinos and Latinas live out their relationship or faith in God or spirituality, both Catholic and Protestant. Prerequisites: TH-110 AND TH-120; Course Type(s): Values, Pluralism.

TH-300. Methods and Sources of Theology. 3 Credits.
An inquiry into the relationship between faith and reason, modern methods of analyzing and interpreting Scripture, and the role of experience, tradition, the Magisterium, and the human sciences in Theology. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122.

TH-301. Modern Christian Community: The Church. 3 Credits.
A study of the origin, importance, significance, and activities of the Body of Christ for the disciples of Jesus in his time and our own. Special attention given to different images and structures of the Church and contemporary ecclesial issues. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values, Core curriculum course.

TH-304. Ecological Ethics - Religious Environment. 3 Credits.
This course will examine faith-based approaches to environmentalism and religious understandings of ecological ethics. Prerequisites: TH-110; Course Type(s): Values.

TH-305. The Orthodox Church. 3 Credits.
This course is a study of the Eastern Orthodox Church, with special attention devoted to teachings and traditions that are unique to Orthodox Christianity in its historical and doctrinal developments, anthropological theology, Trinitarian theology, worship, sacraments, mystical tradition, moral teachings, and veneration of icons. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values, Core curriculum course.
TH-319. Sacred Time and Travel in Christianity. 3 Credits.
An examination of Christian liturgy and pilgrimage in global perspective, to explore the foundations and nature of Christian belief among its many churches and denominations. Substitutes for TH-120-HP; may also satisfy other Distribution requirements. Prerequisites: TH-110 OR EQUIVALENT; Course Type(s): Values, Writing Intensive, Pluralism, Core curriculum course.

TH-320. Old Testament Introduction. 3 Credits.
An exploration of the Old Testament through selected texts and their contexts. Systematic literary, historical, and social analysis will highlight their significance, key themes and contemporary applicability. Prerequisites: TH-110, TH-120; Course Type(s): Values, Writing Intensive.

TH-330. New Testament Introduction. 3 Credits.
An exploration of the New Testament through selected texts and their contexts. Systematic literary, historical, and social analysis will highlight their significance, key themes and contemporary applicability. Prerequisites: TH-110, TH-120; Course Type(s): Values, Writing Intensive, Core curriculum course.

TH-331. The Other Gospels. 3 Credits.
A study of the ancient gospels that were not included in the New Testament, using theological comparisons, analysis of their literary genres and social contexts to discover who valued them, who did not, and why. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122.

TH-335. Veils to Vestments: Women's Leadership in Ancient Religion. 3 Credits.
This course explores the religious roles and offices taken by women in antiquity using evidence from the Bible and Greco-Roman world. Methodologies for uncovering this evidence and reconstructing women's history will be evaluated. We also consider its implications and applications for the twenty-first century. Prerequisites: TH-110 OR TH-120 OR EQUIVALENT; Course Type(s): Values, Writing Intensive, Core curriculum course.

TH-343. Black Theology. 3 Credits.
The study of the origins and influence of the major religious traditions found in the American Black community. May substitute for TH-120 or be used as a Values course, but not both. Prerequisites: TH-110; Course Type(s): Values, Core curriculum course.

TH-350. Who Is Jesus Christ?. 3 Credits.
A study of the person and significance of Jesus Christ for contemporary Christians in light of Scripture, Catholic Tradition, the Magisterium, and contemporary theologians. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values, Core curriculum course.

TH-360. Ethics of War and Peace. 3 Credits.
This course will examine the ethics of waging war and peace - building from a variety of religious and philosophical perspectives. Prerequisites: TH-110 AND PL-140; Course Type(s): Values.

TH-395. Independent Study. 3 Credits.
This course will be used to study any topic in Theology, whether in an already existing course or a new area of study. The area of study should be specified when the student registers for this course: e.g. Independent Study: The New Testament. Prerequisites: TH-110 AND TH-120 OR EQUIVALENT; Course Type(s): Tutorial.

TH-398. Propaganda: A Tale of Two Romes. 3 Credits.
Study of the role of propaganda in Ancient and Modern Rome, plus in the Italian language. Course Type(s): International (Travel).

TH-405. Theology and Classic American Films. 3 Credits.
This course analyzes classic American films for their religious themes, values, and symbolism. Study of film's capacity to depict universal truths of human experience and how they relate to spirituality, morality, and to explicitly Judeo-Christian themes such as guilt, evil, redemption, liberation, meaningful suffering, self-sacrifice, virtue and vice, and transforming love. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122.

TH-415. Paul's Gospel for the Nations. 3 Credits.
Key themes in Pauline theology studied in his main writings. Focus on eschatology, ministry, community, and justification by faith. Prerequisites: TH-110 AND TH-120; Course Type(s): Values, Writing Intensive.
TH-421. Prophets and Their Interpretation. 3 Credits.
Prophecy and the prophetic traditions of the Old Testament are traced from their origins through their later use in Jewish and Christian writings. Selected texts focus on the religious experience of various prophets and their vision for justice, compassion and hope. Prerequisites: TH-110 TH-120 OR EQUIVALENT. TH-320 RECOMMENDED. Course Type(s): Values,Writing Intensive,Core curriculum course.

TH-430. Jerusalem: King David to Caliph 'Umar. 3 Credits.
This course will explore the significance of Jerusalem for Jews and Christians from the time of King David c. 1000 B.C.E. to its takeover by the Muslims under Caliph 'Umar in 638 C.E. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Writing Intensive,Core curriculum course.

TH-431. Medieval Jerusalem: Jews, Christians and Muslims. 3 Credits.
An examination of Jerusalem from the beginning of its Muslim period to the Ottomans, and the interactions of the three religions competing for it as their holy city. Archaeological, literary and scriptural evidence receive particular attention. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values,Core curriculum course.

TH-436. The Christian Sacraments. 3 Credits.
A critical study of the historical development of the Christian sacraments as vital signs and peak moments in the life of the Christian people. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values,Core curriculum course.

TH-453. The Zen Spirit. 3 Credits.
Chinese and Japanese Buddhist Scriptures. Application of Zen to modern American life. Integration of Zen and Christianity. The practice of zazen. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values,Core curriculum course.

A history and analysis of the development of the concept of person and Christian Personalism as seen in Revelation, classical and modern theologians, and the encounter of Theology with Philosophy. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122.

TH-481. A Theology of Human Sexuality. 3 Credits.
Human sexuality as seen in the light of Biblical teaching; a historical survey of sexual attitudes, documents of contemporary faith communities, contributions of the behavioral sciences and recent theological reflection, including a case-study approach to moral dilemmas. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values,Core curriculum course.

TH-484. Christian Medical Ethics. 3 Credits.
Contemporary questions such as abortion, sterilization, technological reproduction, human experimentation, care of the dying, and genetic engineering, studied in the light of the Judaeo-Christian moral tradition. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values,Core curriculum course.

TH-486. Morality in the Marketplace. 3 Credits.
An attempt to apply Judaeo-Christian principles to the decision-making process in business, given the economic realities of the market place. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values,Core curriculum course.

TH-489. International Travel Course. 3 Credits.
International Travel Course. Additional travel course fee of $50. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): International (Travel).

TH-495. Theology Capstone. 3 Credits.
This course is a guided research paper on a topic of the student's choice which fulfills the Capstone Course/Project requirement for a major in Theology. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122 AND TH-350; Course Type(s): Capstone.

TH-496. Theology and Urban Problems. 3 Credits.
A theological view of the Christian tradition on various contemporary urban problems such as poverty, injustice, racism, sexism, housing, unemployment. A study of some actual and possible responses to these problems. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values,Core curriculum course.
TH-497. St. Augustine and The Confessions. 3 Credits.
Background, sources, reading and interpretation of this classic work in the context of Augustine’s culture and theology. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values, Core curriculum course.

TH-498. Seminar on Death and Dying. 3 Credits.
A multi-disciplinary study of the experience of dying as shaped by contemporary attitudes. Theological reflection on the perennial mystery of death, and ethical issues surrounding death and dying. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values, Core curriculum course.

TH-499. Theology and Contemporary Public Issues. 3 Credits.
Deals with the theological implications of various contemporary environmental and ecological issues: nuclear energy, pollution, nutrition, world hunger, genetics. Prerequisites: TH-110 OR TH-121 AND TH-120 OR TH-122; Course Type(s): Values, Core curriculum course.

UR Courses

UR-126. Introduction to Public Policy and Social Action. 3 Credits.
This course is an introduction to the public policy and will answer the following questions: What is public policy? Who makes public policy? What impact does public policy have on our lives? The course examines the relationship between public policy and social action.

UR-137. Introduction to Nonviolence. 3 Credits.
A study of violence and human nature the theory and practice of nonviolence, how conflicts - local and global - can be solved nonviolently and the lives of past and current peacemakers, including Gandhi, Martin Luther King, Dorothy Day and many others.

UR-151. The Contemporary City. 3 Credits.
Basic Urban Studies Course. Historical development of urbanization and industrialization in America. Problems of urban development, including housing, environment, crime, race, ethnicity, and class. Course Type(s): Core curriculum course.

UR-202. Urban Music: Jazz to Hip-Hop. 3 Credits.
This course studies the history of urban music from jazz to rock and roll up to today’s urban sounds. The course will concentrate both on the music and its socioeconomic impact on the urban landscape. Prerequisites: SO-121 OR UR-151; Course Type(s): Pluralism, Core curriculum course.

UR-219. Exploring Urban Experience Through Film. 3 Credits.
This course uses masterpieces of cinema to explore the city and urban culture. Topics will include the economy, race, culture, gender, immigration, gentrification and crime. Prerequisites: SO-121 OR UR-151.

UR-220. Urban Architecture and Design. 3 Credits.
Using the city as a laboratory, the class will investigate the various shapes that form, and have formed, the urban environment. Prerequisites: SO-121 OR UR-151; Course Type(s): Pluralism, Core curriculum course.

UR-224. Black Hair and Identity in America. 3 Credits.
This course will examine the social, cultural and political significance of black hair in America. It will explore hair’s profound impact on identity. Black hair is embedded in notions of race, ethnicity, gender and class. Prerequisites: SO-121 OR UR-151.

UR-227. Sociology of Salsa. 3 Credits.
This course combines dance lessons with a sociological exploration of New York/New Jersey’s salsa scene. Students will learn the fundamentals of salsa music and dance, with a focus on rhythm, timing, musicality and basic steps. Lessons are complemented by discussions and origins of the music as it relates to Latin American and Caribbean history and migration to the northeast. Finally, students will investigate the culture of socials, which are dance parties dedicated to learning and practicing the dance. Class meets two hours per week for lessons and requires a minimum of two additional hours per week of fieldwork TBA. Dance shoes or dance sneakers required. Course Type(s): Pluralism, Core curriculum course.

UR-235. Harlem Renaissance. 3 Credits.
This course examines the period beginning in the 1920’s known as the Harlem Renaissance. It was a time when black and white Americans alike discovered the vibrancy and uniqueness of black art, music, and literature. The class will also examine the importance of external forces, both positive and negative. Prerequisites: UR-151 OR SO-121; Course Type(s): Pluralism, Core curriculum course.
UR-237. Urban Economic Problems. 3 Credits.

UR-251. The American City Through the Wire. 3 Credits.
Very few television shows have captured the realities of the American city and the imaginations of the American public more than the Wire. More than a crime drama, the Wire reminds the viewer that all the pieces matter, as each of the five seasons focuses on a particular facet of the city: the illicit drug trade, working class employment, municipal government and bureaucracy, children and the education system, and the print news media. Using the Wire as the primary text, this course will look at the history of American cities, paying close attention to each season’s theme. Course Type(s): Pluralism, Core curriculum course.

UR-273. Global Feminisms. 3 Credits.
This interdisciplinary course explores global issues and debates regarding significant issues affecting women’s lives and opportunities for equality. Prerequisites: SO-121 OR UR-151.

UR-286. The Role of Religion in Social Protest. 3 Credits.
This course will examine the Haitian Revolution of 1791-1804 and the formation of the first independent nation in the Caribbean. Course Type(s): Pluralism.

UR-288. Wealth, Power and Prestige: Social Stratification. 3 Credits.
This course examines various formal and informal roles of religions in social protest from the New York City uprisings through Black Lives Matter and beyond. Prerequisites: SO-121 OR UR-151 OR AS-177.

UR-300. Wealth, Power and Prestige: Social Stratification. 3 Credits.
Classic Theories and recent research on social inequality and mobility. The linkage of class and behavior education in behavior in education, religion and politics is an essential part of the course. This course utilizes a variety of sociological concepts to examine work as a social institution. In addition to the formal analysis offered, participants in the course will have the opportunity to examine their own role in the world of work. Prerequisites: SO-121 OR UR-151.

UR-308. Analysis of Urban Social Class. 3 Credits.
Analysis of the processes leading to formation of socio-economic classes in the urban context, including the role of income, wealth, occupation, education, ethnicity, and race. Prerequisites: UR-151 OR SO-121.

UR-309. Women in Changing Urban World. 3 Credits.
Historical and contemporary examination of urban revolution as social basis for changing roles of women. Generation of conflicts and possibilities. Implications for society. Prerequisites: UR-151 OR SO-121.

UR-310. American Utopias. 3 Credits.
The Utopian ideal from ancient times to the present, emphasizing the urban strand study of urban communities, past and present, workplace ownership, land trusts, co-ops, and garden cities. Prerequisites: UR-151 OR SO-121.

UR-311. Strategies for Urban Change. 3 Credits.
Focuses on two levels of strategies directed at social and economic change in American cities: government strategies and strategies employed by urban groups seeking change. Prerequisites: SO-121 OR UR-151.

UR-315. Computers for Public Policy. 3 Credits.
Course designed to give public sector workers computer literacy with special emphasis on word processing, spreadsheet analysis, computer graphics, etc. Prerequisites: SO-121 OR UR-151.

UR-324. Poverty and Inequality. 3 Credits.
Description and analysis of the causes, characteristics and consequences of poverty. Links between poverty and inequality. Measurement of the different dimensions of poverty and inequality. Comparative analysis of poverty and inequality across countries. Poverty reduction policies and strategies. Prerequisites: SO-121 OR UR-151.

UR-326. Community Organization. 3 Credits.
This course examines community organizing in terms of what it is, its impact and the obstacles to change. The course focused on how to bring groups together for collective change. Prerequisites: UR-151 OR SO-121.

UR-327. Environmental Politics and Policies. 3 Credits.
This course explores the shifting political forces that determine environmental policies. Included is an examination of pressures, interest groups, and the media. Prerequisites: EV-100.

UR-328. Social Work in Urban Systems. 3 Credits.
Focuses on the major social welfare systems in America and the field of social work as the profession charged with implementing social welfare today. Prerequisites: SO-121 OR UR-151.
UR-333. Black Community and the Law. 3 Credits.
An examination of the role of the American legal process in African American history from 1619 to the present, with concentration on laws and their application during the slavery and post-slavery era, the early and mid 1900’s, and in modern rural and urban life. Topics include civil rights, constitutional, property, and criminal law. Prerequisites: SO-121, AS-177 OR UR-151; Course Type(s): Pluralism, Core curriculum course.

UR-334. Foodscape: Urban Encounters. 3 Credits.
This course seeks to question the 'ordinary' places of food in urban environments and global society. How we mark the spaces of food production, consumption, gastronomy, and disposal in urban settings are the control questions of the class. Prerequisites: SO-121 OR UR-151.

UR-353. Black Family. 3 Credits.
A look at the historical, political, social, and economic forces that shape the contemporary Black family. Prerequisites: AS-177 OR UR-151.

UR-370. Urban Anthropology. 3 Credits.
An exploration of the emergence of urban culture in its present form from its neolithic roots. Emphasis on urban life in the New Jersey area, with reference to the peoples and cultures in urban environments world-wide. Prerequisites: SO-121 OR UR-151; Course Type(s): Writing Intensive, Core curriculum course.

UR-410. Managing Cross-Cultural Training Skills. 3 Credits.
Analysis of cross-cultural training techniques developed to improve relations between people of different cultures. Resources employed are actual techniques currently used by the U.S. State Department, international corporations and international educational organizations. Prerequisites: SO-121 OR UR-151.

UR-412. Ethnicity and Race in Urban History. 3 Credits.
Includes the African and European immigrant experiences in America, the effects of slavery and urbanization, and the formation of class consciousness. Prerequisites: SO-121 OR UR-151, AND SO-280 AND SO-384; Course Type(s): Values, Capstone, Writing Intensive, Pluralism, Core curriculum course.

UR-450. Research Techniques: Social Sciences. 3 Credits.
Paradigms, theory and research; the nature of causation; research design; conceptualization and measurement; operationalization; indexes, scales and typologies; sampling; types of Social research: experiments, surveys, field research, unobtrusive research, and evaluation research. Emphasis on active learning through exercises, report writing and student projects. Prerequisites: SO-121 OR UR-151 AND SO-280; Course Type(s): Senior Seminar.

UR-451. Social Issues in Public Policy I. 3 Credits.
An historical examination of social forces and responses, particularly at the grassroots level, which have contributed to our present institutional arrangements. Particular emphasis is given to the effect of social forces on public policy. Prerequisites: SO-121 OR UR-151.

UR-452. Social Issues in Public Policy II. 3 Credits.
An investigation of public policy issues affecting constituencies in need of social services, such as older citizens, the homeless and those inadequately housed, and those in need of medical care. Prerequisites: SO-121 OR UR-151; Course Type(s): Writing Intensive, Core curriculum course.

UR-460. The U.S. Civil Rights Movement. 3 Credits.
Analysis of the origins, processes, and outcomes of the twentieth century black American Civil Rights struggle. Prerequisites: SO-121 OR UR-151; Course Type(s): Pluralism, Core curriculum course.

UR-465. Vietnam and the U.S.. 3 Credits.
A multidimensional view of the Vietnam era. U.S. involvement in Southeast Asia as a backdrop for an examination of changes in America from the late 1950s to the mid 1970s. Impact of Vietnam on civil rights, youth culture, the women's movement. Prerequisites: SO-121 OR UR-151.

UR-489. Globalization and Fieldwork Seminar. 3 Credits.
Short term study/travel course in which students conduct first hand investigations on the effects of globalization in relevant settings. Specific area and topics determined at the beginning of the Academic Year. Locations change every term. Additional travel course fee of $50. Course Type(s): International (Travel), Pluralism.

UR-490. Urban Field Work. 3 Credits.
Introductory level of field work emphasizing synthesis of social theories with work experience. Seminars held and an evaluation paper required. Prerequisites: UR-151 OR SO-121; Course Type(s): Senior Seminar.
UR-491. Advanced Urban Field Work. 3 Credits.
Advanced level of field work emphasizing synthesis of social theories with work experience. Seminars held and an evaluation paper required. Prerequisites: UR-151 OR SO-121; Course Type(s): Senior Seminar.

UR-492. Urban Internship. 3 Credits.
Advanced levels of field work emphasizing synthesis of social theories with work experience. Seminars held and an evaluation paper required. Prerequisites: UR-151 OR SO-121; Course Type(s): Senior Seminar.

UR-493. Advanced Urban Internship. 3 Credits.
Advanced levels of field work emphasizing synthesis of social theories with work experience. Seminars held and an evaluation paper required. Prerequisites: UR-151 OR SO-121; Course Type(s): Senior Seminar.

UR-494. Senior Seminar in Sociology/Urban Studies. 3 Credits.
This capstone course ties together the various components in the Sociology/Urban Studies major as well as prepares graduates for the next level. Restricted to Juniors and Seniors in the Public Policy Program. Prerequisites: SO-121 OR UR-151.

UR-496. Theology and Urban Problems. 3 Credits.
A theological view of the Christian tradition on various contemporary urban problems such as poverty, injustice, racism, sexism, housing, unemployment; a study of some actual and possible responses to these problems. Course Type(s): Values, Core curriculum course.

UR-498. Special Topics. 3 Credits.

UR-499. Theological and Contemporary Public Issues. 3 Credits.
Deals with the theological implications of various contemporary environmental and ecological issues: nuclear energy, pollution, nutrition, world hunger, genetics. Course Type(s): Values, Core curriculum course.

All Bene Merenti recipients (Twenty years of service to Saint Peter’s University) are indicated with an asterisk (*).

**Department and Program**

**Accountancy and Business Law**

Karen Beerbower (2016) Assistant Professor; B.S., Saint Peter’s College; J.D., Arizona State University; Certified Public Accountant, Licensed Attorney at Law, N.J. & D.N.J. Cts.

Lori A. Buza (2000) Chairperson, Professor of Business Law; B.A., Rutgers University; J.D., Rutgers University; Licensed Attorney at Law.

Brigid D’Souza (2018) Assistant Professor; B.S., Rutgers University; M.B.A., George Washington University.

*Kevin A. Leeds (1981) Professor; B.B.A., Saint Bonaventure University; M.B.A., Fairleigh Dickinson University; Certified Public Accountant.*
*Andrew D. Pogogeff (1978) Associate Professor; B.S., M.B.A., Fairleigh Dickinson University; Certified Public Accountant.

Philip Sookram (2018) Assistant Professor; B.B.A., University of Miami, M.S.A., Rutgers University.

**Applied Science and Technology (Biochemistry, Biotechnology and Physics)**

Leonard J. Sciorra (2001) Chairperson, Schuh Professor, Health Careers Advisor; B.A., Rutgers University; M.S., Seton Hall University; Ph.D., Drexel University College of Medicine.

Debing Zeng (2012) Associate Professor; B.E., Tianjin University; M.E., Changchun University of Science and Technology; Ph.D., Stevens Institute of Technology.

WeiDong Zhu (2007) Dean, College of Arts and Sciences, Professor; B.S., M.S., Soochow University; Ph.D., Stevens Institute of Technology.

**Biology**

Jill Callahan (2011) Chairperson, Associate Professor; B.A., Saint Anselm College; M.A., Bridgewater State College; Ph.D., Virginia Commonwealth University.

*M* Michael E. Held (1981) Professor; A.B., Thomas More College; M.S., Western Kentucky University; Ph.D., Ohio University.

Christina Mortellaro (2008) Assistant Professor; B.S, M.S., Fairleigh Dickinson University; Ph.D., Seton Hall University.

John Ruppert (2017) Assistant Professor; B.S., Cook College; Ed.M., Ph.D., Rutgers University.

Laura H. Twersky (1996) Professor; B.A., Barnard College; M.S., Ph.D., New York University.

Jeanette Wilmanski (2007) Assistant Professor; B.S., Saint Peter’s College; Ph.D., University of Medicine and Dentistry of New Jersey.

Katherine S. Wydner (1996) Associate Professor, Health Careers Advisor; B.A., Princeton University; Ph.D., Rutgers University.

**Business Administration**

Karl Alorbi (2002) Assistant Professor; B.A., University of Science & Technology, Ghana; M.S., Ph.D., University of Strathclyde, UK.

Raymond T. Butkus (2014) Executive Lecturer; B.S., Providence College; M.B.A., University of Puget Sound; Graduate of Harvard Advanced Management Program at Harvard School of Business.

La Quita Denese Frederick (2016) Assistant Professor, Director of Sports Management; B.A., North Carolina State University; M.A., Ohio State University; Ed.D., North Carolina State University.

Chanaz Gargouri (2012) Assistant Professor; B.S., University of Tunis III; M.B.A., Saint Peter’s University.

Joseph W. Gilkey, Jr. (2014) Chairperson, Director of Data Science Institute and Graduate Business Programs, Associate Professor; B.B.A., Dowling College; M.B.A., Indiana University; Ph.D., International School of Management.

Marilu Marcillo (2014) Assistant Professor; B.S., Alfred University; M.B.A., Century College; D.M., Colorado Technical University.

Mary McDonough (2016) Assistant Professor; B.S, Ramapo College; M.A., Upsala College; Ph.D., University of Nebraska.
Mary Kate Naatus (2010) Dean, Assistant Professor; B.A., College of New Jersey; M.B.A., New Jersey Institute of Technology; Ph.D., Rutgers University.

**Chemistry**

Yosra Badiei (2015) Assistant Professor; B.S., American University; Ph.D., Georgetown University.

Jessica Epstein (2005) Chairperson, Associate Professor; B.S., Georgia Institute of Technology; Ph.D., University of Maryland.

Daniel Bennett Fried (2016) Assistant Professor; B.S., Binghamton University; Ph.D., Yale University.

Wanlu Li (2019) Assistant Professor; B.Eng., Binzhou University; M.S., Ph.D., The City University of New York.

***Patricia Ann Redden (1968) Professor; B.S., Cabrini College; Ph.D., Fordham University.

Christian Traba (2014) Assistant Professor; B.S., Wagner College; Ph.D., Stevens Institute of Technology.

**Communication and Media Culture**

Ernabel Demillo (2008) Chairperson, Lecturer; B.A., University of Southern California; M.S., Northwestern University.

Barna Donovan (2002) Professor; B.A., Loyola University of Chicago; M.A., University of Miami; Ph.D. Rutgers University.

Georgia Kral (2019) Instructor; B.A., Hampshire College; M.A., CUNY Graduate School of Journalism.

*Fatima Shaik (1991) Assistant Professor; B.S., Boston University; M.A., New York University.

Cynthia W. Walker (2005) Professor; B.A., Douglass College; M.A., New School University; Ph.D., Rutgers University.

**Computer and Information Sciences**

Suman Kalia (2018) Assistant Professor; B.S., Guru Nanak University; M.B.A., Rutgers University; M.S., D.P.S., Pace University.

Alberto I. LaCava (2016) Chairperson, Director of Cyber Security Program, Professor; D.I.C., M.S., Ph.D., Imperial College of Science, Technology and Medicine (The University of London).

*Marcia Mitchell (1996) Associate Professor; B.A., M.A., Saint Peter’s College; M.S., Fairleigh Dickinson University; Ph.D., Stevens Institute of Technology.

Edward J. Moskal (2003) Associate Professor; B.S., Saint Peter’s College; M.S., University of Notre Dame; M.M.S., Stevens Institute of Technology.

Albert A Realuyo (2019) Instructor; B.Eng., Stevens Institute of Technology; M.S., Saint Peter’s University.

**Criminal Justice**

Beth E. Adubato (2016) Associate Professor; B.A., M.A., M.P.A.P., Ph.D., Rutgers University.

Kevin G. Callahan J.S.C. (ret) (2011) Associate Professor; B.A., Saint Peter’s College; J.D., Seton Hall University School of Law.

Kari E. Larsen (2004) Chairperson, Associate Professor; B.A., Saint Peter’s College; J.D., Fordham Law School; L.I.M., Seton Hall University School of Law.

Brian L. Royster (2011) Assistant Professor; B.A., Montclair State University; M.S., New Jersey City University; M.A., Ed.S., Ed.D., Seton Hall University.

**Economics and Finance**

Edwin T. Dickens (2003) Chairperson, Associate Professor; B.A., University California at Berkeley; Ph.D., New School University.
Samar Issa (2018) Assistant Professor; B.S., Notre Dame University; M.B.A., Lebanese American University; M.A., Ph.D., The New School for Social Research.

Amanda Page-Hoongrajok (2019) Instructor; B.A., Alverno College; M.A., Roosevelt University; Ph.D., University of Massachusetts Amherst.

Devin Rafferty (2013) Associate Professor, Director of Graduate Finance Program; B.A., Drew University; M.A., Ph.D., University of Missouri - Kansas City.

Education

Jennifer Ayala (2004) Associate Professor; B.A., Montclair State University; M.Phil., City University of New York; Ph.D., City University of New York Graduate Center.

James J. Clayton (2005) Associate Professor; B.S., Saint Peter's College; M.A., Montclair State University; Ed.D., Nova Southeastern University.

Michael Finetti (2008) Assistant Professor; B.A., Rutgers University; M.A., Ed.D., Seton Hall University.

Jay C. Garrels (2016) Director, Health and Physical Education Program, Assistant Professor; B.A., Syracuse University; M.S., East Stroudsburg University.

Brian E. Goldsmith (2019) Instructor; B.A., M.A., Saint Peter's University; M.A., New Jersey City University.

*James P. Jacobson (1967) Associate Professor; B.A., M.A., Jersey City State College; M.A., Saint Peter's College.

Nicole Luongo (2007) Associate Professor; B.S., Bucknell University; M.A.E., Seton Hall University; Ed.D., Nova Southeastern University.

*Sara Talis O'Brien (1999) Professor; B.A., M.A.T., College of William and Mary; Ed.D., Rutgers University.

English

Sherlyn Abdoo (1996) Lecturer; B.A., Hunter College; M.A., Columbia University; M.Phil., New York University.

*Raymond Conlon (1981) Professor; B.S., Columbia University; M.A., Georgia University; Ph.D., University of Massachusetts.

Deborah Hairston (2012) Lecturer; B.S. Northwestern University; Master of Public Administration, New York University.

*William G. Luhr (1976) Professor; B.A., Fordham University; M.A., Ph.D., New York University.

Scott Stoddart (2016) Interim Chairperson, Associate Professor; B.A., University of Maine at Farmington; M.A., Ph.D., University of Illinois.

Michael K. Walonen (2016) Associate Professor; B.A., M.A., Sonoma State University; Ph.D., University of Louisiana at Lafayette.

Rachel Wifall (2004) Interim Chairperson, Professor, Director of Honors Program; B.A., M.A., St. John's University; Ph.D., New York University.

Fine Arts

*Jon D. Boshart (1976) Chairperson, Professor; B.A., Wadhams Hall College-Seminary; S.T.B., Pontificia Universita Gregoriana (Rome); M.A., Ph.D., Johns Hopkins University.

History
Maria Americo (2019) Assistant Professor; B.A., Hunter College; M.Phil., New York University.
Michael E. DeGruccio (2011) Associate Professor; B.A., University of California, Davis; M.A., Ph.D., University of Notre Dame.
David W. Gerlach (2007) Chairperson, Associate Professor; B.A., Boston College; M.A., Ph.D., Pittsburgh University.
John W. Johnson, Jr. (2016) Assistant Professor; B.A., M.A., Ph.D., Rutgers University.

Mathematics
Rebecca Conley (2016) Assistant Professor; B.A., Pace University; M.A., Hunter College; Ph.D., Stony Brook University.
Mary Anne Gallagher Landi (2019) Instructor; B.S., Saint Peter's University; M.A., Boston College.
*John E. Hammett III (1999) Chairperson, Professor; B.A., Drew University; M.S., Cornell University; Ed.D., Rutgers University.
Brian P. Hopkins (2001) Professor; B.A., B.S., University of Texas; Ph.D., University of Washington.
Nickolas Kintos (2011) Associate Professor; B.A., Rutgers University; M.S., Ph.D., New Jersey Institute of Technology.
Dawn Nelson (2014) Associate Professor; B.A., Williams College; Ph.D., Brandeis University.
*Eileen L. Poiani (1967) Professor, Special Assistant to the President; B.A., Douglass University; M.S., Ph.D., Rutgers University.
*Gerard P. Protomastro (1976) Professor; B.A., Montclair State University, M.A., Massachusetts, Ph.D., Clemson University.
Matthew Sequin (2015) Assistant Professor; B.A, Boston College; Ph.D., Ohio State University.

Modern & Classical Languages & Literatures
Mark DeStephano (1995) Chairperson, Professor of Romance Languages & Literatures; B.A., Fordham University; M.Div., S.T.B., S.T.L., Th.M., Toronto University; M.A., Ph.D., Harvard University.

Patricia J. Santoro (1997) Associate Professor of Spanish; B.A., Georgian Court College; M.A., Middlebury College; Ph.D., Rutgers University.
Carlos F. Tapia (2015) Assistant Professor; B.A., Saint Peter's College; M.A., George Washington University; M.S., Ph.D., Georgetown University.

Nursing
Patricia Ahearn (2011) Clinical Assistant Professor, Director of the R.N.-B.S.N. Program; B.S.N., M.S.N. Saint Peter’s University.
Michelle Beckford (2010) Associate Professor and Interim Director of the D.N.P. Program; B.S.N., University of Rochester; M.S.N., Rutgers, The State University of New Jersey; D.M.H., Drew University.
Lisa Garsman (2007) Assistant Professor, Director Generic B.S.N. Program; B.S.N., Fairleigh Dickinson University; M.S., A.P.N., Rutgers, The State University of New Jersey; F.N.P. Board Certified.
Valera A. Hascup (2015) Associate Professor; B.S.N., Felician College; M.S.N, Kean University; Ph.D., Duquesne University.
Sandra Horvat (2014) Clinical Assistant Professor; B.S.N., M.S.N., A.P.N, Saint Peter’s University.
Margaret Macali (2011) Adjunct Professor; B.S.N., Dominican College; M.S., Rutgers, The State University of New Jersey. C.N.S. Board Certified.

Kathleen Motacki (2009) Clinical Professor; B.S.N., M.S.N., Kean University; B.S., Board Certified.

Lauren E. O'Hare (2015) Dean; B.S., Alfred University; M.S.N., Hunter-Bellevue School of Nursing; Ed.D., Saint John's University.

Michelle Romano (2015) Assistant Professor; B.S.N., M.S.N., Wagner College.

**Philosophy**

Peter P. Cvek (1988), Professor; B.A., St. Vincent College, M.A., Ph.D., University of Kansas.

Daniel W. Murphy (2007) Associate Professor; B.A., Georgetown University; M.A., Ph.D., The Catholic University of Louvain.

*Lisa A. O'Neill (1993), Chairperson, Professor; B.A., St. Joseph's University; M.A., Ph.D., Temple University.

**Physics**

Debing Zeng (2012) Associate Professor; B.E., Tianjin University; M.E., Changchun University of Science and Technology; Ph.D., Stevens Institute of Technology.

Wei Dong Zhu (2007) Interim Dean of College of Arts and Sciences, Assistant Professor; B.S., M.S., Soochow University; Ph.D., Stevens Institute of Technology.

**Political Science**

*Anna J. Brown (1992) Chairperson, Associate Professor; Director of Social Justice Program; B.A., Allentown College of St. Francis de Sales; M.A., Ph.D., Fordham University.

*Eugene J. Cornacchia (1981) Professor; University President; B.A., M.A., Ph.D., Fordham University.

Philip Plotch (2014) Associate Professor; Director of MPA Program; B.S., State University of New York at Albany; M.S., Hunter College; Ph.D., New School University.

Alain L. Sanders (2001) Associate Professor; A.B., Woodrow Wilson School of Public and International Affairs, Princeton University; J.D., Columbia University School of Law.

**Psychology**

*Andrea Bubka (1990) Professor; B.A., Oakland University; M.A., Central Michigan University; Ph.D., Adelphi University.

Joshua Feinberg (2003) Associate Professor, Director of Graduate Psychology Programs; B.A., Cornell University; M.S., Ph.D., Rutgers University.

Maryellen Hamilton (2000) Chairperson, Professor; B.A., Hofstra University; M.A., Ph.D., Stonybrook University.

Brittany Hanson (2018) Assistant Professor; B.S., University of Arizona; M.A., Ph.D., University of Illinois at Chicago.

*Leonor Lega (1978) Professor; Consejeria Psicologica (Counseling Psychologist); Universidad Del Valle (Colombia); Ph.D., Temple University.

Daniel C. Wisneski (2014) Associate Professor; B.A., Ohio State University; Ph.D., University of Illinois at Chicago.

**Sociology and Urban Studies**

Devin Heyward (2017) Instructor; Director of Latin American and Latino Studies Program; B.A., Hunter College; M.A., P.H.M., City University of New York.

Donal Malone (1998) Associate Professor; B.A., City College of New York; Ph.D., City University of New York.
*Joseph McLaughlin (1987) Chairperson, Professor; B.A., M.A., Saint Peter’s College; Ed.D., Seton Hall University.

Edgar Rivera Colón (2015) Assistant Professor; Director of Gender and Sexuality; B.A., Fordham University; M.A., Ph.D., Rutgers University.

Alex Trillo (2005) Associate Professor; B.A., University of California (Irvine); M.A., Ph.D., State University of New York at Stonybrook.

**Theology**

Maria Calisi (2000) Chairperson, Associate Professor; B.A., M.A., Ph.D., Fordham University.

Susan L. Graham (2002) Associate Professor; B.A., University of California, Berkeley; M.Div, M.A., Dominican School of Philosophy & Theology (at GTU); M.A., Ph.D., University of Notre Dame.

Edmund W. Majewski, S.J. (1993) Assistant Professor; B.S., Georgetown University; M.Div., S.T.L., Weston School of Theology; S.T.D., Pontifical Gregorian University (Rome).

**Saint Peter’s University Libraries**

Daisy DeCoster (2008) Director; B.A., University of Richmond; M.L.I.S., University of Tucson.

Mark Graceffo (1997) B.A., Northeastern University; M.S.W., Columbia University; M.L.S., Queens College, City University of New York.

Ilona MacNamara (2001) Associate Librarian for Reference and Exhibits Coordinator; B.S., New York University; M.L.S., Rutgers University; M.A., Saint Peter’s University.

Hao Zeng (2008) Senior Assistant Librarian and Coordinator of Systems and Electronic Resources; B.S., Beijing Normal University; M.L.I.S., Long Island University.

Ann Marie Ziadie (2012) Assistant Librarian for Collection Development and Reference Services; B.A., Rutgers University; M.A., West Virginia University; M.S.I.L., University of Illinois at Urbana-Campaign.

* Bene Merenti

** Double Bene Merenti

*** ***50 Years of Service

**Adjunct Lecturers**

This listing includes adjunct lecturers who teach at the main campus, the Bergen Campus, and various on-site locations, e.g., corporate sites, etc.

**Accountancy**

Mary Ryan, B.S., M.B.A., C.P.A.

**Applied Science**

Kanzhu Guo, Ph.D.

Karen Wydner, Ph.D.

**Africana Studies**

Marshall Coles, M.A.

Marion Franklin, Ph.D.

Fadia Joseph, M.B.A.

Donal Malone, Ph.D.
Sara O’Brien, Ed.D
Fatima Shaik, M.A.

**Business Law**
James Berado, J.D.

**Biology**
James Capasso, M.S.
Edward Catherina, D.C.
Alejandro Henao, M.D.
Christopher Pellino, D.C.
Jonathan Pereira, D.D.
John Ruppert, M.S.M
