

AFFIDAVIT OF SUPPORT

In order to be eligible for a United States student visa students must prove that they have enough financial support to allow them to complete their degree program. Students usually do so by demonstrating that they have the first year's support available to them AND that the sources of this support are renewable and will continue to be available to them throughout their degree program. This affidavit is a written affirmation of your intent to sponsor a student. In cases of monetary support an original personal bank statement must also be submitted to verify the existence of such funds.
