

A Message from

**Hubert Benitez, D.D.S., Ph.D.**

President of Saint Peter's University

Dear Colleagues,

The Saint Peter's University community is saddened by the passing of Hon. Frank J. Guarini, H '94, a distinguished public servant, philanthropist and lifelong champion of Jersey City whose generosity and leadership left an enduring mark on the University community.

Guarini received an honorary degree from Saint Peter's in 1994 in recognition of his extraordinary public service and longstanding commitment to the University. The Frank J. Guarini School of Business, named in his honor following a historic gift that helped elevate the University's business programs, facilities and student opportunities, continues to reflect Guarini's belief that higher education should prepare ethical, forward-thinking leaders who will serve their professions and communities with integrity.

We extend our heartfelt condolences to the Guarini family and all who were touched by his remarkable life and legacy.

Sincerely,  
Hubert Benitez, D.D.S., Ph.D.  
President
