Blackboard Assignment Building Block

INFORMATION	
Prepared by:	Robert B Adelson
Date:	January 3, 2018
Version:	3200.0.5-rel.40+1 d89df9
Technical Updates:	Update resolving issues related to new BOX Inline submission rendering.
Update Description:	<p>The following updates were made:</p> <ul style="list-style-type: none"> Fixed an issue causing users to see a message within the New Box View interface stating "This file is being converted. The estimated wait time is X seconds." While significantly large (>10mb) files may still require a short amount of time to convert, the occurrences of this dialog will be significantly reduced. Fixed an issue causing users to see a message within the Crocodoc interface stating "Preview Not Available. This document could not be retrieved."

Blackboard Partner Cloud Building Block

INFORMATION	
Prepared by:	Robert B Adelson
Date:	December 12, 2017
Version:	1.7.2017021408
Technical Updates:	Update to provide support for copying partner content, and preparation for future releases.
Update Description:	<p>The following updates were made:</p> <ul style="list-style-type: none"> • Version 9.1 October 2014 of the Partner Cloud Building Block is no longer supported in compatibility mode. • Correction was made for LTI parameter list in support of partner content launches in Learn Ultra. • Enhancements have been made to support partner content within the disassociate functionality. • Enhancements have been made to support partner content within the copy course functionality. • Support is being added for Pearson MyLabs to be made available through Partner Cloud. New Pearson MyLabs clients will be able to enable the integration directly in Partner Cloud Settings without requiring a Pearson MyLabs Building Block. For existing clients already using the Pearson MyLabs Building Block, a migration tool will be made available in the future.
